LAND BOARD SESSION.

The state board of land commission-ers has let the contract for the building of the "puddle wall" of the Piute reser-voir project to the Western Construc-tion company of Senter. The price was \$22,600 and the work is to be completed by the first of the year.

322,000 and the work is to be completed by the first of the year. Fifty thousand dollars' worth of bonds, issued by the board of educa-tion of Provo, were purchased by the state board of land commissioners yes-terday. The bonds will carry 415 per cent interest and run for 20 years. The money will be used by the Prove board of education for the improvement of its school system.

One of the advantages of Grape-Nuts food is that it is

predigested in the process of

sugar by exactly the same method as this process is carried on in the human body, that is, by the use of

moisture and long exposure

to moderate warmth. This grows the diastase in the
