

HEAVY FIGHTING AT SAN DOMINGO.

Insurgents Engaged the Forts and
There Was Considerable Can-
nonading on Both Sides.

THE TOWN WAS NOT DAMAGED.

Minister Powell is Informed That His
Request Regarding the Provisions
Of the Protocol Was Granted.

San Domingo, Thursday, Nov. 12.—
There was heavy fighting here this
morning. The forts around the city
were engaged with the insurgents and
there was considerable cannonading on
both sides. The town was not damaged
and the situation is unchanged.

The United States cruiser Baltimore
arrived here this afternoon. Business
is at a standstill.

United States Minister Powell has
finally carried his point against the
Dominican government that it should
agree to the provisions of the protocol
regarding the San Domingo Improve-
ment company.

The government today informed the
minister that it would accede to his
request, carrying out the provisions
of the protocol and appointing arbitrators
today. This is considered a great victory
for the American interests.

Washington, Nov. 15.—The case of
the San Domingo Improvement com-
pany against the Dominican govern-
ment has been one of long standing.
The improvement company had con-
tracted for making various improve-
ments and for certain harbor pri-
vileges and dues, which contract the Do-
minican government afterward took
away from the company. The former
sought the assistance of this govern-
ment and asked it to secure its just
rights.

Washington, Nov. 15.—Confirmatory
information of the attack on San Do-
mingo by the revolutionists reached the
state department today in a dispatch
from Minister Powell. He reported that
the revolutionists were attacking the
city on three sides. There were no
other details in Minister Powell's cable-
gram. The cruiser Baltimore, which
was ordered to San Domingo waters
last night, so that American interests
were given full protection.

A. F. of L. Has a Good Time.
Boston, Nov. 15.—After a week crowd-
ed with busy sessions, the delegates to
the convention of the American Federa-
tion of Labor today gave up their time
to enjoyment. In the afternoon a trip
was taken in trolley cars over the route
traveled by Paul Revere on the night of
April, 1775, when he warned the patriots
that the British soldiers were ad-
vancing.

At Concord and Lexington the cars
stopped long enough to give the ex-
cursionists an opportunity to visit the
famous Revolutionary battlefields in
those towns. Entertainments for the
delegates were given this evening by
the various local unions.

Longshoremen's union 302 held a mass
meeting tonight. Among those present
were John Mitchell, president of the
United Mine Workers' union; President
D. J. Keefe and National Secy. Bar-
ter of the International Longshore-
men's union.

Delegates from San Francisco have
announced their intention of making
a strong contest to secure the 1904 con-
vention for that city.

Textile Workers' Troubles.

Fall River, Mass., Nov. 15.—The re-
quest of the textile council for a con-
ference with the cotton mill manufac-
turers regarding the announced plan
of the manufacturers to return on Nov.
22 to the wage schedule in existence
prior to March 17, 1902, has been re-
ferred to the executive committee of
the manufacturers' delegation.

Delegates to the textile council still
hope, however, for a favorable answer
from the executive committee before
Wednesday evening, at which time the
various unions will meet to discuss the
situation. The council wishes to lay

A PUBLIC OFFER

To All Persons in Salt Lake City Who
Wish To Gain Flesh.

Some people do not need to gain flesh,
but many must before health can be
restored to a normal condition.
Are you thin? Do you require more
flesh to be really well and strong? If
you do we want you to commence a
course of treatment now with Vinol,
and we will agree that if after you
have taken what we consider should be
enough to restore your normal weight,
and it has not succeeded, we will pay
for all the medicine you have taken
ourselves.

Now you will agree that we would
make ourselves financially if we should
make such a bold offer in an article
of no merit, and we must know what
we are talking about, or we would not
guarantee the action of any medicine
like that.

A prominent physician recently said:
"The best way to gain good, solid, firm
flesh is to take Vinol, for in it you get
all the curative, flesh-making and
strength-creating properties contained
in that grand old remedy, cod liver oil,
without the nauseating oil itself, and
the weakest stomach can retain it. Thin
people are usually weak and ailing,
and Vinol is what they need."

Dr. Z. F. Highsmith of Sumner, S. C.,
writes: "While taking Vinol I gained
10 pounds; it restored appetite and
strength."

Mr. E. O. Taft of Houston, N. J.,
writes: "Vinol increased my weight
eight pounds in a short time, and made
me well."

Mr. Henry Dickens of Nashville,
Tenn., writes: "Vinol increased my
weight 17 pounds and cured me. I
could not take cod liver oil, as it dis-
agreed with me and upset my stomach."

C. G. Johnson of Burlington, Vt.,
writes: "Vinol has restored my lost
weight, and I have gained 20 pounds.
Old-fashioned cod liver oil upset my
stomach, but Vinol made me well."
So we might go on quoting from hun-
dreds of such letters, and it is for this
reason we know what Vinol will do.
You see it acts first upon the stomach,
creates an appetite for good wholesome
food, and strengthens and tones up the
digestive organs so the food is properly
assimilated. Rich, red blood is
sent coursing through every vein; solid,
firm flesh is created wherever it is need-
ed, and emaciated figures, hollow
cheeks, and sunken eyes are soon a
thing of the past. Vinol makes firm,
healthy flesh, and the weak stomach,
because it strengthens every organ in the
body to do its work.

Try it on our guarantee. Druehl &
Franken and The Smith Drug Co.

THE FEAR OF HUSBAG.

Prevents Many People From Trying a
Good Medicine.

Stomach troubles are so common and
in most cases so obstinate to cure that
people are apt to look with suspicion
on any remedy claiming to be a radi-
cal, permanent cure for dyspepsia and
indigestion. Many such pride them-
selves on their acuteness in never being
humboged, especially in medicine.

This fear of being humbugged can be
carried too far, so far, in fact, that
many people suffer for years with weak
digestion rather than risk a little time
and money in faithfully testing the
claims made of a preparation so reliable
and universally used as Stuart's
Dyspepsia Tablets.

Now Stuart's Dyspepsia Tablets are
vastly different in one important re-
spect from ordinary proprietary medi-
cines for the reason that they are not
a secret patent medicine, no secret is
made of their ingredients, but analysis
shows them to contain the natural di-
gestive ferments, pure aseptic pepsin,
the digestive acids, Golden Seal, bio-
hydrastis and nux. They are not cat-
harctic, neither do they act pover-
fully on any organ, but they cure in-
digestion on the common sense plan of
digesting the food eaten thoroughly be-
fore it has time to ferment, sour and
cause the mischief. This is the only
secret of their success.

Cathartic pills never have and never
can cure indigestion and stomach
troubles because they act entirely on the
bowels, whereas the whole trouble
is really in the stomach.

Stuart's Dyspepsia Tablets taken
after meals digest the food. That is
all there is to it. Food not digested or
half digested is poison as it creates gas,
acidity, headaches, palpitation of the
heart, loss of flesh and appetite and
many other troubles which are often
called by some other name.

They are sold by druggists every-
where at 50 cents per package.

before the manufacturers a plan of re-
trenchment less burdensome to the
operatives than a return to the sched-
ule of 1902, which means practically a
10 per cent cut in wages.

It is believed there is little likelihood
that the manufacturers can be pre-
vailed upon to reconsider their decision.
That opposition to the new schedule
will take the form of a strike is still
more doubtful. Failing to effect a com-
promise, the leaders of the operatives
are inclined to make the best of the
situation for the present.

SARAHOFF IN SOFIA.
Macedonian Leader Acclaimed as
A National Hero.

Sofia, Nov. 15.—Boris Sarahoff, leader
of the Macedonian revolutionists, ar-
rived here last night and was received
at the railway station by thousands of
persons, who brought laurel wreaths
and flowers and acclaimed Sarahoff as
a national hero.

The Macedonian leader presented a
picturesque appearance. His beard was
unkempt, his hair hung in locks and
his features were weather-beaten. Af-
ter the delivery of patriotic speeches a
procession was formed and Sarahoff
was borne on the shoulders of his ad-
mirers to the house of his parents, to
the way Sarahoff halted in front of the
cathedral and thanked the crowd for
the reception, declaring that the revolu-
tionists were not only unconquered, but
that their work was but now begin-
ning.

Boris Sarahoff spent nine months in
Macedonia. His life was one of con-
stant peril and he slept mostly in the
open air. He went to Macedonia with
a band of 60, of whom only eight survive.
He declines to discuss his future plans,
but neither he nor the other leaders ap-
pear to entertain themselves with the
proposed reform scheme, as the desper-
ate condition of the refugees is adding
new fuel to the insurgent movement,
which is expected to be revived on a
larger scale in the coming spring.

A Crane Blinds a Man.

Seymour, Ind., Nov. 15.—Robert Lang-
don of Scottsburg lost his sight yester-
day evening by a crane striking him
with its beam. He had driven to Cro-
thersville with ex-Mayor Mills of this
city, and was about to start home with
a party of hunters, carrying a crane
which had been wounded, met him and
he bought the bird. As he was getting
into his buggy the crane struck him in
the eye with such force that its bill
penetrated the eyeball in such a man-
ner that the lens fell out. A surgeon
was called at once, but the eyesight
had been destroyed.

Ferdinand Opens the Sobranje.

Sofia, Nov. 15.—Prince Ferdinand to-
day opened the new sobranje and re-
ceived a great ovation on his way to
and within the chamber. In the speech
made by him after congratulating the
country on the result of recent elec-
tions, Prince Ferdinand said that events
had concurred during the summer
which compelled the government to
have recourse to an extraordinary but
inevitable military expenditure for the
purpose of securing the integrity and
independence of the fatherland. The
prince said that he relied upon the pa-
triotism of the deputies to seriously
study the conditions which necessitated
the expenditure and to show their
appreciation of the course of the gov-
ernment. The government, the prince
added, would do its utmost to main-
tain and to develop the good relations
existing with its great liberator, Rus-
sia, and with other great powers, and
particularly with the neighboring
states.

Church Troubles in Philippines.

Manila, Nov. 15.—Agilpay, the nomi-
nal head of the schismatics, has pro-
tested against the action of Monsignor
F. J. Rooker, bishop of Jaro, in taking
possession of the Catholic church at La
Paz, Iloilo. Monsignor Rooker has
threatened to take drastic measures to
curb the schismatics.

Texas Yellow Fever Bulletin.

Laredo, Tex., Nov. 15.—The official
yellow fever bulletin issued tonight
shows: New cases, 23; deaths, 2; total
number of cases to date, 888; total
deaths to date, 84.

While in pursuit of their duty today
Dr. R. D. Murray and G. M. Gutierrez
of the Marine hospital service met with
a serious accident in a runaway, being
thrown from their carriage. Dr. Mur-
ray sustained injuries which may prove
fatal, owing to his advanced age, and
which at least will confine him to the
hospital or six months. Dr. Gutierrez
sustained severe bruises. Dr. Mur-
ray's home is at Cape West, and he
enjoys an international reputation as a
yellow fever expert.

The fever has almost been entirely
stamped out in Nuevo Laredo.

Mexican Railway Consolidation.

Mexico City, Nov. 15.—A bill has been
submitted to the chamber of deputies
under which the government consents
to the consolidation of the National In-
ternational and Intercontinental railroads,
action being taken at the request of the
management of the National.

Article 3 provides that for a period
of 30 years the National will have the
exclusive right to build lines across the
"free zone," comprising a strip of 20
kilometers extending from the Gulf of
Mexico to a point five kilometers north-
west of Cape Diaz.

The Mayflower in Colon.

Colon, Nov. 15.—The United States
converted cruiser Mayflower arrived
here today.

A REVOLUTION IN COLOMBIA.

According to Advices From Min-
ister Beaupre at Bogota One is
By No Means Impossible.

M. BUNAU-VARILLA VERY BUSY

Continues His Efforts to Have the Re-
public of Panama Recognized by
European Powers.

Washington, Nov. 15.—A revolution
in Colombia is not impossible, accord-
ing to an opinion expressed in a dis-
patch received at the state depart-
ment today from United States Min-
ister Beaupre at Bogota. The minister
described the feeling in the
capital city as panicky. The minister
has delivered to the Colombian govern-
ment his instructions sent to him by
the state department on the 6th inst.,
advising him that the United States has
entered into relations with the govern-
ment at Panama and commending to
the governments of both Colombia and
Panama "the peaceful and equitable
settlement of all questions at issue be-
tween them."

The Colombian government, accord-
ing to Minister Beaupre, was disposed
to ask for an explanation of the in-
structions, but the minister informed
it that he regarded them as self-
explanatory.

Mr. Beaupre still appears confused
about the instructions sent to him re-
garding his leave of absence, probably
because of the delay in the receipt by
him of cablegrams regarding the mat-
ter. He has been again informed that
he is at liberty to leave Bogota when-
ever he desires, and it is expected that
he will take advantage of the opportu-
nity.

M. Bunau-Varilla, the minister from
Panama, continued his efforts today to
secure recognition of the new govern-
ment by the European nations. Twice
he saw M. Jusserand, the French am-
bassador, in this behalf, and tonight
M. Bunau-Varilla expressed the opin-
ion that France soon will accord the
recognition desired. The French gov-
ernment is anxious that the republic
of Panama shall guarantee to the Pan-
ama Canal company and the French
citizens interested therein all the
rights, privileges, etc., now held by
them. This guarantee is desired be-
fore any steps looking to the recogni-
tion by France is given, and tonight
M. Varilla cabled to his government
for authority to make such representa-
tions. Today he received a long cable-
gram from Panama, expressing thanks
to the government of the United
States for its courtesy in offering the
privileges of United States warships to
Gen. Reyes on his arrival at the isthmus
of Panama should he desire to go
aboard one. Gen. Reyes and two
other Colombian generals are reported
to have gone to Panama from Bogota
on a peace mission. The cablegram
says the greatest enthusiasm exists
throughout the republic of Panama
over the recognition given to its min-
ister. They have not only been here
and to the recognition of the new
republic. The addresses of M. Varilla
and of President Roosevelt when the
former presented his credentials have
been published in the various papers of
the country.

RARE STAMPS.
Department Trying to Find Out
How They Got into the Market.

Washington, Nov. 15.—The postoffice
department is pressing the investiga-
tion of published allegations that rare
postage stamps have illegally found
their way from the department to
stamp speculators. Postoffice Inspector
Fomes, formerly director general of
posts of Cuba and now a special mas-
ter-general Bristol's chief assistant
in the postal investigation, and In-
spector Williams are in charge of the
stamp investigation. They have not
only gone through the records of the
department, but have examined a num-
ber of persons in the department and
in the bureau of engraving and print-
ing, which prints the stamps; have ex-
amined philatelists, including a promi-
nent dealer in this city, with a view
to ascertaining the identity of persons
who have sold stamps to the dealers in
those articles. It has been the practice
of the office for a number of years to
distribute among department officials
and other prominent persons "speci-
men" stamps, distinctly marked as
to prevent their use as postage, as an
official courtesy, and it is known that
a large number of these stamps have
found their way into the hands of the
dealers. The inspectors are endeavor-
ing to find out who sold them to the
dealers. The investigation may be con-
cluded this week.

Work on Wireless Station Begin

Rome, Nov. 15.—Signor Marconi today
began work on the powerful wireless
station at Pisa, through which it is in-
tended to establish communication
with the Argentine republic and later
with the United States. When the sta-
tion is finished it will be inaugurated
by King Victor Emmanuel, who will send
the first message. Signor Marconi will
leave for London tomorrow.

Am. Steel for Mecca Railway.

Berlin, Nov. 15.—The Frankfurter
Zeitung's Constantinople correspondent
says the Pennsylvania Steel company
has been awarded the contract for 20,000
tons of steel rails for the Mecca rail-
way, in competition with the Krupp
and several other German and Belgian
estimates. The price is \$22.38 per ton,
delivered at Beirut.
