Dundreary's Appearance. — So far, the indefatigable "Dundreary," delighted an immense audience Saturday evening with his droll and ridiculous acting. The play of "Our American Cousin," as it is now presented, contains nothing very attractive but the one character, the impersonation of which has made Southern famous. To increase the "business" of this one character, the rest of the play has been very much mutilated, and without "Dundreary" the piece would be indeed flat and uninteresting. That part, however, was presented on Saturday with all the ability of the celebrated actor, and the audience were kept in a perpetual and almost painful state of laughter during the whole evening. The one performance completed the engagement.

Poor Young Man. — The desire to have the Home Dramatic Club repeat their performance of "The Romance of a Poor Young Man" has been found almost universal, and a repetition of the piece has therefore been decided upon. Next Friday evening the play will be reproduced with the same cast of characters, and all the new scenery which was such a feature of the last performance. The orchestral and incidental music as before, will be under the direction of Mr. Geo. Careless. The box office opens for the sale of tickets on Thursday, at 10 a.m.

The Vote. — Voting in all the precincts is unusually light. The number of those who have neglected to make use of their privilege in this respect is astonishing, but it is gratifying to learn that the requisite two-thirds majority vote necessary to enable the city authorities to complete the canal will without doubt be obtained. In the main precinct, the City Hall being its polling place, only 230 ballots were cast up till 2 o'clock. In the first precinct the negative votes are quite numerous, but in the others a large majority for the affirmative is anticipated.

Going South. — Bishop John Sharp goes south to-morrow morning to visit Mud Lake, where a portion of the railroad is out of repair on account of high water. The frightened horses came dashing along the street in a straight line for the girls, who astonished themselves and a few fortunate spectators by their agility in vaulting over the fence. No one was hurt, and the runaway team was soon stopped.

Removed. — The Latter-day Saints' Conference House in London, lately at 20, Bishop's Grove, has been removed to 10, Dorset Street, Bridge Street, Liverpool Road, Islington, London, N., where communications should hereafter be addressed.

Court Certificates 1878-79. — The holders of certificates for payment of mileage for attendance as jurors and witnesses on the Third District Court, during the years 1878 and 1879, are requested to deposit said certificates with N. W. Clayton, Esq., Auditor of Public Accounts, office No. 11 First South Street, Salt Lake City, within thirty days from this date. Mr. Clayton will receipt for said certificates and hold them, pending examination into the service for which they were issued by the Special Commissioner appointed by the Legislature. So soon as the investigation is finished, a notice of which will be given through the newspapers, the Auditor will issue territorial warrants in payment of all such services as is found legal and proper under the laws of the Territory.

Killed by Lightning. — A communication from Logan bears the sad intelligence that on Friday last about three o'clock, Mr. John Cowley, of that place was killed by lightning. He was found in a barn across the street from his residence, with a small wound on the back of his head and several marks of the destroying element on his body. He leaves a wife and six children, and his loss is felt by the entire community where he was universally respected.

A Seven Thousand Dollar Fire. — A special has just been received per Deseret Telegraph line, as follows:

MONROE, U. T.,
April 5, 1880.

The People's Store. — dealers in merchandise were burned out here, between 1 and 2 o'clock this morning. Being a frame building, the flames spread rapidly, destroying everything it contained. There were strong indications of the fire having been incendiary, great indignation and excitement prevailed.

Grand Duchess. — Saturday's matinee was one of the best attended performances ever given in the theatre. Its success as an artistic production was more marked, every thing going off in much better style, than on the first performance. The children acted with greater freedom, spoke with more distinctness and sang in better time, the choruses being very much better rendered than on Friday evening. This evening the beautiful little opera will be repeated and will doubtless attract a crowded house. Everybody should see what the children can do.

The Emery Testimonial. — The junction of Saturday says the gift which has been purchased for presentation to Ex-Governor Emery by the citizens of Ogden is a beautiful watch and chain of the purest gold, with a most excellent movement, made by that widely known and eminent firm of Jewelers, Appling, Tracy & Co., Waltham, Mass., and on the inner case is handsomely inscribed: "Presented to Hon. G. W. Emery by citizens of Ogden, Utah, regardless of party, April 3d, 1880."

The presentation was to take place on Saturday evening, at 7.30 o'clock, in the Ogden Court Room. The public were invited, and doubtless a large audience assembled to witness the proceedings and hear the addresses.

There will be a general meeting of the Young Men's Mutual Improvement Association in Salt Lake Assembly Hall on Tuesday evening, April 6th, 1880, at half past seven o'clock. The Young Ladies' Association, and the young people generally are invited to attend. Reports from all the associations of the Territory will be presented, and business of importance, pertaining to the general organization will be attended to.
