F. Thornnino staked out and located his clai on June 7, 1990, recording it on the fol berg. The property is looking well and

lowing day, since which time he has done the necessary work on the ciain is encouraging to the owners. A new electric drill will be put in at to enable him to hold it. The defendam the Carisa next week as an experion May 31, 1899, wrongfully surveye If the machine gives satisfac ment. its Ida claim so as to cross upon at tion, the mine will be equipped with electric drills. At the Spy, which also belongs to the Carisa company, a sta-tion is being cut on the S00 level, from overlap the Yes You De chaim, and in-

The complaint goes on to state that on Oct. 12, 1901, the defendant filed the field notes and diagram of the survey of the alleged Ida elaim in the where a drift will be run under the natural cave on the 700. It is reported that some of the Mammoth leasers have lost money on their recent shipments of ore on account of

the slump in copper. Two of the claims of the Plymouth Rock were jumped on New Year's although men were on the ground doing ore from their claim and in any way in assesment .- Mammoth Record.

O. K. Developments.

to quiet title to the Vengeance against the defendant's St. Joe No. 1. Plain-Superintendent Maudlin, who came lown from the O. K. during the week, claims that he located his claim on March 23, 1901, recording it on the 25th. Defendant's claim in this case was located on Nov. 27, 1899, and the reports developments on the 400 of greater importance than any that have et occurred at this property of sensa-ions. The cross-cut that has been goapplication for patent made on Oct. 15 tions. ng through the vein on this level is now in a distance of forty feet, all in are, with no sign of the foot wall yet. The third suit between the same litigants is over title of plaintiff's Depu While the vein has not been sampled, its appearance indicates unmistakably that it will average well in the red metal.

The fourth and last suit is between Superintendent Maudlin believes the

solidated Mercur company from the east on Saturday afternoo and almost immediately thereafter th monthly meeting of the directors of rate of the Uncle Sam Con., of which he president, was held. The bills the month were discharged, and Su-perintendent Clarence C. Allen's report was read. It was stated that develop ment work on the property is progress ing nicely At the delinquent stock sale of th Tesora Mining company tate on Satur day, which was made necessary by th ecent 20-cent assessment, over

shares were put under the hammer nearly all of it going back into the treasury of the company. During the sale formal protests, which may b followed up with suits-at-law, wer filed by Joseph Oberndorfer, C. E. Hud son, W. J. McIntyre, D. R. Hempstead and Isadore Morris. These protects were made against the sale on the ground that it was illegal.

BUSINESS NOTES.

One of the closing acts of the board of directors of the old Co-op. Wagon and Machine company, will be particularly appreciated by the stockholders. The board met this afternoon and declared a special dividend of 3 per cent which makes a total of 11 per cent for the year. It will be payable on the 15th inst. The old company will go out of business on Jan. 31, and a new combination will be at the helm on Feb. 1.

saured as if Mr. McKeon does not carry out his plans eastern people are said to be ready to start a bank to transact business for all of southern The special committee which has been canvassing the various represen-tative business men today and sounding them regarding the proposed com-Utah and southeastern Nevada. In this connection the Milford Times re mercial club, this afternoon stated that everyone approached upon the matter was inclined to look upon the proposition with favor. The preponderance of ection has long been felt. The absence banking facilities here causes great sentiment expressed was to the effe inconvenience, as hundreds of men rethat a nominal subscription should instituted so as to embrace all class of business men. As one of the sp cial committee said this afternoo and every merchant is obliged to do nore or less banking business himself. The sheepmen of this section frequently handle large sums of money and the The bankers and other wealthy men are in favor of an annual subscription not less than \$100. This would hav eneral banking business would be onsiderable proportions. With the dethe effect of making the thing exclu elopment of the mining interests and dve: what we want is to get all busineess men we can into the club. the consequent growth of trade, a bank of the best workers are to ill soon become a necessity.
