PRAYER ANSWERED IN DISAPPOINTMENT.

"One trial more," I asked, "to make me glad."
He took the one I had.
"Come, quickly, Lord, and heal this wounded heart."
Still more he made it smart.
"At length from trouble bid my soul repose."
Yet thicker came the blows.
"Grant me a life of active zeal," I said.
He laid me on a sick bed.
"I asked to soar in sunlight as the lark."
But groped on, dull and dark.
"At least give peace in victory over sin;"
More loud grew battle's din.
"Oh, let me rest with Thee in pastures green."
Only steep crags are seen.
"Why, with keen knife, dear Lord, dost prune me so?"
"That grace may quicker grow."
"Why in my portion mix such bitter leaven."
"To fit thee more for Heaven."
"Lord, take Thy way with me, Thy way, not mine."
"My child, all things are thine—
All in the end, though grievous, shall prove best,
And then—eternal rest."

LAST NIGHT'S DISPATCHES

EASTERN.

BALTIMORE.—The bench and bar of this city held a meeting to-day in respect to the memory of Chase. Judge Giles of the U. S. district court presided. Reverdy Johnson paid an eloquent tribute to the character and public services of the deceased as the worthy and honored successor of John Marshall and Rodger Taney. The speech of Johnson revived the opinions of the Chief Justice in some of the most important cases decided by the Supreme Court.

MORRISTOWN, N. J.—Lusigna the murderer, refuses to take food, and is trying to starve himself to death before Thursday next.

ALBANY, N. Y.—The Assembly passed a resolution appropriating $3,000 for a full length portrait of Abraham Lincoln, to be placed in the Governor's room of the capital.

WASHINGTON.—General Cowan, assistant secretary of the interior, left last night for California as one of the commissioners under the act of Congress, passed last session, providing for the sale of the surplus lands of the Round Valley Indian reservation. The commissioners are to fix a new boundary for a reservation and to appraise the value of the settler's improvements, and designate what lands to the north of the present reservation shall be reserved in lieu of the portion of the reservation to be sold to settlers.

The Treasury department and the office of the Attorney General are draped in mourning in respect to the memory of the late Chief Justice Chase.

An additional postal convention between the United States and Belgium was signed to-day, by the Postmaster General and the Belgian minister in this city.

NEW YORK.—Application for letters of administration on the estate of the late Chas. M. Barras, author of the "Black Crook," were made to-day, but were opposed by counsel for Hiram B. Barras, brother of the deceased, who is on his way from San Francisco. An adjournment of ten days was granted. Alfred M., John M., and Washington M. Barras are also claimants of the estate.

The funeral of James E. Hayes took place this afternoon, at St. Ann's P. E. Church; a number of theatrical people attended.

BROWNSVILLE. — Yesterday, a party of about twenty men, armed with Winchester rifles, drove a large lot of stolen cattle across the Rio Grande into Mexico, fifteen miles below this city. Cavalry started in pursuit, reaching the crossing an hour after the lost cattle had crossed.

WASHINGTON, 8.—The President returned this evening, and went immediately to the Executive Mansion, where he was visited by General Sherman, Secretary Richardson, Attorney-General Williams, Postmaster-General Cresswell, Secretary of State Fish, and Secretary Robeson. The President will resume the routine of official business in the Executive Office to-morrow.

BALTIMORE.—On the night of January 2nd, Mrs. Mary Ann Lampley, an aged lady, was murdered in this city, and her house robbed of several hundred dollars during the absence of her husband. Some time after, Joshua Nicholson, who married the granddaughter of Mrs. Lampley, and Thomas R. Whaller, alias Hallahan, were arrested, charged with the murder, and indicted. The trial began at Annapolis on Wednesday last. The evidence for the State and defence was concluded yesterday p.m. During the trial Deputy marshal Frey and chief detective Freon of this city, testified relative to the confession of the murder made by the prisoners. A special to the *American*, from Annapolis, this a.m., says when the cell of Hallahan was entered, it was found that he had worked the irons off both his legs. He was subsequently brought into court with Nicholson, and while the State Attorney was making the closing argument, Hallahan sprung from his box and rushing at deputy marshal Frey struck him violently over the head with a heavy piece of iron wrapped in his stocking. Nicholson sprang out of the box and rushed towards Frey, when a melee ensued, the scene being fearful and exciting. Detectives Pourter and Shaefer rushed to the rescue of marshal Frey, to protect him from the attack and to secure the criminals. Hallahan was struck on the head and badly cut, the blood streaming over his face. Frey, although badly injured, was able to assist in subduing the prisoners, both of whom were soon overcome and hand-cuffed. After the excitement had subsided the trial of the case was proceeded with and given to the jury at one o'clock, who soon returned with a verdict of "Guilty of murder in first degree."

NEW YORK.—The house of Mr. Hoyt, 4 west 33d st., where Chief Justice Chase died, was visited today by very many of the former friends of the latter. The body has not yet been prepared for burial, and none but relatives are allowed to view it. It will be placed in an elegant rosewood coffin with heavy silver mouldings and handles of the same metal on either side and at the head and foot. The inscription on the plate, engraved in plain script, is "S. P. Chase, Chief Justice, born January 13th, 1808, died May 7th, 1873." A broken column formed of ten roses, camelias, and other choice flowers, around which myrtle, ivy and laurel are twined, the whole resting on a bed of fragrant exotics and laurel leaves, was sent to the house this a.m. Dr. Perry says that the first cause of Judge Chase's death was the rupture of one of the cerebral arteries, causing a violent rush of blood through the texture and substance of the brain. Paralysis of the left side followed. During the last twelve hours of his life there was no evidence of vitality except laboued breathing. Dr. Perry says that from all he could learn Chase was quietly sleeping when the blood vessel bursted, causing a flooding of the brain. The patient had slight convulsions during the day, but they gradually grew more feeble. Dr. Metcalf said the brain was terribly bruised by the bursting of the blood vessel, and the immediate cause of death was compression of the brain. Dr. Clark, after describing the Judge's condition when he first saw him after the attack, said he suffered no pain and died an easy death.

It is now said that the judges of the Supreme Court in general term, who denied Stokes' motion for a new trial, will not resentence him pending the decision of the court of appeals, to which the case will next be taken.

WESTERN.

SAN FRANCISCO, 9.—At an anti-Chinese meeting last night, after speeches by P. A. Roach and F. A. Taylor, the following resolutions were adopted—

First, we do, in this public manner, declare that we are opposed to the immigration of Chinese mechanics and other laborers to the U. S., and earnestly request the President and Senate to modify the treaty with China so as to make the advantages equal without regard to privileges; that to withold the subsidy from the steamer company bringing Chinese to the U. S. would be a wise and just act on the part of Congress, and we therefore recommend the passage of laws to effect that object; that we earnestly request Congress, and the Legislature of California to so amend the eight hour laws as to compel Commissioners, Regents, Superintendents, Contractors and others entrusted with public works to hire and work their mechanics and laborers eight hours and no more. We heartily approve the address of the Sacramento anti-Chinese organization, in the declaration of principles. The executive committee of the House Carpenters' Shop of United Mechanics are hereby requested to open correspondence with the anti-Chinese association in Sacramento, with a view to organizing a State institution in opposition to the immigration of Chinese mechanics and laborers.

The bodies of Captain Thomas and Lieutenant How are lying in state at the army headquarters.

SAN FRANCISCO, 9.—Wm. Fenning arrived from Yreka to-night. He says he met Bogus Charley and squaw at Four Mile creek, thirty miles north-east of Yreka, yesterday. Fenning advised him to give up his gun, but Charley refused and would not say where he was going, but he said he was tired of fighting two months ago. He had been stopping at Fairchild's ranche after leaving the lava bed. Other persons make the same report as to seeing the warrior.

The remains of Canby started from Portland to-night by steamer; his wife is coming also.

SAN FRANCISCO, 9.—The following was received from the lava bed to-night: "Lava bed, 7th, *via* Yreka, 9—The Modocs made a sortie to-day on a train returning to camp on what is known as the island, whither the quartermaster's and other government stores had been removed from the former depot, at the south east corner of Tule lake, for lumber, capturing eleven mules and three horses; they also captured and burned three wagons. Three of the escort, private Burgwell, Co. B, 21st infantry, Evans, Co. I, 21st infantry, and Burns, Troop G, 1st cavalry, were wounded while repelling the sortie.

May 8th, 8 a.m.—Several large fires are burning in Jack's camp within plain sight of this place. This is evidently by way of bravado, with a view of letting it be known that they are rejoicing over their temporary victory.

General Jeff. C. Davis and the officers who accompanied him here from San Francisco propose leaving to-day under the escort of Lieutenant Miller and a detachment of his troop F. 1st cavalry.

Captain Lydecker of the engineer corps and the artist who accompanies him, Mr. Maybridge, have since their arrival been actively engaged in taking views and sketches of the topography of the lava beds. Mr. Maybridge has taken in all fifty remarkable views.

The Modoc squaws who were taken prisoners at the first battle in the lava bed, April 15th, 16th and 17th, were removed yesterday by O. C. Applegate, to the Yisinox reservation.

LAVA BEDS, 8.—Batteries C, G, M, A and A, detachment of battery A 4th artillery, now near the strongholds, have been ordered to report at these headquarters. Capt. Hasbrauck's light battery B 4th artillery remain at the depot at the south-east corner of Tule Lake. Infantry is to occupy positions in the vicinity of the stronghold. All the wounded are convalescent and will be removed to-day and placed *en route* for Fort Klamath.

The Indians at Dade Creek are to be removed to Verde. They are very reluctant to go, and fears are entertained that there may be trouble in getting and keeping them there.

LOS ANGELES, 9.—James German left the city last evening, and when a short distance out he fell from the wagon and the wheels passed over him; he was badly bruised and crushed, and lived only a short time.

On Rosecran's tract, six miles from this city, flowing artesian water has been struck at a depth of eighty-one feet.

PALISADE, 9.—Two men got into a quarrel this p.m. about a small debt, and passing to high words one drew a pistol, whereupon Pete Bonannon, an outsider, grabbed the pistol, which was discharged accidentally, and the ball struck him just below the knee, shattering the bone and ranging downward about four inches. A doctor has extracted the ball.

MARTINEZ, 9.—In the district court, Marshal Martin, convicted for the murder of Valentine Eishler, in November last, was sentenced to be hung on Friday, June 27. The prisoner manifested no emotion.

Knox & Co., contractors on the Pacific railroad, commenced work yesterday a.m.

The farmers in this valley have commenced haying.

SAN DIEGO, 9.—The *Union's* Sonora correspondent says that the national troops made an effective scout along the borders, but in spite of this the Apaches killed two men near Nacorie, and escaped. They also stole horses and mules from Toriquippa and escaped.

The Tucson *Citizen* of May 3d, says B. Semig is progressing very favorably under his wounds. Private Benham, company G, 12th Infantry, died on the evening of the 6th in hospital from the effect of the wounds received on the 26th ult. The whole command attended the funeral yesterday p.m. He was wounded in six places.

The following memorandum has just been received at headquarters:

"Department of the Columbia, Portland, April 25.—That timely information may reach headquarters of any unusual movement or hostile demonstrations upon the part of the Indians, until further orders the commanding officers of Forts Colville, Lapwai and Klamath, and Camps Harney and Warner will forward reports weekly, and oftener should circumstances render it, necessary, to the assistant adjutant general, of any changes in the attitude towards the government of the Indians in their vicinity. Signed H. Clay Wood, A. A. G."

LAVA BED, May 8, 4:15 p.m.—Day before yesterday two squaws who lived on Fairchild's ranche, One-eyed Dixie and Artena Chokus, were sent out by him through instructions from Gen. Davis to reconnoitre the position held by the Modocs at the time of their attack on Captain Thomas, to report on their strength, and to ascertain if possible whether they had received reinforcements. The squaws returned yesterday, having been eighteen hours without water. They saw no Modocs, their idea being that Captain Jack had left for some other point where water was obtainable. On receipt of this information, the Warm Spring Indians were ordered out, with instructions to push forward to the point above alluded to and try to discover the Modocs. The large fires mentioned in the foregoing were signals from Capt. McKay, that the Modocs had vacated their fortifications and had gone to some other point not definable just now. On observing the fire signals orders were immediately issued for Hasbrouck's light battery B, 4th artillery, and all the available cavalry on the other side of the beds, also to the Warm Spring Indians, to be ready to leave Mason's camp early to-morrow morning, for the purpose of scouring the whole of the lava beds on the east and south-east of Tule Lake, so that they may be found should they have secreted themselves. The troops ordered to move carry five days' rations. The above order necessarily countermanded that by which the cavalry and artillery were ordered to this camp, which has been referred to heretofore. The indications now are that the Modocs are entirely out of the beds, but in what direction they are gone, or whether they have gone singly, in small bodies or *en masse*, it is impossible to surmise. The Warm Springs reported having found the bodies of Lieut. Cranston and three of our soldiers; they also found two dead Modocs in the vicinity first mentioned. A portion of the command will go out to-morrow for the purpose of bringing in the bodies of Lieut. Cranston and those who died with him in the field.

SAN FRANCISCO, 9.—There has been much excitement the past week in mining stocks, and it still continues.
