reached that such a trip should be taken. If the plans carry-and the enthusiastic manner in which the choir has taken hold of the matter is a guarantee-the choir will leave this city the latter part of June, giving concerts en route and a grand concert at the exposition.

The matter of entering the choral contest was not decided at the Thursday meeting, but will be taken up next week, when it is expected that there will be a full attendance of the choir.

After visiting the fair the trip will be continued by steamer, up the Mississippi river from St. Louis to Nauvoo, and from there the choir will go to Carthage and other points of interest connected with the history of the Latter-day Saints. This journey from St. Louis to Nauvoo will be one of the most interesting features of the trip.

In order that the reputation of the choir may be maintained, it will be necessary for all members to attend the rehearsals and become thoroughly familiar with the program that will be carried out. As is usual on such excursions it is expected that many who are not members of the choir will desire to take the trip. That they may secure a place it will be necessary for them to apply at once and make arrangements as early as possible that all details may be speedily attended to, and that no delays may occur. All those who desire to accompany the choir should confer with Prof. Evan Stephens or George C. Smith, the treasurer of the choir, who can be found at the Historian's office,
