THROUGH MASON VALLEY. If Yerington has it figured out right that bustling little camp is to be put on the main line of the Southern Pa-cific. It is said the Southern Pacific is contemplating the construction of a line from Wabuska to Benton through Mason valley. This would offer the S. P. an opportunity of getting into Los Angeles by way of Hazen, elim-inating a hard olimb over the Whit-mountains, and doing away with an unprofitable piece of track. Mason valley is a good rich country and is watching every move carefully.
