An old landmark, the "lamb" barn back of the White House near the Eagle Gate, is being removed.

This is a decidedly quiet week. No theatres, no burglaries, no runsways and scarcely a dog-fight. What are we coming to.

Nor only the State Road but several of the country lanes near the city on the south are in a bad condition so far as bridges are concerned.

A load of hay tipped over on North Temple street, near the corner of Second West, yesterday evening and stopped traffic for a little time.

THE Sixteenth Ward Brass Band made a fine appearance last evening as they marched through the streets, calling attention in silver tones to their excursion to Cache.

A GENERAL complaint from housewives is that the mice are more numerous this year than ever before. Houses which never had them until the present season are now infested.

Tas large number of "boys in blue" who enlivened the streets yesterday afternoon and evening, can be easily accounted for when the fact of its being pay day is remembered.

ROBERT CROPT, Esq., late of the Logan machine shops, has succeeded the resigning superintendent, Thomas Pierpont, of the Salt Lake Foundry and Machine Company of this city.

The head officers of the Denver Rio Grande Western Railway are in Denver. They will hold a conference with the officials of the Rio Grande as to the management of the two roads. Six carloads of excursionists accompanied the Sixteenth Ward band to the north this morning. There were about two hundred passengers, and further accessions were expected in Ogden.

His was the second company that entered the Valley after the Pioneers. F. P. Pratt's being the first. They entered Salt Lake Valley on the 24th of Sep-tember, 1847. Among the first of those noble men who received and obeyed the law of celestial marriage was Elder A. O. Smoot, and as Ma said a short time be-fore her death, ''I knew it was right from the first. I went into it with a willing heart. I have never doubted it, never fought it. I have lived it, and I shall die it.'' This is the key to her whole noble character. Too mortal not to err, she was too conscientious to remain in the wrong. Forgiving to a fault, devoted to her husband's whole family, and revered and adored by them, she was to all, family and friends, ''Ma Smoot.'' Her character was full of a rugged simplicity, a proud firmness, and a womanly submission to God and her husband.

Connett: Gentlemen - Your committee on streets and alleys, to whom was re-ferred the petition of the Salt Lake and Fort Dougias Railway Company, asking for right of way for a horse and ateam railway on Second South Street, and on certain other streets and public property in the eastern part of the city; also the remonstrance of Walker Brothers and 124 others, against grant-ing said right of way, beg leave to re-port that we have given the same care-ful and thorough consideration. We house given repeated audiences to Hon. John W. Young, president of the com-pany, who has elaborately represented the advantages claimed for the pro-posed road, and the consideration why is should be built. We have also lis-tened to lengthy and exhaustive argu-ments against granting the right of way by Messrs. R. T. Burton, F. Auer-brother, Z. mature deliberation your com-has arrived at the following

After mature deliberation your com-mittee has arrived at the following conclusions: It is apparent that now, or at some time in the near future, the traffic to and from Fort Douglas and the cahons, rock-quarries, brick-yards, etc., situ-ate near the eastern limit of the city requires superior advantages to those at present enjoyed, and which can only be secured by the construction and operation of a railroad, which, to be successful, must have connection with the existing railways in the western part of the city. For this purpose it is reasonable to expect that a right of way along some of the streets running east and west through the city might be granted to a responsible company, subject to such regulations and condi-tions as the City Connell may deem wise and just. In granting such a franchise as that asked for by the petitioner, it is essen-tial, however, that this general princi-ple should not be lost sight of, viz: that property already appropriated to public use should not be granted to any one for any other purpose, unless it be for a more necessary public use than that to which it has been already appropriated. On a previous occasion the Salt Lake Primary Associations of this whole Stake. On the 6th of May, 1883, sho was prostrated by paralysis. Her life which had been so active, so useful, was suddenly closed in the vise-like grasp of palsy, since which time, those to whom she has so fondly min-istered during her life, have gladly returned a few of her kindnesses. During the winter her health seemed to improve and she recovered her speech to a great extent and was able to ride out some. As spring deepened she seemed to fade away, and about aix weeks ago, she received another stroke. Since then she has been con-fined to her bed, and has lost the use of her left side, as well as her speech. Yesterday she seemed brighter, and was conscious to the last, klased every one of the family and friends around her good bye, and at 4 o'clock p.m. the room was cleared. Turing over then when all was still, the brave, pure spirit peacefully bade good-bye to its earthly tabernacle, and passed to eternity.

Although we miss her, we can but feel a deep solemn joy that one so nobly worthy has gone to her sure re-ward. HOMESPUN.

womanly submission to God and her husband. She was the first President of the 20th Ward Rollef Society, and when she removed to Provo in Oct., 1872, she was sadly missed by her companions and friends in the city. She occupied the position of President of the Silk Association in this Stake, until she felt obliged by her other duties to resign. In 1878, when the Stake organization was completed she was chosen as Stake President of this (Utah) Stake. With what loving self-sacrifice and wo-manly dignity she filled this position un-til her death, only the weeping hearts of the sisters throughout this Stake can now testify. A GENTLEMAN riding along on the Drive south of town, last evening, was run into by a buggy coming from the opposite direction. One of the occupants of the latter while was thrown out, a horse was knocked down, and for a few moments there was a wild scene of disarranged wheels, harness, horses and human beings. No special damage.

BUCKLE AND SON, the popular clothiers, have a new advertis this evening's issue, to which attention is directed. During their eight years' existence as a firm in this city. they have made themselves general favorites for the cheapness and dispatch with which they have filled all orders left in their hands, and also for the excellent stock of imported and do. nestic goods which they carry. These malities are still characteristic of them, and they are worthy of a share ot public patronage.
