Local and Other Matters.

FROM TUESDAY'S DAILY, APRIL 14.

Call and Get It.—There is a message at the Western Union Telegraph Office for L. C. Karrick.

Departing Missionaries.—This morning, President C. H. Wheelock and Elder F. F. Hintze left for the States on a mission.

Our New Secretary.—It will be seen by our dispatches that the Senate has confirmed Arthur L. Thomas, of Pittsburg, as Secretary of Utah Territory, vice Levi P. Luckey resigned.

Nature's Beneficence.—Rain and sleet last night again. Let the short-sighted grumblers who could not take their evening ramble hold their peace, and listen to the voice of thanksgiving from thousands more thoughtful.

Another Breach.—In the District Court, Miss Nellie Reich has brought suit against Col. E. A. Wall, for breach of promise of marriage. The plaintiff represents that she has been engaged to the defendant since 1873. The damages sued for are \$30,000. The case will not come up before September.

Home Enterprise.—On Saturday last, a NEWS reporter visited Bagley's pearl barley mill at the mouth of Big Cottonwood Cañon. It has excellent water power and is the only mill of the kind in the Territory. It is superintended by Mr. Rufus Canuteson. At present, the mill is turning out a superior quality of pearl barley, hominy, cracked wheat and corn meal, but an addition 25 by 35 feet will soon be finished and used for flouring.

Strange Accident.—An accident of a serious nature occurred on Saturday afternoon, by which an old gentleman named Robinson had his breastbone broken. A party were returning from Farr's woolen mill, in a light wagon, Mr. Robinson and another person being seated at the back of the vehicle, when the horse gave a sudden start and both the men were thrown backward to the ground. One of them escaped uninjured, but Robinson fell on the back of his head and shoulders, and the weight of his body and the distance fallen caused the strange result above stated. He was immediately carried home, and Drs. Williams and Allen were called in to set the fractured bone, and the patient became measurably comfortable. The strange part of the occurrence is, that the physicians in attendance not only never saw nor heard of a similar case, but have been unable to find in any surgical work even a hint at the possibility of such an occurrence as the fracture of the sternum or breast bone. Medical journals will probably be communicated with in relation to the matter.—Ogden Junction.

District Court.—Monday afternoon, April 14, 1879; Judge Emerson, presiding:

The People, etc., vs. James Finnerty; assault with deadly weapon with intent to do bodily harm; defendant pleads not guilty; jury trial; indictment read and plea stated to jury; evidence ended and

case given to jury, who returned a verdict of guilty.

The jury for the April term was called.

Tuesday morning, April 15:

People, etc., vs. James Finnerty; charged with disturbance of public meeting; jury trial; verdict of guilty.

Wm. Wales vs. American Central Insurance Company of St. Louis; motion to set aside default and judgment allowed upon condition that the defendant pay costs and file answer or demurrer within 10 days; otherwise judgment will be not set aside.

People, etc., vs. N. Natrass; defendant arraigned and pleads not guilty.

Ordered that Samuel L. Evans be fined in the sum of \$25, he being served to appear as a petit juror, and failing to appear or answer.

People, etc., vs. George White; jury trial in progress.

FROM WEDNESDAY'S DAILY, APRIL 16.

Postponed Again.—The Miles polygamy case which was to have occupied the attention of the District Court, to-day, has again been postponed and is now set for trial April 28th, to have precedence of all cases set for that day. Let us hope so.

Missionaries for Europe.—The following telegram explains itself: Nephi, April 15, 1879.

Editors Deseret News:

Missionaries for Europe who can get ready, will leave Salt Lake City on the 30th inst., and sail from New York May 6th.

ERASTUS SNOW,
JOS. F. SMITH.

Accident.—We regret to learn of an accident that befel Bishop Weiler, of the Third Ward, the other evening. While unhitching a team, the horses started off and in endeavoring to stop them, Brother Weiler was struck by one of the wheels, and a painful though not serious wound inflicted on the side of the head. The patient was attended to, and is now progressing favorably.

Frightful Accident.—The following special to the NEWS was received at 1 p.m. to-day:

York, April 16, 1879.

Editors Deseret News:

A man by the name of Daniel Harsh was run over by passenger coaches here to-day, and cut up frightfully. Life was nearly extinct when he was picked up. He is about 60 years of age.

JOHN SHARP.

Woman's Exponent.—The April 15th number of this paper comes promptly to hand. Its prose contents are "Women in the Arizona Mission," "A Trip on the Cars," "Criticism of anti-Polygamy Memorial," "Comments on the anti-Polygamy Petition," "Zion's Hope," "The Danger of Reading Bad Books," R. S. Reports and other matters original and selected; a sonnet by H. T. King and "True Womanliness," by Mrs. Hopkins, are the poetical contributions.

"Junction" Items.—The body of "Doc" Mearns, who committed suicide by throwing himself into the Weber River some time ago, was found yesterday afternoon on a sandbar, about two miles west of Ogden. The body was very much decomposed, but was recognizable. An inquest was held on the remains, and they were then committed to the earth.

Travel over the various railroads has considerably increased the past few days.

B. White, Esq., lumber merchant, has just returned from a business trip to the east.

Arizona Items.—Following is an extract of a letter written by Elder John Reidhead, formerly of Provo, but now a resident of Sholo Creek, Arizona:

"The health of myself and family is good, and peculiarly we are getting along very well. I never have lived in a healthier country and am well satisfied with it.

"We have had a beautiful winter, not uncomfortably cold. The climate is not very hot in summer. We have pure air and excellent water, good lumber for building purposes, and a good supply of wood for fuel. Also plenty of grass for our stock, all the year round, without having to cut and cure it as they do in Utah. We can raise good crops without having to irrigate, which is another great saving of labor. The country is well supplied with wild game. We are surrounded by Indians and Mexicans, who seem very friendly."

District Court.—Tuesday afternoon, April 15, 1879, Judge P. H. Emerson, presiding.

People, etc., vs. Geo. White, indicted for grand larceny; trial by jury, verdict of guilty.

Wednesday morning, April 16. People, etc., vs. Thomas Reid et al.; defendant T. Reid called three times, and bondsmen called three times. Bond forfeited. Trial of defendant, Gifford, set for Saturday morning.

People, etc., vs. Claud Remington et al.; cause dismissed as to defendant Remington.

United States vs. John Miles; motion to continue cause allowed, and the trial set for April 28, 1879, to have precedence of all other cases set for that day.

People, etc., vs. H. W. Cole; defendant arraigned and pleads not guilty.

People, etc., vs. Chas. Smith and Albert Cain; two cases; defendants arraigned and plead not guilty.

People, etc., vs. Matthew French; defendant arraigned and pleads not guilty.

People, etc., vs. J. H. Sagihorn; same order. Defendant's true name J. H. Sagehorn.

United States vs. Wm. Galbraith; indictment dismissed on application of district attorney.

City Council.—Proceedings at the City Council on Tuesday evening, April 15th, 1879, Mayor Little presiding:

A petition was received from a number of greengrocers, stating that a certain party, having but an ordinary merchant's license, is in the habit of peddling greengroceries around the city by means of wagons, to the injury of the business of the petitioners. Received and referred to the marshal for investigation.

A petition was received from C. E. Wallin, in behalf of the Salt Lake Driving Park Association, asking an auctioneer's license for one year. Petition received and the prayer thereof granted.

The committee on streets and alleys, to whom was referred the petition of Z. Snow and others, in opposition to the contemplated grading of the sidewalk on the north side of Second South Street, between East Temple and First East Streets, for the reason that said grading would injure the business interests of the storekeepers, reported that they had fully considered the matter in all its bearings; that as the corporation in making improvements for the benefit of the whole people, could not discriminate in favor of certain individuals, they therefore recommended that the prayer of the petition be not granted, but that the work of grading proceed as soon as practicable, and that parties desirous of doing their own grading have the privilege of doing so.

The committee on claims, to whom was referred the quarterly report of the street supervisor, reported that they had examined the same and found it to be correct, and recommended that it be adopted. The report of the committee was received and adopted.

The merchant's license fee of Antoine Halsett, a blind man, was remitted for twelve months.

The committee on municipal laws reported a bill for an ordinance relative to opium smoking, and one regarding the licensing of billiard tables and pin alleys.

The first bill was read and passed to its second reading, when it was ordered printed. The second bill was also read and ordered printed.

The Council adjourned till next Tuesday evening, at 7 o'clock.

FROM THURSDAY'S DAILY, APRIL 17.

Lost.—A pair of silver bowed eye-glasses, engraved R. W. on one side, and L. T. J. on the other. The case is of tortoise shell. They are a relic in the family of a poor man, whom the finder will greatly oblige by leaving them at this office.

Sericulture.—We are requested by Brother Daniel Graves, of Provo, to state he will be at Tooele City on Sunday, April 20th, Lakeview Tuesday, the 22d, Grantsville, Wednesday, the 23d, and at E. T. City, on Thursday, the 24th. Brother Graves is active in promoting the silk industries of the Territory.

Supposed Suicide.—We learn that a man by the name of Thomas Evans, a Welshman aged about 36, who has been in the employ of the Chicago Smelter, near Rush Lake, Tooele County, committed suicide by drowning himself in the lake, while under the influence of liquor. The body was found yesterday morning. His relations are in Baltimore.

District Court.—Thursday morning, April 17, 1879, Associate Justice P. H. Emerson presiding.

People, etc., vs. M. M. Schwartz; indicted for obtaining property under false pretense; by consent cause continued for term.

Haydon vs. Carber; cause dismissed on motion of plaintiff.

People, etc., vs. Chas. Smith and Albert Cain; indicted for burglary; trial by jury in progress.

The Utah Southern Extension.—The following is from the Prescott (Arizona) Enterprise of the 27th ult.:

"The Utah Southern Railroad is rapidly approaching Arizona, and it is expected that before the end of the present year it will have entered the Territory, and sometime during the next year reach Prescott, where it expects to connect with the branch of the Southern Pacific to be by that time completed from Maricopa Wells to this place."

Juvenile Instructor.—Another number of this valuable paper is out. The frontispiece is a representation of the battle of Sempach and the death of Arnold Winkelried, which is well told, in language clear and comprehensive. Article on Joseph the Prophet; the Pyramid of Gizeh; Suggestions to Y. M. M. I. A.; Message from an Indian Prophet; interesting dialogues and the usual quota of correspondence and other items, are found inside. "Kind Words are Sweet Tones of the Heart," is the musical contribution, to be found on the last page. It is a very interesting number.

Broken Arm.—From an Ephraim correspondent, we learn that Sister Sarah Jolley, of Moroni, a lady of 67 years of age, left her home on the 13th inst., with her son, to witness the ceremony of laying the corner stones of the Manti Temple. In crossing a ditch at a lively speed she was thrown from the buggy and her left arm broken just above the wrist, which was also dislocated. Her son returned with her to Ephraim, and Dr. Crockwell set the fractured member and dislocation. She was made so comfortable that she continued her journey and had the pleasure of witnessing the ceremonies at the Temple, and returned home feeling firstrate and her arm in a very favorable condition.

"Enquirer" Items.—Mr. Charles Tietzen and Miss Nettie Halliday, both of Santaquin, were married last Thursday.

Two inches of snow fell at Silver City, Tintic, last Tuesday. Prospects fine for good times in the district.

The B. Y. Academy started out on its fourth term of the present year last Monday, with 103 students registered and more expected during the week.

Fishing on Sunday was the offence for which several men and boys were fined \$5 each, in Provo this week. 'Tis well.

A correspondent from Heber City writes that rain and sunshine alternately is the present state of the weather there. It was good for the crops, which

were all in but potatoes. Grass and lucerne looked better than ever known in the region, so early in the season.

The Pima Indians, Arizona, are engaged in a civil war.

A recent storm at Manti has made the future for the crops more cheering. On account of the impending drouth, wheat had advanced 15 cents on the bushel, but the rain caused it to recede to 55 cents. General health good.
