

CHINESE SMUGGLING  
SCHEME EXPOSED.

Collector of Customs and Immigrant Inspector at Nogales, Ariz., Placed Under Arrest—Some Fine Detective Work.

Washington, Aug. 24.—Probably the most important arrests ever made in connection with the smuggling of Chinese across the Mexican border into the United States were made yesterday when William A. Hoey, collector of customs at Nogales, Ariz., was placed under arrest by the United States marshal at Nogales, Ariz., and a Chinaman living at Clifton, Ariz., was taken into custody by the United States marshal at Clifton, Ariz. The arrests were made by the United States marshal at Nogales, Ariz., and a Chinaman living at Clifton, Ariz., was taken into custody by the United States marshal at Clifton, Ariz. The arrests were made by the United States marshal at Nogales, Ariz., and a Chinaman living at Clifton, Ariz., was taken into custody by the United States marshal at Clifton, Ariz.

Hoey was appointed collector about a year ago. His home is in Muncie, Ind. Jossey came from the state of Washington. When Hoey received his appointment he came to Washington to receive instructions as to his duties and at that time Secy. Gage took occasion to talk with him on the subject of the duty of public officials. He was cautioned to avoid every temptation to wrongdoing, and that to a certain extent the honor of the government was placed in his hands. Secy. Gage explained that his predecessor at Nogales had been displaced because of certain alleged violations of the civil service laws and regulations, and warned him that his administration of the office must at all times be clean and above suspicion for his own honor and that of the country.

## "AUNT ZINA" YOUNG CRITICALLY ILL.

Noble and Beloved Woman Said to be Coming Home to Die—Will Reach Here Over the Short Line at 8:30 Tonight—Been Visiting in Canada.

Butte, Mont., Aug. 24.—Mrs. Zina D. Young, the late "Mormon" President Brigham Young, passed through Butte en route to Salt Lake City. Mrs. Young is in a dying condition from a stroke of paralysis, and it is doubtful if she will be able to reach Salt Lake City alive. She was stricken yesterday at the home of her daughter, near the Canadian border, and her last moments were spent in the arms of her daughter. She is nearly 80 years of age, and more than fifty years has been a member in the "Mormon" Church. She recently being head of the "Mormon" Relief Society.

The above news will be received with interest by thousands of people in and out of Utah who have known "Aunt Zina" only to love and respect her for the great good that she has done. It was in this city some months ago, and that her life was despaired of for a time. She recovered, however, and subsequently went to Cardston, Canada, on a visit to her daughter, Mrs. Zina Card, who is now recovering from a stroke of paralysis.

Inquiry at the office of the train dispatcher at the Oregon Short Line has resulted in the following dispatch from the Short Line train was on time and according to official advice would arrive here at 8:30 this evening as usual. The dispatcher stated that whatever delay had occurred must have been north of Butte.

## TURKEY YIELDS TO THE FRENCH

Paris, Aug. 24.—Turkey has yielded to French pressure, as was inevitable, and a full rupture of the relations between the two countries has been averted. The official communiqué announced the granting of the French demands issued this morning follows: "In consequence of the declaration made to the Porte by the French ambassador that he acts under instructions from the minister of foreign affairs, an imperial decree has been issued declaring that no obstacle shall be placed to the free exercise by the quays company of the rights resulting from their concession."

A firming of the settlement of the matters in question will, it is believed, be issued shortly.

## THE SCHLEY-HACKETT CORRESPONDENCE.

Washington, Aug. 24.—Acting Secy. of the Navy Hackett today received the reply of Admiral Schley to the letter recently submitted to him by the department declining to question Rear Admiral Hovison as to the authenticity of the alleged interview with him regarding the court of inquiry. This reply was sent to Capt. Lemly, judge-admiral of the court of inquiry. This letter states that so far as the department is concerned further action on the Hovison case will not be taken, that being left to the court. The correspondence is as follows:

Washington, D. C., Aug. 21, 1901.  
I have to acknowledge the receipt of the department's letter of the 19th inst. in reply to my communication of the 17th inst.  
While it is true that one of my assistants, Capt. Parker, in reply to an inquiry made to him, did give his personal opinion of the several rear admirals on the active and retired lists, I am assured by him that the secretary misunderstood him that any of the officers named would be perfectly satisfactory to me. Capt. Parker's conversation was had at a time when nothing was known of the alleged interview as published in the "News."  
In my letter of the 19th inst. I merely stated my opinion of the high personal character of Rear Admiral Hovison, and I avoided any expression of opinion as to the truth of the statement made in the newspaper clipping which I enclosed.  
It was with the desire to avoid the necessity of making a formal chal-

NO SIGN OF  
A SETTLEMENT.

At End of Sixth Week Strike Situation Not Improved.

## EFFORT FOR AID FRUITLESS.

Shaffer Expresses Himself as Well Satisfied—Holders Duty Judge Kohlmann's Picketing Injunction.

Pittsburg, Aug. 24.—The closing of the sixth week of the great steel strike finds the controversy apparently as far from a settlement as it was on the 13th of July when the joint conference of manufacturers and workers disagreed, and President Shaffer of the Amalgamated association of Iron, Steel and Tin workers, made his first effort calling out the employees of the sheet steel and steel hoop companies.

Yesterday's conference of labor leaders to devise means for bringing about a settlement, was devoid of results, and it rests with the conferees as individuals to seek another conference with the U. S. Steel corporation executives, or to arrange for arbitrating the difference. The meeting made no effort to extend the strike to affiliated trades.

When seen this morning, President Shaffer expressed himself as well satisfied with the situation. He reiterated his former statements that the association still had several surprises in store for the manufacturers, but he refused to give any information as to what they were. In regard to the report that Chief P. M. Arthur of the Brotherhood of Locomotive Engineers, had written to him, in reply to a letter asking what support the strikers could expect from the engineers, that he could not call his men out or ask them to refuse to handle non-union freight. President Shaffer positively refused to talk. All he would say was: "I never wrote a letter to Mr. Arthur in my life."

At the offices of the steel company it was said that the situation was generally satisfactory in all the plants in the Pittsburg district. The postponement of the attempt to start the Deming plant of the American Tin Plate company until the strike was said to be for the purpose of having the plant in order when the men start to work. It was also stated that the idle plant of the National Steel company at Bellaire, Ohio, would be worked next week. Where men were coming from, the officials refused to say. Quiet prevailed at all points today. At the Painters works it was said that two more mills would be started tomorrow. They are the box mill and the No. 7 cotton mill. Many mechanics and laborers are at work on the latter. It has not been in use for seven months, but the demand from the South for this material is so heavy that it was decided to resume operations. The management say many of their old men are asking for their former positions and that it is probable some will be taken back as soon as the strike is over. They are the box mill and the No. 7 cotton mill. Many mechanics and laborers are at work on the latter. It has not been in use for seven months, but the demand from the South for this material is so heavy that it was decided to resume operations.

The following ladies have signified their willingness to take part in the ladies' equestrian contest: Miss Asper, Echo, Utah, and Miss Carruth, Coalville, Utah. The committee expects to have Miss Lovon Pierce and Miss Amy Rich of Brigham City represent the city in the equestrian contest or for the Cache valley district. Both of these ladies are considered as being among the most beautiful daughters of the State.

## QUEEN MABELLE'S MAIDS.

Queen Mabelle is making up the list of her maids of honor. It is not yet complete, however, and will probably be under consideration for some days yet. The task is not an easy one by any manner of means.

## SCOFFIELD MINE ACCIDENT.

Windom Thomas Killed This Morning by a Fall of Rock.

All Miners Then Promptly Quit Their Work and Returned to Their Homes From No. 1 Mine.

[Special to the "News."]  
Scofield, Utah, August 24.—No. 1 mine here is idle today on account of an accident which occurred this morning in which Windom Thomas was instantly killed. About three o'clock Thomas, who is a rockman, was working in the mine when a caveln occurred in which he was caught. When the news reached the miners at work they hastily quitted the mine and all returned to their homes.

## War on Brewery Workmen.

New York, Aug. 24.—A circular has been issued by the National Association of Brewers making the announcement of the commencement of war to the National Union of Brewery Workmen commencing September 1st. The brewers ask owners to assist them in bringing first a general movement against the unions of brewery workmen; second, to bring pressure to bear on the government to withdraw the new tax on beer and third, to raise the price of beer, with the assistance of the state organizations of brewery owners. The circular concludes with the announcement: "We will take action on September 1st."

## Think Lipton's Chances Good.

London, Aug. 24.—It is too early for London to become enthusiastic over the America's cup race, but there is growing belief that Sir Thomas Lipton's chances are good. A commissioner representing a number of sporting clubs has sailed for New York carrying \$20,000 to wager on Shamrock II.

MANY DIAMONDS  
IN QUEEN'S CROWN

Mabelle's Corona Will Glitter With Precious Stones.

## \$10,000 WORTH OF JEWELS.

Governor Wells Will Attend During Carnival Week, Vice President Roosevelt May Also Come.

When Queen Mabelle makes her appearance on the opening night of the Elks' Street Fair and Carnival, the dazzling beauty of her costume and her jewels will make her seem an empress indeed. Diamonds, rubies, emeralds, sapphires—scarcely any precious stone is extant that will not help to make her appearance regal. And they will be there, too, to the extent of \$10,000 worth. Any queen of any dominion on earth might well feel pleased with the collection.

The Boyd-Park Jewelry company is now at work upon the crown which the queen is to wear, and they are to use \$10,000 worth of diamonds and other precious stones in the settings. Arrangements to this end were concluded between the executive committee and the jewelry company this morning. The offer was made to the committee that if they would guarantee the safe keeping of the jewels, it should be done. A body guard will be appointed for the queen, and these sturdy men will see to it that the jewels are unharmed.

The day on which the carnival opens and on which Queen Mabelle makes her appearance to be crowned, September 15th, has been set apart as Governor's Day, and the chief executive of the state will be the honored guest. Director General Stoll this morning received the following letter from Governor Wells:

"Your courteous letter of the 6th, inst., informing me that September 15th, had been named 'Governor's Day,' in my honor as chief executive of the State of Utah, and inviting me to be within the carnival enclosure during the week of your festivities was received in due course, as I have previously acknowledged by telephone. I appreciate the honor which your kind invitation implies, and assure you that it will be a pleasure for me to visit the fair and see the many strange and thrilling sights which your ingenuity shall have provided, at such times as I may be able during the week."

"Very respectfully,"  
"HEBER M. WELLS."  
It is just possible, too, that among the throngs who will come to Salt Lake during carnival week will be Vice President Roosevelt. Capt. Stoll has received the following communication from Mr. Roosevelt's private secretary:

"I am directed by the Vice President to acknowledge the receipt of your very kind invitation to be your guest during your carnival week of Sept. 15 to 21. The Vice President much appreciates your thoughtfulness and will be glad to hear from him in due time if it is possible for him to arrange his affairs so that he may be present."  
(Signed) "WILLIAM LOBE,"  
Private Secretary.

The following ladies have signified their willingness to take part in the ladies' equestrian contest: Miss Asper, Echo, Utah, and Miss Carruth, Coalville, Utah. The committee expects to have Miss Lovon Pierce and Miss Amy Rich of Brigham City represent the city in the equestrian contest or for the Cache valley district. Both of these ladies are considered as being among the most beautiful daughters of the State.

## QUEEN MABELLE'S MAIDS.

Queen Mabelle is making up the list of her maids of honor. It is not yet complete, however, and will probably be under consideration for some days yet. The task is not an easy one by any manner of means.

## SCOFFIELD MINE ACCIDENT.

Windom Thomas Killed This Morning by a Fall of Rock.

All Miners Then Promptly Quit Their Work and Returned to Their Homes From No. 1 Mine.

[Special to the "News."]  
Scofield, Utah, August 24.—No. 1 mine here is idle today on account of an accident which occurred this morning in which Windom Thomas was instantly killed. About three o'clock Thomas, who is a rockman, was working in the mine when a caveln occurred in which he was caught. When the news reached the miners at work they hastily quitted the mine and all returned to their homes.

## War on Brewery Workmen.

New York, Aug. 24.—A circular has been issued by the National Association of Brewers making the announcement of the commencement of war to the National Union of Brewery Workmen commencing September 1st. PREPARATIONS  
FOR STATE FAIR.

Prospects For This Year's Exposition Are Bright.

## WEBER'S EXCLUSIVE SHOW.

Livestock Department to Be the Best Ever Got Together in This Region—New Features.

Secretary Sears of the D. A. & M. society has to almost burrow his way through stacks of communications to get out of his office these days. This means that the time for the opening of the Utah state fair is drawing on apace, and that the busy secretary who has the arrangement of the details in charge is beginning on the finishing touches. This year's fair begins on Tuesday, October 1st, and comes to a close on Saturday night, October 5th. From the preparations that are being made and the cheering news that comes from over the state, it bids fair to be one of the handsomest and completest fairs ever held in Utah. Secretary Sears wears a continual smile over the prospects and each day as the reports come in, the smile expands visibly.

WEBER'S UNIQUE EXHIBIT.  
Weber county is to do herself more than proud this year in the inauguration of a feature entirely new. The exhibits from that county will not be scattered all over the building and grounds in their different classes, but will be placed all together, and will constitute what will be called the "Weber county exhibit." The commissioners sometime ago appointed a committee to take charge of this exhibit, consisting of W. W. Browning, chairman; F. J. Henderson, secretary; and B. F. Zimmerman, John L. Wilson and Edwin Dix. Wednesday, October 2nd, has been designated by the officers of the fair as Weber county day, and from the reports that come down from the north, there will be a large delegation down from Ogden and surrounding towns to help make it one of the biggest days of the fair.

WORK OF THE SCHOOLS.  
The educational exhibit will also be one of the big features of the fair, as it always is. This year, however, those who have the arrangements in charge are working to make it better than it has ever been. Those who are interesting themselves in getting up the best exhibit possible from Utah's splendid public schools are A. C. Nelson, state superintendent of public instruction; D. H. Christensen, superintendent of city schools; E. W. Ashton, superintendent of Salt Lake county schools; and Prof. J. H. Paul, president of Latter-day Saints' University. All of the finest work in all departments of the different schools from over the state will be on exhibition and it promises to be an exhibit of which everyone will be proud. The schools may well feel proud.

## GOOD CATTLE SHOW.

The livestock exhibit will no doubt be the largest and finest ever held in the intermountain country. Not only will there be on exhibition all of the different breeds of fine cattle from over the state, but there has been offered \$1,000 in premiums for the short horn division alone. Of this \$500 will be paid by the D. A. & M. Society, and the other \$500 by the American Short Horn Breeders' association, \$250 being open to cattlemen from all over the country to bring in exhibits, and there should be several exhibits of cattle from the adjoining states. A law was passed at the last state legislature authorizing the exhibit of all prize winning and imported animals as well as on those raised in Utah, thus greatly broadening the exhibit. Ed. Palfreyman, supervisor of the horse department; John H. White of the cattle department, and Geo. F. Beckstead of the sheep department, all concur in the opinion that this year will be a record-breaker for the stock exhibit.

## FOR BEST EXHIBIT.

A new feature has been introduced into the premium list this fall, which should be the cause of some rivalry among exhibitors. It is the offering of very attractive showings. This consists of the offering of \$100 for the best and most artistic display of Utah goods of every description in the exposition building, and \$50 for the second best. Most W. Taylor, supervisor of the mineral department, is making a big effort to get up a large and instructive mineral exhibit. To this end letters have been sent to all the prominent mine managers in the state asking for their co-operation. They have been requested to send to the society newly mined ores from their respective mines.

The ladies have not been forgotten by Mrs. Ruth M. Fox, a director and supervisor of the women's work. Over three hundred premiums, ranging in price from fifty cents to twenty-five dollars, are offered to the ladies, and many choice articles will no doubt be exhibited by the ladies of Utah. Mrs. Bertha G. Bamberger will look after the interests of the artists, as she is supervisor of the department of fine arts, and with the co-operation of the Utah Art association she expects a fine exhibit of Utah work.

President Empey, who is also superintendent of building and grounds, has several men cleaning up and putting things in order generally, and a large force will be put on duty to keep the inside of the building in shape for the decorations, arrange the electric lights and, in fact, put the finishing touches on so that the building can be made ready for exhibits by the latter part of September.

## SUMMIT'S ASSESSMENT.

Roll Completed Today Showing Valuation of \$83,355.04.

[Special to the "News."]  
Coalville, Aug. 24.—The assessment roll of Summit county has been completed and shows a total of \$83,355.04. The various tax items are divided as follows:

State	25,200.64
County	15,113.54
County school	20,164.71
County school	10,081.78
Special school	12,784.37
Total	\$83,355.04

The total assessment of mines, telegraph and telephone companies is \$12,011.68 and that of car companies \$111.64.

MONEY MATTERS  
CAUSED A FLURRY.

Presbyterian Elder Wanted to Know What Was Becoming of the Money Contributed by the Laity.

The Utah Presbytery brought its deliberations to a close shortly after 12 o'clock today to meet again at the call of the moderator. The sessions have been carried on with perfect decorum until today, when a brief fusillade ensued in which for a few moments there was some rapid firing back and forth. Contrary to what is perhaps anticipated the trouble did not arise over some exterior foe but emanated from within. It was a short controversy between the ministers and a layman, but the matter was settled in a few minutes and the meeting closed on a harmonious sea.

The trouble arose over a resolution that was introduced, "requiring" the commissioners of the Utah Presbytery to the last annual meeting of the general assembly to make a report to all of the churches here and provision for an "assessment" of five cents per member to defray the traveling expenses of the commissioners.

Dr. Faden promptly moved to table the resolution, reminding the ministers that it was unconstitutional in the Presbyterian church to "assess" its members and adding that he would say something on "compulsory tithing" later on; but he must have forgot to say it as he remained silent on the subject.

Rev. Mr. Martin had foreseen the difficulty pointed out by Dr. Faden and drew up a substitute resolution, "encouraging" the commissioners to make the report and recommending a "contribution" sufficient to pay their railroad expenses.

Elder Giesy had been standing on the floor for two minutes waiting a chance to say something, and it was evident from his face that he had a hot shot to fire. When his opportunity at last came he delivered his shot with much earnestness. "I want a report of the work of the general assembly," said he, "so that we may know what is going on. The ministers are not educating the laity as to what is being done by the officials at the head. We want to know whether or not the \$50,000 that we are sending to the board every year to pay high salaried officials is being expended?"

He was not permitted to have the floor longer. Dr. Wishard stated in loud tones that any member of the church who wished to might have full information as to what the general assembly is doing or any other feature connected with the church. "There is nothing kept in the dark," said he, "Dr. Faden offered a similar statement, adding that no business concern or church organization made their actions more open than did the general board. 'Any man here,' said he, 'within fifteen minutes, can step into my library and find out just how much any Presbyterian church has given for anything down to 15 cents.'"

Dr. Giesy said that it was true that the ministers had the records and kept informed but the laity had no time to inform themselves.

At this Dr. Faden jumped to his feet and made a high pitched indignation and exclaimed: "The more absolutely this Presbytery can sit down on this talk that we have things locked up the better it will be. It makes me indignant to hear that the ministers are keeping anything secret."

Dr. Rankin affirmed that he made the proceedings of the general assembly as clear to the people as he could. Dr. McNeice ventured to say that Elder Giesy had been misunderstood and after a few more remarks the various members the substitute resolution was adopted and the incident was closed.

In the report of the committee on resolutions submitted through its chairman, Rev. R. E. Blackburn, the thanks of the ministers were extended to "those papers of this city that have reported fairly the sessions of the Presbytery."

Dr. McNeice objected to the clause, urging that the thanks of the committee should be extended to "the papers of the city." Dr. Faden seconded him, saying that he had no fault to find with any of the reports.

Dr. Rankin interjected that he had no objection to the reports that were made but to the use they were put to by some. The report was adopted as amended.

Dr. Rankin made a report of his field which includes Brigham City, Willard and Corinne, and it was a very dolorful report indeed. He recounted the difficulties he had been having in trying to build up a church in Willard and stated to the Presbytery that he regarded as an inaccessible field. Others of the ministers reported their fields, including Rev. William T. King, who told what a hard time he was having in Collinston and Manila.

Dr. McNeice introduced a resolution endorsing the work of Rev. J. D. Nutting, who is distributing anti-"Mormon" literature in Utah for the Utah Gospel mission of Cleveland, Ohio. The report was adopted.

Rev. N. E. Christensen of Logan was granted a six months' leave of absence. His place will be filled by Rev. Mr. Steops.

Geo. D. Peacock, Jr., the Colportage Missionary, was permitted to take the floor. He urged the ministers to support the American Tract Society for which concern he was working. He made a sort of report of what he was doing and said: "I take the gospel to about 400 Mormon homes every month and the work is going on successfully."

At the instance of Rev. Mr. Shepard, a committee was appointed consisting of Rev. George Bailey, Rev. Mr. Shepard and Elder May, to see what the railroads in Utah will do towards establishing Y. M. C. A. quarters for their employees.

A committee on evangelical work was appointed consisting of Rev. Mr. Higgins, Dr. Rankin and Elder May. The session then closed with a song and the benediction was pronounced by Rev. Mr. Shepard, the moderator.

COMMITTEE REPORTS.

The features that made up the sessions of the Utah Presbytery yesterday afternoon and last evening were reports from various committees and a few remarks from Rev. J. D. Nutting, who explained his work as an emissary of the Utah Gospel Mission of Cleveland, Ohio. He said that the Mormon people were fenced away from the truth in every way and that he and his associates were here to distribute tracts from house to house.

On motion of Rev. Josiah McClain, Dr. McNeice was appointed a committee of one to form a statement setting forth the Presbytery's opinion on Mr. Nutting's work. Rev. Theodore Lee of Spanish Fork reported that he had been doing the same kind of work himself. The Presbytery decided to hold its next meeting at Evanston, Wyoming, next April.

The following standing committees were announced:

Bills and Overtures—Rev. Charles W. Higgins, Rev. R. G. McNeice, J. R. Eldredge.

Narrative for Spring Meeting—Rev. M. E. Wright, William Kirkpatrick.

Place of Next Meeting—Rev. Dr. A. T. Rankin, Rev. Dr. W. M. Paden, David L. Thompson.

Resolutions—Rev. R. E. Blackburn, Isaac Burns.

Minutes General Assembly—Rev. Charles M. Shepard, W. S. Giesy.

Leave of Absence—Rev. James Thompson, O. May.

Rev. George Bailey was appointed vice moderator.

Rev. T. N. Buchanan, who has preached at Mt. Pleasant for two years, was granted a letter of dismissal to the Presbyterian church at Cedar Rapids, Ia., from which State he originally came.

The church at Mt. Pleasant requested the services of Rev. S. F. Wishard as pastor. Referred to the committee on home missions.

THE LADIES MEETING.

The Women's Missionary society of the Utah Presbytery held two sessions yesterday in the basement of the First Presbyterian church. The call of officers resulted as follows:

President, Mrs. J. H. Meiser, Richfield; vice-president, Mrs. R. G. McNeice, Salt Lake; secretary, Miss Nettie G. Ray, Nephi; treasurer, Mrs. E. B. Critchlow, Salt Lake.

A number of interesting talks were made and the society decided to do what it could towards checking the importation of liquor into the Pacific Islands. The following resolution on the subject was adopted:

Resolved, That we use our influence with Congressman Sutherland to secure the prohibition of the sale of intoxicants in our newly acquired possessions and among the feeble races of the Pacific Islands."

In speaking regarding the rest of the force he said: "We are at the present time looking over the list to see who will be retained. There will be twenty-five or more, possibly, who will be chosen to go to Denver, or just about half of our force here."

"And the others?" suggested the reporter.

Mr. Geddes shrugged his shoulders and smiled. "Well, I suppose they will wait out."

When questioned as who would be retained, he stated that he had nothing to say on that topic.

It is understood, however, that a number of the employees who were securing on going to Denver to occupy similar positions which they now hold here will receive grievous shocks.

EARNINGS OF THE WESTERN.

Auditor Theron Geddes announced this afternoon that the estimated earnings of the Rio Grande Western for the third week in August amounted to \$108,600, or an increase over the same week last year of \$16,900.

commissioners are to be named—one for Europe and one for South America. These commissioners, while receiving their appointments from the exposition are to have the advantage of every facility which the state department can afford.
