

JOSEPH F. SMITH MADE DIRECTOR

Chosen to a Place on the Board to
Succeed T. J. Coolidge of
Boston, Resigned.

HARRIMAN COMING NOV. 20.

Will be Here at the Time of the Formal
Opening of the Lucin Cut-
Off—Utah Policy.

The annual meeting of stockholders of the Union Pacific Railroad company took place this morning as advertised in the office of D. R. Gray, general agent of the Harriman lines. After the election of directors for the ensuing year the meeting was adjourned until Nov. 20 when E. H. Harriman and a party of directors will come to Salt Lake on a special train in order to be present on the occasion of the opening of the Lucin cut-off. The election of directors resulted in but one change being made, Hon. Joseph F. Smith being chosen resident director to succeed T. J. Coolidge, Jr., of Boston. The board of directors as elected is as follows:

Oliver Ames, Boston, Mass.; Horace G. Burt, Omaha, Neb.; Thomas T. Eckert, New York City; Louis Fitzgerald, New York City; George J. Gould, New York City; J. P. Morgan, New York City; N. Y. Marvin, New York City; Otto H. Kahn, Morristown, N. J.; Charles A. Peabody, New York City; William S. Pillsbury, New York City; Henry H. Rogers, New York City; Jacob H. Schiff, New York City; James Stillman, New York City; Joseph F. Smith, Salt Lake City.

STOCK REPRESENTED.

In all there was \$147,781,000 worth of stock of the company voted, practically all by proxy, for the directors named above. The directors will meet in the east within the next 10 days. Beyond the checking up of the proxies and the formal reading of the voluminous report the meeting was entirely routine in character. There were present President H. G. Burt of the Union Pacific, Alex. Millar, secretary for the Harriman lines, New York; Judge Kelly of Omaha, chief counsel for the Union Pacific, and Judge Le Grand Young, local counsel for the Union Pacific.

UTAH POLICY.

After the meeting this afternoon Mr. Millar said:

"It has always been the policy of the Union Pacific to have a resident director in Utah. That policy has been carried out since the days of Brigham Young, who was a director. When he died John Sharp was elected, after him came Hon. George Q. Cannon and now Mr. Smith. Before we elected Mr. Smith we asked him to accept and he kindly consented. Mr. Coolidge had sent in his resignation to the board and it was accepted on account of his pressing business in other directions. The meeting has been adjourned until Nov. 20, when Mr. Harriman and some of the directors will be in Salt Lake on the occasion of the opening of the Lucin cut-off."

PRESIDENT BURT TALKS.

President H. G. Burt of the Union Pacific in an interview with the "News" emphatically denied the rumors that he was to resign at an early date. "I guess that originated with you gentlemen of the press. There is nothing in the story that I am going to the Southern Pacific," Mr. Burt also stated that business on the Union Pacific right now was better than it had ever been before. "We have got through with the improvements," he said, "and are taking all the business we can handle with comfort."

NEW EQUIPMENT.

W. L. Park, superintendent of the Wyoming division of the Union Pacific, who is also in the city today, stated that the Union Pacific had received 200 new stock cars and was now daily receiving coal cars from the eastern shops, so that there would be no danger of a car famine.

President Burt will return to Ogden this evening and continue on his way home to Omaha after inspecting the system. Mr. Millar will remain over in Salt Lake in order to attend the meeting of the board. Short Line stockholders in the room at headquarters tomorrow.

SHE LIVED FOR OTHERS.

High Tribute Paid to the Memory of
Mrs. Arthur Frewin.

Touching tribute to the memory of a noble woman characterized the funeral services over the remains of Mrs. Arthur Frewin, held in the Sixteenth ward meetinghouse Sunday afternoon. Perhaps no more solemnly impressive obsequies were ever held in this city, for the departed dead was one of those who had lived for others and who in death was honored by those whom she had befriended in life.

The funeral was presided over by Bishop George R. Emery and beautiful music was furnished by the Sixteenth and Center ward choirs, of both of which the deceased was a member for many years. The opening prayer was offered by Elder Duncan M. McAllister and the speakers were Bishop Emery, Bishop Davis of Center ward, Elders Frank J. Hewitt, Seymour B. Young and President Joseph F. Smith. All referred in glowing terms to the worth of her who had been called home, and spoke of the spirit of self-sacrifice which characterized her every act. She was one of the noblest of characters and had lived the life of a truly consistent Latter-day Saint. Her reward was sure, was the firm conviction of all who spoke.

During the service Mrs. Bessie Edmonds Newman sang sweetly an appropriate solo, Messrs. Williams and Bernhardt's rendered a quartet and Prof. George E. Skelton played a touching selection on the violin. The benediction was pronounced by Elder A. H. Woolley. The meetinghouse was filled to its capacity and the floral offerings were profuse and beautiful. At the grave in the City cemetery the teachers of the Sixteenth ward Sunday school furnished music and the dedicatory prayer was offered by Elder Heber Davis.

In addition to being a member of the Sixteenth ward choir Mrs. Frewin was assistant superintendent of the Relief Society nurses' class, a teacher in the Sixteenth ward Sunday school and an untiring worker in behalf of the sick, especially among the poor. As was said of her by President Seymour B. Young, she was a woman of unselfish devotion to the afflicted and her constant desire was to show the path of the unfortunate with flowers. Here was a character beautiful to contemplate and

her sweet influence made radiant and full of cheer the homes of many hundreds in this city. Her son Arthur, now on a mission in Great Britain, was apprised of her demise by cablegram.

If any other Witch Hazel Salve is offered you it is a counterfeit. E. C. DeWitt, inventor of Witch Hazel Salve, is the only one who has made that contains the pure unadulterated witch hazel. "DEAD" MAN WAS DRUNK.

Created a Stir and Was Hauled Off to Jail on Short Notice.

There was excitement in plenty around police headquarters this morning about 9 o'clock when some unknown individual suffering from cerebral disturbance, sent in a telephone hurry up alarm for the patrol wagon stating that he had discovered the dead body of a man lying on the corner of South and West Temple streets. Desk Sergeant Smith at once communicated the startling information to Officer Sullivan. Patrol Driver Armstrong was hastily summoned and latched his horses in record breaking time, backing the fire department clear of the scene. "Dr." S. Kimball thought perhaps his services would be required and he climbed into the wagon. Someone suggested that it might be Lynch's body which was lying on the cold, damp pavement. The blue coats dashed with break-neck speed to the scene and upon arriving there their worst fears were realized.

The strange man was lying there dead—drunk! So much so in fact that he was unable to lie down without holding on. The officers lifted him tenderly into the wagon and returned to the police station. The cool ride revived him. At the station he was informed of the excitement he had unconsciously created and the sergeant politely asked him if it were true that he was dead. "Dead?" he asked. "No, where I'm not dead. That's horrible mistake. My name's J. W. McCune."

He was booked and laid carefully away in the drunkhouse.

LATE LOCALS.

Stephen Hayes is building two six room cottages, to cost \$1,000 each, at Third South and Ninth East street.

The Young Men's Mutual Improvement Association of the Salt Lake stake begin their season's work tonight.

There are now nine applications for membership in the University club posted on the bulletin board, and "more coming."

Two cases of typhoid fever were reported to the board of health today. They are: Lucy Quinn, aged 18, 215 East Third South; Freda Giesmeyer, aged 11, 855 South Seventh West.

The new information bureau on the Tabernacle grounds is now up to the roof, and it can be seen that the building will be very attractive.

The steel roofing material for the new Catholic cathedral is in transit from Des Moines, Ia., and will be put in place immediately on its arrival here.

Parties from over the state keep filing applications for water with the state engineer, so that pretty much all of the available supply promises to be taken up before long.

The funeral services over the remains of the late John Maxwell, who died Oct. 11, aged 66 years, will be held Thursday, the 15th, at 2 p. m. from the South Cottonwood ward meetinghouse. Friends are invited to attend.

Ed Wilkinson is at the Holy Cross hospital suffering from a badly broken head as a result of being struck by a rock while engaged in blasting. While his injuries are quite painful they are not considered serious and he will likely be out again in the course of a few days.

Miles A. Romney, who has been confined at his home with the typhoid fever, for the past six weeks is able to be out again. Although greatly reduced in flesh and weak, he will soon be at his desk. The two children, Douglas and Mary, are still down with the disease, but are gradually improving.

The private theater of Colonel E. F. Holmes, adjoining his residence, is nearing completion. The lower part will be used to store the colonel's automobiles, and the upper floor is for a theater and art gallery. The gallery is lighted by large roof skylights, and a small stage is placed at the west end for dramatic performances.

The city council held no meeting last night as all of the councilmen were busy attending the primaries in the various districts of the city. Deputy City Recorder Simonds was the only person who was present. He called the roll three times but received no response, so he hastened away to attend his primary. No meeting has been called as yet, but it is not known when the council will meet.

The Bell Telephone company has now strung over 30,000 feet of new overhead wire, and is pushing the laying of the underground cables. With the return of the high water season in the Snake river, the management of the telephone company will place an instrument equipped with a megaphone at the foot of Shoshone Falls, so that the roar can be heard anywhere on the system.

Postmaster Thomas received this morning a letter from Daniel Fuller of Dallas, Tex., stating that some Salt Lake person named Vase Rider, had written to the sheriff of Barron county, Tex., saying that large estates had been left to Jennie Sharp of that state. The latter has been endeavoring to ascertain particulars, but without success. Mr. Fuller would like Salt Lake postmaster to furnish him with all the facts in the case if he can, and to state if Lemuel Sharp, ex-husband of Jennie Sharp, or Vase Rider are still living in this city.

PERJURY CASE ARGUED TODAY.

That of Moses Creechley, Convicted at Morgan, Before the Supreme Court.

THE JURY MADE NO FINDING.

Hence, it is Argued, the Court Had No Right to Pass Sentence—Evans Assault Case.

The case of the state vs. Moses Creechley, convicted of perjury, was argued before the supreme court today. The defendant was convicted at Morgan City on Feb. 12, 1903, and was sentenced to six years in the state prison. At the trial of the case Creechley entered a plea of former acquittal of the same charge, but the jury in its verdict made no finding on that point, hence it is claimed that the court had no right to pass sentence upon defendant until a verdict on that plea had been rendered. Attorney J. A. Street made the argument in behalf of Creechley before the court today and Assistant Attorney-General White argued for the state.

EVANS ASSAULT CASE.

The case of the state vs. William Evans, convicted of an attempt to commit an assault upon a 14-year-old girl, was also argued today. Evans was convicted by a jury in Judge Morse's court recently and was sentenced to one year in the state prison. Attorney J. D. Parks appeared in his behalf today and Attorney W. R. Hitt represented the state.

POPP VS DAISY.

The third case argued before the court today is that of G. W. Popp, appellant, vs. the Daisy Gold Mining company. C. S. Patterson argued in behalf of appellant, and J. E. Frick for respondent.

TWO MONTHS FOR PETERSON.

Man Convicted of Involuntary Manslaughter Sentenced This Morning.

Victor Peterson, who was recently convicted of involuntary manslaughter for the killing of Florence Hicks at Bingham on Sept. 11, was this morning sentenced to two months in the county jail by Judge Morse in the criminal division of the district court. Peterson's attorney, D. N. Straup, filed and argued a motion for arrest of judgment before sentence was passed and also a motion for a new trial, both of which were denied by the court. After sentence was passed Judge Morse signed a certificate of probable cause of appeal to the supreme court, and pending the appeal, he ordered defendant released under \$500 bond, which was furnished without delay. Peterson was riding horseback down Bingham canyon on the above date at a reckless speed and ran over the little girl, who was playing in the road with other children, and inflicted injuries upon her which resulted fatally.

M'KEON SOLVENT.

Court Refuses to Adjudicate Milford Merchant a Bankrupt.

In the case of P. B. McKeon, the Milford merchant whose creditors attempted to force him into bankruptcy, Judge Marshall yesterday rendered a decision in defendant's favor, declaring him to be perfectly solvent. The suit was brought two months ago, a number of wholesale firms of this city and San Francisco, all of whom were creditors of the defendant, alleging that he was insolvent, and asking that he be so adjudged by the court. They also charged that he had committed an act of bankruptcy in transferring to the Bank of the Republic a preferred creditor by transferring to the bank realty in Salt Lake City valued at \$10,000 to secure an indebtedness of \$15,000.

McKeon founded his case, and in his answer to the complaint alleged that he was solvent and that the transfer of realty to the bank did not constitute an act of bankruptcy. He acknowledged a total indebtedness of \$35,000, but claimed assets aggregating \$101,234. The court placed the value of his assets at about \$35,000, and found his indebtedness to be in the neighborhood of \$35,000, while it found that the transfer of property was made at too remote a date to be considered an act of bankruptcy. The court accordingly refused to adjudicate McKeon a bankrupt, and ordered the discharge of the receiver appointed at the time the suit was begun, and the restitution of the property to its owner.

In such cases as this the law provides that the court shall estimate the amount of damages to be paid to the defendant by the plaintiff on account of loss suffered by him on account of the bringing of the suit.

COURT NOTES.

W. S. McCormick & Co., have filed suit in the district court against the Silver Mountain Mining company to recover \$5,691.99, alleged to be due on a promissory note executed on Jan. 5, 1899.

Suit for divorce has been filed in the district court by Hattie Loveless against Henry Loveless on the grounds of desertion and non-support. They were married in this city on Oct. 3, 1890, and have one child of which plaintiff asks the custody.

BUSINESS NOTES.

The Erickson Tool company, of this city, has filed its articles of incorporation in the county clerk's office. Its capital stock is \$5,000, divided into 10,000 shares of the par value of 50 cents each. J. E. Gallagher is president; C. H. McMahon, vice president; C. J. Erickson, secretary; T. A. Williams, treasurer.

S. M. Solomon of Evanston is to build a \$3,000 cottage in Oakley addition, and J. A. Hendlund & Co. are getting out the plans.

Dun's Review prints the following relative to the condition of business in this city for the past week: Jobbing and wholesale lines show satisfactory activity; dry goods, clothing, notions and shoes being in good demand and moving freely and trade is very fair in groceries, drugs and hardware. Retail trade is generally fair. Collections still drag, but the wheat crop is moving and sugar factories are in operation, handling the largest beet crop this section has ever produced, and a favorable effect on collections will doubtless result. Money is in fair demand at firm rates.

The Thatcher Music company of Logan, has filed a copy of its articles of incorporation in the secretary of state's office. Its capital stock is \$25,000, divided into 250 shares of the par value of \$10 each. G. W. Thatcher is president; A. L. Farrell, vice president; D. H. Thomas, secretary and treasurer; G. B. Thatcher, manager.

Today's local bank clearings amounted to \$516,930.07, as against \$523,708.32 for the same day last year.

Dieting Injures Disease.

To cure Dyspepsia or indigestion it is no longer necessary to live on milk and toast. Starvation produces such weakness that the whole system becomes an easy prey to disease. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that one cares to eat, and is a never failing cure for indigestion, Dyspepsia and all stomach troubles. Kodol digests what you eat—makes the stomach sweet. Sold by all druggists.

Amusements.

A big and brilliant audience witnessed the production of "The Chaperones" at the theater last night. Briefly, it may be said that Mabel Hite saved the evening. But for her work in the old, unique and hilarious part of the female detective, "The Chaperones" would have been voted a very commonplace sort of affair. This is not due to the people engaged in it, but rather to the libretto, who has conceived about as simple and unexciting a plot as it is possible to put together. Some of the main features on which it is strung, notably the episode of the seals, is siller than funny, but Miss Hite in her songs, her dances, and her altogether fetching acting throughout, kept the house bubbling. Her notable numbers "Billie is Very Good to Me," and "My Samba" especially caught the audience, and she had a host of good talent, generally weighted down by the libretto. The best work was done by Mr. Sparks, the Irishman, Mr. Whiffles, Mr. Hogg, and Mr. Ladell, a very funny comedian, who, as the bill poster, Miss Boley as head chaperone, and Miss Day as Violet did the best work of the evening. The chorus of the sort that may be ranked as fair, though the finale to the first act was well done, and the male chorus was heartily applauded.

The same bill goes tonight and tomorrow night.

The Grand will be dark all the present week, the next performance being Monday evening when "Down the Mobile" opens an engagement.

The advance sale is now going on at the theater for the performance of "The Storaks," which opens Thursday evening.

At the Novelty Theater on west Second South a change of bill was given last night, the program being an exciting amount of merit and applause. The leading feature is Harry Gibbs, a whistler of extraordinary talent.

The Unique Theater on Main street had a change of bill throughout yesterday. The performance goes along daily afternoon and evening, and is attended by big audiences. There are half a dozen numbers, and especially how the management could mass them together.

A Perfect Painless Pill is the one that will cleanse the system, set the liver to action, remove the bile, clear the complexion, cure headache and leave a good taste in the mouth.

Wanted to Lynch Dippold.

Berlin, Oct. 13.—A number of would-be lynchers at Bamberg surrounded the carriage which guards were taking Andrew Dippold to the penitentiary to begin his sentence of eight years for whipping to death Heinrich Koch, son of the director of the Deutsche bank.

The mob almost succeeded in getting possession of Dippold when the guards fixed bayonets and drove their assailants off. Dippold was struck in the back by a piece of metal.

Dippold was young Koch's tutor.

FEDERAL CONTROL OF NATURALIZATION

President Will Probably Make This Recommendation to Congress.

FOR A PERMANENT COMMISSION

He Favors One Whose Duty it Shall Be to Question All Applicants To Citizenship.

Chicago, Oct. 13.—A special from Tacoma, Wash., says:

Startling violations of the new naturalization law at Chicago and elsewhere have been brought to light by C. D. C. Van Dusen, a special agent of the department of justice, who has just completed a trip of inspection across the continent.

Mr. Van Dusen declares that the provision of the new law, which prevents any one with anarchistic beliefs, inclinations or tendencies, from becoming a citizen, has in many cases been ignored.

President Roosevelt, it is said, will recommend to Congress a radical change in the law, so as to limit the right of conferring naturalization to the federal courts. It is understood that the president will favor a permanent commission to question the applicant for citizenship papers, take other testimony if necessary and report the result of the examination to the judge.

DIES OF DIPHTHERIA.

Child Passes Away and Father Leaves Without Attending the Funeral.

Mr. Woodward, the official fumigator of the city nearly broke the running record yesterday in chasing down a case of diphtheria. The hunt began when some one notified the police that a little child was at 69 west First South street, suffering from a severe attack of the dreadful disease. The fumigator rushed to the number 24 there was no "case" there. Then he searched farther and finally succeeded in locating the father of the child. He was found at Fourth West and South Temple streets, and said his name was Jesse Jackson. It was then learned that the place first mentioned and had died in a camp wagon in a vacant lot in the western part of the city. The father went to Taylor, Ariz., without waiting to attend the funeral of the little one, which occurred yesterday afternoon.
