Since Mr. Beecher told how Sam, Wilkeson sat up in bed in his flannel night-shirt and wore until everything in the room was lit, there has been a talk in New York of getting up a joint-stock company for utilizing Sam's profanity by putting it up in a comic package and selling it for a cheap substitute for indigo.

An ode to spring:

Wet, wet, wet, blithful sprig: Happy blades and dewy leaves, Puffing about free to tree to tree, Filling the air with melody.

The brooks do break their icy bars, And rushing, tearing through the laes, Break down the ice and make a roar, As though they were caught but snoring.

Wishes which its stories and shows, Has gone, but left a goodie by dose; The sky and people all are glad, And every wind says "Cheer up on—choo."

IMPORTANT TO THE TRAVELING PUBLIC.

It is the duty of all persons before starting on a journey to ascertain by what route they can reach their destination with the least trouble, and if there are two or more roads leading to the same point, to decide which is the safest and pleasantest to travel.

We take pleasure in stating that the CHICAGO & NORTH-WESTERN RAILWAY is the oldest and safest of the short routes between Omaha and Chicago. Within the past two years the road has been put in admirable condition, and almost the entire line has been re-laid with steel rails.

The Depot in Chicago is centrally located, and as their trains arrive there thirty minutes in advance of all other lines, passengers can always be sure of making Eastern connections.

Close connections are made at Chicago with the Lake Shore & Michigan Southern, Michigan Central, Baltimore & Ohio, Pittsburg, Fort Wayne & Chicago, Rock Island and Pan Handle Routes, for all points EAST and SOUTH-EAST.

If you are going to Chicago, or East, you should, by all means,

# purchase your tickets by the Old Pioneer Route.

The Chicago and North-Western. You will find on all through trains Pullman Sleepers, and magnificent Day Coaches, and the best Smoking and Second Class Cars now on any road in the United States.

Particular information with maps, time tables, etc., may be had at any of the Through Ticket Offices in the West, or upon personal or written application to J. W. Irons, Ticket Agent, Salt Lake City, A. H. Earl, Ticket Agent at Ogden, or to J. B. Mountain, Western Traveling Agent, Omaha, Neb., or to W. H. Stennett, General Passenger Agent, Chicago.

ONE-THIRD ACTUALLY SAVED.—Economical housekeepers should know that Dr. Price's Cream Baking Powder is a perfect powder, and as such is very light, and that those powders which weigh heavy by measure, teaspoonfuls, and not by weight, the heavier ones being less effective and more expensive.

Dr. Price's cans are the same size, hold the same number of teaspoonfuls as others, and as two teaspoonfuls are only needed when three of the others are required, it will be perceived that there is in its use an actual saving of one-third: that two cans of Dr. Price's go as far as three cans of the common kinds.

Dr. Price's Powder is not sold in bulk; it can only be found pure when bought in cans securely labelled.

Local and Other Matters.

Thermometer 72 degrees F in the shade at 1 p.m. to-day. Fine.

On Time.—The U. P. train West is on time to-day.

Information Wanted of James Chalker, formerly of Bridgeport, Dorset, England. Address James T. Flahman, Post Office, Salt Lake City.

Amputation.—Yesterday David Heaps, employed at the Utah Central depot, while unloading some cars, had the middle finger of his right hand mashed so badly that amputation was necessary, the operation being performed by Dr. Bendict.

The Wiggins Examination.—The examination of Wiggins, for the killing of John Kennedy, which commenced yesterday afternoon, before U. S. Commissioner Nathan Kimball, has been proceeding the most to-day, at the jury room of the Federal Court House.

Theatre.—The celebrated Jackey Family, accomplished acrobats and gymnasts, on Thursday commence a series of four nights of their wonderful performances at the Theatre, which every lover of elegant physical exertion will be anxious to attend. The advertisement and the bills will give the public some idea of the nature and excellence of the feats which will constitute the entertainment.

St. Mark's Hospital.—We see by the report of this benevolent institution for the year ending April 30th, 1875, that the expenditures during that time were \$10,358.57, the receipts being \$547.00 less, leaving the latter amount due the treasurer. These figures do not include the net proceeds of Mr. D. R. Locke's (Nash's) lecture at the Theatre, for the benefit of the hospital, which amounted to \$155.30. It is gratifying to note that the hospital is so liberally sustained, although it was a trifle in debt at the close of the last fiscal year.

Wanton Cruelty.—About a month ago Mr. Malcolm Macduff turned a mule out upon the mountain north of the city, near the Warm Springs, and recently the poor beast was found with one of its hind legs dangling, having been shot and the limb broken by the bullet. This was a wantonly cruel and malicious act, committed by some destructive and unfeeling wretch, who, if he should be discovered, ought to be severely dealt with.

Codling Moths.—To-day Mr. George Luff, of the 20th Ward, exhibited to us some specimens of the genuine codling moth, which he took pains to have produced where he could watch the process for the sake of information. He placed a number of the grubs in the folds of some cotton flannel, under a tumbler. The grubs produce a chrysalis or cocoon, out of which in process of time the moth makes its appearance. The moths lay the eggs, from which the worms or grubs are produced, and the grub produces the chrysalis and moth, and it is stated that this process is repeated three times in one season, making three distinct crops of the pests in a year.

A Trip Over the Utah Western.—Yesterday Presidents Brigham Young and D. H. Wells, Apostles John Taylor, Orson Pratt, Kristus Snow, George A. Cannon and Albert Carrington, Bishop Edward Hansen, John R. Sharp, President of the U. C. S. R., Frederick Little, Superintendent of the U. S. R. R., and other leading citizens took a trip over the Utah Western Railroad, to the end of the track, Half Way House and back.

On the return the party stopped at the Clinton House, and went on board and inspected the steamer City of Corinne.

Col. H. F. Kimball, Superintendent of the road, accompanied the

# party on the train. The condition of this line is indicative of the energy and enterprise of the officers and Company. The road is smooth, and the rolling stock, which is quite extensive, is as good as need be.

An Important Matter.—On Saturday we alluded to the fact that after Wiggins, who killed John Kennedy, had been arrested by the city police, and after affidavit had been made against him, pending his preliminary examination before Justice Pyper, a warrant was issued by a U. S. Commissioner, placed in the hands of a U. S. deputy marshal, who, by authority of this writ, made a demand upon Chief of Police Burt for the prisoner, who, by the advice of prosecuting attorney Snow, was accordingly surrendered.

By what authority the demand was made and the investigation conducted before the aforesaid Commissioner it would puzzle anybody to tell. The U. S. law generally known as the "Poland Bill" is the source of all the authority possessed by a U. S. Commissioner in this Territory, and is the power that even created the office so far as this Territory is concerned.

That law gives the Commissioners and U. S. Marshal no such authority as was exercised on Saturday, a Justice of the Peace having just a good authority to issue a warrant for a prisoner arrested and held by the U. S. Marshal pending an examination before a Commissioner.

The "Poland Bill," anti-republican as it is, does not confer any additional authority upon a U. S. Commissioner than can be exercised by a Justice of the Peace, and not so much, the jurisdiction of the former only extending so far as Territorial business is concerned, to that of committing magistrates.

The authority of the U. S. Commissioners is derived from Section 6 of the Poland Bill. Here it is—

That the Supreme Court of said Territory is hereby authorized to appoint Commissioners of said Court, who shall have and exercise all the duties of Commissioners of the Circuit Courts of the United States, and to take acknowledgments of bail and, in addition, they shall have the same authority as examining and committing magistrates in all cases arising under the laws of said Territory as now possessed by Justices of the Peace in said Territory.

How the foregoing can be construed into authorizing U. S. Commissioners to set aside and override the authority of locally appointed and elected officers it is difficult to see, and it is difficult also to see why such demands as those of Saturday are complied with, the demand being apparently not only without the authority, but destitute of the coloring of law.
