

LOCAL AND OTHER MATTERS.

CORRESPONDENTS writing for publication are requested to write on one side of the paper only. No notice can be taken of anonymous communications. Correspondents' names must in every instance accompany their communications, not necessarily for publication, but as a guarantee of reliability.

**THEATRICAL.**—We were sorry to see such a slim house on the occasion of Mr. Beauchamp's Benefit yesterday evening. The Acting of Mr. McKenzie as Marquis de Leyrac was excellent. The rest of the members acquitted themselves in a satisfactory manner.

This evening a truly attractive bill is presented, the elegant comedy of "Time Tris" and the exciting drama of "Ireland as it was." Both pieces are presented with a good cast; the favorite actor, Mr. W. C. Dunbar appears as "Ragged Pat" in the drama. This bill should attract a crowded house.

Joe C. McCullough will make his first appearance on Thursday evening in one of his favorite characters. This actor, who is at present the favorite actor in San Francisco, will no doubt please the patrons of our Theatre by his powerful and at the same time finished delineations of classic characters. Mr. McCullough has also a good eastern reputation, having supported Mr. Forrest during his long and triumphant career in all the eastern cities. He has been brought up in the excellent school of the eminent tragedian and Mr. McCullough will eventually take Mr. Forrest's place, as soon as this giant of tragedy retires from the stage, possessing all the great requisites to befit him for so exalted a position, a fine personal appearance, powerful voice, and a thorough understanding of the actor's art.

**CHANGE OF BASE.**—It will be seen by reference to our advertising columns to-day that F. Little, L. Garrett and George Chandler, all well and favorably known to lovers of "prime cuts" in this locality, have consolidated their business, and that after the 25th instant they will serve the public in their usually accommodating style with the best of meat at reasonable prices.

**CALLED.**—We had the pleasure of a visit this morning from Mr. Hanson, the gentlemanly representative of the firm of Taylor & Wright, wholesale grocers of Chicago. This is the third journey Mr. Hanson has made to this city since the beginning of the year, and by the time this trip is finished, he will, in that time have travelled 18,000 miles west of Chicago on business for the firm. His stay will necessarily be brief, having to start for Montana in a day or two, his intention being, if possible, to get back to Chicago before winter sets in. We wish him both pleasure and profit from his present visit.

**PAROWAN.**—By letter from Bro. Joseph Fish, of Parowan, we are informed that in that region up to the 14th inst., there had been very little signs of winter's approach, and that the people, on account of the favorable weather, have been enabled to haul wood and lumber from the cañons, and to attend to other fall labor with more than ordinary pleasure and advantage.

The present movement for the furtherance of co-operation is meeting with a hearty response from the people of that settlement. A company has been organized, and in a few days their President would start for Salt Lake to purchase merchandise for the co-operative store.

Sunday schools and vocal music are receiving a good share of attention from the people here, and from them many were deriving both profit and pleasure.

**POLICE.**—John Smith, L. H. Younger and Alva Hanks, arrested last night for giving public exhibitions of the "Greeks bend" through indulging too freely in intoxicating stimulants, were fined \$10 each this morning.

**STATE OF THE WEATHER.**—We learn by Deseret Telegraph that the weather at Provo is very cold, and snowing, with a hard frost last night. Nephi, snowing all morning, looks like a heavy storm; Fairview, very cloudy and stormy, slight fall of snow last night; Fillmore, very stormy; Cove, cloudy and cold, and storming. Beaver, very stormy and cloudy this morning but clearing up at present; Parowan, somewhat cloudy and cold, with every appearance of snow soon; Cedar, very cloudy this morning, but is now clearing up; St. George, very cold last night, but clearing up; and warm. The thermometer 59°; Low 25°; and snowing slightly; Ogden, cold and cloudy.

**A CALL.**—We had a call to-day from Mr. McNasser, late of the Planter's House, Denver City, who is passing through our city en route to Montana. He informs us that the Right Reverend Father Machebeuf, Bishop in the Catholic Church, intends to visit Utah, and will probably reach here in about a week. Mr. McNasser speaks highly of the Bishop as a gentleman, whom to know is to like.

**HIGHWAY ROBBERY.**—Bro. T. E. King, of Fillmore, called in this morning, and gave us the particulars of a highway robbery, committed on Sunday the 15th inst., by a young man named Willis Bartholomew, on the person of a stranger, while en route from Seipio to Fillmore. It appears that on the night preceding the robbery Bartholomew camped with the stranger at Seipio. On the following morning the latter drove on, and when about four miles north of Cedar Springs, in a deep hollow, he was overtaken by Bartholomew, who, with leveled pistol, ordered him to alight from his wagon, and, after robbing him of forty dollars. He then overhauled the stranger's wagon, and, after taking from it a pistol, saddle and blankets, he permitted it and its owner to go their way.

Upon arriving at Fillmore, the victim of this outrage gave information to the police, and during the day a look-out was kept up for Bartholomew, but they obtained no clue. At night while a posse of officers were watching the house of his parents, and at about nine o'clock, he arrived, upon learning their errand he showed fight, and in the melee that ensued he shot one of the officers, William King, breaking his right leg just below the knee. While the rest of the officers were helping their wounded comrade out of the way, the robber made his escape. On the following morning an account of the affair was telegraphed to Beaver, and from that place a party was dispatched in pursuit to Minersville, but at the time our informant left Fillmore—Wednesday last—no report of his capture had been received.

**NEW BRANCH OF HOME MANUFACTURE.**—We have received the photograph of a small steam engine, manufactured and erected by Br. W. G. Silver, of this city, for Smith Bros., carpenters, on the State road.

It is of two horse-power, and is called an inverted, direct-acting vertical engine. It is made entirely of wrought iron, brass and steel.

Its dimensions are as follows: The diameter of the piston is 3½ inches; Stroke, 7 inches; Revolutions per minute, 250; Pressure of steam, 100 lbs. per square inch; Cut off at nine-fourteenths.

The workmanship is of a very superior character, and such as would bear comparison with any of the same kind done anywhere in the world.

This is the inauguration of a new branch of manufacture in our Territory, and we hope that the enterprise manifested in opening up a branch of manufacture of this kind here, under encouragement of the State, may meet with the same success as that which has attended the establishment of Br. Silver, the manufacturer, and to South Bama, the proprietors of the "Inverted direct-acting vertical engine."
