GENERAL.

Mobile.—The city has been visited by a gale, which has done considerable damage. The roof of the Mobile and Ohio railroad freight depot was blown off; several negroes were badly hurt and one white man killed.

Kokomo, Ind.—Lieut. W. W. Dougherty, of the regular army, while home on a furlough, shot and killed Joseph Van Horn, at the Sherman House, today. It is alleged that Van Horn circulated slanderous reports respecting Dougherty's sister, which he refused to retract. Dougherty was instantly arrested and put in jail. Both parties are connected with the first families of the city.

New York.—There was an unprecedented gale yesterday. A train on the Harlem Railroad was blown from the track near Boston. Come's Express, a smoking car and two passenger coaches were hurled from the bank a distance of seventy-five feet; the baggage car was burned together with the mail matter. The casualties, however, are less disastrous than the condition of the cars would indicate. A boy named McBride was killed and partially burned; Bird S. Curtis, of Castile, had his scalp torn off and was severely injured about the head and breast; his recovery is doubtful. Chester Goodall and wife, of South Egmont, Mass., were hurt about the body and head; the latter was bruised about her head and body and her recovery is doubtful. Miss F. A. Parsons was cut about the head and face; Jas. Heister, of Mt. Piza, was injured about the face and hands; Wm. VanVleet, a brakeman, was considerably jammed. The location of the accident has twice before been the scene of like catastrophes.

The official vote of the State given Nelson, Secretary of State, 29,257; Stiglitz, Allen, for comptroller, 25,691 over Greeley.

The Times says the recent election cost the Tamany "ring" over \$900,000; the torch light cost \$100,000. Mayor Hall contributed five per cent. of his salary.

The Jackson State Fair, of Mississippi, opened today under the most favorable auspices, and gives promise of being a grand success. The display in every department was very fine, especially the machinery. There were about 2,000 persons present.

The investigation by the Cuban Junta, of the case of Captain Higgins, shows that the coal boatboard the *Hornet* was unfit for use; which completely vindicates his case in putting into Wilmington. Admiral Farragut, who is here, will soon be able to take an active part in the duties of life.

The Board of Education has ordered the establishment of a female normal school.

Macon.—It is estimated that 15,000 persons were on the fair ground today. General Wade Hampton delivered an address; he was enthusiastically cheered. Col. Capron, of the Agricultural Bureau, also addressed the people. Gen. Hampton recommended the cultivation of more practical relations with the freedmen; he wanted their moral and intellectual status improved.

St. Louis.—At 9 o'clock the large new stone front building, on the south-east corner of Fifth and Olive streets, fell with a terrible crash, burying from nine to thirteen men in the ruins. Seven men have been taken out, one dead and one mortally injured; the others were more or less severely hurt. Everything fell inwardly so that nobody in the street was injured. It is thought that there are four other persons in the ruins, but there is no hope of rescuing any alive. The cause of the accident is not ascertained. Well informed men say it was a substantial structure.

Boston.—The 100 mile walking contest, in which six men participated, terminated last night. Oddy concluded the 100 miles in twenty-three hours and ten minutes. Taylor fifteen hours and eight minutes.

Washington official information received from Gov. Campbell of Wyoming Territory, says there was an Indian raid in the vicinity of Fort Fetterman on the night of October 18th, in which the Indians killed two soldiers on a hunting expedition; a third soldier escaped. It is believed that the Indians belong to Red Cloud's band of Sioux. It is supposed they were led by John Richards, late Indian trader at the fort, who recently murdered a soldier and escaped to the Indians. A company of cavalry was sent in pursuit, but was unable to overtake the Sioux. Richards is a quarter bred Sioux and a man of some education. Benton, a chief, said they were indignant at the settlement of the Sweetwater country by miners, and at the Wood River valley being set off as a reservation for the Snakes.

Chicago.—A large number of disasters, in many cases attended with loss of life, are reported from the lakes; a great many vessels foundered or were driven ashore. The schooner, *Arrow*, grounded on a reef twelve miles north of here on Tuesday night. The crew clinging to the wreck all day on Wednesday and were washed off on Wednesday night. A life boat started to their assistance but was unable to reach the vessel and was compelled to return; the crew narrowly escaped destruction. Another life boat was swamped within twenty feet of the vessel; one of the crew was drowned; the others succeeded in swimming ashore; the entire crew of the schooner, eight in number, was drowned. The storm, as far as heard from, extended west as far as Cheyenne and as far east as the coast of Maine.

Another fatal abortion case transpired yesterday. The operation was performed on a young girl named Jennie Seatchel, by Dr. Duncan McKee, a well known physician, resulting in her death. A coroner's jury found a verdict accordingly. McKee is in jail. The circumstances were the most horrible.

Boston.—Late last night a newspaper reporter going home surprised some burglars who had released a store of several thousand dollars' worth of goods; the thieves dropped most of the plunder. One of them was wounded.

Memphis.—A train on the Mississippi

Central Railroad ran off the track on Friday night, smashed the cars, and breaking the limbs of a number of the passengers.

Georgetown, Col., 19.—A storm yesterday destroyed upwards of twenty houses; one little girl was killed and another seriously injured. Loss \$50,000.

Detroit.—A great number of vessels are reported ashore at various points on Lake Huron; on one vessel it is supposed all hands were lost.

Springfield.—Burbank's new hotel at Pittsfield, six stories high, was blown down this morning.

New York.—A fire this morning destroyed the lead works of Pluea, Anderson & Douglas, Brooklyn. A fire originated in the same building a few years ago, by which five firemen lost their lives. Those Wallace, with his wife and child, occupied the upper portion of the building. The flames spread so rapidly as to cut off their escape. Wallace took the child in his arms and took his wife's hand, and together they leaped from the third story. Wallace and his child were instantly killed. Mrs. Wallace, who was pregnant, had both legs broken and her skull fractured and died in a few hours. Loss \$20,000.

The report that any additional persons, including Samuel J. Blatchford, have been indicted by the grand jury, is premature; the grand jury made a presentment in relation to the gold corner, and requested part of the testimony to be published, which will probably be done.

The meeting of brokers at the Stock Exchange, this afternoon, to raise funds for the Peabody monument was unsuccessful.

Chicago.—Reports of damage by the storm reach us from all points from Denver to Boston. Buildings have been unroofed and fences demolished and the damage throughout the country is very severe.

Specials from New York say that Brewster's annual report will submit the following plan to Congress for a return to specie payment:

First—The National Banks to redeem their notes for greenbacks by July 1st, 1870.

Second—The Government to redeem the greenbacks in gold after January 1st, 1871.

Third—Free banking for all parties, upon bonds bearing interest at 4 per cent. in gold.

Fourth—This point is not quite settled, there is some division with regard to the question whether Banks shall be permitted to issue notes, as notes, or whether the United States shall take charge of all their circulation by the issue of greenbacks on a plan somewhat similar to the Bank of England. It is, however, understood that no greenbacks of a smaller denomination than five or ten dollars will be issued.

FOREIGN.

City of Mexico, via Havana.—Mr. Seward left Guaymas on the 8th and is expected here on the 14th.

Toronto.—An Express train on the Grand Trunk Railroad ran into a mixed train, at Combing's Bay, near Kingston, this morning. The engine driver was killed but no passengers were injured.

The violent gale of last night continued throughout today. A number of marine disasters are reported. Captains say last night was the roughest night they ever experienced on the lake.

A constitution for the Island of Porto Rico has been submitted to the Cortes. It declares that Porto Rico is a province of Spain, permits public meetings in the presence of the authorities or their representatives but prohibits the discussion of the question of slavery. Many improvements and reforms are granted.

Imamila, Thursday noon.—Thirty-four steamers have arrived here, others are expected. At the shallowest point between Imamila and Port Said, the water of the Canal is nineteen feet deep, and generally from twenty-five to thirty feet along the whole line. There were immense crowds of visitors from all parts of the world here. The number of the guests who have been especially invited exceeds 3,000 Europeans and 25,000 Orientals. The expenditure of money has been unlimited. The entire fleet will start for Suez tomorrow.

London.—The *Shipping Gazette*, discussing the practical operation of the Suez Canal, says: "Whether any point of difficulty remains to be overcome here or there, before the Canal can be available for vessels of the largest tonnage, is a question of detail to be settled by the constructors of the Canal. As far as we are concerned, we can only point to the fact that the French engineers have redeemed their promise; the Canal is open and is a magnificent success."

London, Friday evening.—The inauguration fleet has arrived at the Light-house in Bitter Lake, and anchored there for the night; it will reach the Red Sea tomorrow.

Paris.—The Emperor gave a reception yesterday at Compiegne. He was seated in his armchair towards the West, and the American minister, and paid him constant attention, which was much commented upon in political circles.

A telegram from St. Petersburg states that the Czar has agreed to meet the Emperor Napoleon this winter.

Paris.—The *Journal Officiel* publishes the following telegraphic account of the progress of the Empress of the French at Port Said. Her Majesty arrived at Port Said, where she was received and subsequently visited on board the Yacht *Atala* by the Viceroy of Egypt, the Emperor of Austria, the Prince Royal of Prussia, and the Commanders of the fleet of war in the harbor. The Empress subsequently landed and assisted on the occasion of the inauguration of the canal. In the evening the shipping in the harbor was illuminated and there was a fine display of fire works on the sea and shore.

Imamila, 17.—The Imperial Yacht *Atala*, with the Empress on board, followed by forty vessels finally anchored at Imamila, having passed through the first part of the Canal.

General Valmaceda has ordered his salary to be divided among the poor of Santiago. The civil Governor of that place has issued a proclamation announcing the killing of 280 insurgents and offering clemency to those who will immediately surrender. The Spanish authorities threaten to chastise all revolutionaries who are captured.

The misery in Santiago, caused by the cholera and small pox, is increasing. It has been decided to reduce the terms of confinement of prisoners at Curva Vilas one-fifth.

Over 300 persons have been pardoned and liberated, many of whom were committed for political offences.

It is understood in Havana that some

mission from the Insurgent Government has arrived for the purpose of inducing the Venezuelan Government to recognize the Insurgents as belligerents, and allow them to raise recruits for their army in Venezuela.

London.—The following dispatch has been received from the Bahamas of Suez: "Imamila."—On Tuesday night, the trip of the first detachment of the fleet, with the visitors, was made from Port Said to this place in 8 1/2 hours. Four steamers have just arrived from Suez, the southern terminus of the canal, and three from Port Said, a town on the banks of the canal.

The *North American*, from Rio Janeiro, brings the statement that deserters report that Lopez has 4,000 men and twenty cannons at Curagay. The Allies are making towards that island.

Dr. Livingstone's report of his discoveries in Africa up to July 6th, '88, is published.

Liverpool.—The gales still continue around the coast and shipwrecks are numerous.

Toronto.—T. J. O'Neill, Inspector of Penitentiaries, authoritatively contradicts Father McMahon's stories about his treatment while in Kingston Penitentiary, averring that his profession secured for him special exemptions.

Paris.—The supplementary elections for members of the Corps Legislatif, from Paris commenced today and up to 5 p.m. there had been no disturbance in any quarter of the city.

M. De Lesseps has been decorated with the grand cross of the Legion of Honor.

New York.—The rumors of impending trouble between the Sultan and the Khediv of Egypt have strengthened the operations of the Turkish and Egyptian agents here. The Turkish agent recently received orders to make a purchase of rifles and to ship them as early as possible; and he is hurrying a contract already made of 100,000 rifles. Both agents are in frequent consultations with their governments, and heavier orders for arms are expected. There are rumors that the Turkish agent has been in conference with the Spanish Consul for the purchase of thirty Spanish gun-boats, just completed.
