ELECTION NEWS.

For news of the progress of the presidential election see our latest dispatches.

**THEATRE.**—There was a very fair audience and a good performance of the play of "Orin Gault" at the Theatre last night. The principal characters of the piece being assigned with great ability. The "Orin Gault" of Mr. Bates was a finished and clever piece of acting, evincing, as everything he attempts, the accomplished and experienced actor. Miss Walters played "Kate Peyton" splendidly; she looked the character to perfection, and never appeared to greater advantage in any role. As "Merry" she gave evidence of a neat and clever actress, and would be a useful addition to the company. We do not remember any character in which she appeared to so great advantage as in "Caroline Hyder, the jealous wife's maid." Her conception and careful part were perfect in the grass. An unusual merit in her performance was that she was free from those logical volubility which those unpleasant facial contortions with which she desires to give effect, she too often marred her efforts. Mr. Graham, as "Tom Leachman," the rustic cow doctor, acted as it to the manner born; while Mrs. Thorne, as "Mrs. Leachman," and Mrs. Jones and others rendered good support.

The place will be repeated to-night for the last time.

**LECTURE.**—Those who want to hear "About Fools" are gratified by attending the lecture of Mr. Charles E. Jones, of the Institute to-night.

**CONTINGENT IMPROVEMENTS.**—We understand Messrs. Gilmer & Salisbury contemplate making improvements, in costumes and stock, on the stage line between Lehi and Pictou.

**DISASTER.**—The following extracts of a letter from Elder Keanie Peterson to Elder J. F. Smith, dated Copenhagen, Sept. 24, have been kindly placed at our service:—"During the quarter ending August 30 there has been 24 baptisms in this mission, which, considering that it is a day of gloom, cannot be looked upon as a bad thing; the time is again drawing along, when an additional missionary force will be placed in the field, to labor during the winter months. We have been very busy in the past summer, and were now bending our efforts to fill up the vacancies in the church. The coming winter brings gloomy prospects for the poor people; the price of coal is 100 per cent in advance of last year; the price of provisions is also much higher than last season; as also merchandise, whereas wages stand unchanged. The people are in a state of great distress, and are looking for relief. We have been very busy in the past summer, and were now bending our efforts to fill up the vacancies in the church. The coming winter brings gloomy prospects for the poor people; the price of coal is 100 per cent in advance of last year; the price of provisions is also much higher than last season; as also merchandise, whereas wages stand unchanged. The people are in a state of great distress, and are looking for relief."

**ODDNESS.**—The following are from the junction of yesterday:—"From passengers who were on the train at the time of the accident on Saturday evening we have received some further particulars, besides those published in our issue. They state that a cow was on the track, that all diligence was used to drive her away, but in vain, and the train was thrown off an embankment near Carlin. The mail, express and baggage cars, and the engine, were all wrecked, and the latter burned up. The agent of Wells, Fargo & Co., who was on the train, perceiving the danger ahead, without any hope of saving the property of the company under his charge from destruction, jumped off the car and thus preserved his life. It is estimated that the loss of the Wells, Fargo & Co. will amount to \$50,000. No lives were lost but several persons were seriously injured. The loss of the C. P. Company we have not ascertained. "Two young men who were schoolmates in Carson City, Nevada, seven years ago, had a personal difficulty, and the younger of the two remarked, 'When I get to be a man, I shall have my revenge.' The older man, in front of the Co-operative Store at Centerville, when a fight took place, the younger man being killed, and the other was carried away by his friends, two of his ribs being broken. Natives were drawn for both, and for a time it was feared that the difficulty would end seriously. One of the parties is now in town and is doing well."

**FINE AND IMPRISONMENT.**—Wm. Smith, of Second South Street, was before Justice Clinton this morning on three charges of selling liquor without license. Each charge was proved, and on the first charge he was fined \$100, the second \$100 with the addition of thirty days imprisonment, and on the third \$100 and six months imprisonment. He was not present to answer the third charge, and a warrant was issued for his arrest. "Two young men who were schoolmates in Carson City, Nevada, seven years ago, had a personal difficulty, and the younger of the two remarked, 'When I get to be a man, I shall have my revenge.' The older man, in front of the Co-operative Store at Centerville, when a fight took place, the younger man being killed, and the other was carried away by his friends, two of his ribs being broken. Natives were drawn for both, and for a time it was feared that the difficulty would end seriously. One of the parties is now in town and is doing well."

**POLICE.**—Edward Meach was fined \$25 this morning for repeated abuse and small treatment of his wife. John Archer, for assault and battery, was fined \$15.

**THE FIREWORKS.**—Mr. Dyer's display of fireworks at the Museum grounds last night was exceedingly fine, and consisted of rockets, bombardment with Roman candles, revolving wheels, double sun, "sky-pigeons," etc. By an artistic arrangement of beautiful colors some very brilliant effects were produced. In the vicinity of a hundred persons witnessed the exhibition.

**ABOUT A NAME.**—"Inquirer" writing from Tooele County, states that an agricultural society was organized in Pine Canyon, a small settlement in the same county, about a year ago. The name given to the organization was the "Tooele County Agricultural Society." "Inquirer" objects to the name because it is only a settlement and not a county association, and says, "Suppose Tooele County should take a similar action to form an agricultural society, what should such an association be called?"

This is a small matter and is not likely to create any difficulty among sensible people. We believe that when Tooele County does "take a name" to create such a society the good people of Pine Canyon will immediately fall into line, amalgamate and call their society the "Tooele County branch of the County Association."

Let the County try it and see. Tooele County certainly should have an agricultural society.

A NEW RAILROAD.

Work has at last begun in good earnest on a narrow gauge railroad to connect the Utah Southern. The practicability of such a road has been doubted by many; but the report of the engineers who have been employed by the new corporation, sets all doubts at rest. From the initial point at Sandy Station, to the mouth of the canyon, the grade is 146 feet to the mile and very gradual. Up the canyon to Alta it varies from 150 to 333 feet to the mile, which is to be considerably lessened by back-switching. Several drives will be added to the length of the line, the least of which will be compensated by the roadbed up the canyon will be generally elevated above the wagon-road, and will be open to the traffic on the north side of the delta to secure the benefit of the traffic in keeping the track clear of snow in winter. Sheds will also be employed wherever the road crosses the river, and it is expected to keep the road open for traffic through the severest winters.

The roadbed up the canyon will be generally elevated above the wagon-road, and will be open to the traffic on the north side of the delta to secure the benefit of the traffic in keeping the track clear of snow in winter. Sheds will also be employed wherever the road crosses the river, and it is expected to keep the road open for traffic through the severest winters.
