MINING, BUSINESS AND STOCKS.

FAIR ACTIVITY ON THE EXCHANGE

Mining Stocks Were Rather Quiet With Prices Higher.

UPWARD TENDENCY MARKED

Grand Central, Daly-Judge and Wabash Climbed—Many Issues Showed Firmness and Strength.

There was only fair activity on the mining exchange this morning. A business involving 24,500 shares and $16,977 was recorded and while not many issues participated, prices generally showed strength and an upward tendency. The market is strong and the heavy "short" account covering not a few issues will cause rapid advances when the public demand for stocks, now noticeably on the increase, is fully developed. Many brokers and traders are "short" of Con. Mercur, Lower Mammoth, Mammoth, California, Century, Daly-Judge and Wabash and in view of the present conditions at those properties, they are seeking to cover without attracting attention. The present quietness of the market is largely due to a deliberate attempt of brokers and traders to cover short contracts before filling buying orders.

During the regular session today Bullion-Beck traded at $3.25 while Carisa showed considerable strength and Daly ascended to $2.02½.

Grand Central, between $6.10 and $6.20, traded to the extent of 300 shares and Lower Mammoth, in view of the fact that the mine is in elegant condition, declined a cent a share.

Mammoth from $1.37 advanced to about $1.42, although the stock was "shorted" by some traders. The condition of the company is such that a dividend for next month is stated to be probable.

On the curb 1,250 shares of Wabash was passed out to purchasers at prices from $2.40 to $2.58. Certain mining men conversant with the property were large purchasers this morning.

The session closed with the following quotations and transactions recorded:

FINE SHOWING IN THE WABASH

Ontario Vein Believed to Have Been Reached in North Drift.

ORE HOUSES ARE ORDERED.

Annual Meeting on 15th—Manager Treweek, Walter Wilson and J. M. Daugherty Coming Next Week.

Advices from a most reliable source in Park City are to the effect that on Sunday last the appearance in the north drift of the 600 level of the Wabash changed and that since then what is believed to be the wonderfully rich lost Ontario vein has been encountered. Samples of the ore that have found their way out are said to be similar to that taken from Ontario ground.

Colonel Daugherty, assistant manager of the company, when seen this morning, stated, "We are not giving out particulars of our operations any more and all I can say is that I suppose the account is correct as the north drift was looking fine on Sunday. The mine is a wonder and its future is absolutely assured."

It was learned this morning that work on the vein in the northwest drift has been prosecuted a distance of 70 feet, while considerable shipping ore has been broken down. The contract for 30,000 feet of lumber for the ore houses will be awarded today and it is hoped that they may be erected within 30 days.

The annual meeting of the Wabash occurs on the fifteenth in this city. Manager Wishon of the great Speculator mine in Butte is expected to arrive here in a few days, while Colonel Treweek and John M. Daugherty will arrive from the east a week from Saturday. Under the direction of J. G. Fariss, formerly with the Speculator company, the annual accounts of the Wabash are being audited.

THE HONORINE TUNNEL.

Big Drainage Avenue Now Driven Over 750 Feet.

Manager Snyder stated yesterday that the Honorine tunnel, which will, when completed, drain no fewer than 15 promising mining groups, is now under cover nearly 600 feet, while the open cut is about 200 feet long.

The big scheme is being pushed at a very considerable cost and to drive this tunnel to its termination over 7,000 feet will require the expenditure of about $250,000.

Manager Snyder further stated that work will be pushed with all possible energy and the owners of the mines surrounding the Honorine will be given some little time to consider whether or not they will take a part in the forwarding of the enterprise. "We will," said Mr. Snyder, "push work with all energy for a time but if fair treatment is not accorded us by other Stockton property owners we intend to abandon the enterprise until such time as all concerned will take their part of the expense."

GRAND CENTRAL SHIPMENTS.

Fine Ore Now Coming from the Recent Strike.

From the Grand Central the first shipment of first class ore from the new strike arrived on the market today. It consists of two carloads that will yield $90 to the ton according to mine assays. The mine is reported to be in admirable condition with another wonderful stope of high grade ore in sight besides the great ore bodies that have been involved in litigation.

The new tramway will be ready for operation within six weeks, when a constant stream of low grade ores will be forwarded to the smelters at a slight cost.

CONDITION AT MARTHA.

North and South Drifts Are Both in Shipping Ore.

Manager Snow of the Martha Washington stated this morning that a message from the mine states that the south drift, 250 level is now in the Antelope vein, and in shipping ore of fine quality. It was further stated that the showing is most gratifying.

From the north drift in the Martha vein, from which three carloads of ore have recently come to market another carload is being taken while the vein shows every indication of continuing and containing better ore. The present situation is considered by Manager Snow as extremely encouraging.

MINING NOTES.

Dr. Franklin has returned from a visit to the Neal district, Idaho.

Supt. Brown of the Old Colony of Tintic is up from camp on a visit.

The great Silver King will add another $100,000 to its dividend record next Wednesday.

The Con Mercur will distribute its September dividend in the sum of $30,000 on next Tuesday.

The Mammoth has five cars of ore and the Niagara (Garland lease) four cars, awaiting settlement today.

The Honorine (Brockbank lease) and the Martha Washington each have a car of ore on today's market.

Ore and bullion settlements in this city yesterday as reported by McCornick & Co., amounted to $47,700.

Another Manhattan assessment has been levied and the stockholders have been called upon for $5,000, or ½ cent a share.

Supt. Craig of the Yampa came up from camp last evening and reports development work to be progressing nicely.

Managing Director Holden and Gen'l. Supt. Allen of the United States company are expected from Colorado tomorrow.

Manager Rader of the Annie Laurie states that the enlarged mill is in full operation and that about 9,000 tons of ore will be treated monthly.

Grand Central first class ore to the extent of two car loads and Tonopah, to the extent of three carloads will be marketed tomorrow.

Manager McIntyre of the Mammoth reports that $1,600 gold ore is being taken out of the east drift $1,300 foot level, while the new strike may not last already several tons have been raised to the surface.

The Taylor and Brunton management reports the following shipments to have been sampled and sent to assay this morning: Eight cars from Tintic, three from Tonopah, four from Bingham and one from Stockton.

PRESSURE ON BULL LEADERS

Opening Dealings Showed Considerable Irregularity.

READING SCORED A LOSS.

Speculative Interest Shifted to Wabash Issues—There Was a General Decline All Around.

New York, Sept. 4.—Opening dealings in the stock market showed considerable irregularity and there was pressure against some stocks which have recently been bull leaders, notably Reading. U. S. Steel was about the only stock of prominence that maintained a consistent tendency, the price rising to 42⅝. Anaconda, Great Northern pfd., and North American gained 1½@2½; speculative interest shifted into the Wabash issues and blocks of many thousands of shares were bought, advancing the common and preferred 2⅝ and 2⅜ respectively. Heavy selling went on meanwhile in other stocks under cover of this bulge and eventually prices gave way very sharply.

Bonds were irregular.

Heavy sales of the coal stocks put Reading 3 points under yesterday's close, Norfolk & Western over 2 and Penna., 1⅝. The entire market declined gradually, with the Pacifics and Southern stocks notably weak. A rally to 1⅝ in Manhattan and a rise of about a point in the active coalers steadied the market at 2 o'clock. New Haven gained four points and Sloss-Sheffield steel 5½.

MONEY AND BONDS.

Money on call firm at 6 per cent. Prime mercantile paper 5@5* per cent. Sterling exchange easier, with actual business in banker's bills at 4.86.5@4.86.62.5 for demand, and at 4.83.875@4.84 for 60 days. Posted rates 4.85@4.85½ to 4.87½@4.88. Commercial bills 4.82@4.83.5.

Mexican dollars, 41.

Government bonds, steady. Ref. 2s, reg., 108¼; do. coupon, 108¾; 3s, reg. and coupon, 106¾; new 4s, reg. and coupon, 134¾; old 4s, reg., 108¾; do. coupon 109¾; 5s, reg. and coupon, 105.

Bar silver, 52¼.

SUGAR.

Sugar—Raw, firm; fair refining, 2⅞; centrifugal 96 test, 3 13-32; molasses sugar, 2⅝. Refined, firm; crushed, 5.15; powdered, 4.75; granulated, 4.65.

LIVE STOCK.

CHICAGO.

Chicago, Sept. 4.—Cattle—Receipts, 10,000, including 4,000 westerns, steady. Burlington Route

There's an Old Proverb,

which reads: "When in doubt, follow the crowd."

Rendered into twentieth century English, this means: Take the Burlington. The "crowd" does.

Always the STRONG line from Denver to the East, the Burlington's leadership was never so great as now.

Two trains a day, Denver to Omaha and Chicago—the Chicago Special at 4 p. m., and the Vestibuled Flyer at 10 p. m.

Two trains a day, Denver to Kansas City and St. Louis—the St. Louis Special at 3 p. m., and the St. Louis Express at 10 p. m.

Through sleeper for Omaha and Chicago leaves Salt Lake City 3:15 p. m. daily. Through tourist-cars Wednesdays and Fridays.

Tickets at Offices of Connecting Lines.

TICKET OFFICE:

79 W. SECOND SOUTH ST.

SALT LAKE CITY.

R. F. NESLEN, General Agent.

ELY, OSCEOLA AND FRISCO STAGE LINE.
