San Pedro Directors Are Arriving for the Big Meeting Tomorrow.

CATHERING OF

R. C. KERENS IS EMPHATIC.

He Says That He is Here for Business and Not for His Mealth-Conference With President E. T. Jeffery.

R. C. Kerens, of Missouri, first vice president of the San Pedro Los Angeles | Salt Lake will have a fine federal build-& Salt Lake Railroad company, and owner of \$2,500,000 worth of stock in the enterprise, arrived last evening in his private car "Catharine" on Rio Grande Western No. 3. Senator Kenrns and Hon. Perry S. Heath met the distinguished visitor at Springville and accompanied him to Salt Lake. Mr. Kerens is now quartered at the Alta club,

This morning he paid a visit to President Jeffery, of the Denver & Rio Grande, and the Rio Grande Western roads, and the two gentlemen spent considerable time behind closed doors. "I am not here for my health, neither

am I here to enjoy this beautiful Utah climate." said Mr. Kerens to the "News" this morning. "I am here strictly to attend to business. We are going to build this road. Senator Clark says he is going to see it through and I am going to going to going the build the I am going to stay with him, come what may.

In answer to a query as to what would be done after the meeting of the directors tomorrow Mr. Kerens said, "After the meeting I will know what will be done, at the present time I only know that we are going to organize and get down to work.

"Do you think that the San Pedro will build into Los Angeles ahead of the Oregon Short Line?" he was asked. "Well, of course that is hard to say. The Oregon Short Line has all its or-ganization perfected and is in a posi-

tion to place men at any point at the shortest notice and push on the work. We are handicapped in that respect, but when we get fairly started we will move.

At this juncture Mr. Kerens was approached by a gentleman who asked him about the contracts for the construction. In reply he stated that the work would, in all probability, be let to one firm, who in turn would sublet portions of the grading. He also stated that he had received over one hundred letters from contractors in various parts of the country asking informa-

tion regarding the work. In conclusion Mr. Kerens stated that Senator Clark would arrive from the north tomorrow morning, while J. Ross Clark, the president of the Empire Construction company, was expected from Los Angeles this evening, T. E. Gibbon and C. O. Whittemore will arrive from Carson tomorrow morning. Mr. Kerens is accompanied on this trip by his son R. C. Kerens, Jr., and Colonel Schaute, a capitalist of St. The party would probably pro-Louis. ceed to San Francisco on Sunday.

SUPERVISING ARCHITECT. James Knox Taylor Spends a Few

Hours in Salt Lake. James Knox Taylor, supervising architect of the treasury department, with headquarters at Washington, left here this morning for San Francisco. Before leaving he expressed himself as delighted with the city and positive that ing. The plans are not yet fully prepared but the building will be French classic in style-after the treasury building at Washington and other gov-ernment buildings. It will be four stories high and will probably be crect-ed of gray sandstone. The plans, it is expected, will be ready in a month or and work will commence this fall. Taylor says that undoubtedly the Walker site will be the one used and that he thinks it plenty large enough. The general plan is to have a substantial U-shaped building with a front of Ionic columns. Mr. Taylor says that the best architectural skill in the department is being made use of on the Salt Lake building, and that it will not only be handsome and substantial but readily distinguishable from private buildings.

PROF. STEPHENS' BIRTHDAY

Tabernacle Choir Leader Reached His Forty. Seventh Mile Stone Today.

Event Pleasantly Celebrated at Salts air Today.- Handsome Present by Choir Members Last Night.

In anticipation of his forty-seventh birthday, which occurs today, the choir at its rehearsal in the Tabernacle last evening presented Prof. Evan Stephens with a handsome music case and writing desk combined. It is made of polished cherry and is embellished with mirrors and other artistic ornamentations.

The choir turned out almost in full force, there being 400 present and after a number of pieces had been sung Prof. Daynes arose in the body of the building and in a graceful little speech presented to Mr. Stephens in behalf of the choir, the beautiful present, as a token of the love and esteem in which he is held by the members of the choir Secretary McEwan announced that the desk would remain in the building until a silver plate bearing a suitable in-scription could be inlaid in it.

Prof. Stephens replied in an app ate speech, expressing his gratitude to the members for their Anglia.

May Day Came Up Bravely and Slowly Slid Up the Incline,

Ajax Brought Higher Prices - Ben Butler Sold Over Sixteen

Thousand Shares.

Ajax sales again attracted the attention of the brokers this afternoon on change and the stock went up as high as \$1.70, but could not hold up its end at that figure, later going down so that the average price was \$1.65, at which 9,000 shares were disposed of. At the morning call the average was about \$1.50 a share, so that a very material advance was made between the two meetings

Eagle and Blue Bell sold 500 shares at from \$1.24 to \$1.27½, and a thousand Galena, in two 500 lots, went for 22½ and 23½, seller 10 days in each instance.

Lower Mammoth was traded in at prices varying from \$3.60 to \$3.66½. When May Day was reached the The federal court convened at 10 clock this morning and the case of greatest excitement of the day pre-valled. Indeed, the anxiety to procure the Red Wing Gold Mining company vs shares led to the imposition of a couple the Queen Insurance company was to of fines. The stock took on new strength and sold as high as \$1.61 a have been tried. However, the atstrength and sold as high as \$1.61 a share. The sales were as follows: 100 @ 1.38; 300 @ 1.40; 100 @ 1.43; 200 @ 1.45; 100 @ 1.46; 100 @ 1.47½; 100 @ 1.48; 200 @ 1.50; 100 @ 1.53¼; 300 @ 1.53; 1,100 @ 1.55; 400 @ 1.56; 100 @ 1.57; 300 @ 1.58½; 1,000 @ 1.59; 200 @ 1.53½; 500 @ 1.60; 400, @ 1.61. The effects of last night's slump in May Day, on account of the fall-down in value of the high grade ore, seemed to have been overcome by torney for the plaintiff petitioned to file an amended complaint. The defend-ant's attorney objected, and the case was set to follow the Johnson vs Southern Pacific case, in order that the defendant's could prepare a demurrer. The Johnson vs Southern Pacific was then called and a jury was impaneled without much delay. The complaint states that W. O. Johnson, the plaintiff, was a brakeman on the defendant'e railroad, and that while so employed. this afternoon, as may be seen by the gradually rising figures of the sales. Ben Butler was the next best seller, 4,000 going at 1575; 11,500 at 16, and 1,000 at 161 cents he was directed to couple an engine plaintiff at 161% cents.

Rate Muddle Again.

New York, June 28 .- The Times says: The westbound freight committee of the Trunk Line association has just held a meeting at which the disturb-ance of westbound rates was discussed. It appeared that lines west of the Mississippi and of the Niagara frontier had been cutting rates westbound out of New York by reducing their own per-centage of the through rates. Rates among trunk lines themselves were found to be well maintained. It was decided to request the western lines for a conference to adjust matters.

Burt Arrives in 'Frisco.

San Francisco, June 27 .- President Burt of the Union Pacific arrived here tonight to hold a conference with Pres-ident Hays of the Southern Pacific on matters concerning the allied roads. President Burt refused to make any specific statements.

President Burt is accompanied by Chief Engineer J. B. Berry of the Un-ion Pacific. It is known that when the conference with President Hays is end-ed they will journey to Los Angeles and lay plans for the new road that is being built by the Oregon Short Line between Uvada and Los Angeles in opposition to the Clark road.

Suit Against Construction Company.

H. O. Crandall and Sons have com-menced suit against the Utah Construc-tion company, in the Third district court to recover \$1,579.45, with 8 per cent interest from Nov. 22, 1000, which around the Crandalla eline to due them amount the Crandalis claim is due them for grading work done on the Wyoming Western railroad in Uinta county, under a contract between them and the construction company. The plaintiffs claim that on September 15, 1900, they entered into a contract with the construction company, whereby they were to receive 57% cents per cubic yard, for the exca-vation of solid rock on the railroad grade between stations Nos. 225 and 260. Loose rock was to be excavated at 25 cents, and earth at \$34 cents. Plaintiffs claim that they excavated 3,000 onble yards of solid rock, but that the construction company refuses to pay them more than 8% cents a cubic yard. A further debt of \$251.98, which it is claimed the construction company acknowledges but refuses to pay brings the amount of damages up to \$1.579.48. Richards & Ferry are attorneys for plaintiffs.

kindly feeling towards him and the magnificent gift ifth which they had honored him. Although he was aware that something of the kind was going to be done it did not in the least lessen his appreciation of the gift and what pleased him most was the good will of the choir.

This morning and yesterday after-noon plants and flowers were sent to the professor's home in such great profusion that his studio was converted into a veritable conservatory. In honor of his birthday the choir took its outing to the lake and 2,090 tickets were is-sued to children and adults. The exursion from this city was augmented by about 400 excursionists from Cache county and they, together with the regular Saltair crowd, swelled the visitors to over 3,000. Among the Cache valley people were many of Prof. Stephens d Logan friends and pupils, who took pleasure in congratulating him on his odly condition at the 47th annual milestone of his useful and active areer

Prof. Stephens was honored with ome presents from friends in different parts of Europe, including two from Norway

It is of interest to know that this is the first public announcement of the professor's age. Cutler, warranty deed, lots 27 to 20, block 9, Perkins first Grand Today's clearings amount to \$926,-856.78 as against \$403,678.61 for the cor-responding day of last year.

The next county tax sale will be at 10 'clock Saturday at the west door of the joint building.

The Federation of Labor has rented the third floor of the building owned by Henry W. Lawrence on the corner of Second South and West Temple streets and will occupy it. The quarters formerly occupied were in the building, just east of the Cullen hotel, owned by Mrs. Mary Judge. As Proprietor Ew-ing of the Cullen has leased that building the labor federation had to find other quarters. . . .

A deal in State street realty was consummated late yesterday when George Morrow transferred to Mrs. J. McFadden for her daughter Mrs. Geo. Foulks, the double apartment house just south of the Gardo house facing east for \$17,500. The property has a frontage of 462-3 feet on State street. and a depth of 185 feet. It is occupied by a handsome, thoroughly modern terrace of two nine-room houses, which rent at the rate of \$60 per month, thus netting about six per cent on the investment. . . .

A sheriff's deed was issued today to Albert A. Langley and Gerard M. Alex-ander for the sale of an undivided half of the May Flower mining lode in Bingham canyon for \$4,044.66.

A deed was also issued to M. C. Moon for lots 25, 26 and 27, block 2, Edgewood addition, for \$250.

A deed to Wm. Irvine for acreage in sections 1 and 2, township 1 north, range 2 west, Salt Lake meridian, for \$300, was also issued.
