

the bridge had finished their day's work, and all returned together to the city, the visitors much gratified with the trip, and indulging in the hope that at no distant day the cars will be running through the valleys to St. George.

#### FROM SATURDAY'S DAILY.

**POLITICAL CONVENTION.**—A political convention was held this afternoon in the Tabernacle, for the purpose of nominating County officers, to be elected at the August elections, at which were present representatives from various counties, and from the different precincts of Salt Lake County.

Hon. Elias Smith was appointed Chairman and Mr. Paul A. Schettler Secretary of the convention.

After a few preliminary remarks from the chairman, the following nominations were made and carried, by acclamation:

**COMMISSIONERS TO LOCATE UNIVERSITY LANDS.**

L. S. Hills, John Van Cott, John Rowberry.

**COUNCILORS FOR FIRST DISTRICT, Salt Lake, Tooele and Summit Counties.**

Wilford Woodruff, Geo. Q. Cannon, Jos. A. Young, William Jennings.

**SELECTMAN, FOR SALT LAKE COUNTY,**

Reuben Miller.

**BRIGHTON PRECINCT:**

Justice of the Peace, Henry Rudy.

**FORT HERRIMAN PRECINCT:**

Justice of the Peace, Samuel Wing.

**GRANITE PRECINCT.**

Justice of the Peace, Sol. S. Despain.

Constable, Joseph Snell.

**BINGHAM PRECINCT.**

Justice of the Peace, A. D. Heaton.

Constable, John Hogan.

The chairman stated that the votes would be polled at the same places as at the last elections, in all precincts organized before they took place.

**SHOULD BE SEEN TO.**—Mr. James T. Strong, who resides in Emigration Canyon, called this afternoon just before going to press, and urgently requested the publication of a statement which he made, his belief being that the health and well-being of the people of this city are in jeopardy.

He stated that Judge Strickland who was moved from the city a day or two since on account of being afflicted with small-pox, is now stationed at the mouth of Emigration Canyon, a very short distance above the brewery, and on the edge of the stream that flows into the city. There is considerable travel past this point, and there is not the least protection whatever from the contagion being communicated to passers by. Our informant thought the matter should be seen to at once, and we insert this that the attention of our prompt and efficient quarantine authorities may be called to the subject, believing that if it be deemed necessary to take any steps in relation to the matter they will be taken at once.

**COMMITTED.**—The case of Mrs. Knapp, mentioned in the News yesterday, who was arrested on suspicion of being the party who threw nitric acid on the face of a negro waiter at the Revere House, was up for investigation before Justice Clinton this morning. The crime was one of unusual atrocity and the case excited considerable interest, the attendance at the court room being unusually large. The evidence adduced at the investigation seemed very conclusive as to the guilt of the accused, and at its close, at about half-past one o'clock the court held the case under advisement for one hour, when a decision was given, the prisoner being committed for trial.

**A SAD END.**—There appears to be no doubt now as to the identity of the body of man found near the point of the mountain south, on the 25th inst. The description given of the clothing, by those who were sent to enter the body, corresponded in every particular with that worn by James Mair, of this city, when last seen. It is supposed that he was returning home from Camp Floyd, and being fatigued with travel had lain down in full exposure to the sun, and that fatigue, exhaustion and heat combined to cause his death. The remains were decently buried at Lehi.

#### FROM MONDAY'S DAILY.

**LIST OF EMIGRANTS.**—In another part of the paper will be found a list of the emigrants and returning missionaries, who left Liverpool on the 12th instant, per steamship Colorado.

**EMIGRATION NOTICE.**—If Mrs. Elizabeth Smith, who came to Utah this season in captain R. F. Neslen's company, will communicate immediately with Elder H. S. Eldredge, she will receive information of importance connected with emigration. Address H. S. Eldredge, Hooper, Eldredge & Co., Salt Lake City.

**COL. A. P. ROCKWOOD,** who returned a few days since from a visit to the East, looked in this morning. His trip, he

says, was pleasant and successful. He brought in with him a large quantity of young shad and eels, which have been placed in his pond, in Sugar House Ward.

**JAMES ASHWORTH.**—Your father, mother and sister are dead. I am in possession of a communication of inquiry from your relatives. By calling on me you may learn something to your advantage.

A. P. ROCKWOOD.  
Salt Lake City, July 31, 1871.

**TWENTY-FOURTH AT FOUNTAIN GREEN.**—L. Anderson has forwarded a report of the celebration of the Twenty-fourth at that place. The people rejoiced in the firing of salutes, a procession, games, music, singing, dancing and other demonstrations, too numerous to mention.

**PRESIDENT GRANT'S VISIT.**—It appears from the dispatches to-day that President Grant has abandoned his intention of taking a tour through the West this year, having been advised that the season is too far advanced for a favorable view of the California and the Rocky Mountain Region. It would be advisable, however, for the public to receive this announcement cautiously, for if the past is anything to judge from in telegraphic matters, it will not be in the least surprising should we be called upon to publish, to-morrow, another dispatch contradicting the above statement.

**SHOULD BE STOPPED.**—Mark Lindsey, water master of the Twentieth Ward, stepped in this morning and desired us to inform, through the News, those persons who have been in the habit of placing barrels, tubs &c, in the ditch, thereby turning the water from its proper course, and, in many instances, fouling it, that he will, in future, take charge of all such articles found in the ditch. Mark states that several people have suffered damage to their lots, by the water overflowing through these obstructions. He also states that he took fifteen barrels, tubs, &c., from the ditch. It should be remembered by those guilty of this nuisance, that thousands of people have to use the water for culinary purposes, and that consequently, everything which may even have the appearance of filth should be carefully excluded from contact with it. We believe there is a city ordinance which makes the offense punishable.

**SENSATIONAL.**—The people of Virginia city, Nevada, are about to have, so says the *Territorial Enterprise*, an entertainment at the Opera House, of the most sensational character. It is to be a fight between a bear and a bull, the former seven hundred pounds in weight. Over the floor of the stage on which the fight is to take place a false floor of two-inch plank will be put down, and over the false floor will be a coating of two or three inches of dirt; the back, end and sides of the stage will be strongly planked up, and a ceiling of plank will be placed overhead, while the whole front of the stage will be made secure by a lattice-work of half-inch iron bars.

A person named Charley Palmer is the originator of this affair; if "Charley" meet with support from the people of Virginia, they must be on the down grade of civilization.

**EMIGRANTS COMING.**—We are enabled to publish the following dispatch:

OMAHA, JULY 30.

Brigham Young: We have 117 of your people here, ready to go west as soon as our track is repaired. Hope to get them off to-morrow night.

THOMAS L. KIMBALL.

**THE TWENTY-FOURTH IN THE SETTLEMENTS.**—We have received reports of the celebration of the Twenty-fourth in the following settlements, but on account of our space being limited, some of the reports being very lengthy, and as they have only just come to hand, we are unable to publish them in full:

**SANTAQUIN:**  
The celebration was worthy the occasion, everything going off to the satisfaction of all.

**FAIRVIEW.**  
Had a procession, mass meeting, enthusiastic speeches, music, singing and dancing.

**PAROWAN.**  
Rejoiced in a grand procession in which were truthful representations of the progress of the Saints from the time of their exodus from the States till now. There were also the usual number of speeches etc.

**RICHFIELD.**  
Although comparatively a small settlement, was not behind her neighbors in celebrating the auspicious day, the report indicating that a fine time was spent there.

**PANACCA.**

Report is lengthy, showing that the Twenty-fourth was celebrated with vim and spirit, the demonstrations being quite extensive. There was a grand procession, which paraded on the principal streets, a mass meeting, speeches, music and games; the proceedings terminating in the evening with a grand ball.

**ANOTHER FIRE.**—Last night, about half-past eight, a fire broke out in a stable in the Thirteenth Ward, the property of Mrs. Horrocks, a widow woman. The entire building, a haystack and a portion of the

fence were totally destroyed. The horses and a buggy, which were in the stable when the fire started were got out in time to save them. We understand the disaster was caused by the young man employed by the gentleman who rents the premises, entering the stable with an open light, and accidentally overturning it. At one time some of the buildings adjacent appeared to be in imminent danger of catching fire also, but by ample preventive measures and the praiseworthy exertions of a number of people, this was avoided. When the flames were at their greatest height the greater portion of the city was illuminated with their lurid light, which drew a large number of people to the spot from various parts. The entire loss will probably amount to between seven and eight hundred dollars.

#### DIED.

Funeral services on Sunday, at 10 a. m., at residence of J. R. Robbins.

**Only Two Teaspoonfuls of DOOLEY'S YEAST POWDER** to a quart of flour are necessary to produce extra biscuits, rolls, &c., while those of ordinary manufacture require nearly double that quantity. This is owing to its perfect purity and extra strength. Aside from this fact, each package contains the full amount that is represented. Hence, Dooley's is the Cheapest, Best, and Most Reliable in market, and takes the precedent of all others. Grocers keep it everywhere. Dooley & Brother, Manufacturers, 69 New Street, New York.

#### 7-30 GOLD LOAN OF THE NORTHERN PACIFIC RAILROAD. RAPID PROGRESS OF THE WORK.

The building of the Northern Pacific Railroad, (begun July last,) is being pushed forward with great energy from both extremities of the line. Several thousand men are employed in Minnesota and on the Pacific Coast. The grade is nearly completed 266 miles westward from Lake Superior; trains are running over 130 miles of finished road, and tracklaying is rapidly progressing toward the eastern border of Dakota. Including its purchase of the St. Paul and Pacific Road, the Northern Pacific Company now has 413 miles of completed road, and by September next this will be increased to at least 560.

**A GOOD INVESTMENT.** Jay Cooke & Co. are now selling, and unhesitatingly recommend, as a Profitable and perfectly safe investment, the First Mortgage Land Grant Gold Bonds of the Northern Pacific Railroad Company. They have 30 years to run, bear Seven and Three-Tenths per cent. gold interest (more than 8 per cent. currency) and are secured by first and only mortgage on the ENTIRE ROAD AND ITS EQUIPMENTS, and also, as fast as the Road is completed, on

**23,000 ACRES OF LAND** to every mile of track, or 500 Acres for each \$1,000 Bond. They are exempt from U. S. Tax; Principal and Interest are payable in Gold. Denominations: Coupons, \$100 to \$1,000; Registered, \$100 to \$10,000.

**LANDS FOR BONDS.** Northern Pacific 7-30's are at all times receivable at TEN PER CENT. ABOVE PAR, in exchange for the Company's Lands, at their lowest cash price. This renders them practically INTEREST BEARING LAND WARRANTS.

**SINKING FUND.** The proceeds of all sales of Lands are required to be devoted to the re-purchase and cancellation of the First Mortgage Bonds of the Company. The Land Grant of the Road exceeds Fifty Million Acres. This immense Sinking Fund will undoubtedly cancel the principal of the Company's bonded debt before it falls due. With their ample security and high rate of interest, there is no investment, accessible to the people, which is more PROFITABLE OR SAFE.

**EXCHANGING U. S. FIVE-TWENTIES.** The success of the new Government 5 per cent. Loan will compel the early surrender of United States 6 per cents. Many holders of Five-Twenties are now exchanging them for Northern Pacific Seven-Thirties, thus realizing a handsome profit and greatly increasing their yearly income.

**OTHER SECURITIES.** All marketable Stocks and Bonds will be received at their highest current price in exchange for Northern Pacific Seven-Thirties. EXPRESS CHARGES on Money or Bonds received, and on Seven-Thirties sent in return, will be paid by the Financial Agents. Full information, maps, pamphlets, etc., can be obtained on application at any agency, or from the undersigned.
