To the Citizens of Utah:
Recognizing the vital importance of
the peace movement instituted by dis-
tinguished humanitarians, and prom-
oted by lovers of mankind in all the

time opportune for the forwarding of
this worthy cause in the State of Utah

In accordance herewith, there is
hereby called a meeting of all the citi-

W. S. McCORMICK IS PRESIDENT

He Heads the Re-organized Utah
Implement Company Which
Files Articles.

The re-organization of the Utah Im-
plement company under the name of
the Utah Implement Vehicle company,
was completed today by the filing of
articles of incorporation of the new
company with the county clerk. The
capital stock of the company is \$250,000,
divided into shares of the par value of
\$100 each. W. S. McCormick is presi-
dent; Elmer B. Jones, vice president;
John Q. Critchlow, secretary, treasurer
and manager. These, with A. B. Ir-
vine of this city and J. C. Groendyke
of Chicago, constitute the board of di-
rectors. The first four named own
share each of the capital stock, while
Mr. Groendyke, representing the eastern
creditors of the old company, owns
1,496 shares. The company suc-
ceeds to all the property of the old
company, which is valued at \$250,000.
The new company shows up strong
with W. S. McCormick as the president
and John Q. Critchlow as secretary
and treasurer. A letter was received
from Mr. Groendyke at the same time
as the amended articles of incorpora-
tion, stating his regret at being un-
able to be in Salt Lake at the present
time, and leaving everything in the
hands of the present manager, Mr.
Critchlow. The permanent position of
general manager has been tendered to
Mr. Critchlow, and while he appreciates
the compliment, and for the time
accepts it, he hardly feels able to ac-
cept the position permanently, as it
would conflict with other plans he has
in view. Mr. Critchlow says the re-
organized concern will now go right
into the implement field after its share
in the business of this territory, and
propose to become one of the strong-
est houses in the west.

M'NITT'S RECORD VACATION TRIP

Auditor of Oregon Short Line Re-
turns to His Desk After
Many Months.

C. J. McNitt, auditor of the Oregon
Short Line, returned today from an ex-
tended vacation trip. Mr. McNitt, who
has been absent from the city for sev-
eral months, is accorded the distinction
of possibly having been given a longer
vacation than any other railroad official
in active service in the west. It was
not a case of ill health, simply one
where his services had been recognized
by the company. While away, however,
Mr. McNitt visited San Francisco and
looked into accounting matters in re-
lation to the affiliated lines for which he
is auditor.

During his absence from this city,
the duties of his office have been look-
ed after by John Cruikshank, chief
clerk of the passenger accounts, who to
all intents and purposes has been acting
in the capacity of auditor for months
past.

WILL REORGANIZE ROAD.

Toledo Terminal Will Be Bld in on
Foreclosure Proceedings.

New York, May 17.—Practically all
the bonds of the Toledo Railway Ter-
minal company, it is announced, have
been deposited with the Columbia
Trust company as depositories for the
re-organization committee. The sale
of the property at foreclosure is to be
placed on May 28, and several
members of the re-organization com-
mittee will go to Toledo to attend the
sale. An upset price of \$2,000,000
has been fixed by the court and as
far as the committee is concerned, the
property will be sold for a figure not
much above that sum. Before the
foreclosure it is expected that a pro-
vision will be made for the present
bonds to be exchanged for bonds of
the Terminal company backed by
leases of the property to several of the
roads entering Toledo.

WORK ON WESTERN PACIFIC.

Gap Being Filled Up on East Side of
Winnemucca.

Reports from Winnemucca state
that the contractors for the big con-
struction job on the Western Pacific
line, which will close up the gap be-
tween the contracts previously given
out easterly and westerly of that
town, have been let to the firm of
Machinists and a trainload of
machinery, tools, supplies and labor-
ers is due there now. The outfit has
been shipped from Omaha. Ground
for the construction camp has been
cleared, and work will be commenced
immediately upon arrival of the outfit
and laborers. The contractors expect
to start work with a force of 800 men,
and will increase the number as re-
quired. It is said that a large number
of the common laborers will be ne-
groes, it being impossible to secure
sufficient white men sufficient to
do the work.

The work is expected to cover about
15 months, when it is hoped to have
the entire line completed from Salt
Lake City to the coast. The track
has already been laid from this city
to the Nevada state boundary, and
work is being done on both ends
and in the middle, and indications
now are that the company will be
able to complete the line from San
Francisco to Salt Lake by July, 1903,
as anticipated.

The last contract for construction
of the line was let about a month
ago to the Utah Construction com-
pany. This contract included the part
of the line from Death to the Nevada
California line. The Utah Construc-
tion company has built that part of
the line which has been completed
and their latest contract gives them
supervision of the construction of the
line from Salt Lake to Oroville, Cal.,
a distance of 725 miles.

MAUD'S SUIT CASE HAS BEEN FOUND

Streetcar Company Will Use it as
Evidence in Damage
Suit.

Maud C. Elliott brought suit
against the Utah Light and Railway
company a few days ago for \$142.50.
This was to pay for a suit case she
lost on a Rio Grande car March 7.
The itemized bill as submitted by Miss
Elliott was as follows: Pongee suit
case, valued at \$35; white dress, \$10;
four shirt waists, \$6; safety razor, \$5;
silver manicure set, \$10; ebony toilet
set, \$25; chicken skin gloves, \$10;
neck chain and locket, \$10.50; two
suits men's silk under wear, \$16; pair
men's link cuff buttons, \$6; two pair
ladies' shoes, \$9.95; one pair gloves,
\$1.50; total, \$132.50. With value of
suit case, \$142.50.

There is a new development in the
case not the suit case. David Kemp,
who lives in the Realty block, boarded
a Rio Grande car March 7—the very
same car that Miss Elliott was on. He
was accompanied by a young lady and
when they got out at the depot, he
thought was his companion's suit
case. Later in the evening he discov-
ered his error and turned the value
over to Officer Pierce.

It was taken to a lock-smith and
opened. Inside were a few articles of
wearing apparel, which according to the
police might possibly be valued at \$10,
grip included. Check book bearing
Maud Elliott's name was found also,
and this did away with all doubt of
its ownership. The car company now
has the suit case and like fighting fire
with fire will fight a case with a case.
With such evidence in hand, the com-
pany is confident that the court will
find in its favor. The suit is set for
May 21, at 10 o'clock in the forenoon
in favor of the defendant and whose
name is Maud.

SEEKS \$10,000 DAMAGES.

Lazarus Pappas Sues City on Account
Of Street Accident.

Judge Lewis and a jury are today
hearing the evidence in the case of
Lazarus Pappas against Salt Lake City.
Pappas is suing the city for \$10,000 as
damages for injuries received by him on Oct. 1,
1900. He claims that he was attempt-
ing to drive over a crossing after an
excavation in the street at the en-
trance to Lehi Burnan avenue, when a
part of the ditch caved in and his
wagon was tipped over, throwing him
to the ground and severely injuring him.

VERDICT FOR DEFENDANT.

Jury Finds Cavalry Has No Cause to
Expect Compensation.

The jury in the case of Francis L.
Cawley against the Utah Light & Rail-
way company, which was tried in
Judge Lewis' court, has returned a
verdict in favor of the defendant. The
action was brought to recover dam-
ages in the sum of \$10,000 for personal
injuries alleged to have been received
by plaintiff on July 15, 1900, while rid-
ing on a Waterloo car. He claimed
that he gave the conductor a signal
to let him off before the car rounded
the curve at Fifth East and Fifth
South streets, but the car failed to
stop, and while he was on the platform
waiting to get off the car went around
the curve at such a speed that he was
thrown from the platform and was
severely injured. The jury found that
he had no cause of action against the
company, and returned a verdict in the
company's favor.

PILGRIMAGE OF THE UTAH PIONEERS SIXTY YEARS AGO TODAY.

MONDAY, MAY 17, 1847.

At half past 5 o'clock the thermom-
eter stood at 87 F. A moderate west
wind prevailed, with clear sky. One
and three-quarter miles brought the
pioneers to the bluffs, where they were
the third time compelled to ascend
gradually through the sand; and after
about three-quarters of a mile, descend
again upon the bottom. On the east
edge of these bluffs, they crossed a

rapid stream, about eight feet in width.
They traveled during the forenoon six
and three-quarter miles, and by the
reflecting circle determined the latitude
to be 41 degrees 12 minutes 50 seconds.
In the afternoon they traveled six
miles; hence 12 miles during the day,
and they had passed over quite a num-
ber of small, clear streams with sandy
bottoms. The prairie in places was
somewhat wet, affording a luxuriant
growth of grass.

court, together with the petition of
Henry Hooper asking for letters testa-
mentary as provided in the will. The es-
tate consists of a house and lot in
this city and \$1,000 cash on deposit in a
local bank. There are four heirs to the
estate.

In a decision handed down by Judge
Morse in the case of Annie F. A.
Hilton against Elizabeth Geoghegan
et al., plaintiff demurred to the plea
in abatement interposed by the de-
fendants was sustained. The case will
therefore be tried on its merits. It was
brought by Mrs. Hilton to recover her
dower interest in real estate sold to
defendants by Dr. John R. Park with-
out the consent of Mrs. Hilton, whom
the supreme court has held to be the
legal widow of Dr. Park.

COURT NOTES.

L. M. Meyer has filed suit for di-
vorce in the district court against Cora
S. Meyer on the ground of desertion.
They were married in New York in
1893 and it is alleged that Mrs. Meyer
deserted her husband in Cleveland, O.,
in 1901. They have one child.

The case of Agnes G. Boley against
Sheffield C. Frank Emery and his bond-
smen will probably be concluded this
afternoon in Judge Ritchie's court.
Mrs. Boley is suing to recover dam-
ages in the sum of \$20,000 for an al-
leged false arrest on Sept. 18, 1900.

The supreme court today heard ar-
guments in the following cases, and
took them under advisement: C. D.
Rogers et al., appellants, vs. the Rio
Grande Western Railway company;
ex rel Don C. Pullmer vs. the town
of Mapleton; M. N. Everett vs. R. H.
Jones, appellant.

An action for divorce has been filed
in the district court by Nellie Arnold
against Louis Arnold on the ground of
failure to support. They were married on
Feb. 7, 1900, and it is alleged that ever
since that date the defendant has failed
to support plaintiff. She asks to be al-
lowed to resume the name of her for-
mer husband, Davidson.

Anna Anderson has filed suit for di-
vorce in the district court against Al-
bert E. Anderson on the ground of non-
support. They were married on July 15,
1896, and it is alleged that defendant
has failed to support plaintiff since last
New Year. Plaintiff asks for \$100 as
attorney's fees and also for court costs.

A petition has been filed in the pro-
bate division of the district court by
Melvin R. Miller, asking that the will
of Mary E. Shurtliff, who died at
Murray on May 6, 1901, be admitted to
probate, and that he be appointed as
executor of the same. The estate con-
sists of a loan of \$1,000 made to the
Miller-Cahoon company, and \$24.11 in
the bank.

The will of Annie Bull Hooper, who
died in this city on April 16, 1901, has
