Threatened Diplomatic Mountain Soon Reduced to a Mole Hill-Considering Armistice.

Rt. Petersburg, June 18, 9:35 p. m .-Itussia has finally and definitely accepted Washington as the meeting place of the Russian and Japanese plenipoentiaries, the foreign office having waived its request for reconsideration at the personal direction of the enuperor, whose desire to give the fullest and fairest opportunity to President Receivelt's proposal for a peace conerence is hereby manifested.

After his conference with Ambassafor Meyer, Count Lamsdorff, the for-

dor Meyer, Count Lamsdorff, the for-eign minister, went last night to Peter-hof and laid the matter before the em-perer, who, on learning that insistence on The Hague might endanger the ne-gotiations, directed Count Lamsdorff to inform Ambassador Meyer that Russia would accept Washington. It was after midnight when the for-eign minister returned from Peterhof, but Ambassador Meyer was forthwith notified and a dispatch was prepared and cent to the state department at Washington at an early hour this morning. Count Lamsdorff this after-noon brued a public announcement of the selection of Washington. The result is looked upon as added

It intimates at Russia may not balk at an in-molity, significantly stating that in-rational control of the Chinese East-or cultroad is possible as a means of een railroad is possible as a means of insuring payment of an indemnity. The Japanese have strong forces here as well as in the rear of Lieut-Gen, Linevitch's ad-vance detachments near Chantufu, and even threaten the flank of the fortified positions at Sipinghal, where Gen. Washington, June 18.-Russia and Jahave tentatively decided each to appoint three plening tended each to appoint three plening tending to repre-sent them in the Washington confer-ence. M. Nelidoff, it is understood, has already accepted the chairmanship of the Russian mission and is being consulted about the selection of his as-pointed about the selection of his ass, but Washington has not yet whether Marquis Ito's health will permit bin to come as the ranking Jap-snese plenipotentiary. The belief here is that Field Marshal Yamagata will be designated in Ito's place should the marquis be unable to accept. It is expected that the conference will con-velle here about the middle of August. Pending the official announcement of plenipotentiaries, little progress to-d the arrangement of an armistice wing had on either side. Japan with not take the initiative in requesting ar armistice. It is improbable, however that she would insist on Russia making the request.
