## To our Friends, the Inter-mountain Merchants:

YOU have our thanks. The good things you sent our way were certainly appreciated. We enjoyed an increase of almost \$500,000.00 in our business during 1909. Our every effort in 1910 will be to merit a continuance of your support in the shape of orders either by mail or through our traveling men. ¶ If you are coming to Ogden, or passing through, come in and see us. We will soon convince you that we are in a better position to take care of your requirements in our lines than any other house in this inter-mountain country. And fully as well prepared to take care of you as any eastern house.
