Business Failures—Chinese Immigration, Etc.

Coleman's Failure.

NEW YORK, 12.—Much excitement was caused in the produce exchange and the neighborhood by the announcement that the firm of E. W. Coleman, flour and grain commission merchant, 8 Water Street, were unable to meet their obligations. In consequence of this news the market declined from 1¼ to 2 cents a bushel on wheat, and from ¾ to 1 cent a bushel on corn. Soon afterward it was announced that J. M. Fuller & Co., grain brokers, Bridge and State Streets, had also suspended and made an assignment. The failure of E. W. Coleman & Co. caused great surprise. The firm has been established more than 30 years, and done extensive business in flour and grain. Being "long" of wheat and corn (principally wheat), they gradually got into such a position that nothing but a decided turn of the market could relieve them from the embarrassment, and such a turn did not occur. Coleman & Co. made an assignment for the benefit of their creditors. It is impossible at present to estimate the liabilities, but they are heavy and the assets chiefly of such a character that they are not available at present. Most of the firm's indebtedness is due outside this city. It is supposed the failure of J. M. Fuller & Co. was precipitated by the decline of the market consequent upon the suspension of Coleman & Co. The firm has been doing speculative business, and was "long of the market." It is not supposed that its liabilities are extensive. The firm was embarrassed about seven months ago, but managed to tide over. At the office it was stated that the liabilities would probably not exceed $100,000. The failure is due directly to a heavy decline in wheat, and also to losses by the failure of Land & Son and a Detroit house a few months ago.

Chinese Bill Brewing.

WASHINGTON, 12.—The Senate committee on foreign relations to-day took up the bill prepared by the Pacific coast delegations, and introduced by Senator Miller (California) amending the Chinese emigration act of last session. The discussion was a long one, and not confined to the merits of the bill in hand, but involved original questions developed when the Chinese bill was under discussion. This was due to the fact that some members of the committee had never dealt with the subject before in the committee. The bill was finally referred to a sub-committee consisting of Miller, Wilson and Morgan. The tone of the debate gave warrant to the committee having the purpose of correcting the defects in the present law, and the prohibition of the importation of Chinese laborers.

Cardinal McCloskey.

NEW YORK, 12.—The fiftieth anniversary of the ordination of Cardinal McCloskey was celebrated to-day at the cathedral with all the pomp and circumstances of the most joyous festival in the Catholic Church. The great building was thronged with clergy and laity. Within the chancel were Archbishop Corrigan, Cardinal Coadjuster, Bishops Laughlin, Conroy, Spaulding, McQuaid, Ryan, Wigger, O'Farrel, McMurney and Wadhams, and about 150 priests. In the body of the church were also 200 clergymen with many citizens. Pontifical high mass was celebrated by Bishop Laughlin. The Cardinal did not appear within the chancel until after communion, when he entered in company with Monsignor Quinn and priests, and attended by his private secretary Father Farfey. He showed marked signs of feebleness in gait, but pronounced benediction in clear tones.

SUNDAY NIGHT'S DISPATCHES.

Frosts in the Orange Groves of Florida.

ST. LOUIS, 13.—Advices from Mobile say the late cold snap caused immense damage in that section. The loss to orange groves is estimated at nearly a million dollars, and the value of vegetables killed in Mobile County alone reach nearly the same sum.

Great damage was also done to the orange groves of Florida, but many orange growers profited by the signal service warning, built fires in their groves and thus saved their trees.

Fleet of Boats Cut Loose.

PITTSBURG, 13.—Thirty-seven flats containing one thousand bushels of coal each, were cut from their moorings at Point Bridge by the heavy ice, this morning, and drifted down the Ohio River. Only 19 were recovered. This afternoon, one sank, the balance have not yet been heard from. It has been thawing all day and a high river is expected.

Railway Train Snowed Under for Seven Hours.

PITTSBURG, Pa., 13.—The Buffalo, New York & Philadelphia train which left Buffalo at eight this morning encountered a fearful storm and struck a snowdrift five miles from Dunkirk, the snow covering the entire train and locomotive. The passengers, who included Minnie Hauk and company, remained inaccessibly snowed up in the cars for seven hours. Provisions were sent them from Dunkirk. Snow-plows and workmen arrived this afternoon and, after hard work, the train proceeded to Pittsburg, nine hours late.

Change of Base.

CAIRO, 12.—It is stated that the Egyptian government has given orders to evacuate Khartoum, the guns to be spiked and the powder destroyed. It is believed all efforts will now be concentrated in defense of Massowah and Suakim.

American Prisons.

VIENNA, 12.—The secretary of the Howard Prisoners' Aid Association criticises the American prison system, which he maintains is a great cause of the increase of crime. He says prisoners are overfed and there is great laxity of discipline. He alleges that diets should be moderate, especially for those whose work is sedentary; that to overfeed, side by side with solitary life, has a most demoralizing tendency, defeating the object of prison discipline altogether.

Dying.

A man was arrested on suspicion of being concerned in the robbery and murder at the house of Herr Leisert. He refuses to be confronted with the prisoner and is dying.

Fatal Explosion.

ARRAS, France, 12.—An explosion of fire damp in Ferbuy coal mine killed seven men. Twelve men, all injured, were rescued.

It has been decided to retain Suakim in Egypt. The rebels made a night attack on Takir, Dec. 20th, but were repulsed. They looted the house of one of the principal merchants of the town, carrying off his wife and daughters. The garrison lost five killed and seven wounded. The rebels are entrenched 800 yards from the town. The garrison is short of ammunition. Letters from Sinkat state that the town cannot hold out beyond the 30th. The garrison is suffering severely from cold.

The Government has received advices from Suakim that an agreement has been affected with several hitherto hostile chiefs on the Suakim and Berber route to Khartoum, by which it its hoped that the evacuation of Soudan will be facilitated. It is intended to dispatch Abdel Khadar, Minister of War, to Khartoum to supervise the evacuation.

More Troops for Ireland.

DUBLIN, 13.—The garrison of Enniskillen has been ordered to make preparations to accommodate a thousand additional troops, which will be sent there in view of the Nationalists meeting announced for the coming week, one at Cavar on the 16th and another at Boyle on the 20th.

Chinese Preparation for War.

LONDON, 13.—A Canton dispatch says: The authorities of this province are vigorously preparing for war. They are building a telegraph line between Canton and the Tonquin frontier. Chinese Mandarins Retaliating Upon Catholic Priests.

PARIS, 13.—The *Temps* states that since the arrival of the French expedition, Catholic missionaries have been subjected to renewed persecution in the southern provinces of China. A furious mob, in the province of Quang See, destroyed the house of Pere Pernet, who was arrested and maltreated, receiving several blows from the flat of a sword. He was also threatened with death. The Chinese demand a ransom of 7,000 francs for his release. Probably, however, Pernet will be taken to Canton. Other missionaries have also been arrested at the instigation of the Mandarins who have ceased to respect the treaties.

Stagnation in Trade.

PARIS, 13.—A meeting of 4,000 unemployed persons, including several women, was held on the Salle Levis today. Violent speeches were delivered favoring armed revolution as the only means of ending the stagnation in trade.

Delegates were present from the Workingmen's Associations, who however, adopted a more moderate tone, expressing the belief that an appeal to the chambers would mitigate causes. The proposal of the workingmen to go to the Palais Bourbon *en masse* on Monday was rejected. The meeting separated quietly.

Rev. Father Wilds'

EXPERIENCE.

The Rev. Z. P. Wilds, well-known city missionary in New York, and brother of the late eminent Judge Wilds, of the Massachusetts Supreme Court, writes as follows:

"78 E. 54th St., *New York, May* 16, 1882.

MESSRS. J. C. AYER & CO., Gentlemen:

Last winter I was troubled with a most uncomfortable itching humor affecting more especially my limbs, which itched so intolerably at night, and burned so intensely, that I could scarcely bear any clothing over them. I was also a sufferer from a severe catarrh and catarrhal cough; my appetite was poor, and my system a good deal run down. Knowing the value of AYER'S SARSAPARILLA, by observation of many other cases, and from personal use in former years, I began taking it for the above-named disorders. My appetite improved almost from the first dose. After a short time the fever and itching were allayed, and all signs of irritation of the skin disappeared. My catarrh and cough were also cured by the same means, and my general health greatly improved, until it is now excellent. I feel a hundred per cent stronger, and I attribute these results to the use of the SARSAPARILLA, which I recommend with all confidence as the best blood medicine ever devised. I took it in small doses three times a day, and used, in all, less than two bottles. I place these facts at your service, hoping their publication may do good.

Yours respectfully, Z. P. WILDS."

The above instance is but one of the many constantly coming to our notice, which prove the perfect adaptability of AYER'S SARSAPARILLA to the cure of all diseases arising from impure or impoverished blood, and a run-down vitality.

Ayer's Sarsaparilla

cleanses, enriches, and strengthens the blood, regulates the action of the stomach and bowels, and thereby enables the system to resist and overcome the attacks of all *Scrofulous Diseases, Eruptions of the Skin, Rheumatism; Catarrh, General Debility,* and all disorders resulting from poor or corrupted blood and a low state of the system.

NOTICE OF CO-PARTNERSHIP.

IN CONSEQUENCE OF THE INCREASE of business beyond my personal supervision, I have this day entered into a co-partnership with my two sons (D. W. and H. C. James), and Mr. W. H. Schuter, who will jointly with myself, constitute the firm of David James & Co.

I am grateful for the patronage received in the past, and I commend the firm to the public, assured that in the future we shall be more able, by promptitude and attention, to command the continued favors of all our old patrons, and to make by good workmanship many more new ones.

I am, with respect,

DAVID JAMES.
