ELBER STEVESSON'S DEATH.

ELIGIR STEVENSON'S DEATH.

The deminest Editor Elevard Elevaria son on Tuesday sitcht, January 27th, removes from this sings of existence on the planess entires of Ulab, unit which, previous to the entry into this valley is 18th, along has a disciplination of the entry into the walley is 18th, along has disciplinated by the entry into the entry in the entry into t

of the First Council of Sevenths for more than 1. parts pair.

Either Steveners has spent much of the litte in missionary blairs, both at those and abroad. He has traveled extensively in this nation and in foreign hands, besides the haste missionary detices the heater formed among the people in these valleys, said he never attend from the duty as a servant of the least in technique the servant of the least in the least of the second of servy Chartel heleny, and has given much information to the public in relation threats. He was also among these with whom he dispussed examin of the early musicist of the least of the second of servant in the servant of the second of what these where a fine limit of the public of Mormons, and life record of what the wither they were connected. Among hisses with whom he dispussed examin of what the winder there is a service of the server of the se

DESCRIPT EVENING

It is a minimal to your own to have the said many for your own to make the said many a file out ing the time to make the said of the process of Cylinas were saidly recommended compared to some major more than the compared to the said of the reportance without mying about for reportance without mying about for reportance without mying about for reportance without opening to the care of the Goppi in accurating.

It is true enough that the Master always modificated a civil of unparacture with the weathers of 150 plushwers, but it is also true that the convenients in any growth terms the facility was not it is also true that the convenients in any growth terms. It which the weathers were the whost they were don't. Toward erring seek and suches file may not for the said of exempting that solement that we include solement that we are different. The Christian world tridge is come in the come position as facts in a way is that there and the weather respective my the said that there are it is said they should not be seried down, not just an include. Let the world know the realth.
