They can be had at this office, or mailed to any address for 10 cents per copy.

The Relief Society's Mercantile Association.
Is opening a store for the sale of home manufactures in the building lately occupied by the Woman's Centennial Territorial Fair, known as the Old Constitution Building, opposite Z. C. M. I. store.

We are now ready to receive home-made useful and ornamental articles of all kinds, which we will sell on commission.

Many of our citizens have felt the want of a place devoted exclusively to Utah productions, and now that we are, in accordance with the wishes of President Young, uniting our humble efforts in this direction, we confidently trust that we shall not only have the support of all branches of the Relief Society throughout the valleys of the mountains, but also of our brethren and all others who feel an interest in the future welfare and prosperity of Utah.

Commencing as we do without capital, we wish it distinctly understood that at present we can only sell on commission.

LYON'S KIDNEY CURE.
Lyon's Kidney Cure is an invigorating tonic vegetable preparation, positively free from any mineral or deleterious substances. It is the most delightful of all hair dressing—cooling the head, allaying irritation, curing headache and throbbing temples, making the hair strong, fragrant, glossy and obedient to control, so clearly to use that it will not soil the finest fabric, causing the hair to grow luxuriantly and beautifully, removing dandruff and pimples. No man or woman can become bald who will use the Lyon's Kidney Cure properly.

THE RATED popularity gained in this Territory by the OLIVER CHILLED PLOW during the short time it has been introduced here is a something marvelous. This splendid plow has distanced all competition, and now stands at the head of the list, unequalled by any implement of the kind ever brought to Utah. With the Oliver Plow FALL PLOWING can be done QUICKLY and EASILY, no matter how hard and dry the soil. It is offered on the most favorable terms by Howard Seebie, at the Bain Wagon Depot, one-half block south of Theatre. d268

Local and Other Matters.

THERMOMETER 46 degrees F. in the shade at 1 p.m. to-day. Fine.

Coming North.—Delegate Cannon left St. George, on his way to the city, this morning.

Lovely.—The weather is clear and beautiful to-day. A sharp frost prevailed last night.

Coming Home.—By private telegram, we learn that Bro. Wm. C. Staines, having closed up the business of this season's emigration in New York, will leave for home this evening.

Expected.—Elder David McKenzie, who crossed the Atlantic with the emigrant company which arrived last evening, is expected to reach home to-night.

Tabernacle Meetings.—Yesterday Elder Orson Pratt delivered an excellent discourse upon the personality of the Godhead and the pre-existence and eternal destiny of man and the earth.

Postal Commissioners.—A number of United States post commissioners are expected to arrive in the City this evening, they having telegraphed to Delegate Cannon that they would be in Ogden to-day.

Arrested on Suspicion.—On Saturday evening Frank Treseder and a man named J. G. Brown were arrested on suspicion of having committed the 20th Ward co-operative store robbery, on Friday night. They were to be examined before Justice Pyper at 2 o'clock this afternoon.

Escaped.—"Tex," the desperado who shot and killed John Wright and the colored barber, Floyd, at Park City on Friday, made his escape.

Floyd is supposed to be Clint Floyd, who was in a number of shooting and cutting scrapes in this City, and who killed a man in the vicinity of Ogden. If it is he; but few will regret his sudden taking off.

Fixing the Crossings.—In accordance with an appropriation of taxes lately made by the City Council, on petition, the people of the 6th Ward commenced this morning to provide against the mud and slush season, by gravelling up their crossings and making other street repairs. Various crossings in the lower part of the city east of the State Road are also in process of similar improvement.

The Order Changed.—The order for the enforcement of the payment of attorney *pro tem* fee in the Young vs. Young, in divorce suit, has been changed, by the Court. Instead of directing the commissioner without bonds to sequester the personal property of the defendant, it directs him to seize upon rents of realty, and he has therefore attached the rents of certain property belonging to the defendant, and will collect the rents thereof.

Stormy and Fine.—Saturday was truly threatening, and it tried hard to snow or rain all day. Most people went to bed expecting to see a white morning, but, lo and behold! on awaking on Sunday every cloud was gone, and the sky was as clear as glass, and neither rain nor snow, beyond a mere sprinkle, had fallen, except on the mountains. The first half of yesterday was very fine and warm, but the afternoon turned a little cloudy and exceedingly sharp and cold. There was considerable ice in the creeks this morning.

The Grain Question.—A special meeting of the committees on the grain question will be held in the basement-room of the Social Hall, on Friday, November 17th, at 2 o'clock p.m. The officers of Relief Societies in all the Wards of the city, and others interested in the subject, are hereby notified, by order of the board. A punctual attendance is requested.

EMMELINE B. WELLS, President Central Committee.

Garrotted.—An adroit and daring robbery was committed near the head of Commercial Street, just as the City Hall Clock was striking ten on Saturday night. The victim was a young man named White. The scoundrel who pounced upon him seized him by the throat, passed a rope into his mouth, quickly secured his arms and feet with it, took a ten dollar bill from his pocket and fled.

Mr. White was at the City Hall and informed the police by ten minutes past ten, but, of course, by that time the robber was nowhere to be seen. Whoever he is, he is evidently an expert at the business, and did the job single handed.

Splendid Silk.—To-day we had the pleasure of seeing what we consider the finest specimen of reeled silk ever produced in Utah. It was reeled by Mrs. Susannah Gordon, of Logan, a lady experienced in the business, with a new reeling machine, lately imported by Mr. Paul A. Schettler, of this city. Silk in the condition of the specimen mentioned commands fourteen dollars a pound in markets abroad.

Doing Well.—Little Victor Morla is still doing well. Our reporter visited him yesterday, and he was then comfortable, he did not complain of his suffering. From a report of his condition to-day we learn that the symptoms still continue favorable. He is an intelligent little fellow and bears his affliction like a little hero.

LATEST DISPATCHES.

See log of the Board of Canvassers.

COLUMBUS, 13.—The board of state canvassers met at ten o'clock to-day. Payne, Stone, Purnis, Dunn and Cardoza being present. The following resolution was unanimously adopted:

"That the Board hear oral arguments on the point as to the limitation in which the Board can canvass the returns for the presidential electors, and that argument be limited to half an hour on each side."

General James Conner, on behalf of the democratic candidates, submitted the following paper in regard to the jurisdiction of the board:

"On behalf of the citizens of the State whom we represent, and of the democratic candidates of the State, we submit that all the acts of the general assembly authorizing the board of state canvassers to hear and decide all cases under protest or contest, that may arise in regard to the election of electors for President and Vice-President, members of Congress and all officers elected at general elections held in this State, are in violation of the twenty-sixth paragraph of the Constitution, and therefore void, and in behalf of the parties aforesaid we demand that the board of canvassers now assembled shall not hear or decide any such cases of contest or votes, but shall only act ministerial in ascertaining from the returns and statements forwarded by the boards of county canvassers the persons who have received the greatest number of votes for office for which they were respectively candidates, and declare the same, and certify it to the Secretary of State."

The board went into secret session to consider the point raised. After some deliberation the doors

were opened, and the Secretary of State, Hayne, President of the board, announced that as the point of jurisdiction was a new one the board would like to hear the constitutional question argued. One o'clock was fixed as the hour of hearing the argument. The following resolution was adopted:

"Resolved, That the board of State canvassers will proceed to canvass the returns for election for President and Vice-President, beginning on the 16th of November, unless the returns from all the counties have been previously received, and will continue to come, and canvass such returns from day to day until the last day of their session, if it be necessary to do so."

Pardoned.

The President-to-day signed a pardon for Wm. O. Avery, now confined in the penitentiary at Jefferson City, Mo., for complicity in the whiskey frauds. The friends of Wm. McKee express absolute confidence that he will be pardoned within a day or two.

CORRESPONDENCE.

The President's Company—Frenching.

CEDAR CITY, Nov. 8, 1876.

Editor Deseret News:

President Brigham Young and company arrived here at half after one o'clock yesterday, in excellent health and spirits. Quite a number of brethren, sisters and children were on hand to greet the President on his arrival at Bishop Lunt's residence, where an arch of evergreens was erected across the street, decorated with flags and the motto, "God bless our Prophet."

Meeting was called for three o'clock p.m., when Elder Wilford Woodruff, President of Brigham Young, and Elder George Q. Cannon addressed the Saints. President Young spoke nearly three-quarters of an hour upon the subject of duty, and necessity of the people working to become self-sustaining in tanning, making up boots and shoes of reeled hatts, etc., for the use of the settlement, and showed the folly of buying five or six mowing machines where only one was necessary. He emphasized the necessity of labor and means in a co-operative manner. The meeting-house was crowded and the discourse listened to with great pleasure and attention. The day was lovely and the spirit of peace enshrouded the whole settlement.

A strong vote was cast in favor of our esteemed brother, Elder Geo. Q. Cannon; no opposition.

President Young and company left for Bellevue at 8:30 a.m. to-day, all well.

Very respectfully, your brother,

C. J. ARTHUR.

This morning Special Marshal Fie gave us the names of all the persons now afflicted with small-pox in this city. They foot up a total of seventeen. Of these several are fast recovering and are entirely out of danger. There are only two or three really dangerous cases in the number. Several flags are allowed to remain at houses where the patients have recovered, because sufficient time has not yet elapsed to remove the quarantine with safety to the public. Dr. P. L. Anderson endorses this and says there are now only thirteen actual cases in this city.
