## Local and Other Matters.

**Thermometer** 79 degrees F. in the shade at 1 p.m. to-day. Fine.

**Tabernacle Meeting.**—Religious services at the Tabernacle to-morrow afternoon at two o'clock, and at the various Ward meeting-houses in the evening.

**Sixteenth Ward.**—Elder George Reynolds will preach at the 16th Ward School-rooms to-morrow evening. Services commence at half past six.

**Returned.**—President D. H. Wells got back last evening from Beaver.

**The Chicago Courier.** a democratic daily, relinquishes the folio for the quarto form, and with the change gives an increase of matter.

**Not Found.**—The body of young Macdonald, who fell through a dilapidated bridge into Jordan River near West Jordan, last Saturday night, and was drowned, has not yet been recovered.

**The Lake.**—According to the indicating column, erected in Salt Lake under the auspices of the University of Deseret, the waters have risen thirteen inches during the year ending Sept. 14th, 1876.

**Australasian Mission.**—A letter from Elder Isaac Groo to Brother Mark Croxall, dated at Sydney, Australia, states that himself and Elder John Young are in good health and continuing their missionary labors energetically.

**Twenty-fourth Quorum.**—The members of the 24th Quorum of Seventies are hereby informed that the monthly meeting of Monday evening, Sept. 25th, will be postponed till the next Monday in October, at the Council House.

**Photograph.**—From J. Booth, photographer, of St. George, we have photographic pictures of the St. George Temple, one showing the east and south sides of the building, and the second the west and north sides, which he forwards to any address on receipt of 50 cents for each picture. He also has one of smaller size which he sells at 25 cents each.

**Rumored Casualty.**—It is rumored that a number of young men, among whom were John Silver, Horace Thompson, and Palmer, of the 19th Ward, who were preparing to leave for the eastern shore a week ago yesterday, just before the blowing up of the powerful gale that prevailed during a portion of that day, and some concern has been felt regarding their safety, as they have not reached home.

**The School Book Question.**—School teachers in the country settlements especially are complaining that the unsettled condition of the school book question is, in some instances, nearly breaking up the schools. The country stores are not willing to purchase books of any particular kind at present, in case the expected settlement of the matter might leave their purchases in that direction as dead stock upon the shelves, and numbers of the people who could readily procure books at those stores with their produce, are unable to come to the city and get them, on account of the scarcity of money. It will certainly be a good thing when an understanding is reached and the people are advised of it.

**Richmond-Teresa.**—Chief Justice Schaefer has granted a motion of plaintiffs for a new trial in the suit of Samuel Smith et al. vs. J. M. Richardson et al. It will be remembered that there was considerable interest in the finale of the former trial, owing to a conflict between the verdict of the jury and the decision of Associate Justice Emerson, who set aside the jury's finding, which was for the plaintiff. The action of the Associate Justice in the matter was considered most unusual and almost unprecedented. Where such a conflict of conclusions on the same matter exists a new trial, at least, appears nothing but justice in the premises, for that either the Court or the jury must be in error in self-evident.

**The Yellow Fever Scourge.**  
Despatches show that the yellow fever is epidemic at Charleston, increasing at Baltimore and Savannah. Two thousand are ill with the scourge, and 830 have applied for relief, and physicians and nurses are being called for.

**Balkan Going West to Live.**—The Original Verses of "Yankee Doodle" are being called for.

**Primary Meetings.**—We remind the legal voters of the several electoral precincts in this city that the primary meetings for the election of delegates to the County Convention will be held at the various voting places on Monday evening, commencing at 7 o'clock.

**The First Precinct** includes the 1st, 2nd, 3rd, 8th, 9th and 10th Bishops' Wards, meeting at the 8th Ward School House.

**The Second Precinct** comprises the 4th, 5th, 6th, 7th, 14th and 15th Bishops' Wards, meeting at the County Court House.

**The Third Precinct** comprises the 16th, 17th and 18th Bishops' Wards, meeting at the 16th Ward School House.

**Fourth Precinct** includes the 18th and 20th Bishops' Wards, meeting at the 20th Ward School House.

#### Another Political Row—Carrying Concealed Weapons.

New York, 23.—The Times Nashville special says: During the speaking at Shelbyville, Tenn., yesterday, between Gen. John D. Porter, Derby B. Thomas, and W. T. Young, the latter a colored citizen, Porter took exception to a statement made by Mr. Thomas, and denounced him as a liar. Thomas immediately attacked Porter with a stick, when the latter drew a revolver. Friends instantly interfered, and the collision between the two was prevented. The affair has created a great deal of excitement, and Porter is severely censured by many for carrying concealed weapons, thus violating one of the principal laws of the State. Thomas will, hereafter, speak with Porter, and has gained friends.

#### Further Details of the Hell Gate Explosion.

The following further details of the Hell Gate explosion, on Sunday, are published to-day: A gun will be fired from a government scow twenty-five minutes before the explosion, and a second gun a quarter of an hour later, at which time it is desired for those living in the vicinity of the mine to open their doors and windows, and leave their houses till after the explosion has taken place. About 50,000 pounds of explosives will be destroyed, mainly dynamite. There is great excitement in the city on the subject.

#### Great Excitement—The Hellgate Explosion.

The explosion at Hellgate is the talk of the people and papers. Many visitors braved the storm yesterday to look for the last time at the excavation, and a few ladies walked with perfect composure over the mine of 50,000 pounds of the most destructive of known explosives. At ten o'clock last evening the wires were connected and taken into the bomb proof. The shaft was then entirely clear of debris, and the workmen ascended the state for the last time. When the miners reached the ground above, cheers were given for Gen. Newton, Captain Mercer, Mr. Boyle, and the strikers, and a successful blast.

At 12:30 dispatches were sent to Washington that the work had been completed. At midnight Capt. Mercer ordered the gate of the siphon to be opened and Barney Boyle turned the valve; the water howled through the iron pipe, resounding through the series with the roar of Niagara. The work has been completed without accident, all that remains is the completing of the inundation of the excavation. The lunatics who occupy the asylum buildings on Ward's Island will be kept in the open air on Sunday afternoon.

**Gen. Newton's Reply to the Sabbath Committee About the Explosion at Hellgate on Sunday.**

Gen. Newton published a reply to the communication of the Sabbath committee. He says, "I was well aware of the serious objection to appointing Sunday as the day of firing the mines at Hellgate, but that necessity, which I considered urgent, compelled the step."

Neither myself nor any of my subordinates would take the responsibility, on account of the consequences of delaying the explosion one day after all is ready, and this alone should prevent our being considered by the Lord's Day. The General will leave this city to-morrow morning for Hallett's Point Reef, where he will remain an hour or so to arrange the last preliminaries; afterwards he will repair to the residence of a gentleman below Port Rock Cave, from the grounds of which the wires connect with the mine. He will leave the residence of a gentleman below Port Rock Cave, from the grounds of which the wires connect with the mine. **The Troubles in the South.**  
The Tribune's Washington special states that the Attorney General says, if the democrats, who are of the South, insist upon organizing armed bands to intimidate the negroes and deprive them of their rights, he can see no reason why the negroes should not arm for their own protection and meet force with force.

The United States district attorney of South Carolina, and other persons who were to consult with Taft, did not arrive here until this morning. Taft left last night for Ohio, without seeing them; the delegation has consequently gone to Philadelphia, to confer personally with the President.

PEOPLE'S TERRITORIAL CONVENTION.

HEADQUARTERS, PEOPLE'S TERRITORIAL

Central Committee,

Salt Lake City, Sept. 9, 1876.

To the People of Utah.

The election of Delegate to

represent the Territory of Utah

in the Forty-Fifth Congress

will be held on Tuesday, Novem-

ber 7th next ensuing, and it is

most desirable that the candidate

chosen as the representative of the

people should receive their fullest

support and that every person en-

itled to the elective franchise

should exercise it on that day.

The election of an increase of in-

terest may be awakened in elec-

tion matters and to endeavor to

draw out the entire vote of the Ter-

ritory on this important occasion.

It has been determined to hold a

People's Territorial Convention,

composed of Delegates from the

several counties to convene at the

City Hall, Salt Lake City, on

Saturday, October 7th, 1876, at

12 m.

The business of this convention

will be to nominate a candidate for

delegate to Congress, and to inau-

gurate such measures as will in-

crease attention to our elections

throughout the Territory. The

number of delegates to compose the

territorial convention has been

fixed at seventy-eight, being twice

the number of the Councilors and

Representatives in the Legislative

Assembly, and the allotment of

delegates to the several counties

has been based, as far as possible,

upon their representation in the

Legislature. To secure the proper

election of these delegates it is sug-

gested that each county hold a

county convention, composed of
