EASTERN.

Woman's Temperance Movement.

CLEVELAND, 19.—The Woman's National Temperance Convention organized yesterday, and appointed a committee to prepare a constitution for the Woman's National Temperance League, and to consider the practicability of establishing a woman's paper in the interest of the temperance cause.

Riotous Miners.

COLUMBUS, O., 19.—It is reported that there is serious trouble at the Nelsonville coal mines, colored operators there having been persecuted in various ways during the past three days. Shots have been fired at them by ambushed men, and last night a mail carrier was shot at and his horse killed under him.

Meeting of Railway Officials—Thirty Cents on the Dollar—Exiles Arrived.

NEW YORK, 19.—The Board of Railroad Commissioners, for the associated trunk lines, had an informal meeting yesterday, but without definite results. One commissioner stated that there was no probability of their announcing new rates before next month, when a small advance would probably be made. The Hudson River and Harlem railroads have reduced the wages of laborers, trackmen, etc., from ten to fifteen per cent; other roads propose a reduction.

The creditors of Nell & McCullom, leather merchants, who failed for $280,000, have accepted thirty cents on the dollar. McCullom's books show losses amounting to over $100,000 for the past year, owing to failures of shoe dealers in various parts of the country.

Six redemptorist fathers, exiled from Germany under recent laws, have arrived here.

No Compromise.

At the Longshoremen's convention this evening, it was stated that the steamship companies, especially the White Star line, seemed to desire a compromise, but resolutions were adopted pledging the members of the union to accept no compromise except the full schedule of wages demanded by the strikers.

Resignation or Suspension.

A letter from Havana, dated the 14th, says rumors are in circulation that Captain General Concha is about to resign or be suspended.

Government Gold Sold—The Steamship Companies Caving.

Half a million of government gold was awarded to-day, at 10,98 to 11,07.

The French steamship company, which was the first to propose a reduction, is again paying the old rates, so that their steamers may be made ready for sea on Saturday; the Atlas began the old rates this morning, and are unloading their vessel, which arrived on Monday. A hundred Italians, under guard of fifty policemen, crossed to the Cunard wharves, Jersey City, this morning, and began unloading the steamship *Java*.

Died of Apoplexy.

Joseph Stuart, of J. & G. Stuart & Co., bankers, died last evening of apoplexy.

Judges McCue and Reynolds have rendered a decision in the matter of the appeal from the order made at a special term of the city court, Brooklyn, denying the application of counsel for the defence in the Tilton-Beecher suit, to compel plaintiff to furnish a bill of particulars. Judge Reynolds affirms the decision of Judge Nelson denying the defendant a bill of particulars; Judge McCue holds that the defendant is entitled to a bill of particulars, and that by granting it the plaintiff's interests would not be impaired.

Cotton Exchange Organized.

BOSTON, 19.—A Cotton Exchange has been organized here, with E. H. Sampson president.

Commission of Inquiry.

LITTLE ROCK, 19.—A joint resolution was introduced in the senate to-day, and passed to its second reading, for raising a joint commission to inquire into the manner of the election of Senator Dorsey, with power to send for persons and papers. The resolution will undoubtedly pass. The whole matter will receive a thorough investigation. Everything is very quiet here and elsewhere throughout the State. Nothing is yet known of the whereabouts of Smith or Wheeler.

Inter-Oceanic Canal.

WASHINGTON, 19.—The commission for the examination of the subject of an inter-oceanic canal, will meet on the thirtieth inst., and will examine the different reports presented, and determine as to the practicability of the work.

Protecting Americans—Internal Revenue Report.

Admiral Almy reports that the U. S. steamer *Saranac* remains at La Paz, Mexico, to protect American citizens and their interests, as many robberies and murders are being committed and the authorities are taking no steps to arrest the culprits.

A presidential proclamation accepts, for citizens of the U. S., the jurisdiction of certain tribunals in the Ottoman Dominions and Egypt, also the law of the Porte ceding the right of foreigners to possess unmovable property in said Dominion.

Commissioner of internal revenue, Douglass, reports the receipts of the last fiscal year at $102,644,747, or $2,644,747, in excess of the estimates. The estimates for the current year are one hundred and seven millions. The total drawback on spirits, tobacco and general merchandise for the past fiscal year was $52,346, and for '74 it was $35,495. No spirits were exported for drawback during the last year, and the quantity of tobacco was very slight compared with the amount exported in bond. The receipts from distilled spirits for the fiscal year 1874 were forty-nine and a half millions, being a net decrease of over two and a half millions. The receipts from special taxes on rectifiers and dealers show an increase of $600,000. The production of spirits during the year was sixty-nine and a half millions of taxable gallons; the distilled spirits remaining in warehouse, Sept. 30th, for the payment of tax was twelve and a half millions, making a decrease of three and one-fourth millions from June 30th. The amount remaining for export was reduced in the same time from 2,145,000 gallons, to 1,047,000 gals. The annual receipts from all sources relating to fermented liquors for the year were $9,304,679. the receipts from tobacco in all forms were $33,242,875, being a decrease of $1,148,427, due to the closing out of bonded warehouses in the early part of the year and the effect of the panic. From November to the present time there has been a steady increase of collections over any previous corresponding period. The largest amount collected in any quarter was the first quarter of the present fiscal year, being $10,163,000. The receipts for the fiscal year from this source are expected to aggregate $36,000,000. The production of tobacco for the last fiscal year was 118,548,619 pounds being an increase over the preceding year of over two million pounds, and nearly two thousand millions of cigars and cheroots, on which taxes were collected, or eighty million increase on the previous year. The tobacco removed without payment of tax for exportation was eleven million pounds, an excess over the preceeding year of three-quarters of a million pounds. The commissioner considers it indispensible to control the movement of raw tobacco by the continuance of the leaf clauses of the act of June 6th, 772. The receipts from other sources, including bank deposits and bank circulation are $3,387,100, on adhesive stamps $6,000,000 on penalties $364,000. The commissioner extols the system of abolishing assessorships and leaving the whole matter with collectors, as securing larger and prompter payment. The tax against banks and bankers realized three millions, an increase of $403,000 over the previous year notwithstanding the panic. This is due largely to the new system of assessment. The taxes collected in the last quarter of the fiscal year of 1872 were three and one-third millions; in the last quarter of 1874 five and four-fifths millions. The commissioner suggests that the bureau of engraving and printing, hereafter on his requisition, furnish all the stamps necessary under the law except proprietary and documentary stamps, and he asks for a positive provision from Congress on the subject. Should Congress wish to abolish stamps on bank checks, perfumery, cosmetics, patent medicines, watches, etc., which yielded last year $6,136,844, the commissioner would still be of opinion that the revenue cannot be safely diminished, and he says that an equivalent would be to increase the tax on spirits ten cents a gallon, and four cents extra per pound on tobacco, which would yield four and three-fifths millions.

Interpreter Appointed.

David Thompson, of Ohio, has been appointed interpreter to the legation of the U. S. in Japan.

Divers at Work.

NEW ORLEANS, 19.—Divers were at work yesterday evening, in recovering the freight from the wreck of the *Empire*. When the cabin broke loose the bodies entangled in it were doubtless swept away. Among these, including the Kemper family, were all the other women, cabin boys, pantry men, waiters, etc. Nothing definite has been arrived at as to the real cause of the sinking of the steamer. The diver who went down into the hull reports that it was much broken, the log chains being wrenched completely out of the boat, leaving a large hole which must have been under water, and was sufficient to cause a vessel with heavy freight to sink almost immediately. The boat is said to have been bumped during the night by incoming boats, causing a great strain, etc.

Scheme to Fund Southern Debts.

CHICAGO, 19.—A Washington special says that a proposition to fund the entire debt of the Southern States has been made by a London syndicate or company, known as the American Bond Funding and Banking Association. Mr. J. J. Mackinnon, representative of the Association, is now traveling the in South and has opened negotiations with the governors of several of the States. The matter will be brought before the legislatures of these States at the sessions to be held this winter. In reference to the debt of Virginia, which is about thirty million dollars, exclusive of past due and unpaid interest, and the one-third allotted to West Virginia as her fair share of the ante-bellum indemnity, Mr. Mackinnon has offered to fund it in bonds running for ten years and bearing four per cent. in gold, or in bonds running at twenty years, bearing five per cent. interest in gold, the principal and interest to be paid only in gold. The London Association prescribes, as one of the conditions of the contract it proposes to make with the State, that the money, to pay the principal and interest of the new funded debt, shall be derived from a fixed portion of the revenue, to be inviolable set apart. The Southern State bonds are said to be rising on account of this scheme.

Verdict of Guilty.

RICHMOND, 19.—The jury in the case of T. T. Brooks, president of the Merchants' National Bank, at Petersburg, on trial in the U. S. Circuit Court before Judges Bond and Hughes, to-day rendered a verdict of guilty of embezzlement and false entries; the sentence was reserved.

Charged with Abduction.

ST. LOUIS, 19.—Albert R. Field, a prominent citizen of Eauclaire, Wisconsin, was arrested at the Mansion House, a few miles from this city to-day, charged with the abduction of Ralph G. Tabers, a boy nine years old, belonging to a prominent lawyer of Redwing, Minn.; the affair grew out of family matters. Field is the father of Ralph's mother.

Relief Committee Organized.

TOPEKA, Kas., 19.—A Kansas Central relief committee was organized this evening. Reports made to that body show immediate and pressing need on the frontiers. Donations of all kinds are solicited.

WESTERN.

A Rare Wedding Present.

SAN FRANCISCO, 19.—The daughter of Wm. Sharon, banker, was married to-night by Archbishop Alemany, to F. G. Newlands, attorney; a brilliant company was present. The wedding present from the father of the bride was one million dollars.
