SILVER KING CON. **REACHES CONTACT**

Manager Solon Spiro Returns With Samples of Ore from the New Strike.

Manager Solon Spiro of the Silver King Consolidated Mining company returned from Park City last night, after spending some time inspecting the new developments at that property. After months of patient effort during which thousands of feet of sinking and crosscutting has been done, the management has just reached the contact for which the crustcut from the bottom of the winze was sunk at the end of a 2,000-foot cross cut of the first from the bottom of a 1,100-foot shaft. After sinking the winze 500 feet the company has had to drive some distance to the contact. In doing this latter work five veins have been intercepted, Mr. Spiro says, all of which show good ore, though not all in paying quantities at present. The company has directed all its efforts towards reaching the contact, which has revealed some good ore, in which bromides and chloride of silver is intermixed with galena. No assays of the strike has yet been made, but the quality of the samples shown today by Mr. Spiro are considered very encouraging by the management, and work will now be directed towards finding it in large quantities. The prospect, for the Silver King Con. is in that stage yet, looks has just reached the contact for which Guantities. The prospect, for the Silver King Con. is in that stage yet, looks very encouraging, and the prosecution of development in the contact, which is nearly 6 feet wide, and in the other velns, is expected to disclose something better before long. Some of the assays show as high as \$3 ounces silver and 66 per cent lead.

MARKET WAS QUIETER TODAY.

Prices Practically Unchanged Excepting Ohio, Which Has Advanced,

ing Ohio. Which Has Advanced.

With the exception of Ohio there was no special feature on the mining exchange today. With the time for starting up the mill approaching Ohio sold up to \$5.45 this morning. Grand Central opened with a small lot at \$2.92½ but later sold down to \$2.85. Iron Blossom was active at \$1.30 and Sloux Con., sold from \$1.10 to \$1.12½. Tintic Central was firm at 11½. Mountain participated to the extent of 3.500 shares as low as 20, and South Columbus Con., let go 3,000 at 18½. Following are the closing quotations:

WEEKLY MARKET LETTER.

(Special Correspondence.) Kansas City Stock Yards, Aug. 9. Cattle receipt here last week were 47,000 head, including 7,500 calves, which was 20 per cent less than same week a year ago. The moderate run, which was common at all the markets, resulted in a good advance for the week, ranging from 10 to 25 cents. The resulted in a good advance for the week, ranging from 10 to 25 cents. The supply today is more nearly normal for this season of the year, at 20,000 head, including 3,000 calves, and the market shows a capacity to take care of a volume of this size without much of a decline. Grass steers are steady to 10 lower today, but fed steers, she stuff and cow calves are steady to strong. Bulk of the straight grass steers in the native division sell at \$4.25 to \$5.25, good weight wintered steers upwards to \$6.25, and prime heavy fed steers today at \$7.25, fancy yearlings \$7.50. The market the coming fall promises to see more competition between killers and country buyers than in any recent year, in view of the extraordinary crop of all kinds of feed that will be harvested in every section. So far prospective buyers have been busy with the harvest, and market on country grades has been quiet and steady. Stock steers sell at \$3 to \$5.25, bulk of sales in that class at \$3,60 to \$4.50, feeders from \$4 to \$4.50, a range of prices likely to hold good for fall, in spite of heavier runs,

Sheep and lamb supplies have been below requirements for several weeks, especially stock and feeding grades.

Sheep and lamb supplies have been below requirements for several weeks, especially stock and feeding grades. Run today is 4,000 head, market a shade stronger, and 25 to 40 cents above a week ago on lambs. Some Arizona lambs brought \$7.60 today, and mutton sheep from the range country sell at \$4.20 to \$4.85. Some big bands of feeding wethers have gone out lately around \$4.50, feeding lambs worth \$5.50 to \$6; breeding ewes in demand at liberal prices up to \$5.25, according to eral prices up to \$5.25, according to age and quality. Run from Montana and Wyoming at the northern markets last month was heaviest on record for July, but receipts at this market have been slightly smaller than usual since 1st of July.

Chicago. Aug. 12.—An official report which estimated the total yield of wheat in Canada to be approximately 45,000,000 bushels in excess of last year's crop, was hushels in excess of last year's crop, was one of the principal reasons for a weak tone in the wheat market early today. The market, however, was also beartishly affected by a decline of ½ to %d at Liverpool. Prices at the opening were 1,60½ to 5% lower. September being at 97% to 5% lower. September being at 97% to 5%, and Dec. at 55% to 55%. A small part of the loss was regained later on covering by shorts, September advancing to 35% and December to 55%. Rains in many sections of Illinois, Indiana and other corn states caused a slump in corn prices at the opening initial quotations showing losses of ¼ to 74% and rallied a trifle on buying by shorts, the price touching 64½ early in the day.

LIGHTNING STRIKES LITTLE MARYSYVALE GIRL

MARYSVALE, Plute Co., Aug. 10.—At half past 10 this morning Miss Cora Cook, the 13-year-old daughter of Mr. and Mrs. Fred Cook, was struck by a bolt of lightning and instantly killed.

She was returning from the store with an armful of parcels and when near the gate of her home a bolt of lightning came from a passing cloud and struck her on the left temple then going down her side to the ground, tearing her left shoe into shreds. The body was seared as with a hot iron. She was picked up by neighbors and tenderly carried to the house, and her parents, who were out of town, were summoned. She was a lovable girl, idolized at home and at school.

NINETEEN HOUR SHIFTS.

Greatest Day in History of Street Car Company-Splendidly Handled.

The street cars Jid a landoffice business yesterday. The company had out 135 cars which gave extra service on all lines, and it is estimated that they carried 100,000 people—the heaviest traffic in the history of local street railroading. When people thought how the old mule car service would have worked under the cirwould have worked under the circumstances, it provoked a smile. There was much annoyance on the fair grounds line from people climbing on top of the cars, which made collecting fares uncertain. Of course there were no cars running on Main street between 7 o'clock a. m. and 2:30 p. m. by which time the great parade was over; but the congested condition of the main streets made slow and cautious running imperative. It was long tious running imperative. It was long hours for the carmen. One motorman said last night that he had been working for 19 hours, and was just about all in.

Notwithstanding the great rush and crush of the greatest day in street car history there were only two slight accidents, two veterans getting off the cars before they stopped, and falling over into the street. They were not really hurt. Assistant General Manager Hunt and his inspection staff were omnipresent all day, watching things. The results of the long, hard day were something of a feather in the street car hat, the efforts of the the street car hat, the ellows of the management being backed and aided by the intelligence of the car operatives themselves. The power was ample. The company had all of its various plants ready to respond to their full capacity, but did not have to use the Jordan.

allment as an aftermath of the great parade yesterday are reported from the emergency department established for the G. A. R. at the Dr. Groves L. D. S. hospital this morning. Miss Cotter, the G. A. R. nurse in charge, says that only one case remains in the hospital today, and that was not in the nature of heat prostration. The patient is C. N. Hansen, and he was taken care of and is on the road to recovery.

Dr. Woodruff of the emergency medical corps, located in the Boston block, said that there was nothing in the report circulated on the streets last evening of the death of one of the children who was overcome by heat in the living flag. Of the cases of children affected by the heat, all were attended to last evening, and all were attended to last evening, and all were attended to last evening well and would recover.

Of the physicians rendering service in the medical corps were Dr. W. F. Beer, emergency hospital; Dr. Dare Woodruff, emergency hospital; Dr. H. B. Sprague, living flag; Dr. Kohn, emergency hospital; Dr. A. J. Murphy, ambulance; Dr. A. B. Irvine, living flag; Dr. P. P. Musser, ambulance; Dr. S. G. Paul, living flag; Dr. G. A. Light, line of march; Dr. T. G. Odell, line of march; Dr. C, F. Pinkerton, line of march.
