#### WOLSELEY'S SUCCESS

THOSE journals which thought it was just the thing to find sault with Wolseley, the British commanderin-chief of the foress sent against Arabl, while he was cautiously yet certainly following up the Egyptian chief to a place where he could swoop down upon bim like an eagle, are now playing another tune upon the name the victorious general. He now one of the most saganious military leaders of the age; his apparent tardiness was only proof of his prudence; all his seeming faults are turned into soldierly virtues; and he is a great conquerer instead of a dilatory featherbed. Such is the influence of success. The encomiums passed upon the victorious General are no doubt well journey. And he had just as much
