SUPERINTENDENT JOHN A. KIRBY OF THE DALY-WEST, WAS IN TOWN TODAY FROM THE PARK AND REPORTS THE BONANZA IN EXCELLENT CONDITION. THE MINE NEVER LOOKED SO WELL AS IT DOES AT THE PRESENT TIME, AND AT THE PRESENT PRICE OF LEAD MANAGER BAMBERGER ANTICIPATES NO DIFFICULTY IN HANDLING OUT THE USUAL MONTHLY DIVIDEND OF \$35,500. IT IS NOT THOUGHT BY THE MANAGER THAT LEAD WILL GO SO LOW THAT THE DALY-WEST'S EARNINGS WILL NOT BE SUFFICIENT TO PAY THIS DIVIDEND. THE DIRECTORS WILL MEET TOMORROW MORNING AND DECLARE THE MONTHLY DIVIDEND OF 25 CENTS PER SHARE, OR \$35,500, PAYABLE ON THE 15TH INST., THE BOOKS TO CLOSE ON THE 9TH INST.

SUPERINTENDENT KIRBY REPORTS DRIFTING FORWARD ON THE 1,400 LEVEL. ON THE EAST DRIFT ON THE SAME LEVEL AN UP-RATE IS BEING RUN IN MILLING NO. 2. DEVELOPMENT WORK HAS BEEN DONE ON THE THREE OR CHUTES PASSED DOWN THE DRAFT ON THE 1,400 LEVEL UNTIL CONNECTION IS MADE WITH THE WIND FROM THE 1,300 LEVEL. SEVERAL HUNDRED FEET OF DRIFTING IS YET TO BE DONE BEFORE THIS UP-RATE WILL BE STARTED. NO CHANGE IS REPORTED ON THE 1,200 LEVEL BUT ON THE 900 MORE SHIPPING ARE CONSTANTLY BEING EXPENDED THAN IS BEING BROKEN DOWN. THE SAME IS TRUE OF THE 700 LEVEL. THE MINE AS A WHOLE IS REPORTED TO BE LOOKING FIRST STAB.

Ajax was strong at \$5.50, as was Lower Mammoth at 65.

Mercour was firmer today at \$5.55,

SUGAR STILL HIGHER.

New York June 4.—Another advance of 10-16 cent a pound in the price of raw sugar was made today.

ZION'S SAVINGS BANK.

Makes a Fine Showing at Meeting Held Today—Officers Re-elected.

At the regular annual meeting of Zion's Savings Bank and Trust Company held today at 11 a. m., the present directors were re-elected. The regular officers for the year ended May first, show that since the establishment of the bank in 1890, 239 savings accounts have been opened, and during the year the increase in deposits is greater than ever before in the history of the bank, being \$105,885.07. The total deposits now stand at \$409,623.22. The officers and directors are: Lorenzo Snow, president; George C. Cannon, vice president; George M. Cannon, cashier; Joseph F. Smith, Angus M. Cannon, T. G. Webber, Heber J. Grant, James Jack, Francis M. Lyman, Anton H. Lund, George Reynolds, John T. Caine and J. John Nunnall, directors.

MORE THAN TWENTY TONS.

Immense Block of Stone for Desert News Building.

What is believed to be the largest stone that has ever been brought into the city will arrive tomorrow morning. The exact weight could not be learned this afternoon, but it is said to exceed twenty tons. The stone came from the Mt. Nebo Brown stone quarry and will be used in the construction of the Deseret News building.

WEAKNESS IN RAILWAYS.

Special Pressure on Burlington, Union Pacific, St. Paul and Others.

Sharp Rally in Sugar, but a Sag in Prices Followed—Live Stock Strong—Produce Quiet.

New York, June 4.—Prices of stocks opened lower, the leading specialties showing the widest declines. Preferred stocks of some of the iron and steel industries made some notable declines, the plate losing 2½ points and steel and wire 2 points. General weakness prevailed in the railroad division, but there was a special pressure against St. Paul, Burlington, Union Pacific, Southern Pacific railway preferred, Pennsylvania and B. & O. A sharp rally in sugar steadied the market, temporarily, but at 11 o'clock prices were again sagging.

The rally in sugar, which Mr. Kilenny thinks will settle the apex question, is still in doubt. Much work in successive declines, etc., has been done, and that prosecuted this season will be of a developing, assessment and producing character. Parley L. Williams is president of the Milwaukee, incorporated, which 150,000 shares has not been operated with the capital stock on account of the low price of sugar, but it is now the intention to do so, as Mr. Kilenny says there is capital waiting to invest in capital stock for this purpose. The claims are the most promising location, and we expect to see good returns when work is begun.

The miners from the Apex came down yesterday, and from them we learn that at 12 o'clock Thursday night the mine shut down, owing to the fact that the lease had expired and the present lessees, Brookside and Fisher, were unable to get another. The lease under which it was working expired June 1, but it was understood that it would be renewed when desired, and we understand that under this assurance much work has been done and money invested with a view to future operations. It is now asserted that the owners have concluded to do nothing with the mine, and are now cleaning up the ore on the dump and preparing to take out their machinery, providing it is not purchased by those who may succeed them.

Parties who have been to the Lucky Hill say some very nice-looking stuff is coming from the drift on the 1,000-foot level.

The Charles company have concluded to begin work on their property the coming week. Work will be directed in running a tunnel from East gulch to the vein 200 feet down from the collar of the shaft.

H. M. Crowther, one of the mining experts of the Crown Point, is on his first visit to the park. Mr. Crowther is on the staff of Capt. J. R. De La May, and a most efficient mining man. He says he was greatly surprised at what he had seen in the Park; that while he knew it was a great camp, he had no idea of its great extent and possibilities.

He returned to the city this afternoon.

The minority point out that the evidence taken during the investigation shows that there was absolutely no rioting in Shoshone county, Idaho, after April 29, 1899; that when the United States troops arrived upon the scene quiet had been restored, and no resistance was being made to the State authorities, who were arresting as rapidly as possible those who were suspected of being implicated in the crime of April 29, 1899.

"It is maintained by the minority that the troops sent to Idaho by the President of the United States continued to be under the control of the President, and that the military commander in charge could only use the troops in aid of the civil authorities of the State to preserve peace and order, and to prevent resistance being made by lawless persons to the process of the courts or of the proper civil authorities of the State."
