

# GREAT COST OF PANAMA CANAL

Up to Dec. 1, 1906, the Expenditures Had Reached the Enormous Sum of \$84,449,000.

\$50,000,000 TO FRENCH CO.

And Panama Government for Canal Property, Right of Way and Franchises.

Washington, Sept. 11.—The Panama canal cost America \$84,449,000 up to Dec. 31, 1906, according to a statement of the audited expenditures made as of that date and just published. The bulk of this expenditure was the \$50,000,000 to the French company and the Panama government for canal property, right-of-way and franchises and \$34,449,000 for general administration there. The expenditures were: Government and engineering, \$9,729,334. Other expenditures include \$1,385,582 for rolling stock, machinery, second main track, buildings, waterworks, etc.

Exclusive of the contract for laborers brought to the isthmus of Panama at the expense of the canal commission during the fiscal year ended June 30, 1906, the number of immigrants arriving at Colon to which point comes practically all the laborers for the canal was an excess of 2,135 over immigrants. At the Pacific terminal the number of passengers who left there during the fiscal year was 1,131 less than the number who entered.

From the 1st of force of canal employees on the roll in July, 1906, the death rate was 64 per thousand as against 35 per thousand in July, 1907.

## BRYAN IN BOISE.

Makes Address Under Auspices of Democratic State Central Committee.

Boise, Sept. 11.—William J. Bryan made an address this evening under the auspices of the Democratic state central committee. Mr. and Mrs. Bryan will tomorrow go to Blue Lake where for several days they will be guests of L. R. Perrine at his famous fruit farm in Snake River canyon.

## FELL TO HIS DEATH.

Los Angeles, Cal., Sept. 11.—The body of H. T. Hillman, a wealthy real estate man who came to this city several years ago from New Jersey, was found at the bottom of the stairway leading to the cellar of his residence with the base of his skull crushed in. It is supposed that he accidentally fell down the stairs, but the police are investigating the case. The deceased was 75 years of age.

## FIRE ON THE INDIANA.

Great Battleship Has Narrow Escape From Blowing Up.

Washington, Sept. 11.—The navy department today made public the fact that through a fire in her coal bunkers on the morning of Sept. 10, the battleship Indiana, now undergoing repairs at the League Island navy yard, narrowly escaped destruction, the ammunition in the adjacent magazines being safely removed only through the greatest courage on the part of the officers and crew.

## GERMAN ARMY MANEUVERS.

Hockley, Westphalia, Sept. 11.—The German army maneuvers were concluded today with the complete defeat of the "Blue Army," whose forces were turned out of their trenches and were engaged with great imaginary losses. The officers of high rank then assembled around Emperor William, who made a long speech to them.

## E. J. CONSTANTINE TRIAL SET.

Chicago, Sept. 11.—The trial of Frank J. Constantine, for the murder of Mrs. Louis (Jenny) Constantine, is set today for Monday. Constantine is alleged to have killed the woman by cutting her throat. He escaped from Chicago and was arrested some months ago in New York, when on the point of sailing for Europe.

## KANSAS RAILWAY RATES.

Extra Session of Legislature May be Called if Roads Ignore Them.

Topeka, Kan., Sept. 11.—Kansas politicians are strongly of the opinion that Gov. Hock will call a special session of the legislature if the railroads persist in their determination to ignore the 2-cent fare order. The governor has not been notified of the action of the roads except through the newspapers. He declared that Kansas will have a 2-cent fare, and it will be enforced in states around here.

A conference was held between Gov. Hock, Atty. Gen. Jackson, and G. F. Gutzwiller, attorney for Kansas railroad commissioners. The latter stated that it is understood that if the railroads file resolutions adopted in Chicago in court, it will be the signal for the special session call.

## BALTIMORE CELEBRATES OLD DEFENDERS' DAY.

Baltimore, Md., Sept. 12.—Today is celebrated in Baltimore as Old Defenders' day, it being the anniversary of the battle of North Point in 1814. The city against the British in 1814. By proclamation of the governor and the mayor it is a legal holiday in the city and state, and all public buildings, exchanges and other public buildings have been closed. Commercial business is partially suspended and various patriotic celebrations were held in the public parks.

It was on Sept. 10, 1814, that a British fleet arrived at the mouth of the Chesapeake river. Soon afterward the British fleet proceeded toward Baltimore, while others went over to North Point and began the disembarkation.

A Skin of Beauty is a Dry Forever.

DR. T. Felix Gouraud's Oriental Green or Magical Beautifier.

## Prescriptions

No medicine is as good for you as that your doctor prescribes. It must be compounded correctly and without substitution to bring about the desired result. Our method of checking prevents error and substitution is strictly forbidden, that is why we are so popular with the medical faculty. Reasonable charges always.

Soda Water That Refreshes And Invigorates

DRUG STORE

The Home of Pure Drugs. 112-114 South Main St

ation of troops under Gen. Ross on Sept. 11. About 5,000 soldiers, 2,000 sailors and 2,000 marines were landed. Many of the troops had been with the Duke of Wellington in his victories over the armies of the great Napoleon in Spain, and were styled "Wellington's Invincibles." They were turned back from Baltimore, however, on Sept. 12, after a desperate defense of the city by the "Old Defenders." The total loss to the "Invincible" army of Gen. Ross was 700, including the commander, while of the American forces there were 20 killed and 90 wounded. It was this victory and the sight of the stars and stripes floating over Fort McHenry, after the terrible bombardment to which it was subjected the following night, that inspired Francis Scott Key of Maryland, then a prisoner of war on board the British frigate Surprise, to compose the American national anthem, "The Star Spangled Banner."

## JAPANESE AND CHINESE ARE WARNED TO LEAVE.

Bellingham, Wash., Sept. 11.—Through an anonymous letter all Japanese and Chinese in this city have been warned to leave at once. Twenty Japanese working at the cannery have left. Those who remain are armed and say they will resist any attempt to force them out of town. The Chinese, of whom there are 200 working in the cannery just now, say they will leave if the white men say so. E. B. Doring, general manager of the Pacific American cannery, says if the Japanese leave the salmon cannery industry is doomed and his company will close its plant in this city, which is the largest cannery in the world, for even the Japanese have made an attempt to affiliate with the labor unions. K. Sasaki, secretary of the Japanese union of Washington, and Jihel Hasuguchi, publisher of the Japanese Current of Seattle, are here trying to bring about the merger. Sunday a mass meeting of union men and members of the Asiatic Exclusion league, will be held to make a demonstration against the foreigners. Tonight, the leaders of the Japanese announced they will attend this meeting in a body. The Japanese are armed and riots are feared.

## A CUDAHY PLANT BURNED.

Philadelphia, Sept. 11.—The large plant of the Cudahy Packing company at Ninth street and Girard avenue, was destroyed by fire today. Loss, about \$200,000. Beef weighing about 25,000 pounds was destroyed. The fire is believed to have been caused by a spark from a passing locomotive.

## UNION VETERAN LEGION.

Annual Encampment Opens on the Battlefield of Gettysburg.

Gettysburg, Pa., Sept. 11.—The annual meeting of the national encampment of the Union Veteran legion, which opened here tonight, is well attended by veterans from every section of the Union and every Union army in the field during the civil war. Survivors of the battle of Gettysburg are numerous and every phase of the great three-day's struggle is being recounted for the benefit of their comrades as well as for the many others who are members of their party. To afford ample time to visit the battlefield, the sessions will be held principally in the evenings.

**THE TOUCH THAT HEALS.**  
Is the touch of Bucklen's Arnica Salve. It's the happiest combination of Arnica flowers and healing balsams ever compounded. No matter how old the sore or ulcer is, this Salve will cure it. For burns, scalds, cuts, wounds or piles, it has no equal. Guaranteed by Z. C. M. I. Drug Store, 112-114 So. Main Street, drugists, 25c.

## WESTERN UNION MEETING.

New York, Sept. 11.—The board of directors of the Western Union Telegraph company today declared the regular quarterly dividend of 14 per cent and adopted the resolutions passed by the executive committee yesterday, approving the conduct of the strike by President Clevary and the other officers. No statement of the earnings for the quarter, usually issued, was given out, and the effect of the strike on the earnings was not made public.

## PENN COAL SITUATION.

Philadelphia, Pa., Sept. 11.—Anthracite and bituminous operators say that the coal situation is growing serious throughout the state, and it is freely predicted that before midwinter there will be a famine in many places. The supply of water has already become a serious problem in the anthracite region. The labor supply has been below normal several weeks. Both anthracite and bituminous operators are selling coal from stored stocks to supply the demand.

## SAN FRANCISCO'S NEW BOARD OF HEALTH.

San Francisco, Cal., Sept. 11.—The new board of health appointed yesterday by Mayor Taylor held its first meeting today. Present were Michael Casey, president of the board of public works, and Acting Chief of Police Anderson, for conference. The board elected Dr. William Ophuls, for president. The resignation of Health Officer Wetters was submitted. In accepting it, the board adopted a resolution complimentary to the retiring officer, who organized along the lines of the Klatsko system the measures for plague eradication enforced by the old board. Dr. H. L. Gunn was elected to succeed Dr. Watkins. Dr. R. Langley Post was appointed acting chief sanitary inspector. The board selected a site at Twenty-sixth and Army streets for the isolation hospital, to which plague patients now under treatment at the city and county hospital will be removed. It was decided not to move the other patients—numbering more than 700—from the city and county hospital until the necessity of burning that structure has been determined by examination of rats caught there for bacteriological inspection. The board voted to select and equip its own bacteriological laboratory for

## plague research and to appoint a special plague bacteriologist.

A letter was read from President Bentley of the chamber of commerce complaining that the plague condition here has been distorted and much exaggerated by newspapers in other cities, apparently on the strength of inaccurate reports given out by federal authorities. Drs. Ophuls and Huntington were appointed a committee to confer on this subject with Dr. Rupert Blue, of the marine hospital service, who is due here from Washington to take charge of eradication work. The committee was instructed to issue an official statement to the Associated Press after the conference. A resolution was adopted that hereafter no plague information be given to the press except by the president of the board. Daily meetings of the board will be held.

## THE HILL ROADS.

Interstate Commerce Commission Will Not Give Them Consideration.

St. Paul, Minn., Sept. 11.—A Washington special to the Pioneer Press says: When the interstate commerce commission reassembles in October the order issued by it some months ago for an inquiry into the operations of the Hill railroads will be given consideration. It is hinted in the official circular that the order will be rescinded and that the inquiry will be abandoned. The commission originally determined to investigate the railroad operations of J. J. Hill coincident with its decision also to probe the Harriman lines. In fact it was planned to investigate the operations of all the big railroads in the country. The publicity given to the transactions of Mr. Harriman has resulted in reform all along the line. Not only Mr. Harriman but also other railroad magnates have corrected former abuses and the conclusion has been reached that no useful purpose would be served by an inquiry into Hill roads or any of the other big roads.

## PASSER OF CHECKS ARRESTED.

San Diego, Cal., Sept. 11.—G. E. States, the man who was wanted by the police of several cities on the charge of passing checks without funds to meet them, was arrested and arraigned and held for trial. States was arrested by the police of Portland and was brought to San Diego for passing spurious checks upon Victor Wansel, of this city.

## FOR BABY RASHES, ITCHINGS AND CHAFES.

Cuticura Soap and Ointment are worth their weight in gold.

## THERE'S A FORTUNE IN IT.

Irrigated lands in Snake River Valley of Southern Idaho produce the largest and best crops. The warm south slope on the North Side Track is ideal for orchards. 100,000 acres will be opened to entry October 1, 1907. Write today for particulars. Twin Falls North Side Land & Water Company, Milner, Idaho.

## BOSTON IS ENTERTAINING SON OF THE SIAMESE KING.

Boston, Sept. 12.—Prince Wilhelm of Siam has gone back to Boston without its representative of effere royalty. The Hub now has the honor of entertaining Naisut of Siam—no less. Naisut, he it known, is the son of the king of Siam, and the prince is so doted a brute that he would probably fare ill south of Mason and Dixon's line, although he is "the goods" in Boston. The prince is here to absorb an education at Harvard, and will probably remain four years. At present he is afflicted with a decided impediment of speech when attempting to express his thoughts in English, but he has already found several accomplished linguists who have undertaken to inculcate him with the Harvard language. Prince Naisut appears to have brought with him from Bangkok a goodly supply of the contents of the royal treasury, and is thus likely to be highly popular.

## THE NEW PURE FOOD AND DRUG LAW.

We are pleased to announce that Foleys' Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. For sale by F. J. Hill Drug Co., "The Never Substitutors."

## HUNDREDS OF INDIANS HELPING TO GATHER HOPS.

Seattle, Wash., Sept. 12.—Hundreds of Indians from British Columbia and even as far north as Alaska are among the 50,000 men, women and children who are now busily engaged in picking Washington's hop crop. They will probably continue to the end of the month, and the pickers will reap a rich harvest, many earning as high as \$1 and \$2 a day. The total crop of the state this year is estimated at 50,000 bales, of which half will be the product of the rich Yakima valley. Practically the entire hop crop of the nation is grown in four states—Washington, Oregon, California and New York.

## GOOD ROADS MOVEMENT.

Milwaukee, Wis., Sept. 12.—A widespread movement for better highways in Wisconsin is expected to result from the good roads convention held here today at the call of Gay Davidson. The public roads in some sections of the state are admittedly among the worst in the country, and today's convention was held for the purpose of arousing public interest in remedying this state of affairs.

## CANADA'S WHEAT HARVEST.

Smaller Than Last Year but Expected To Bring as Much.

Winnipeg, Man., Sept. 12.—Wheat harvesting in western Canada is almost over, although, owing to the lateness of the crop, many fields still remain uncut. Experts estimate the yield in Manitoba, Alberta and Saskatchewan at 75,000,000 bushels, as compared with 100,000,000 last year. Owing to the short crop all over the world, however, the farmers of western Canada expect to realize almost as much this year as last.

## KAISER TO ENTERTAIN TAFT.

Berlin, Sept. 10.—Emperor William, it is stated, will make Secretary of War William H. Taft, a hearty recognition and memorable entertainment during his sojourn here two months hence. Already the several officials who will have the arrangements in charge are holding conferences on the subject. The emperor will probably receive Mr. Taft at Potsdam castle. Laudatory articles regarding Mr. Taft are appearing in the newspapers.

## CENTRAL AMERICAN REPUBLICS GET TOGETHER.

Washington, D. C., Sept. 11.—Practical agreement on the main points and general good will marked the preliminary meeting today of the representatives of the five Central American republics to carry out the suggestion of the United States and Mexico for a permanent peace understanding. After a session of several hours the conference was adjourned until Monday, next. The governments represented were as follows: Costa Rica, Nicaragua, Guatemala, Salvador, and Honduras.

Asst. Secy. of State Adair, of the United States and Senor Godoy of Mexico were present. The only point on which any hitch occurred was that relating to the protocol to be signed. Two of the Central American representatives were without authority to sign the document without first submitting it to their governments. One of these said it was possible that this might involve some trouble and perhaps the changing of the protocol in some important particular.

Some delay therefore is expected to be caused by reason of this fact. It is not doubted, however, that a permanent peace pact will be entered into. "Everything was exceedingly encouraging," said Mr. Adair tonight. "The utmost good nature prevailed."

## PRIVATE PAVING.

New York, Sept. 11.—Having failed to induce the city officials to repave the block opposite his home in a style in accord with his ideas, J. Pierpont Morgan has determined to pay for the work out of his own pocket. Mr. Morgan's check for \$1,500, which is the sum the city's paving experts have figured out that it will cost to repave the block, has been sent to the city authorities and it is expected that his request will be granted. The city wanted to patch the asphalt pavement where it needed repairs instead of repaving the whole block, as Mr. Morgan requested.

## CURED HAY FEVER AND SUMMER COLIC.

A. J. Nussbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar in the yellow package, and it quickly cured my ailment. I have since used Foley's Honey and Tar with the same success. For sale by F. J. Hill Drug Co., "The Never Substitutors."

## FOR PURE TOBACCO.

Tobacco States Legislatures to be Asked to Take Some Action.

Louisville, Ky., Sept. 12.—At the next sessions of the legislatures of Kentucky, Tennessee, West Virginia and Ohio, bills will be introduced to compel all tobacco manufacturers to label their product, showing the percentage of foreign and other "dope." The American Society of Equity, an organization of tobacco planters, is back of the movement. Growers believe that the passage of such laws would result in an increased demand for pure tobacco and a decrease in the consumption of "dope."

## TO FIX COTTON PRICES.

Atlanta, Ga., Sept. 12.—A meeting of the Sea Island Cotton association will be held today at White Sulphur, Fla., for the purpose of fixing the minimum price in the Sea Island district. Harvie Jordan, president of the Southern Cotton association, is also the executive officer of the Sea Island body.

## DAYS OF DIZZINESS

Come to Hundreds of Salt Lake City People.

There are days of dizziness; Spells of headache, dizziness, back-ache. Sometimes rheumatic pains; Often urinary disorders. And tell you plainly the kidneys are sick. Doan's Kidney Pills cure all kidney ills.

Here is proof in Salt Lake City. J. V. Bain, of 248 West Second South Street, Salt Lake City, Utah, says: "I had doctored and used different kidney cures until I had entirely lost faith in medical treatment and did not believe anything in the world would help me. My neighbors and friends knew I was a very bad shape from backache and kidney trouble. Many a time the pains and aching in the back were almost unbearable, especially at night. The action of the kidneys was greatly disordered and continued so until I began using Doan's Kidney Pills which I procured at F. J. Hill Drug Co.'s store, on the advice of a friend. I felt quick relief and as I continued the treatment I gained flesh, my appetite improved a hundred per cent, and I found relief from every symptom of the trouble. Words cannot express my gratitude to Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-McClellan Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.
