BY TELEGRAPH.

AMERICAN.
Emphatically Untrue.

NEW YORK, 12.—John Sharp,
chairman of the People's Territorial
Central Committee, telegraphs to
journalists here declaring that the
statement published in the dis-
patches Tuesday that the Mormons
were using their energies and money
to defeat Cassidy's election in Ne-
vada is emphatically untrue. Sharp
says the Mormons prominent in
political and business circles deny
all knowledge of it, but think the
statement is a gross misstatement of
their interest to create sympathy for
him at the expense of the Mormons.
While Cassidy's defeat would be
gratifying to the Mormons, and the
democratic Mormons in Nevada will
vote against him, or stay away
from the polls, they will use no
money or other illegitimate means
to defeat him. Sharp further says
the Mormons are taking no part
whatever in California politics.

Political.

COLUMBUS, O., 12.—Returns
from 50 counties of the election Tuesday
show a net democratic gain of 35-
250. The 30 counties that were won
will increase the democratic ma-
jority to about 40,000. The demo-
cratic gains in Cuyahoga, Franklin,
Hamilton and Montgomery counties
exceeded Porter's majority last year.
The congressional delegation will
likely stand 14 democrats to 7 re-
publicans. Unofficial returns elect
Hart (rep.) over Neal by 15 votes;
Morgan (rep.) over Campbell by 10
votes. The democratic claim Wallace
over McKinley by 41 votes. Stark
County not heard from officially.

Springfield, Ill., special
agent, says: "The only report
made was in conjunction with other
members of the board, in which we
expressed the opinion that she was
not especially fitted for an Arctic
exploration. It was a private enter-
prise and a purchase of a vessel, and
we felt some delicacy about express-
ing very decided opinions."

To-morrow Chief Engineer Far-
mer, who was a member of the
board of inspection and who is now
in New York, will be examined, and
Melville will follow.

Redemption.

The Treasury Department will
continue the redemption, both in
New York and Washington, of the
17th call bonds without interest of
interest, but owners, while receiv-
ing full interest to Dec. 23, will be
required to deposit a sum for three
months' interest at 6 per cent. on
Nov. 1, 1882. The check for these
months' interest will be forwarded by
the U. S. Treasurer to the registered
owners of the bonds on Nov. 1st.

Crime and Accidents.

LEBANON, Pa., 12.—This evening
George D. Rice, cashier of the Leba-
non Savings Bank, was robbed of a
satchel containing \$50,000, in bills
and coins, while going to his home
from Philadelphia and before going
to the bank, stopped at his house for
supper, and about a square from his
house he was passed by two men,
one of whom, who was dressed in a
stunning blue, knocking him in the
gutter. He held on to the satchel
and cried murder. The robbers,
who had been waiting and kicking
him all the while, feeling his cries
would bring assistance, moved a
short distance, but returned, and
wrenching the handle of the satchel
secured the money. Rice covered
with blood. No clue. Rice offered
a reward of \$1,000 for the capture of
the robbers. The money belonged
to the bank.

Amsterdam, N. Y., 12.—The
grave of John Knox, a prominent
citizen of Amsterdam, in the ceme-
tery at West Charlton, has been
robbed. No traces of the remains.
The robbery was discovered by op-
erating the grave to change the position
of the body preparatory to the erec-
tion of a monument.

CHANDLER, MAYOR GREEN, OF BOSTON,

Chandler, Mayor Green, of Boston,
and others, and upon his left, Gov-
ernor Long, Senators Dawes and
Hoar, Collector Worthington, Secre-
tary Lincoln and others. After
dinner the President was escorted to
the adjoining tent, where the An-
cient and Honorable were dining.
He was received with much enthu-
siasm. He thanked the company
for their escort duty, wished them
long life, and drank a glass of wine
with them.

Upon returning to the tent the
assemblage was called to order by
Governor Long, who made an able
speech, taking as a text, the charac-
ter and attainments of the great
statesmen, whose memory they were
then recalling, and concluded by a
felicitous and appropriate reference
to the President, whom he intro-
duced.

President Arthur read a speech
from manuscript in honor of Mr.
Webster.

At the conclusion of this speech,
which was punctuated by frequent
applause, E. A. Lincoln, who
read an unpublished manuscript
written by Webster, and read to the
Cabinet in which he sat as Secretary
of State, and which expresses his
views upon the important political
question of the day.

Henry Davis spoke briefly of the
effect Webster's work as a statesman
and legislator had upon the political
affairs of the country.

Governor Bell, of New Hampshire,
responded to the toast, "The birth-
place of Webster." At this point in
the exercises, the President was
obliged to leave for the train to Bos-
ton. Other speeches were made by
Judge Thomas Russell, President
Barrett, of Dartmouth College, and
Hon. George S. Boutwell. Letters
of regret were received from George
Tobener Curtis, President Elliot, of
Harvard, Secretary Folger, General
Grant, Attorney General Brewster,
Senator Chandler, ex-Governor D. D.
Morgan, Senators Platt and Hawley,
Hon. Hamilton Fish and many
others.

His Honor Practice.

LEAVENWORTH, K., 12.—The
three days' division, contest for
places in the army rifle team, which
shots at Fort Leavenworth the
three days commencing October
10th, closed yesterday on the range
at the post. The contest was be-
tween sixteen marksmen from each
department, six to be chosen to re-
present the division in the army
rifle team. The following were the
successful ones, with scores: Ser-
geant Bently, department of Dako-
ta, 220; Merriam, department of
Missouri, 221; Shippe, department
of the Platte, 220; James, depart-
ment of Texas, 220; Stanton, de-
partment of Dakota, 219.

San Francisco, 12.—A Portland
dispatch says: The strike on the
Northern Pacific assumed a serious
shape yesterday. After the rate
boarded the old price the men
demanded \$2.50 per day instead of
\$2, as heretofore. This was refused
by Hallett, superintendent of con-
struction. All Chinamen were then
driven from work. Hallett, it is
understood, telegraphed to Major
for troops. Whether the command-
ing officer furnished them cannot be
learned. This morning the ring-
leaders of the jobb who refused to
hang Hallett, Engineer Chilesen
with the paymaster started to the
front this morning with a large sum
of money and an escort of 25 sol-
diers. While en route to the front
a rule are well disposed, there are
probably 200 ex-convicts and many
fugitives from justice in the crowd.
to say nothing of a band of desper-
ade camp followers and there is a
good ground for fearing acts of violence.

FOREIGN.

Egyptian Complications.—Trying
the Prisoners.

CAIRO, 12.—The committee ap-
pointed to try the rebel prisoners to-
day examined several witnesses, in-
cluding the Princes Ibrahim and
Kiam, but their evidence was not
important. Arabi Pasha was
brought before the committee and
replied to their queries in a long but
unimportant speech. His examina-
tion was resumed to-morrow. The
report that Arabi Pasha has been
maliciously treated is denied. Riaz
Pasha still refuses to allow the En-
glish to defend the prisoners. Sir
Edward Mallet fully advocates the
employment of counsel. He con-
tends that the delay granted in
application for counsel is seriously
prejudicial to the case of Arabi, who,
meanwhile, is being subjected to
long and serious private examina-
tion.

CAIRO, 12.—The following Pasha
will be arraigned with Arabi Pasha
for trial: Touba, Almy, Mahmoud,
Fahmy, Abdeh, Tamy, Touba,
Yakoub, Omar, Rahmy and Ali.
The list of prisoners awaiting
trial has been handed to the
British Consul General. It contains
15 names exclusive of the prisoners
in the provinces, who number 80.
General Allison is appointed to
the chief command of the army of
occupation.

General Hawley and Willis sailed
for England.

Alexandria, 12.—Thirty-two Eu-
ropeans have arrived to serve in the
gendarmarie.

These are Colonels accused of
complicity in the late massacres
were arrested in the interior and
brought here.

Berne, 12.—The result of the in-
quiry into the railway case for the
gendarmarie is that the authorities
do not object to the departure of
those who have no occupation.

The Original Programme.

Dublin, 12.—United Ireland says:
Farnell has cabled Moorey, pres-
ident of the National Land League
of America, that he will at a confer-
ence advise the adoption of a
prudent though firm policy, strictly
maintaining the original programme
and the abolition of back rents,
pending the attainment of the pres-
ent proprietary. United Ireland
says: It believes this expresses the
unanimous opinion of the Irish lead-
ers, and it is declared the foolish
chatter about disunion is absolutely
groundless.

Russian Revenue.

St. Petersburg, 12.—Revenue of
Russia from January 1st to August
1st this year, \$9,120,000,000, more
than in the same time in 1881, and
2,683,000,000 less.

No Peace for Peace.

Lima, 12.—The papers say peace
negotiations conducted by Minister
Logan between Chili and Gardie
Calderton have failed. It is reported
Calderton won't hear proposals of

CHILL AND CHILL PREFER TO TREAT WITH PEROLA.

Chill and Chill prefer to treat with
Perola.

Cuban Cyclone.

Havana, 12.—The late cyclone did
much damage in Vuelta Abajo, es-
pecially at Consuelo del Sur. Two
coast steamers were lost on the
south side of the island; passengers
saved.

Notes from the North.

Quebec, 12.—Over 40,000 pilgrims
visited the shrine of Laboune at St.
Anne this year.

Snow fall to-day in the mountains
twenty-five miles north of the city.

Ottawa, 22.—The Banque National
counterfeits, Timothy Rajott,
Martin Sparrow, and Wm. Cooper,
are sentenced to three years in the
Kingston penitentiary. Rajott at
one time was a prominent mer-
chant, and he is worth \$400,000.

Montreal, 12.—The custom offi-
cials here have seized about \$30,000
worth of machinery imported from
Chicago, it being fraudulently en-
tered through the custom house for
a duty of 50 per cent. below the ac-
tual value.

Pierre DeRabot, of one of the best
families, was arrested for stealing
money letters, and \$5,000 were
found in his possession, which he
confessed to have stolen.
