

PLEA FOR BRYAN FOR PRESIDENT

Mr. Hitchcock of Nebraska Makes It in Course of Speech in U. S. Congress.

TELLS WHY PARKER WAS WEAK

Weakness Was Reactionary, Was That of a General Leading Toward the Rear and Not Toward the Front.

Washington, Jan. 24.—While the urgent deficiency appropriation bill was under consideration in the house today Mr. Hitchcock of Nebraska delivered a political speech, in the course of which he attacked certain statistics of Gen. C. H. Grosvenor of Ohio, regarding the political outlook. His remarks were devoted mainly to a plea for William J. Bryan for president. He spoke of the candidacy of Judge Parker and declared that it was not a case in which his personal strength was put to a test.

"His weakness was," he said, "the weakness of the general who was leading toward the rear and not toward the front." In order to hurt Mr. Bryan, his enemies had used letters written before Judge Parker's nomination, said Mr. Hitchcock, but no one had pretended that Mr. Bryan had not joyfully supported Judge Parker. He declared that Bryan received 130,000 more votes in 1906 than Parker received in 1904 notwithstanding Bryan had as his opponent the popular Ohio president, William McKinley, and added that while Judge Parker was a New Yorker, he polled only about the same vote in New York that Bryan polled.

"There seems," he said, "to be a systematic conspiracy in high places among the Republicans posing sometimes as the friends of the Democratic party to misrepresent and distort the facts regarding Mr. Bryan's attitude toward Judge Parker. 'Bryanism,' he added, 'instead of being the name of the Democratic party, is its strength for the present and hope for the future.'

Mr. Hitchcock became involved in an animated discussion with Gen. Kiefer of Ohio, as to the accuracy of the figures of Gen. Grosvenor. Mr. James of Kentucky interrupted with the statement that he had seen it charged that Senator Foraker said that President Roosevelt was prostituting the selection of officials under the federal government for the purpose of beating him out of Ohio and giving it to Taft. Is that true or false?" Gen. Kiefer's response was that he was not responsible for what was said in the newspapers. Continuing, Mr. Kiefer declared his surprise over the circumstances that the Democratic caucus applauded the nomination of the fact that in the two campaigns of Mr. Bryan that gentleman ran ahead of Judge Parker whom he referred to as "the poor, old judge."

ORCHARD STILL PROTESTS HE TOLD ONLY THE TRUTH

Cripple Creek, Colo., Jan. 24.—D. C. Scott, of this city, received a letter today from Albert E. Horsely, alias Harry Orchard, writing in prison at Leavenworth, Kan., awaiting trial for the murder of former Gov. Steunenberg, which he has confessed. Orchard was the principal witness at the trial of William D. Haywood, secretary-treasurer of the Western Federation of Miners, and George A. Pettibone, a former member of its executive board, on the charge of complicity in the Steunenberg murder, which resulted in their acquittals. The letter in part was as follows:

"I am trying to keep as well as I can, but feel very sad at times. But never once have I regretted that I have told the truth and have been branded as a criminal, and would not go back on one thing if by so doing I would save my life and have my liberty. I know that I have been released from greater bonds than those that now bind me."

DYSPEPSIA-PROOF.

How Any Meal Can Be Thoroughly Enjoyed by Any Stomach.

Men, as a rule, are first discovered by their enemies. Their antagonists turn on the searchlight, and the proof of merit will lie in being able to stand the flash. It was only in this way that Mr. White ever knew that dyspepsia was one of Mr. Black's worst enemies. Sitting face to face at a two-by-four table, he handed his afflicted friend the bill of fare:

Oyster Cocktail. Stuffed Olives. Boston Clam Chowder. Strained Gumbo. Sirloin Steak with Mushrooms. Roast Beef Hash. Boiled Ox Tongue with Sauerkraut. Lobster a la Newburg. Baked Potatoes and Beans. Combination Crab Salad. Hot Mince Pie. Pineapple Fritters. Mr. White ordered a "little of each." Mr. Black ordered crackers and a glass of milk. "I had such a big breakfast this morning," he said, "that I'll just take a bite to keep you company." But Mr. White could not be deceived. "I am afraid you can't stand the glass," Mr. Black said. "Don't you say you have dyspepsia and be done with it? You'll always have that hungry look anyhow as long as you have dyspepsia. Now listen. My stomach was in just as bad condition as yours at one time. But now I can eat anything, at any time. For instance, this clam chowder or sirloin steak or even the lobster would be just as welcome to my stomach as your crackers and milk. You don't realize how this dyspepsia business is robbing you of your spirit, of your energy and ability to think quickly. I can't help noting it. Black. Why don't you cheer you up, and make yourself eat all the good things in your food. You will forget you ever had a stomach to worry you. Send us your name and address today and we will at once send you by mail a sample package. Address P. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

BABIES ON FIRE

ECZEMA

Rashes, itchings, irritations, and chafings, instantly relieved and speedily cured, in the majority of cases, by warm baths with

And gentle applications of Cuticura Ointment, the great Skin Cure. This treatment permits rest and sleep, and points to a speedy cure in the most distressing cases, when all else fails. Guaranteed absolutely pure under the United States Food and Drugs Act, and may be used from the hour of birth.

Sold throughout the world. Depots: London, 27, Mark Lane; New York, 15, N. York Ave.; San Francisco, 15, N. York Ave.; Sydney, 15, N. York Ave.; Melbourne, 15, N. York Ave.; Adelaide, 15, N. York Ave.; Perth, 15, N. York Ave.; Brisbane, 15, N. York Ave.; Melbourne, 15, N. York Ave.; Adelaide, 15, N. York Ave.; Perth, 15, N. York Ave.; Brisbane, 15, N. York Ave.

me. But if I only looked at it from a worldly standpoint, it would look like the man that done right when he was convinced he was wrong got the worst of it. I do feel very kindly to those of you who seem to appreciate what I have done to bring many of the dark deeds to light; as I feel that society will be in a better position to protect themselves, and even though the real men responsible go clear, perhaps we have done much good. I know I have got a clear conscience now, as I know I can look up to my God and sincerely say I have made all the earthly restitution within my power."

HUGHES SILENT ON TAFT.

Albany, N. Y., Jan. 24.—Gov. Hughes refused to comment for publication or privately, upon the letter of Secy. Taft, made public today, in which, writing to Representative Herbert Parsons, chairman of the Republican general committee of New York county, Mr. Taft deprecated any effort to secure the New York state delegation in his interest against that of Gov. Hughes.

The general belief here is that there will be no further opposition to the endorsement of Gov. Hughes at the spring state convention to name delegates at large to the national convention.

RUEF TRIAL CONTINUED.

San Francisco, Jan. 24.—Superior Judge Lawlor this afternoon, upon the showing made by State Senator George B. Keane that arrangements for counsel had not yet been completed, granted Fernando Ruef a further extension of time and continued the matter of fixing the date of Ruef's trial until next Tuesday morning.

MRS. EMILY YZNAGA DEAD.

Natchez, Miss., Jan. 24.—Mrs. Emily Yznaga, mother of the Dowager Duchess of Manchester and of Lady Liseter Key of England, died here on her way to her estate, Lake St. John, Concordia parish, La., today. She was the widow of Fernando Yznaga, a native of Cuba, and mother of the late Fernando Yznaga, who married a Miss Vanderbilt of New York. Mrs. Yznaga was 75 years of age. She was, before her marriage, Miss Clements of Louisiana.

AM. COLLEGE PROFESSORS.

Prof. Muensterberg Would Have Two-Thirds of Them Killed Off. Chicago, Jan. 24.—In an address to the Germanistic society of Chicago, Prof. Hugo Muensterberg of Harvard declared that American universities would be better off if two-thirds of the professors were killed. He said: "There seems to be something weak and mollycoddle about our whole academic system. In our highest institutions of learning we find but a few notable exceptions, only second-class men. And we may be sure that second-class schoolmasters never will build up first-class scholarship."

RAISED CHECK FROM THREE TO FIFTEEN THOUSAND

Chicago, Jan. 24.—Word was received here today by the Pinkerton detective agency of the arrest by one of their men, near Jacksonville, Fla., of a man named Nordstrom, who is wanted here for the passing of a forged check for \$15,000 on the First National bank of this city. Nordstrom was a bank clerk in Astoria, Ore., and received a check for \$5 from the First National bank of Astoria, he raised the amount to \$15,000, and after obtaining part of this sum in cash from the National bank of Chicago and the remainder in drafts, he converted them into London drafts and a letter of credit at the National Bank of the Republic of this city. He was arrested while cruising on a small yacht that he had purchased at Brunswick, Fla. He has admitted his identity and confessed to the forgery. An officer was sent today to bring him to Chicago for prosecution.

BOYCOTT KILLS COMPANY.

New York, Jan. 24.—A boycott placed against the brands of tobacco manufactured by the Day and Night Tobacco company in February, 1907, by the labor unions, resulted in the company losing 75 per cent of its business, according to Walter G. Friedlander, president of the company. Mr. Friedlander made this statement today while testifying in the hearing on the proposed boycott suit against the American Tobacco company for alleged violation of the Sherman anti-trust law.

NEVADA SENATE PASSES POLICE BILL

After Few Corrections it Went Through Without a Dissenting Voice.

TEST VOTE IN ASSEMBLY.

Resolution by Union Member Lost 31 To 7—Demand That Mine Owners Abolish Card System.

Carson, Nev., Jan. 24.—The Nevada police bill passed the senate this morning without a dissenting vote. A few corrections were made in the wording of the measure on the third reading. There were no speeches for or against the bill. It will go to the assembly this afternoon.

In the assembly there was a test vote on the union strength today.

A resolution was introduced by Mr. Vaughan, one of the union men, asking that members of the contending factions be heard upon the floor of the house, armed with their evidence, pro and con, and in this manner settle the differences that are being contended in Goldfield. The resolution came in for a lively debate. Hamilton, Vaughan and others claiming that the legislature had so far gone nothing to relieve the situation and that it was in the power of the house to take up such a matter. The opposition stated that the house was not a board of arbitration.

The resolution was put to a vote and lost by a vote of 31 to 7. Speaker Skaggs voted for the adoption of the measure. This majority is even heavier than has been relied upon by supporters of the police measure. There may be the loss of a few votes, but it is claimed by the prime factors of the movement for law and order that the vote on the resolution practically gives the strength of the opposition.

Mr. Williams of Lincoln county stated from the floor of the house this morning that an arbitration bill was to be introduced, that was believed to be constitutional under the Nevada laws. This matter will come up as soon as the police bill is out of the way.

The Nevada police bill came up before the assembly on first reading this afternoon. After a little delay caused by the union forces endeavoring to refer it to the industrial and military affairs committee, the bill was referred to a special committee, by a vote of 31 to 7. The assembly then adjourned until Monday morning.

A sensation was sprung on a number of the members of the legislature and the Mine Owners' association after the adjournment of the house this afternoon. A caucus was held on the floor of the house, which were composed of members both in favor of the police bill and those opposed to the measure. It was decided that all members of the lower house demand that the Mine Owners' association do away with the card system that has been adopted in Goldfield, and that before the police measure could be considered the body would have to be assured that this would be done. A telegram was framed and sent to George Wingfield and other prominent members of the mine owners, explaining the situation.

In the industrial and military affairs committee until an answer has been received from the telegram. As the assembly has adjourned until Monday morning this will give ample time to hear from the telegram.

Assemblyman Tigh of Goldfield has headed the movement and is receiving the backing of Representatives Syphus, Williams and others of the conservative group who have helped form the police measure.

It is generally conceded that the members favoring the police bill will give way on this matter in order to bring their bill through. The fact that the union men have made no demonstration since the session opened has been regarded with suspicion, but the developments of the last few hours have done more to show their strength than had been counted on by many members who supposed that they had a line on the situation.

The card system compels a man to forswear his allegiance to the unions before he can go to work in the mines and in the opinion of many of the members this is a feature of the existing conditions of the southern camp that must be done away with before the lower house acts on the measure.

CONVICTED OF REBATING.

Elmira, N. Y., Jan. 24.—In the federal court the jury decided against the Mutual Transit company of Buffalo reported a verdict of guilty of giving a rebate to the R. L. Noy Company of Etnaus, Pa., on shipment of 320 tons of iron pipe over the great lakes. The maximum penalty is \$20,000 fine.

DARROW IMPROVING.

Los Angeles, Jan. 24.—Clarence Darrow, of Chicago, who was operated on at the California hospital a few days ago for mastoiditis, is improving. The physicians in attendance today regarded his condition as favorable and believe that the operation ultimately will prove a complete success.

THEATRICAL MANAGERS.

At Los Angeles Form Association to Control Business in the West.

Los Angeles, Cal., Jan. 24.—An association of theatrical managers who propose to control the stock theatrical business of the entire west was formed in this city tonight. Concerning its specific intents little was made public following the meeting, but it was admitted that competition for actors and actresses who have attained popularity in Pacific coast cities would be materially lessened and it was predicted that the managers of the various houses in the large cities would in the future maintain a more friendly alliance.

The officers of the new combination, which is to be known as the Western Stock Managers' association, are as follows:

Oliver Morosco, Los Angeles, president; John H. Blackwood, Los Angeles, vice president; Dick Ferris, Los Angeles, treasurer; William Penn, Los Angeles, secretary. George L. Baker of Portland, Ore., is elected manager for Oregon, Washington and Colorado. The cities represented are:

ed in the association include Denver, Spokane, Portland, Sacramento, Oakland, San Francisco, Los Angeles and San Diego.

TO SETTLE CANADIAN ISSUES.

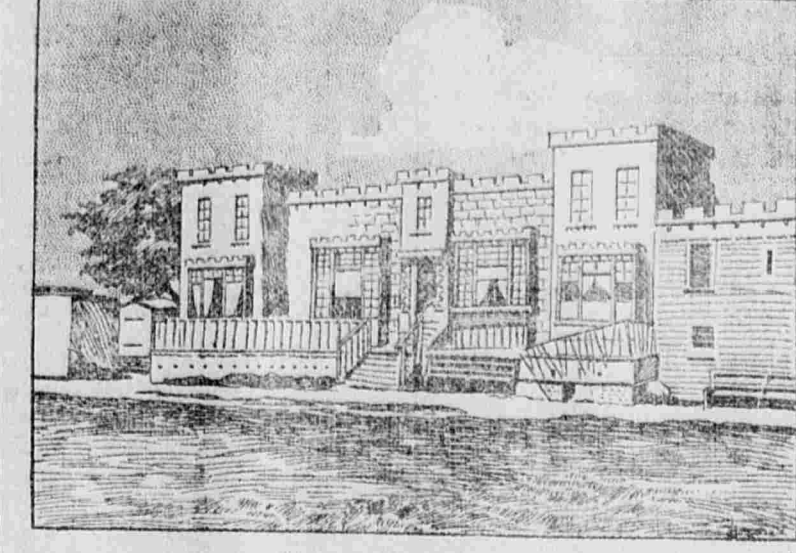

Washington, Jan. 24.—Mr. Bryce, the British ambassador, is going to Ottawa, Canada, next week in connection with the negotiations between the United States and Great Britain looking to the settlement of various issues with Canada, such as the regulation of the use of the waters of the great lakes, the international fisheries question and definition of boundaries.

IT DOES THE BUSINESS.

Mr. E. E. Chamberlain, of Clinton, Maine, says of Bucklen's Arnica Salve: "It does the business; I have used it for piles and it cured them. Used it for chapped hands and it cured them. Applied it to an old sore and it healed it without leaving a scar behind." 25c at Z. C. M. I. Drug Dept., 112-114 Main, Salt Lake City.

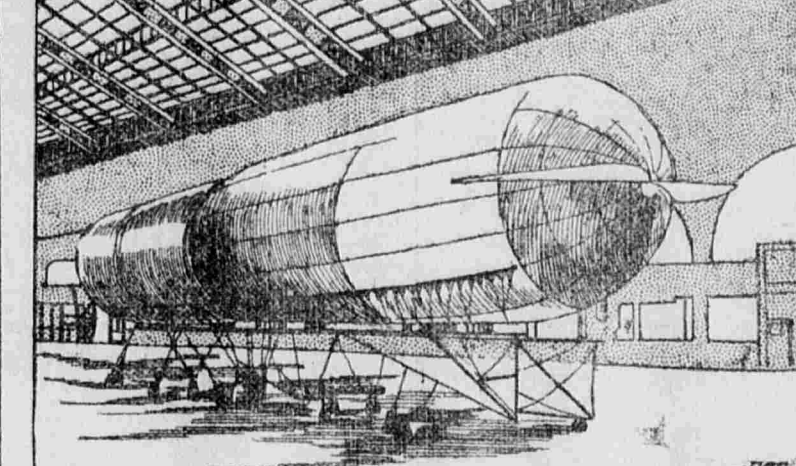

Utah-Idaho Music Co. WIND-UP PIANO SALE now on. Your own price, 270 So. State.

A WOODEN CASTLE IN ENGLAND.

The frame structure shown in the cut is a novelty in Great Britain, where wood as a building material has about gone out of use. It is the home of a retired showman near Birmingham, who was his own architect. In his garden at the rear of the house he has a number of old animal vans converted into summer houses. The effect of the bright colors showing beneath the vines is unique.

THE LATEST DEVELOPMENT OF THE AIRSHIP.

The cut shows the most recent phase of air locomotive, which has been attracting a good deal of attention in Paris. It is the invention of a Dutch officer, M. Kluysmann. It is a cylindrical balloon divided into two equal parts, in the middle of which a screw revolves. The motive power comes from the axis of the ship instead of from below.

S.S.S. PURIFIES THE BLOOD

Bad blood is responsible for most of the ailments of mankind. When from any cause this vital fluid becomes infected with impurities, humors or poisons, disease in some form is sure to follow. Eczema, Acne, Tetter, Boils, Pimples, etc., while they show on the skin, have an underlying cause which is far deeper—an impure, humor-infected blood supply, and until this is corrected, and the blood purified, the distressing itching and burning symptoms will remain. Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Blood Poison and all other blood disorders, are the result of a vitiated, polluted circulation, and will continue to grow worse unless the poison is removed from the blood. In all blood and skin diseases S. S. S. has proved itself a perfect remedy. It goes down into the circulation and removes all waste matter, humors or poisons, and makes the blood pure and health-sustaining. Nothing reaches inherited taints and old chronic troubles like S. S. S.; it cures because it purifies the blood and restores lost properties to the impoverished circulation. Not only is S. S. S. a blood purifier of the highest order, but a tonic and appetizer without an equal. Book on the blood and any medical advice sent free to all who write.

Money-saving prices on many items throughout the store.

To the Students of the International Correspondence Schools.

The students of the International Correspondence Schools have organized an I. C. S. Fraternity, branches of which are now located in several of the large cities throughout the United States and Canada. The object of this Fraternity is so worthy, practicable and desirable that the students of Salt Lake City and vicinity have decided to organize a chapter in Salt Lake City. Therefore application was made for a dispensation and such dispensation list is now at the office of the International Correspondence Schools' representatives, Mr. A. E. Neslen and George A. Done, at 7 West Second South, or Div. Supt. R. T. Petty.

This Fraternity, from all indications, has the brightest future of any organization that perhaps has ever been launched in this or any other country. It is based on practicable lines with an educational object. There will be degrees which will only be conferred according to the amount of study the student has done in his course.

There will be educational sessions, lectures or technical subjects and topics on general culture.

It will be a secret fraternity composed of all white male students over 18 years of age. Every student in Salt Lake City and vicinity invited to join this fraternity and call at the office of the representative above given to sign the dispensation list.

There will be an insurance department in which the members may receive accident and life insurance at a very small rate.

It is intended that each chapter will have rooms, wherein they will have a library and a place for them to study, if they so desire. The local Registrar or each chapter will look after employment and promotion of his members. It will be his duty to keep in touch with the best manufacturers and be prepared to furnish the manufacturers with the best quality of workmen.

Of course, as those who join at the first meeting will not have to pay as much as it will cost later on, it is hoped that every student of the International Correspondence Schools in Salt Lake City and vicinity will call at the local office and register his name on the dispensation list, and receive any further information he may desire regarding the fraternity. This organization will be international in its character. There is now over a million students and graduates of the I. C. S., and the number is increasing at the rate of more than one hundred thousand a year, so that you can easily estimate the possibilities of one of the largest organizations on the face of the earth built upon practicable lines for men who desire to improve their condition in life.

In some cases where this organization took place there has been as high as \$9 students signed the dispensation list, and the first month that the organization was in existence there were nearly ten thousand signed the dispensation list. A member of this fraternity in one town will be a member the world over, and he will be entitled to the same consideration when visiting or removing to another city as he would in his own chapter.

A pamphlet may be seen at the local district office, giving the preamble of the organization and other details. The students are requested to call at the earliest possible time and get a copy of this pamphlet and such other information which will help them in their studies regarding the fraternity.

We are going to hold a preliminary meeting Feb. 1st, 1908, at the K. of P. Hall 151 South Main at 8 P. M. All students are invited.

R. T. PETTY, Div. Supt. Representatives: A. E. NESLEN, GEO. A. DONE.
