Bridge Order-Epidemic of Strikeso

Not Reassuring.

Chicago, May 3 .- A special to the

Times-Herald from DeKalb, Ill., says:

The American Steel and Wire Company

be worked for the present, the work be-

ing divided between the night and day

force giving a half week to each. An

enormous stock of rods is in the yards

and on the tracks which is taken to

indicate that there will be a rush of

work going forward in the near future.

New York, May 3,-The Iron Age to-

A notable event of the past week was

the capture by the Phoenix Bridge

Company of the contract for the great

bridge over the St. Lawrence river.

Canada, which will require 27,000 tons

the strain of the recent unfavorable de-

velopments and a lower range of values seems to be assured. Our reports from

arlous trade centers show that re-

ductions have been made in various

rolled products. Rails, structural shapes and sheets are notable excep-

been large, but serve to show the ten-dency now existing. Buyers are dis-posed to hold off, not being inclined to make purchases of any considerable quantities so long as they believe that

by waiting they may be able to do a little better for themselves. How long

they may be inclined to wait is a ques-tion that every one would like to be able

to solve, but at present it would seem that the country must work off stocks

of manufactured goods and get down to almost bare shelves before a gen-

ral buying movement sets in. Mean-while every effort is being made by

arge manufacturers to keep the situa-tion steady and prevent demoralization.

It is rather remarkable considering the

broughout the country is not calcu-

tion must certainly clear up before much improvement can be expected.

The disposition of workmen to strike

appears to be a necessary accompani-ment of the period of high prices and

excessive demand for labor through which we have recently been passing.

Possibly the quietness in the Iron trade and closing of a considerable number

## WHAT SPAIN LEFT

Interesting Details Regarding the Thousands of Prisoners There.

ALSO, MATERIALS OF WAR.

Spaniards Say Americans Will Learn Not to Trust the Fillpines as They Do Nows

(Early Dispatches.] Manila, March 25.-Correspondence of the Associated Press.-When the representatives of Spanish sovereignty in the Philippines officially departed from Manlla a year ago they left behind then 6,716 Spanish prisoners in the power of the insurgents and much war material, consisting largely of old cannon, ammunition and condemned implements of various sorts. A commission of Spanish officers was appointed from Madrid to remain in Manila to receive their fellow countrymen as they escaped from the rebels and to dispose of or ship back to Spain this material of war. The greater part of this commission has just salled

This commission was officially styled This commission was officially styles
"the commission for the selection and
transportation of material of war," and
at its head was Gen. Nicolas Jaramillo,
It was composed of thirty-five officers ideration of service in the tropics they frew a considerable increase over what heir pay in Spain would have been; heir work was light, averaging two lours a day and the fact that they constituted Spain's last official represen-tatives in Manila gave them a certain rebel hands as fast as the Spanlards away and drifted into Maniia and to spose of Spain's property remaining the Philippines, they consequently had little to do. The work in regard to the prisoners could have been done six officers as well as by thirty-five roperty were made the principal rea-on to account for the stay for this umerous commission in Manila.

last offered for sale a great quantity of old metal, being practically "the way material" which it was the duty of this commission to dispose of. The greater part of this metal was bought by the representative of an American firm and e payment therefor was made direct the Spanish minister of war in Mad-As fast as the material was paid the minister of war notified the opresestative of the American buyers, thereupon the commission here would form this gentleman, who may be erty to remove the property. Mr. For-man procured charters on vessels to \*\*\* United States and slowly this old metal

was started on its voyage to the At-

for copper was made to the Spanish government in Madrid about the middle government in Madrid about the middle of December, 1899, and Mr. Forman, in Manila, set about providing transportation for this last lot of metal. He went frequently to the office of the Spanish commission over the Walled City, asking them if Madrid had sent them instructions to deliver the corporation. them instructions to deliver the copper. Now, as this copper was the last of the war material, its delivery would bring an end to the commission's excuse for remaining in the Philippines, and the whole commission agreed that they did not then want to return home, and as Mr. Forman, it was tacitly understood that Mr. Forman should not get the property one minute before it was necessary. As a matter of fact, Mr. Forman did not want the copper at that time, not having as yet arranged for its man did not want the copper at that time, not having as yet arranged for its transportation to the United States.

of this copper, and all delay after that date was a loss of time and money to his firm. His persistent demands upon the commission for the delivery of his goods always brought the same answer: "No instructions from Madrid," and after a week more of this Mr. Forman, Feb. 16, cabled the Spanish minister of war that he could not obtain the of war that he could not obtain the delivery of his goods paid for in Decem-ber, as the Manila commission declared the goods. He said this delay was caus-ing him delay and damage and he asked the secretary to instruct the commission to fulfill their government's

to Madrid Mr. Forman happened to be at the Spanish arsenal in Manila, when we officers came in, talking between from their conversation, came to the conclusion that something had happaper offering the immediate delivery of his property. "We have just heard from Madrid," explained Colonel ——. "A cablegram has come, calling the greater part of this commission back to Spain, telling us to close up our business here as soon as possible and to t you have your copper at once," Subsequently Mr. Forman saw the ablegram in question and it contained to reference to himself or his copper, t simply told the commission to finish

up their business and return "Cuanto antes," which is a very brusque way of ving an order There are yet some 2,555 Spanish risoners in the hands of the rebels, and a commission of six members, with Gen. Jarmillo at its head, remains in Manila to care for them as they come When Spanish soldiers arive Manila their government gives them each two suits of underclothes, two They are sent to the barracks at cap. They are sent to the barracks at Malate, there to await a steamer sailing for Spain. They are also given one month's pay which, for sergeants is \$38, for corporals \$27, and for privates \$21. These amounts are in Mexican currency and their gold equivalents are determined by halving them. The Spanish government also supplies these soldiers with food and medical attendance while they are waiting to embark, and the American government mays their passage back to Spain. Begent camp is being organized in the Zamteles mountains and that nearly all the towns of the provinces, whether occupied by Americans or half contains a strong insurface they go on the ship they are given a further supply of clothes; and upon landing in Spain they are handed seven months' pay.

will sit by the hour in a group of Spaniards and relate his fights and marches and to him the Spaniards are good listeners, for the scenes he describes are familiar to them, they have been through it all, and in their turn they tell of butcherings and ambus-cades that occurred before we got out time, not having as yet transportation to the United States. But he went every few days to see the commission and they always cheerfully told him: "Not yet, Mr. Forman; Madrid has sent no instructions." Mr. Madrid has sent no instructions." Mr. Porman doubted the truth of these trusted. You will only know them by experience, and the experience will cost Mr. Forman, on February 8, had fi-nally arranged for the transportation of this corper, and all delay after that will think as we do."

#### New Consular Bill.

Washington, May 3 .- The Senate committee of foreign relations has concluded the consideration of the bill for the reorganization of the consular service and agreed to report a substitute for the original Senate bill a measure prepared by the state department. The bill provides a system of examination for consuls, consuls general and commercial agents, but exempts vice con-suls and vice consuls general, deputies and consular agents from its require ments. These latter officials are to be appointed as heretofore under executive be two consuls general of the first two officers came in, talking between themselves about going home, and speculating as to where they could best sell their household furnishings. These Spanish officers were members of the commission and Mr. Forman, judging from their conversation, came to the aries of \$5,000 each; thirty-five of the second class at salaries of \$4,000; sixty of the third class at \$3,000; forty of the fourth class at \$2,500; thirty of the fifth class at \$2,000; fifty of the sixth class at \$1,800. All fees received by those in the consular service except consular agents are to be paid into the treasury,

Porto Ricans Feeling Good. San Juan, Porto Rico, April 25,-(Correspondence of the Associated Press,)-The merchants, planters, farmers-all men engaged in Porto Rican industrieswho have been withholding operations pending congressional action, are now ready to lovade the commercial field and ship loads of sugar and tobac-co will soon be dispatched to the Unit-ed States. It is interesting to note, in this connection, that the retail price of cigars will probably soon be raised, the retail dealers claiming that this step will be necessary on account of the large shipments to the United States. Three steamers leaving here within the sand tons of sugar and about 1,500 bales

American Coal for Russia. Philadelphia, Pa., May 3 .- The Britsh steamer Accomac has been chartered to load 3,500 tons of anthracite coal at this port for Cronstadt, Russia, at the rate of 17 shillings a ton. This charter calls for June shipment and will be the first of a large quantity of coal that is about to be shipped from here to Russian ports in the Baltic sea. So far as can be recalled the cargo will be the first anthracite coal ever shipped to Russia, bituminous coal hav-ing had the call heretofore. Recently ted by Americans or Bot, Continuous and the prosecution obtained their liberty between the months of April and October inclusive, been shipped to Italy and France.

How Roberts is Arranging His Posts to Prevent Boer Raids.

AGAIN ASKING FOR PEACE.

President Kruger Said to Have Appiled to Lord Roberts-Pretoria Preparing for Siege.

[Early Disputches.] London, May 3, 4:10 a. m .- The imediate objective of Lord Roberts is. establish a line of British posts om one frontier of the Free State to te other at right angles with the rallay, thus preventing Boer raids south id. It is essential, therefore, that he Boers should be expelled from the ugged Thaba N'Chu district, and be reed to retire to Ladybrand. As the sult of the desultory firing Monday nd Tuesday, the Boers were pushed ick a few miles, but nothing definite appears to have yet been attained.

The Boers continue to follow their harassing tactics, One Well-horsed omniando, operating in the neighborood of Sannas Post, interferes with ne British convoys going from Bloem-outein to Thaba N'Chu. The enemy early captured a convoy "uesday, but Preparations for an advance continu at Kitoberley. Sir Alfred Milner has written to the mayor of Kimberley ashas not ceased to occupy his attention and that of the military authorities and toat nothing will be left unturned

and that nothing will be left unturned to rate the siege.

The British garrisons along the rall-way toward Warrenton have been strengthened and supplies are going ferrard. A mounted force has gone to Barkley West in consequence of the Boers having occupied Windsorton. A thousand Boers threaten the communication, between Boers and Virginia.

es called Tuesday that a large part the investing force at Mafeking has en withdrawn, Gen. Buller continues elaying an attack upon him in the ope that all the horses of the British ill die of horse sickness."

sident Kruger is again asking peace

The Lourenzo Marques correspondent of the Daily Mail, telegraphing yesterday, rays: "A French steamer has arrived with 10,000 bags of coffee and 9,000 bags of sugar, consigned to a syndicate which is buying for the Pre-oria government. Four more steam-ers with similar consignments are ex-pected this month. It is evident that he Transvaal intends making a long

fortifications at Lydenburg, where the continue to store provisions. There also evidence of an intention to conne also evidence of an intention to connect the disused Selati railway, running northwest from Komatipoort, with Lydenburg, to destroy the Netherlands railway as a last resort, and to held the Drakensburg range as an eastern barrier, with Lydenburg as headquar-ters. If this plan should be adopted, the campaign will become very diffi-cult.

"The Portuguese authorities here ob-ected to H. M. S. Forte using her earchilghts, and they next objected to night patrols. Consequently the steamer now steams outside the harber nightly to avoid a possible repeti-tion of the Maine disaster." A dispatch from Bloemfontein, dated Tuesday, May ist, says: 'Early this morning Gen. Pole-Carew's division, composed of the guards and Gen. Stevenson's brigades, with several bat-teries of artillery, all in winter cloth-

ing, left Bloemfontein.
"Lord Roberts, with Lady Roberts and their daughter, reviewed the division in market place. While marching out the men appeared to be in capital Later Lord Roberts, while reviewing

Tater Lord Roberts, while reviewing Roberts' Horse, congratulated the men upon their bravery, speke of the gallantry of the colonial troops, and expresed the hope that he might soon review them in Pretoria."

#### Competitor of Standard Oil.

Denver, May 2.-The Times tonight beaver, May 2.—The Times tonight says that the Superior Oil company, which has filed articles of incorporation at Cheyenne, Wyo, and is capitalized at \$10,50 000, will enter into competition with the Standard Oil company and the Confinental Oil company y and the Confinental Oil company oughout the territory west of the

Missouri river.

The Superior companys which was promoted by P. M. Shannon of Pittsburg, Pa., absorbs the Pennsylvania Oil company, which had acquired the largest part of the oil territory in the vicinity of Casper, Wyo.

The stockholders and trustees of the new company are oil men and financiers of Pilisburg and Philadelphia, Pa., and Binghampton, N. Y. It is announced that over \$3,000,000 will be announced that over \$3,000,000 will be spent this year in the construction of pipe-lines, pumping stations, storage tanks, refineries, etc., and in drilling new wells,
