HEARING IN THE CHAMBERS CASE.

Attorneys Take Advantage of Every Technicality to Balk Opposing Counsel.

THE QUESTION OF GOOD FAITH

Prosecution Puts in Strong Array of Testimony Despite Interposition of Objections Which Are Overruled.

Ogden, Feb. 15.—The proceedings in the second district court against City Councilman F. W. Chambers are progressing very slowly. Every technicality is being watched and taken advantage of by the parties to the suit, making the work of examining witnesses extremely slow, as few questions are asked without an objection being interposed.

On the reconvening of court yesterday afternoon, before the taking of any testimony, the following objections were made by Attorney MacMillan for the defendant:

"If the court please, before taking any evidence we desire to object to the introduction of any evidence upon the ground, first, that there is no accusation or complaint on file in this action; upon the ground, second, that there is no accusation or complaint on file by any grand jury; upon the ground, third, that the so-called complaint and accusation that are on file are brought in the name of J. D. Sken, an individual, against Fred W. Chambers, defendant, and is not brought in the name of the state, and has not been presented because of any action by a grand jury; and upon the ground, fourth, that the section of the Revised Statutes of 1905, section 639, is unconstitutional and that no proceeding can be had thereunder, for the reason that said statute provides that if on such hearing it shall appear by the verdict of the jury that the charge is sustained, the court must enter a judgment that the party accused is deprived of his office and for such costs as are allowed in civil cases, because there is no provision in said statute for the collection of any costs by the defendant in case this action fails, or in case the verdict is not guilty or the defendant is successful; and further, fifth, that the facts stated in the so-called accusation as amended, or pretended to be amended, are not sufficient to constitute a cause of action under section 639."

The court—The objections may each and every one of them be overruled.

Mr. MacMillan—We except to the ruling of the court.

City Recorder W. J. Critchlow was the first witness called for the prosecution. To questions put to him by District Attorney Halverson, he produced the records of the minutes of the city council, which contained the action of the council in passing an ordinance fixing the salary of councilmen at \$20 per month. Parts of the minutes were also read pertaining to the passing by the council of certain resolutions appropriating to themselves in 1905, \$20; in 1906, \$100; and in 1905, \$100.50. The question was asked the witness if Mr. Chambers had been appointed on the board of directors and review in 1905, to which he replied: "No, he was not."

Mrs. Florence Stanford, the city auditor, was the next witness. She presented as evidence in the case three city warrants that had been issued to Councilman Chambers and cashed by him.

The warrants bore, the dates of Jan. 4, 1904, for \$50, which was cashed the following day; drawn on the salary fund. The second warrant was dated Aug. 11, 1904, for \$100, which was cashed Dec. 15, 1904. It was drawn on the expense account. The third warrant was dated Dec. 26, 1905, and was for \$100.50, and was cashed four days later. This amount was also drawn on the expense fund.

Mr. Critchlow was called for cross-examination. Mr. Maginnis interrogating him. He asked the witness if it had not been a custom with the councilmen to assist each other in serving on the boards of equalization, and was about to show by witness that they acted in good faith in appropriating to themselves the extra compensation, when the prosecution entered an objection for both sides on the question of good faith was gone into they desired to produce authorities on that point, to show that no matter if the councilmen did act in good faith in appropriating these moneys to themselves, if they had violated the law, their having acted in good faith would not relieve them of the responsibility. The court stated that he was desirous of hearing counsel for both sides on this point, therefore an adjournment was taken until this morning at 10 o'clock in order to give the attorneys an opportunity to produce the authorities on this important matter.

LEG CRUSHED BY CARS

Edward Omeg Caught Between Freight Cars With Serious Results.

Ogden, Feb. 15.—Edward Omeg, a Union Pacific commissary employee, was caught between two freight cars in the Union Depot yards in this city yesterday, crushing his left leg so badly that amputation was necessary.

Omeg is a single man about 36 years of age. For a considerable time he has been employed in the commissary department, having charge of the commissary car between Ogden and Omaha. On the arrival of his car yesterday he was in a hurry to get over to the office to give in his report and to save a minute's time instead of going around a freight train that stood in his way he attempted to jump between two of the cars, when they were moved and his left foot caught between the draw heads, crushing the

CONDITIONS IN MEXICO.

Interesting Interview With Andrew Knudsen—Great Opportunities.

Provo, Utah Co., Feb. 15.—Andrew Knudsen, one of the party who went to Mexico a month ago to inspect the lands of the Utah-Mexican Sugar and Lumber stock company, is much impressed with the opportunities for profitable investment of capital in the neighboring republic. The Mexican government is encouraging emigration and Americans are welcomed, and

limb terribly. His cries were heard by the train crew, who rushed to his assistance. Yardmaster Cunningham was summoned and had him removed to the hospital, where Dr. Joyce amputated the leg between the knee and ankle. Omeg is entirely responsible for the unfortunate accident, as he should have taken the time to go around the switching train.

W. S. ACADEMY MUSICAL

Conservatory Students and Tabernacle Choir Will Give Recital on Monday.

Ogden, Feb. 15.—Considerable interest is centered around the musical to be given next Monday evening at the Ogden tabernacle by pupils of the Weber Stake Academy Conservatory of Music, assisted by the Ogden tabernacle choir. The affair will be strictly invitation, and all who are fortunate enough to receive an invitation will hear one of the best musical programs ever given in Ogden. Two choruses will be rendered by the choir, Prof. Joseph B. Lantyne, John J. McClellan and William Weine will have charge of the affair, and with the following pupils will render the program: Miss Myrtle Ballinger, Miss Lulu E. Mitchell, Mrs. A. R. C. Smith, Miss Frances Joyce, Walter Poulton, Mr. Cassidy and Miss Margaret Armstrong.

HELD FOR BURGLARY

Charles Miller, one of the men charged with the burglary of L. L. Clark & Sons' store, will have to answer to the charge in the District court, but Judge Murphy has not yet decided whether there is evidence sufficient against his partner, F. B. Cunev, also charged with the crime, to bind him over to answer to the higher court or not, and has therefore taken his case under advisement. The case is a rather peculiar one, as Cunev has maintained his innocence ever since his arrest, but he was in the company of Miller, and while the evidence against him is not so conclusive, the officers believe he is guilty, though they may never be able to prove a case against him. The testimony against Miller is very conclusive, as the stolen goods from the store were sold by him to the second-hand dealer, who positively identified him, and he has told conflicting stories as to how the goods came into his possession. He then gave them to the higher court in \$750 bail in default of which he was turned over to the custody of the sheriff. The officers will endeavor to get more conclusive evidence against Cunev.

PIRATING FOLEY'S HONEY AND TAR

Forley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the general sale. Ask for FOLEY'S HONEY AND TAR and refuse any substitute offered as no other preparation will give the same satisfaction. It is mild, laxative, it soothes the throat, and is safe for children and delicate persons. For sale by F. J. Hill Drug Co.

C. H. Miller, directors: Ralph Poulton, D. D. Dixon and David Openshaw, auditing committee.

WEDDINGS

Marriage licenses have been issued to the following couples: Luther McCandless, 24, of Lehi, and Mae Ash, 19, of Lehi.

William Nelson, 25, of Eureka, and Pearl Spahnower, 18, of Spring Lake. The last couple were married by Deputy County Clerk Karchner.

GARDEN CITY NOTES.

Judge Booth is holding court in Heber. The Utah Independent Telephone company's line is now being constructed between Provo and Springville, and will reach the latter place in about a week.

Over 250 people came from the south yesterday to visit the pupils in the Brigham Young university from the Nebo stake. A meeting was held with the pupils in the forenoon, and in the afternoon the visitors were the guests of the young people at a banquet. An interesting program prepared for the occasion was also given for the entertainment of the visitors.

"El Capitán" will be presented by the Roscan Compe Opera company in the Opera House next Monday evening.

Hyrum Vance of the Fifth ward will leave for Chicago as a missionary to the northern states next Wednesday.

W. P. S. Hawk, superintendent of the Postal Union Telegraph, will come down tomorrow to meet with the committee of the Commercial club which has been appointed to investigate the question of having the Postal enter the Provo office.

The old people of the Second ward will be entertained at a banquet given in the ward house, Thursday, Feb. 22.

SOCIAL AND PERSONAL.

Mrs. Margaret Kirkpatrick announces the engagement of her daughter, Ruth, to Mr. Walter Stone, the wedding to take place on Feb. 28. The bride-elect is one of Salt Lake's most popular society girls, and the groom a son of Mr. C. B. Stone of San Francisco. Mr. Stone is at present in Goldfield, where he has large interests, but will leave shortly for New York, where the wedding will take place.

Mrs. Leroy Dinwoody entertained about a dozen friends informally at her home yesterday at noon. The Valentine idea prevailed in the decorations, and all details were suggestive of the day.

Mrs. Elias Smith leaves today for a visit in Chicago.

Mrs. Lena Welby has returned from Eureka, where she has been staying with friends.

Tomorrow will be an eventful day in a social way, the most important function being the annual breakfast of the Ladies' Literary club, to be given at the Manhattan hotel at noon. This will be a program of toasts by a number of the members, and the affair will without doubt be added to the notable annals of Utah's oldest woman's club.

The Woman's Democratic club held an enthusiastic meeting yesterday at the home of Mrs. M. S. Cunningham, who gave an interesting paper on "Woman's Suffrage and Its Results in Colorado." A discussion of several subjects followed, and it was decided to hold a celebration in honor of Jefferson's birthday on April 13. Delicious refreshments were served after the program.

Mrs. H. C. Brownlee entertained her card club yesterday.

The dancing party given by the Twenty club at the Ladies' Literary club last night was a delightful affair, the details being successfully planned and a large number being present.

Mrs. E. S. Ellerbeck entertained the Woman's Republican club at her home last night, the affair being a card party and the Valentine idea prevailing in the decorations and other details. A musical program was one of the features, vocal solos being given by Miss Edith Ellerbeck, Miss Hilda Beavis, a piano selection by Miss Luella Spence and a reading by Miss Mary Mayne. Prizes were won in the card contest by Mrs. Hines and Mr. Russell. Refreshments were served and a large number were present to enjoy the evening.

Mrs. W. F. Jackson entertained at a double function in the way of a luncheon and card party today.

Mrs. Robert Harkness entertained her card club yesterday at her home.

Mr. and Mrs. Hoyt Sherman will entertain informally tonight in honor of Miss Marie Demmitt.

As an illustration of the vast territory owned by some of these land proprietors, Mr. Knudsen says that the train ran all day through one estate, the owner of which was reported to brand from 75,000 to 100,000 acres a year.

Mr. Knudsen confirms the common story of the Mexicans not being in a hurry, and as an illustration tells that the party with which he traveled was promised horses at 4 o'clock one afternoon to go from Toluca to the Utah-Mexican company's ranch; but instead of getting the horses that afternoon they were compelled to wait four days. He is enthusiastic in the praise of the natural beauties of the country, the climate being in many places ideal, and the forests and rich soil tempting to those who come from a country with few natural advantages.

OPPORTUNITIES IN DAIRYING.

The matter connected with the ranch of the Utah-Mexican company, which Mr. Knudsen studied most closely, was that of the opportunity for successful dairying and creamery business. He thinks the conditions for making this industry pay are good, as the company has some fine grazing lands, and with the introduction of alfalfa an abundance of feed can be produced at a low cost, while there is an unlimited market at good prices for butter.

"MORMON" COLONIES PROSPEROUS.

Mr. Knudsen visited the "Mormon" settlement at Dublan and reports the people prosperous. They are building fine two and three-story brick houses, and their relations with the Mexicans are most friendly and satisfactory. The people of the Utah-Mexican company are the only ones he saw using American machinery and implements on their farms, the implements used by the natives being very crude; but in spite of this the soil is so rich that it produces abundant crops.

PROVO BUILDING SOCIETY.

A dividend of 8 per cent for 1905 has been declared by the Provo Building & Loan society, which was held here two years ago. At the meeting of the stockholders held Tuesday evening the secretary's report showed the society to be in a very prosperous condition, with \$15,440 loaned on Provo homes, and applications in for \$20,000. The company has sold 18,000 shares of its capital stock and the fourth series of shares is now being taken up.

The former officers were unanimously re-elected, viz.: Thomas N. Taylor, president; E. D. Partridge, vice president; H. F. Thomas, secretary; J. M. Jensen, assistant secretary; Jos. A. Buttle, treasurer; J. E. Booth, Jesse Knight, W. K. Spafford, F. W. Taylor,

Dear Doctor—

I owe you so much—
for you saved my mama's life—
she was awful sick—the Doctor
came and Papa cried—so did I—
The Doctor could not help her—
but Aunt Emma—She told
mama to take Dr. Pierce's Favorite
Prescription—and so she got
well in nough time.

I thank you very much
To Dr. R. V. Pierce. End Decker.

Many mothers of families in the United States have reason to be grateful to the person who recommended Dr. Pierce's Favorite Prescription. This is a medicine specially prescribed for diseases of womanhood. It does not cure eczema, it cures all its forms, nor heart disease, for it is put up for the single purpose of curing diseases peculiar to women. It has a reputation of over a third of a century of cures, and has sold more largely on this continent than any other medicine for women. Another point in its favor—it does not contain a single drop of alcohol or harmful habit-forming drugs. It is purely vegetable and perfectly harmless in any condition of the system. An alcoholic compound for women is something no woman should take and yet "Favorite Prescription" is the only tonic and nerve put up for sale through druggists, especially for women's weaknesses, that does not contain alcohol and that too in large quantities. Womanly weakness will always bring nervous irritability and a nervous condition, for which alcohol is the worst thing in the world. What a woman thus afflicted needs is a vegetable tonic and invigorating nerve like Doctor Pierce's Favorite Prescription, which will build up her delicate system and bring about a healthy tone. It cures the drains and weaknesses of women, also displacements, as prolapsus, anteversion, retroversion, irregular and painful periods and kindred ailments.

If you want to know what ails you the United States mail will bring you the best medical advice for only the cost of writing materials and stamps. Many women owe their present good health to the fact that they consulted Dr. Pierce by letter, giving him all possible information about their condition, symptoms, etc., and received in return good medical advice which cost them nothing. This is why we advise you to write to Dr. R. V. Pierce, the founder of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y.

Dr. Pierce by no means confines himself to prescribing his well-known proprietary medicines. He tells you in the most common-sense way what you, what you ought to do, what

line of treatment should be followed out in your particular case, and if you case does not indicate the need of his proprietary medicine, he tells you plainly and frankly what you do need, and the best possible method of improving your health. If you are a young woman just entering upon the duties of life, you should have good medical advice of a confidential nature. If you're the mother of children, you may want advice about yourself and how best to put your system in order that your children may be healthy. To sufferers from chronic diseases which do not readily yield to treatment, or to people who are past the youthful stage of life and want confidential advice about their ailments or their physical condition, Dr. Pierce offers careful consideration and the best medical advice within his power, free of cost.

"Favorite Prescription" is indeed an ideal medicine for women, and by far the best I have known to restore lost health and strength," writes Mrs. R. C. Roelker, 24 Ingram Street, Henderson, Ky. "I suffered misery for several years, being troubled with flooding. My back ached and I had bearing-down pains and frequent headaches. Would often awake from sleep in such pain and suffering it would be hours before I could close my weary eyes again. I dreaded the long nights as well as the weary days. Consulted two different physicians hoping to get relief, but finding that their medicine did not seem to cure me I tried Dr. Pierce's Favorite Prescription, as a friend had recommended it so strongly. Am glad that I followed her advice for it was the only medicine for me. Every ache and pain has gone, and not only this, my general health has improved. I feel well and strong, have a fine appetite, have gained flesh and never looked better."

My advice to suffering women is to take the "Favorite Prescription" and they will never be disappointed with the results." Formula printed on wrapper. You should read The People's Common Sense Medical Adviser, by R. V. Pierce, M. D. Send 21 cents in one-cent stamps, for this 1008 page book in paper covers, or 31 cents for the cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

BAD BLOOD WEAKENS THE SYSTEM AND INVITES DISEASE

Every part of the body is dependent on the blood for nourishment and strength, and when from any cause this vital stream of life becomes impoverished or run-down, it invites disease to enter. No one can be well when the blood is impure; they lack the energy that is natural with health, the complexion becomes pale and sallow, the vital energies are at a low ebb, and they suffer from a general broken-down condition of health. The system is weakened and unable to resist the diseases and disorders that are constantly assailing it. The Liver and Kidneys, failing to receive the proper stimulation and nourishment from the blood, grow inactive and dull, and the waste matters and bodily impurities that should pass off through these channels of nature are left in the system to produce Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases or some other blood disorder. When the blood is in this weakened and diseased condition it should be treated with a remedy that is not only thorough, but gentle in its action. S. S. S., a purely vegetable remedy, made of roots, herbs and barks, is just what is needed. It not only cleanses the blood of all impurities and poisons, and enriches and strengthens it, but gently builds up the entire system by its fine tonic effect. S. S. S. reinvigorates every member of the body, gives tone and vigor to the blood, and as it goes to the different parts, carries robust health and strength. S. S. S. acts more promptly and gives better results than any other medicine. It cures Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases and all other blood disorders, and cures them permanently. Our Medical Department will be glad to give advice without charge to all suffering with blood or skin diseases.
