SUPPOSED SLAYER OF OFFICER CLARK

Police of Omaha Arrest Charles Olsen, Who Confesses to Murder Last November.

COLLISION ON RAPID TRANSIT

Motorman W. D. Deloney Injured in Ogden Canyon—Weber County School Census.

OGDEN, Aug. 19.—Word came by Associated Press that the local police of Omaha have in custody a man giving the name of Charles Olsen, arrested on a minor charge, who confessed last night to having killed Deputy Sheriff Clark at Utah, east of Ogden, last October or November.

Olsen says he and another man were robbing a railroad box car and were interrupted by Deputy Clark and an assistant, who drove up in a wagon.

A revolver was fired and Olsen says that one of the men in the wagon fell seriously wounded. The robbery occurred next day that Clark had been killed. The confession was brought about, the police say, by a threat made by Olsen in which he said, "I have killed

one policeman and hope I may live to kill another."

COLLISION IN CANYON.

OGDEN, Aug. 18.—In a collision between two Ogden Canyon cars of the Ogden Rapid Transit company, at 4 o'clock yesterday afternoon, which occurred on a curve near the Lewis camp, Motorman W. D. Deloney was slightly injured and a number of passengers were badly shaken up.

An east-bound car in charge of Supt. Joseph Bailey was following another car, both of which were filled with members of the Thistle club of Salt Lake City, who were bound for the Hermitage for their annual outing. When the cars arrived at the mouth of the canyon the power was weak and Supt. Bailey instructed the other car to go ahead and instruct the city-bound car to wait on the switch until the second car arrived. Motorman Deloney, evidently misunderstanding what had been told him, and he left the switch as soon as the first car passed, starting his car down the canyon. Supt. Bailey was acting as motorman bound for the Hermitage and as he approached the curve east of the Lewis camp, he repeatedly sounded the whistle. As he rounded the curve he saw the other car approaching. Reversing his car immediately, he tried to get away from and avoid the collision, but it was too late and the two cars came together.

The rear trucks of the canyon-bound car were thrown from the track and the vestibules of both cars were badly wrecked. Motorman Deloney was caught in the vestibule of his car and slightly injured. Passengers on the canyon-bound car became panic stricken, when they saw that a collision was inevitable, and tried to get out of the car. As far as could be learned none of the passengers were injured. Deloney was brought to the city and Dr. Edward L. Rich dressed his injuries, which were of a serious nature.

COUNTY SCHOOL CENSUS.

OGDEN, Aug. 18.—The report of the census of the Weber county schools as has been filed with the county clerk shows 1,664 boys and 1,673 girls in the county of the school age. Of this number eight are blind and three are blind. Supt. Eggertson reports that all the school buildings throughout the county have been thoroughly renovated and are ready for the opening of the school term next month. He expects a much larger attendance this year than last year.

INSPECTION OF RESTAURANTS

OGDEN, Aug. 18.—The campaign of the local health authorities has not stopped with the butchers, milkmen and fruit dealers of Ogden. The restaurants and cafes are now under the ban and all food unfit to be served will be destroyed by the health authorities. Yesterday Sanitary Inspector Shorten visited a number of restaurants and found bad meat in the ice boxes of Chinese and Austrian restaurants. Bottled ketchup was also found in these places and ordered destroyed together with the meat.

the city, where there is a curve in the tracks which makes it especially dangerous as trains may be derailed by the obstruction of persons injured and even lives lost. The officers are looking out for the culprits, and they will be punished if caught.

NEW PUBLICITY STAMP FOR SALT LAKE CITY

The Salt Lake City publicity stamp which has just been patented is designed on broader lines than any other stamp of the kind at present in use in other cities. It is certain that this attractive stamp will take an important place as a local advertising medium.

The new stamp is a beautiful design in brown and blue, the cut in the center representing two of Salt Lake City's skyscrapers, the Newhouse and Bosworth buildings. It not only advertises this city as the nucleus of the greatest mining and agricultural section of the world, but has launched the slogan, "Best Place on Earth," so that people in other parts of the world who receive mail from Utah carrying this stamp may know what Utah has to offer.

It is proposed to make Sunday, Aug. 29, Salt Lake City's publicity day. Every citizen is asked to write a letter to some personal friend or relative, telling them of Salt Lake City and the State of Utah, using a publicity stamp. In this way 250,000 people will have their attention attracted to the inland empire.
