A SECOND DELUGE.

HANNIBAL, Mo., 30.—What is

known as the Sny levee, an em-

bankment which protects the Illi-

nois bottom for many miles north

and south of Quincy, on the over-

flow of the Mississippi river broke

at 3 o'clock this morning near Cin-

cinnati, a landing about eight miles

below here. The break is about a

half mile wide, and the water is

rushing through, and taking up

with great rapidity. The loss in the

Illinois bottom will be immense and

many of the farmers will be ruined.

The wheat cut and shocked, flooded

off, and the corn crop will be de-

stroyed. Another break near the

above named junction has feared.

The river is now about stationary

but a deluge will probably take

place at once, but this will not save

many. A thousand acres of highly

cultivated land is being overflowed.

The water is now spreading rapidly

and an area of several miles in

extent is already overflowed. It is

impossible to compute the immense

amount of damage that will result

from this flood, but it will aggregate

several hundred thousand dollars. A

slight idea of the damage may be

gained from the fact that an extent

of country forty miles long and from

four to ten miles wide was protected

by the embankment. What is prob-

ably the richest farming land in the

State and as a consequence the

yield of grain this year would have

been enormous. The news of the

break at midnight spread like

wildfire, but it scarcely

precluded the rushing of the

terrible flood of water, and the ex-

citement during the night was in-

teresting. Families were hurriedly

leave their homes, in many cases

with scarcely any clothing, and flee

for their lives. As the river at the

cut off where the levee occurred,

is 10 feet deep, the water is now

flowing in a vast volume and with

overwhelming force. An entire

family, supposed to be Mr. Tremer,

his wife and all his children, were

NEWS FROM THE CAPITAL.

Public Land Surveys—A Summer

Trip for Schurz.

WASHINGTON, 30.—The Commis-

sioner of the General Land Office

with the approval of the Secretary

of the Treasury, has to-day made

the following appointment of the

total of \$100,000, appropriated by an

act of Congress for surveying public

lands during the fiscal year which

commences to-morrow: To Arizona,

\$10,000; California, \$35,000; Colo-

rado, \$30,000; Dakota, \$30,000; Florida,

\$30,000; Idaho, \$30,000; Illinois,

\$15,000; Minnesota, \$10,000; Mont-

ana, \$15,000; Nebraska and Iowa,

\$15,000; Nevada, \$12,000; New Mex-

ico, \$12,000; Oregon, \$10,000; Utah,

\$15,000; Washington, \$10,000. Wy-

oming, \$10,000, making a total appor-

portionment of \$381,000, and leaving a

balance unappropriated of \$39,000, to

be used according to the exigencies

of the fiscal year.

Secretary Schurz purposes making

an extended trip to the West this

summer, leaving Washington about

the middle of July. He will go to

the Pacific Coast, stopping at the

Western Stations and at the Pyra-

mid Lake Indian reservations. After

spending about 10 days in Califor-

nia, he will return by way of

Fort Hall and visit the Bear River

Indians in Idaho, thence through the

Yellowstone National Park, which is

under the control of the Interior

Department, to the Crow agency in

Montana. From the Crow agency

the Secretary will proceed down the

Yellowstone and Missouri rivers to

Bismarck, stopping at Fort Custer,

Keogh, Buford and Berthold, where

he will give personal attention to

the disposition of the public lands

and inspect the condition of

Victoria's Labors.

DENVER, Col., 30.—A Tribune's

Santa Fe special says: News re-

ceived from El Paso, states that be-

tween the 21st and 22nd of June, Vi-

ctoria's labors attacked San La-

renz, Gen. Louis and A. T. Tera-

raux, of Chihuahua, shooting down

100 head of horses. From San La-

renz they then went 30 miles west

to Santa Clara, where they captured

another 100 head of horses, killing

some Mexicans and a few

Texans, with about 200 federal

and Mexican soldiers, and a large

body of volunteers on the trail.

Victoria's band retreated and may

be expected any moment back in

New Mexico. Troops are being rapidly

moved forward, and within a few

days every exposed point in Grant,

Sonoma, Lincoln and Socorro coun-

ties will have detachments for

protection. The Mesquero Indian

agency has been placed under mil-

itary control, and cavalry and in-

fantry are being stationed there.

Two companies of cavalry

are being sent to Fort Wingate,

the Mesquero Indian agency.

A new post will also be

established in La Plata County,

Southwestern Colorado, to keep

watch over the Southern Utes.

A Horrible Adventure.

ing in the White Sands Hills, arrived
