MAHMOUT NEEDS ALL OF HIS SKILL

Some Interesting Facts About Turk by Wrestling Expert.

GOTCH HAS THE MOST SPEED.

Big Fellow Will Have Hard Struggle When He Meets American Mat Champion.

(By Lloyd K. Jones.)

What will be the result when Gotch meets Mahmout?

This is a gentle little puzzle that has got stuck somewhere in the convolutions of mat fans, and they are vainly gnawing for a solution.

The dope is still in a hazy state, but Frankie boy is back in the states, and I dare say Frank has in his steamer trunk some documents from Beel, Americus, Olson and others, who know just about what ought to happen when the husky Kloof from Humboldt grapples with the sultan's own.

Not wishing to take any false stand as a propuet, I will outline herewith my own notions of this coming match. I feel just as confident that Gotch should win as I felt when he tussled it out with Hackenschmidt, although Mahmout seems to be a greater possibility than was Hack, if for no other reason than that we have seen Mahmout in wrestling over the long course and can speed and about the saffron streak.

Without having recourse to the exact time, I know that it took the Fatima kid something like half an hour to an hour to push over our very best. Then there was that rather peculiar affair with Leo Pardello—not this latest one, but the first one, in which Leo did not go down three times in 30 minutes, as acted. However, I presume Mahmout was instructed to let Pardello "stay," because Leo is a good card and is supposed to be very ambitious and rough. As a square match, I dare say, a fast every five minutes would be his jos portion at the hands of Mahmout, even if the Turk isn't quite all he's touted to be.

However, the point stands out that Mahmout's mute does not look as classy today as does the one you and it is possible that Beell, Olson, Americus et al, permitted the Turk to turn them a little more readily than might have been done under other conditions. I do not mean to state, or even intimate, that Mahmout could not throw these boys, but I claim it looks as though they were tossed a little sooner than they had to be—for an object.

When I set down the statement that the wrestling fraternity of America worships at the shrine of Gotch I might be accused of trying to shoot across a little Laura Jean Libbey mysteria, but the fact remains just the same that they all like Frank and would take a one-trip ticket over the Styx for the Iowa boy.

Just why this obtains is a long story—and one that should remain locked up in the sacred archives of the mat game, but there have been reasons, good and valid, to make this condition actual. I might say that Gotch, who has had the power and the opportunity to terminate the mat career of many an aspirant, has refused to take advantage of his position, and has made more good wrestlers than any other man in the states.

Seeing they were against a winner, or against a rival whose prowess was no nearly like their own, these wrestlers who lost to Mahmout very likely let themselves slip, so as to cover on any "dope" the big Turk might get on Frank. That is, he would figure that if Gotch worked an hour to throw Beell, and he tossed Fred in 30 mminutes or so, he must be better than Gotch; and this has come to look especially real with three of our cleverest men falling before the Buck of the Balkans.

One thing we know with relative finality; Gotch is coming back to get his medings if the Turk can hand him the transfer—and if the latter-named gentleman has miscalculated, there will be the sound of lamentations about the harems, as well as about the marketplaces of Constantinople, or wherever the turban boys hang out.

TWO BIG FISH.

One trout weighing 7½ pounds and another tipping the scales at 8¾ pounds, attracted a large crowd of the window of the Western Arms & Sporting Goods store on Main street yesterday afternoon. The larger one was caught in Jordan river by R. T. Clark, Sunday, and he used a Colorado spinner. The other was dragged from the waters of Big Cottonwood stream by Dave Love, who used a 10-cent flen and single leader.

BOXERS WORKING HARD.

Mantell Getting in Shape at Murray And Tippets Training Here.

If Frank Mantell and Jack Tippets do not put up a lively contest when they meet in the squared circle at Murray on the evening of Feb. 22 it will not be because they are not in good condition physically for a grueling mill. Both fighters are working hard to get into the best possible shape and that they are succeeding is shown by their training stunts daily. Mantell has made a great impression at Murray where he is at work and Tippets has won many friends here. The training quarters of both boxers are crowded daily.

SALT LAKE SHOULD HAVE AN AUTO SHOW

Why don't the automobile dealers of this city get together and hold an automobile show? This question has been frequently asked during the past few days and when one comes to think of it, there is really no good reason why Salt Lake should not have a show of this kind. There are many high class cars in the city of almost every standard make and it seems that agents for big eastern dealers would not be averse to help the movement along once it is properly started. In addition to the many handsome cars on hand at the various agencies and garages there are scores belonging to citizens who would be glad of an opportunity to exhibit them.

In other cities these shows are very popular. They have been in Denver and in other cities and they have proved interesting and successful and Salt Lake should have one. If the dealers will get together and boost this town can have a show worth boasting about.

MAYOR AND MIRROR BASEBALL MAGNATES

Chicago, Feb. 15.—Baseball magnates representing major and minor leagues from all parts of the United States invaded Chicago today to attend the meeting of the American and National leagues, to be held tomorrow. In all probability the sessions will extend into Thursday. The disagreements between President Harry Pulliam of the National league and President Murphy of the Chicago National League club will be discussed, and while it is not probable that the members of the national commission will enter the controversy to the extent of passing judgment, it is almost certain that the opinions voiced by the magnates will indicate the feelings of the men who guide the destinies of the national game.

The opening session will be held tomorrow afternoon when the adoption of schedules will be the most important business under consideration. The committee appointed last fall to investigate the reported attempt to bribe Umpires Klem and Johnstone at the time of the famous tie game between the Chicago and New York Nationals will report early in the session. President John T. Brush of the New York team is the chairman of the committee, which will also meet here tomorrow.

DON'T LIKE SCHEDULE.

Lincoln, Neb., Feb. 15.—The Western league of 1909 season will open April 29 and close Sept. 26, according to the schedule made out by the club owners last night here. The schedule committee had prepared a schedule which it was supposed would be adopted with little discussion. However, owner Burke of Denver arrived last night and, discovering that Denver had few games during midsummer, the best of the tourist season, he protested against the committee schedule so strongly that a new one was made. Topeka opens at Lincoln, Omaha at Denver, Sioux City at Wichita and Des Moines at Pueblo.

Topeka, one of the new acquisitions of the Western league from the Western association, has no holiday games at home, nor has Wichita. Wet spring weather last year induced the postponement of the opening of the season for two weeks later than the initial game of 1908.

YOUNG CORBETT WINS.

Schenectady, N. Y., Feb. 15.—Bob Wilson of Utica was saved by the bell from a knockout in the tenth and last round of his bout with Young Corbett before the American Athletic association here tonight. Corbett did nearly all the leading except in the sixth round, when Wilson had him going.

Wilson was in better physical condition than his opponent, but the latter proved his ability to take plenty of punishment.

ATTELL AND DRISCOLL.

Come to An Agreement for a Ten Round Fight.

New York, Feb. 15.—Agreement was finally reached today for a 10-round bout between Abe Attell, champion featherweight of the world, and Jem Driscoll, featherweight champion of England, next Friday at the National Athletic club. A match had previously been arranged, but the fighters balked on the weight and the bout was declared off. Today it was agreed to weigh in at 122 pounds at 6 o'clock on Friday, each fighter posting a forfeit of $500 in case he fails to make the weight.

DORANDO VICTORIOUS.

Louisville, Ky., Feb. 15.—Dorando Pietri, the Italian runner, tonight defeated a relay team of four local runners in a 15-mile race. His time was 1:27:42, over a track of 12 laps to the mile.

MORAN BEATS LANGDON.

Philadelphia, Feb. 15.—Owen Moran of England and Tommy Langdon of this city met in a six-round boxing match before the National Sporting club tonight. Langdon was outclassed by the Englishman, and was unable to land with any effect, while Moran simply smothered the Philadelphian with swings, jabs and hooks.

SOLDIER BALKS DEATH PLOT.

It seemed to J. A. Stone a civil war veteran, of Kemp, Tex., that a plot existed between a desperate lung trouble and the grave to cause his death. "I contracted a stubborn cold," he writes, "that developed a cough that stuck to me, in spite of all remedies, for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery which restored my health completely. I now weigh 178 pounds." HARD COLDS.

People whose blood is pure are not nearly so likely to take hard colds as are others.

Physiology goes into the reason.

Hood's Sarsaparilla makes the blood pure, causing healthy action of the mucous membrane and giving strength and tone to all the organs and functions.

This great medicine recovers the system after a cold, as no other does. 7

PORTLAND GATEWAY.

Right of Northern Pacific to Close It To be Investigated.

Chicago, Feb. 15.—Interstate Commerce Commissioner Prouty will begin an investigation tomorrow in Chicago on original motion by the commission, into the passenger traffic situation in the Pacific northwest. This action is to determine the right of the Northern Pacific railroad to close the Portland gateway to through business over the Harriman lines.

The case is important in that it will go far toward determining the power of the commission to order through rates and compel railroads to join in through tariff. It incidentally tes right of a traveler to buy a through ticket over two or more through lines which reach his destination is also brought into discussion.

COOLEY WILL RECONSIDER.

Chicago, Feb. 16.—Edwin G. Cooley, has consented to reconsider is resignation as superintendent of schools His final word on the matter will be placed in the hands of President Schneider by tonight. Members of the school board who conferred with him during the day are hopeful that Mr. Cooley will decline the presidency of Boston publishing house and remain in Chicago.

This unexpected turn of events came to light last night at a special meeting of the board called to consider Mr. Cooley's letter of resignation.

A resolution was finally adopted calling upon him to withdraw the resignation. Mr. Cooley, visibly affected by the trustees' insistence, made his announcement that he would withdraw his decision and give his final answer to President Schneider within 24 hours.

A RARE BIRD.

Federal Officials Save the Life of a A Peregrine Falcon.

Washington, Feb. 16.—Owing to the timely interference of federal authorities, the life of a large bird of prey which makes her home in the grey tower of the postoffice building of this city, and which has made victims of many pigeons and other small birds during the past month, was saved yesterday.

William M. Mooney, disbursing clerk in the department, had gone to the postoffice building armed with a permit from the chief of police and a shotgun, to shoot the bird, when he got word that the permit had been revoked on application of Dr. T. S. Palmer of the biological survey. The latter told the chief that the bird, supposed to be an ordinary hawk, was a specimen of the rare and valuable peregrine, or wandering falcon.
