[Special to the Deseret Evening News.]

**By Telegraph.****GENERAL**

The House appropriation committee, to-day, was investigating the contract of Wells, Fargo &amp; Co., for carrying the overland mail.

The *Evening Post* has a report that Caleb Cushing has been sent to Bogota with full powers from our government to close a contract for a canal across the Isthmus, towards which, it is said, our government is ready to promise a guaranty of a million dollars, probably part of the sum needed to make a survey.

A long letter from General Longstreet is published, in which he ridicules the idea that Grant is a Democrat. He says, he regards his past course and decided character as the surest guarantee of his future course; his antecedents clearly mark him as a national man, and as such he gives in his adhesion to his party, whose basis is Union, believing that the influence of his administration will be applied to its complete and prosperous restoration. He tells the Southern people that all that is required for perfect peace is their hearty co-operation in Congressional reconstruction.

It is stated that there is not a shadow of truth in the reported agreement between America and England on the Alabama claims.

Peekskill, N. Y.—The office of the American Express Company was entered by burglars yesterday morning; the safe was blown open and robbed of \$1,200. The place was then set on fire. The office was under the city hotel, which was destroyed, together with a grocery store. Loss, \$15,000.

St. Louis.—General Sherman has received dispatches from Gen. Hazen, at Fort Cobb, and from Gen. Sheridan, of the same date. Hazen says that since Custer's fight he has had no trouble in distinguishing between friendly and hostile bands. He pronounces all the Cheyennes and Arapahoes unfriendly and hostile; the Kiowas are divided; the Comanches are all, or nearly all, friendly; the Apaches, Kechies, Caddoes, Wichitaws, and their affiliated bands, are clustered around Fort Cobb, claiming protection from the Government. The hostile have separated from the friendly tribes, and have gone over to the head of the North Fork of Red River, near the mouth of the Sweetwater. They number a hundred warriors. Cantata is the principal chief. The Kiowas are reported as not having gone with the hostile camp. Gen. Sherman, however, regards Cantata, Bull and Bear as the most treacherous of the plains Indians, and he believes that no lasting peace can be had while they are at large; he has therefore given orders to kill them, or, if captured, to imprison them at Fort Gibson.

Senator Morton has replied to Greeley's letter addressed to him, concluding as follows: "the fact is, our bond holders understand perfectly well that whatever may be law on the question, the bonds, or any considerable part of them, cannot be paid in coin while the currency remains depreciated, and it is folly to talk about paying the bonds in gold, if the government cannot procure gold enough wherewith to redeem the greenbacks. The redemption of the notes and the return to specie payment are a necessary condition to precede the payment of the bonds in gold; and they look much more to the return to specie payments and the establishment of our finances on a solid basis than to the mere form of a contract as to how they shall be paid. Gold payments should begin with the debt that is due, which is in currency, and not by shaving the bonds that will not be due for fourteen years. The currency lies at the foundation of the whole financial structure, and if it be unsound, the structure above must be injurious. When it becomes good by being made convertible into gold, the national debt may be funded, by which one-third of the present volume of interest can be saved, and then the nation will carry the burden with ever-increasing ease till its final discharge shall come."

The *Tribune's* Washington special says at the Cabinet meeting yesterday, Evart secured assent to the question discussed,—the release of political prisoners, including those at the Dry Tortugas.

Passengers from the Arkansas River report the fields white with cotton, which the planters were unable to pick, their hands having gone off to join the militia.

Savanna.—The Sheriff of the county and his associates on Tuesday went to Hayward's plantation, on the Ogechee River, eleven miles from the city, to

arrest seventeen negroes, charged with shooting watchmen on the plantations and carrying off the crops of the planters. They made five arrests, but when on the Atlanta and Gulf Railroad they were surrounded by about one hundred armed negroes, who rescued the prisoners, disarmed and robbed the Sheriff, destroyed the warrants, and then threatened to kill him if ever he served a legal process again in that vicinity. The negroes then separated into squads and marched back to the plantations, avowing that they would have the heart's blood of every white man on the Ogechee River, saying the war had commenced. One negro watchman is supposed to be murdered, and two white men badly hurt. All white men have been obliged to flee to this city to save their lives. The women and little children are in the hands of the mob and have been carried off into the woods. Great excitement exists in the community. A Sheriff's posse of between three and four hundred citizens will leave at day break to-morrow to rescue the women and children. The military decline to interfere until the power of the civil authorities for preserving order is exhausted.

Chicago, 31.—The *Republican's* special at Yankton, says the Dakota House of Representatives have passed a bill giving women the right to vote and hold office in the Territory. It will probably be defeated in the Council by a small majority.

A convention was held at Peoria, yesterday, to take measures to secure improvements in the Illinois river by deepening the Illinois and Michigan canal. The Legislature will be memorialized to provide for the necessary work. The cost of the work is estimated at two millions. The total debt of Illinois being less than six millions, the speakers urged that the State could well afford to complete this important enterprise without delay.

**FOREIGN.**

Vienna.—The Grecians are fleeing from Turkey on account of the threatened war. Several families of fugitives have been received by the people of Roumania. They have been warned, however, that they must preserve absolute neutrality in case of war, on pain of expulsion.

Paris.—The *Constitutionnel*, a Semi official organ, publishes a telegram from Vienna, announcing that the Porte will decline to adhere to the proposed conference, if the terms of his ultimatum to Greece on international questions are mooted.

London.—The following despatch, dated Constantinople 26, has been received: "The provinces are entirely tranquil. The Turkish commander, Kiamli, had arrived before Syra."

Madrid.—The Government is taking measures to reduce the budget for the ensuing year.

Emile Casilliar, the well-known Republican, says a Republic has been morally formed already in Spain, as the Republican party carried all the great cities in the country except Madrid, in the late elections.

London.—A letter from Montevideo says President Lopez is prepared to accord full satisfaction to the United States for the wrongs suffered by American citizens; it is also stated that he is about to leave Villetta for Ascension. The allies were surprised in the advance on Ascension and lost a hundred prisoners.

Constantinople.—It is confidently asserted that the Porte opposes the holding of a conference.

Constantinople, 28.—A circular from the Sublime Porte, just issued, confirms the report of the Sultan's refusal to participate in the projected conference, if the Cretan question is to be discussed.

London, 29.—The Russian Government has denied giving authority to the vessels of the Greek Government to use the Russian flag for any purpose whatever.

Paris.—Reports have been received of a collision between a band of invading Greeks and the Turkish force in the Turkish province of Albania. The Greeks were victorious.

Florence.—Garibaldi has written a letter, formally declining a commission in the Greek army, which had been tendered him by the Grecian government, in view of the threatened war.

Washington, 29.—News from Crete has been received by letter, dated Nov. 24. On the 19th, while engaged in the transportation of munitions of war, just landed at Sphakia, the Cretans were suddenly attacked by numerous Turkish forces, and an obstinate encounter ensued, continuing the entire day. The Cretans succeeded in saving nearly all
