DUBLIN, 29.—Our correspondent at Drougheda telegrams: An extra-ordinary discovery of dynamite with a fuse and lap was made by the officers of the Great Northern Railway at Drougheda Station, last evening. It appears that a pasenger of re-spectable appearance was observed by a fellow passenger, who traveled from Dublin to Malabide by the down express train, to be handling a parcel from which the ends of cartridges were seen protruding, and on the arrival of the train at Malahide, the guard's attention was called to the fact that combustibles were being carried in the train. The guard took possession of the rarcel and placed the affair in the hands of

the superintendent, who endeavor-ed to get the name of the supposed owner of the parcel, but failed, the party denying any knowledge what-ever of it. The parcel weighed nine pounds and was found to contain dynamite. £300 Reward.
