proprietors had never violated the Sun-day ordinances to his knowledge. Detrouble. tective Raleigh was then called to the stand and followed the chief's testimony very closely. In all of his 10 years of service on the police force he said that he had never heard anything against the place except the recent scrape. At the conclusion of his testimony, Hartenstein moved that the case be continued for a week to permit the city attorney to make some further prep-arations and to secure other witnesses, Neuhausen favored dismissing the case and offered an amendment to that effect. Fernstrom was puzzled about how the witnesses present happened to be summoned. He said that several of the policemen who patrolled Com-mercial street and knew whether or not the saloon was an orderly one, were not present. He said that the employes of the saloon had done everything possible to cover up the shooting scrape and had told the policemen that they knew nothing about it. He urged that the

The sidewalks will be eight feet wide and gutters will be placed where necessary.

The jury in the case of the state against H. W. Engler, charged with forgery and uttering a forged instrument, returned a verdict of guilty at about 8 o'clock last night. The case was tried before Judge Morse and was sub-mitted about 4:30 o'clock yesterday afternoon. Engler forged a time check of the Columbia Consolidated Mining com. pany at Bingham and passed it upon the Miners' Mercantile company.

The Internal Revenue office has reelved notification from Washington that the law forbids more than two spigot holes in beer kegs and the brewers have been granted three months' time in which to perfect their beer backages according to law. The law on the subject is plain, but should it be enforced from the beginning, a large number of dealers would have to go out of business. Hence the time granted by Uncle Sam for brewers to plug up those additional holes.

The government's proposition to im prove Utah lake for irrigating purposes was heartily endorsed at Riverton Mon-day night, when about 180 farmers interested in the question met under the auspices of the Jordan Valley Commersial club. Prof. Swendson attended and answered many inquiries and while the meeting did not agree upon any definite plan of action, the proceedings were harmonious and the farmers secured a better knowledge of the proposed benefits than thel formerly possessed,

Wells wanted the case continued so that other witnesses could be sum-moned and the matter investigated properly. He wanted to know how many shooting scrapes were necessary in a saloon before the council would revoke its license. Black and Martin were in favor of dismissing the case for the remain that there had been no evithe reason that there had been no evidence to sustain the charge that the

place was disorderly. Hobday came to the assistance of Bruce Johnson in great style. He said that no one but the gamblers were in favor of rovoking the license of this place. He then added with much force: 'You can't find one man of good standing who want's Bruce Johnson's license revoked. But you can find a dozen th horn gamblers who want it revoked. What in the name of God have these

When You Have a Cold.

The first action when you have a cold should be to relieve the jungs. This is best accomplished by the free use of Chamberlain's Cough Remedy. This Remedy liquefles the tough mucus and causes its expulsion from the air cells of the lungs, produces a free expector-ation, and opens the secretions. A complete cure soon follows. This remedy will cure a severe cold in less time than any other treatment and it leaves the system n a natural and healthy condition. It counteracts any tendency to ward pneumonia. Asst. Gen. Freight Agent of Mikado Road Passes Through Ogden.

Japan is nothing is not progressive. In every branch of industry she sends her young men to foreign climes to learn the tricks of the trade from the Anglo Saxon. In this connection there passed through Ogden a few days ago the assistant general freight agent of the Nippon Railway, Toklo, Japan, in the person of Rokuko Keneko, who has been in Philadelphia during the pass four months studying the methods of the Pennsylvania Railroad company, and otherwise absorbing American ideas on transportation. He is on his way back to his own country and hopes to arrive before the projected trouble breaks loose.

Will Meet the Cut.

Chicago, Feb. 4.—The Northwestern & Rock Island railroads have deciden to meet the passenger rates recently announced by the "Soo" line from St. Paul and Minneapolis to castern seaboard points. The old rate was on the basis of \$11.50 added to the regular rate from Chicago to the cast. The new rate is on the basis of an 18 rate from St. Paul and Minneapolis to Chicago, which makes a cut of El in the through rate. The reduced rate will apply on business via the Grand Trunk and Montreal
