Splendid Showing For Weber Orchards
—George W. Keopp Injured in
Rock Blast—News Briefs.

Ogden, September 23.—While saving her three small children from being dashed to death in a runaway, yesterday afternoon at about 4 o'clock in Riverdale, Mrs. Carlos Holst was dragged upon the ground for about half a block and received a number of painful injuries, but which it is thought will not prove fatal. The injured woman was brought to her home, 218 Washington avenue and attended by Dr. Green, who pronounced her and the injuries of the children as not fatal.

While Mrs. Holst was at the Riverdale flour mill she had occasion to step from the vehicle to the ground so that some articles she had purchased could be placed under the seat. No sooner had she alighted than a Union Pacific engine passed near the mill and the escaping steam frightened the horses, which dashed under the road. Mrs. Holst, who held the reins in her hand, hung to them and was dragged about 300 feet. The team was finally stopped, but not until after Mrs. Holst's three small children had been thrown from the vehicle.

The boy, who was seven years of age, was injured above the legs and it is thought that one has been severely wounded. The baby, which was eight months of age, has a number of ugly cuts upon its head which are thought will not prove serious. The little girl, four months of age, was thrown from the buggy, but escaped with a slight shaking up. Mrs. Holst was terribly bruised about the arms, face and body, but none of which is thought will prove serious. The injured were taken to their home in the city, where it was reported late last night that all were resting comfortably and were thought to be out of danger.

From Ogden, Riverdale, North Ogden and other towns in the county it is estimated that about 400 cars of fruit will have been shipped to Omaha and Chicago markets by the end of this month. The Ogden Fruit Growers' association has, up to today, shipped 100 cars of fruit, most of which were peaches. Individual packers and shippers have enjoyed a very profitable season.

In the fruit industry of the county it is very noticeable that the canning factories have not canned the quantity of peaches they did last year, but are devoting their time to tomatoes as well as peaches, apples, plums, etc.

A number of the fruit growers of Weber, Boxelder and Davis counties are making arrangements to leave for Kansas City during the latter part of the week to attend the National Fruit Growers' convention, which meets in that city beginning next Tuesday. Although it cannot be learned at this time who will go from this city it is stated that the county will have several representatives there who will also go to the irrigation congress, which meets in Albuquerque, New Mexico, the last of this month.

INJURED BY ROCK BLAST.
The condition of George W. Keopp, manager of the Rockledge, the canyon resort of J. S. Levis, who was injured Monday afternoon while blasting rock, is reported to be satisfactory and it is thought the man will not lose the sight of either eye as a result of the accident.

Mr. Keopp was clearing off a rocky point on the Rockledge grounds and had just "shot" at a ledge which seemed to have missed fire. Keopp started for the shot when it exploded and rock and dirt was hurled into the man's face. As soon as possible Mr. Keopp was brought to the city in an automobile by Mr. Lewis and taken to the office of Dr. S. L. Brick, the eye specialist. CUTTING AFFRAY.

Thomas Simonson Stabbed by Lorenzo
Lisonbee—School Opening.

Special Correspondence.

Monroe, Sevier Co., Sept. 21.—On Saturday night a sensational stabbing affray occurred near the school. The participants were Lorenzo Lisonbee and Thomas Simonson. Simonson had just arrived from the field, where he had been engaged with the thrasher, and was just stepping from his wagon when Lisonbee made some insulting remarks which caused Simonson to strike him. Some words passed between the two, Mr. Simonson caught hold of his opponent and commenced to choke him, whereupon Lisonbee, drawing a pen knife in his hand, inflicted three wounds, one on the lower part of the stomach about three inches long, and two others on the chest, all painful, but not dangerous.

Some long standing ill feelings had existed between the parties, and the whole affair was over in about two minutes. Mr. Lisonbee is now under bonds of \$1,000 on a charge of assault with a deadly weapon. The school opened today with a full corps of teachers, and a fair number of pupils, many being detained to help in the beet crop. A number of the ladies of this place met with the town board and requested that a license be not granted to establish a saloon in the town. The board expressed in very emphatic terms the dangers that beset the youth without further temptation. By unanimous vote, their request was granted, and the license refused.
