MANY a dollar formerly spent on expensive Sulphur Baths is now saved by substituting therefore GLEN'S SULPHUR SOAP, which is just as beneficial but infinitely cheaper. Local diseases of the skin, rheumatism and gout are all relieved by the standard remedy. Complexions are beautified as eradicated by it, and it imparts to the cuticle a pearly whiteness and velvety softness which greatly enhances the effect of female charms. Its soothing, antipruritic action constitutes it a prime remedy for sores, ulcers, cuts, sprains, scalds, bruises, and in fact every abnormal condition of the cuticle attended by inflammation, swelling or itching. Ladies moving in our best society speak of its beautifying properties in enthusiastic terms. It gives the cuticle a decided preference to cosmetics which merely conceal but do not, like GLEN'S SULPHUR SOAP, eradicate defects of the complexion. The use of cutaneous for eruptive complaints is to be deprecated because of their having a tendency to clog the pores and in some cases to aggravate rather than remedy the disease. They are, besides, useless through enough in their efforts to prevent the recurrence of eruptions. An inveterate type and have the disadvantage of soiling the linen of persons who use them. GLEN'S SULPHUR SOAP, the contrary, radically cures the diseases to which it is adapted and still further recommends itself on account of its cleanliness. It is, besides, an admirable disinfectant of clothing which has been worn by persons afflicted with diseases of a contagious nature. As a specific preventative and promoter of the general health, it presents advantages of the most unequivocal description. Sold by all druggists. Hill's Hair and Whisker Dye, black or brown, 50c.

GILBERT'S LAUNDRY CASTLE SOAP is the cheapest, as it takes less.

Beauty and Fragrance
Are communicated to the mouth by SOZODONT, which renders the teeth pearly white, the gums rosy, and the breath sweet. By those who have used it, it is regarded as an indispensable adjunct to the toilet. It thoroughly removes tartar from the teeth, and prevents their decay. d-4-w

What Might Have Been Heard.
Almost any day during the week, a kind of "piano" might have been heard in the main building of the Capitol. The "piano" was a "piano" of the "piano" variety, and the "piano" was a "piano" of the "piano" variety. The "piano" was a "piano" of the "piano" variety, and the "piano" was a "piano" of the "piano" variety.

A First Class Orchestra.—Salt Lake has long felt the need of a classic orchestral combination. With the excellent musical ability possessed promiscuously throughout the community, it is only strange that an effort has not been sooner made to bring it together for this purpose. However, better late than not at all, and there is plenty of time and opportunity left for such a combination to exercise itself to advantage. Prof. George Carless informs us that a movement is being inaugurated for the organization of a first-class orchestra, its constituents to be selected from the best cultivated devotees of the divine art in the city, with the object of presenting, for the public enjoyment and benefit, a higher order of music, and cultivating a taste for the same. The benefits of such a combination are obvious. Not only would home talent be prepared to support travelling opera companies and concert troupes, who are now forced to bring their own instrumental performers, with additional cost to the community for so doing, but on holiday occasions and grand local celebrations the enjoyment of the music loving multitude would be heightened and intensified by the doubly effective rendition of musical masterpieces.

The undertaking is in the hands of Professor Carless, and the following well known artists are among those who will compose the orchestra: Professor O. Pratt, Jr., and S. A. Kennell, Messrs. Mark Croxall, Magnus Olsen, George Hodger, W. C. E. Beasley, A. Pedersen, H. Monson, Chas. Evans, Thos. McIntyre and O. N. Wittzell. The movement is deserving of success.

News from Scandinavia.—Elder N. C. Fygar, writing from Copenhagen to the *Millennial Star*, speaks encouragingly of the condition of affairs among the saints in Scandinavia. The average increase of souls to the Church, during the last eight months, has been 100 per month. There were 24 Elders from Utah in the mission, with one or two exceptions, all well and diligently engaged. Brother F. A. Halgren, who had been to Finland, had returned to Sweden on account of sickness, and was at Stockholm suffering from pneumonia.

The Finland branch numbered 24 members, but at present no missionary was among them, though when a suitable one was found he would be sent to take charge.

The surplus tithing of the branch from which Elder Fygar writes, had been used in publishing the Book of Mormon in the Swedish language.

Confession.—On Wednesday, United States Revenue Collector, O. J. Hollister, on an alleged charge of evasion or violation of the revenue law, on the part of the proprietors of Wagner's Brewery, at the mouth of Emigration Cañon, seized upon and confiscated the building, property and premises. The charge sets forth the failure of the proprietor to stamp or check some of the barrels issued from the place. Yesterday afternoon, the property was released and Mr. Wagner permitted to resume possession thereof on his giving to the collector a perfected bond of \$20,000, the full valuation of the premises. A civil suit will follow, until which the matter will rest as it now is. Messrs. Tilford & Hagan are the attorneys for the defendant.

The Georgians.—A fair sized house greeted the second appearance of Callender's Minstrels, last night. The performance was fully up to the standard of the previous night, and, apparently, was as highly enjoyed by the audience. The singing of the quartette in one of the prime features of the company's ability, and as such was duly appreciated. The "Hen Fricole" is probably one of the best pieces of imitation ever seen on the Salt Lake stage.

To-night is the last appearance. All who wish a hearty laugh can be sure of getting it by attending the Theatre this evening.

Remittance of Taxes.—Yesterday the county court, as a board of equalization, took action on the remittance of the taxes of those parties who had suffered from the late fire in Alta, Little Cottonwood. Taxes amounting to \$5, and under, were remitted entirely, while those exceeding that sum were diminished to the fullest extent allowed by law. About 35 persons, who had sustained losses by the fire, were thus materially relieved by the generosity of the authorities. Well done.

Dr. Walker.—This notorious character, with two fellow thieves, arrested at Beaver some time ago, arrived in this city under charge of Marshal Shaugnessy, last evening. The party proceeded immediately to the Penitentiary, where Ben will remain until the next opportunity for horse or cattle stealing arrives, when, if he does not participate it will constitute a circumstance unprecedented in his career.

Successful.—The entertainment in the 11th Ward Assembly Rooms last night drew a fair house; all who attended were well pleased; the performers acquitted themselves admirably, and the affair was therefore successful.

In Arizona.—Elder Erasmus Snow and party, on their way to the Indian Territory, crossed the Big Colorado, crossed the Big Colorado, crossed the Big Colorado, on the 14th inst. All well and hearty.

First Snow.—The first snow of the season was experienced in Little and Big Cottonwood Cañons, yesterday forenoon, a deposit of four inches covering the ground.

Died.—By private telegram from American Fork, we learn that Dr. W. Lafayette Ball died at that place, yesterday. Funeral on Saturday, at 10 o'clock.

Attention Firemen.—Brigade meeting to-morrow evening, Sept. 27, 1878, at 7 o'clock.
R. H. HANDY, Sec'y.
