Judge Marshall resumed work in the federal court this morning after his return from sitting as judge in the federal court at Denver. He listened to a number of motions, which he took under advisement.

John W. Rigdon, of New York, Frank Dewey Richards, formerly of this city, but now of San Francisco, and Frederick J. Holton, of Brigham City, were admitted to practice before the bar of the Utah supreme court today.

Chief Justice Bartch returned last evening from the east, accompanied by his daughter Minnie, who has been attending school in Philadelphia. The judge had a pleasant trip and enjoyed himself immensely. He visited the cities of Washington, Philadelphia and Denver and was gone for nearly two weeks.

The funeral of Andrew C. Brixen will take place Wednesday morning, commencing at 10 o'clock, in the Twentieth ward meeting house. The remains will be placed on view from 4 to 9 p. m. on sday at the family residence, No. 309 Fourth street. Friends are invited the funeral services. Interment will be in the city cemetery.

A runaway occurred yesterday afternoon which came nearly involving some very serious results. F. A. Neuburger had returned in a surrey to his home at 112 south First West street, and his wife and little children had just de-scended from the carriage, when the horse suddenly became frightened and after rearing in the air, it dashed down the street. The animal stopped after colliding with a couple of telephone poles, but the sudden standstill threw Mr. Neuburger violently from the car-riage. He received a severe cut on the head and bruises about the shoulders, and was carried unconscious to his house, where Dr. Stewart dressed the wound. The man soon regained consciousness, however, and will soon recover. It was a narrow escape for the mother and little children, who got out of the carriage none too soon.

It is economy for a lady to use this Calculating Pencil. Not a week passes during which she would not save money by avoiding mistakes. It is true the amounts lost through wrong change are not large. But they amount to a goodly sum during the year. They are much more frequent than you would think. Here is what happened to a lady in a department store. She bought seven yards of goods at 15 cents, and nine yards at 19 cents. The clerk charged her \$1.15 and \$1.71. The lady checked off her bill with her Calculating Pencil and found that seven yards at 15 cents in \$1.05 instead of \$1.15, thereby saving 10 cents. The clerk, who did not intend

EDWARD SNELGROVE DEAD. Resided in Utah for Nearly Half a Century.

After a serious illness of three days, Edward Snelgrove, a Utah pioneer. yielded to the will of old age and met death last Saturday at his residence in this city, 323 east Second South street. He retained a remarkable vitality, however, to the last, following his trade of shoemaker as he did until about the first of last May. He then was forced reluctantly to close his shop, and resigned his activity on earth with deep

Mr. Snelgrove came to Utah in September of 1852, and has since passed an active and industrious life. He Mr. Snelgrove was born in January, 1820, at St. Mary's Extre, Peartree Green, Southampton, Eng., and be-came a member of the Church of Jesus Christ of Latter-day Saints in 1849. In the spring of 1851 he emigrated to America. Upon arriving at St. Louis he lost his then only son, from cholera, was himself stricken down with the same disease for three months, while his wife was instantly healed of that trouble. Since immigrating to Utah in September of 1852, Mr. Snelgrove labored very industriously at his trade, and was ever an earnest worker in the hurch. He was a member of the High Council from September, 1888, to the present and was recently sustained as a patriarch. He began to feel the weakness of old age at the beginning of the year and was quite infirm, though not confined to his bed, since the first week in May. A BUILDING FOR Y M. C. A.

Wealthy Utah Mining Map Makes Generous Offer.

He Promises to Erect the Structure It the Association Will Purchase a Site For It.

A large, handsome, new building has been promised for the Young Men's Christian association of this city by a wealthy Utah mining man whose name is withheld for the present, provided that the association will purchase a corner lot of suitable location for the purpose. It is most pleasant news for the Y. M. C. A., which has been looking forward to this possibility for a number of years, and the officers of the association are more than de-

lighted.

The good news came out yesterday when a new impotus was given to the project of crecting an association b ing, by Henry J. McCoy of San Francisco and his colleague, W. M. Danner of Denver, two strong Y. M. C. A men, who spoke in local churches yes-terday in the interest of association work and particularly of the need in this city of a Y. M. C. A. building. At the Methodist church last evening, Mr. McCoy said: "I do not know On July 3rd and 4th the Rio Grande | whether it is a secret or not, but I am | Turned out on short notice at the to cheat, bought a pencil so as to avoid | Western Ry, announces half rates to | going to tell you that less than an hour | Descret News. The press reports at the time gave very inadequate summaries of the adiress recently delivered before the In. ternational Commercial Congress, at Philadelphia, by Mr. George H. As a general exposition of the relationship of the rallways of America to the commercial, industrial and agricultural interests of the country, Mr. Daniels' paper was, so far as I have seen, the broadest and most interesting discusion that the subject has at any time had.
