

THE EVENING NEWS.

Wednesday, July 31, 1913

PRICES OF GOLD.
Overseas Daily by BANK OF AMERICA.
SALT LAKE CITY, July 31, 1913.
Buying at \$11.12; selling at \$11.14.

LOCAL AND OTHER MATTERS.

THEATRE.—This evening the Theatre will be open for the first presentation of Master J. A. McKnight's drama, "The Robbers of the Rocky Mountains," by an amateur dramatic company. Prices reduced to fifty and twenty-five cents for this evening. Commence at 8 o'clock.

On Friday evening J. R. Marshall & Co., Royal Troupe of Japanese from the great Troupe Theatre of Osaka.

On Saturday a Japanese Matinee at 2 o'clock.

CIRCUS AND HOPPODROME.—The great San Francisco circus and hippodrome will commence a series of performances in this city on Monday, August 5th. The troupe has an excellent record on the advertisement of the company will be found in another column.

N. A. C. PROCEEDINGS.—We are indebted to James McKnight, Esq. for a pamphlet copy of the "Proceedings of the National Agricultural Convention, held at Washington, D. C., February 15, 16, and 17, 1913."

EMIGRANTS.—A company of emigrants leave Liverpool for Utah via New York to-day. Expect them here within three weeks. We understand that another company is expected to sail early in September, and probably one in October.

AN IMPROVED SWITCH.—On the Street Railroad, at the junction of South and West Temple Sts., close by the "Valley House," an improved switch has just been laid, designed and manufactured by W. J. Silver, Esq., engineer of this city. It is called the "Point Switch," and is similar to those used on all railroads in England. Where this is used the cars cannot run off the track, at least there is no more danger of them doing so at the switches than at any other part of the line. If it is misplaced the cars simply run on to the wrong track; while the rail, instead of being loose, as when the ordinary or common switch is used, is supported by the outside or "switch" rail, nearly the whole length; and it also admits of being worked from a distance with great facility. Owing to its position, the arrangement by which this one is worked has to be concealed below the surface, and, when not in use, the lever remains; but on a regular railroad an ordinary switch stand can be used. The advantages of this over the common switch is so apparent, and commend themselves so strongly, that it is expected they will be used on the Utah Northern road.

RETURNED MISSIONARY.—We had a call this morning from Elder Robert Dixon, of the 14th Ward, who is just recovering from a severe attack of illness. He returned from a mission to Nova Scotia on the 9th of June, where he was first taken sick. He left here to go on his mission on the 8th of last August, and during his absence continued to preach the gospel until overtaken with illness.

ANOTHER.—Brother E. Smith informed us this morning that Dr. Plant, of the 10th Ward, took from Mrs. Smith a tape worm forty-eight feet long. The time from the administering of the medicine till the patient was free from the worm was only three hours. This is the second case of the kind under Dr. Plant's care that has been brought to our notice within the last few days. The Dr. appears to be very skillful in his treatment of patients who are afflicted with worms, and we are informed that he is equally successful in the treatment of other diseases. The medicines he uses are compounded only of herbs. He can be readily reached by the poor, his charges in some instances, being just fifty times less than those of some others in the same line.

Since writing the above we have been informed of another case of cure by Doctor Plant, that of Mrs. J. Anderson, of the 12th ward, from whom a tape worm, sixty-six feet long was taken on Monday.

FOR MISREPRESENTATION.—Last night at the meeting of the City Council, the reporter of a city paper was excluded from attending, until a false statement which appeared in the journal alluded to in its account of the Council proceedings of last Friday night, was corrected. The misstatement was that Brigham Young, who had been suspended from the office of Mayor, and without motion or vote, which was untrue. President Young having requested the privilege of speaking, the request was granted and the rules suspended by the Council.

ROUND THE WORLD.—We had the pleasure of meeting B. H. Alexander, Esq., of St. Louis, to-day, who is on a pleasure trip round the world. He arrived in town last night and leaves again this afternoon. He will visit all the points of interest in California, including the famous Yosemite Valley, and will then proceed to the Sandwich Islands and Australia.

HOME AGAIN.—A. Miner, Esq., of this City, one of the delegates from Utah to the Democratic Convention at Baltimore, who left here on the last instant, reached home last night, and favored us with a call this morning. He reports that he has had a very pleasant trip during his absence. He had a seat in the Convention but did not vote, the delegates from all the Territories as also from the District of Columbia being denied that privilege. He never saw such unanimity of feeling in any convention as that at that time, and he was very much surprised to find that the same verdict from men there who had attended every political convention held in the United States for many years past. He had, however, his time at Baltimore, receiving a cordial reception and the kindest treatment while there. From Baltimore he went to Washington, and thence to Philadelphia and New York, and finally to the State of Connecticut, to see and visit among his relations and old acquaintances. He found many of the radical Republicans of that State throwing up their hats for Greeley.

On his return from Connecticut he made a short stay in New York, then went to Chicago and stayed a day in Chicago, then came on to the Blues. In the latter place, which has been noted for ultra Republicans, he was met by a large number of men, and many of them were added to that club than the present Grant Club contains. He took the Blues on Sunday morning, and while en route to Salt Lake he took the vote of those aboard, and found 13 for Grant, 19 for Cleveland. When traveling on the cars in Pennsylvania and Iowa, he did the same, and in the former the result was 26 for Grant, 27 for Cleveland. He took the vote for each party. In each case none but adult male citizens expressed their opinion. This is indicative of the popular feeling wherever he has been—Greeley's stock is rising.

He conversed with many prominent Democrats about Utah, and all favor her inclusion in the Union, as a State, and that the solution of her domestic problem should be left to her. He says the crops through Nebraska, Iowa, Illinois, Indiana and Connecticut are splendid; in Ohio and Pennsylvania they are poor, on account of drought.

Mr. Miner is in excellent health, and is glad to be again with "wife, children and friends."

EXPIRED.—To-night James Turbitt will have filled his term of imprisonment, thirty days, to which he was sentenced for selling liquor on Sundays. After his release the city has a few little bills against him, which will require settlement. It will probably be as well for him to pay them.

ROSE EVANS has a card in the San Francisco papers, contradicting the statements in the Nevada papers, concerning the cause of her abrupt departure from Virginia City and that State. She says that she had no wish to play the "star," that she objected to do so, that she never expressed any desire to select the pieces, that she refused to play one part because it was out of her line of business, that all this had nothing to do with her leaving the theatre, the actual cause being that she received a personal insult on the opening night, that she then accepted her invitation of withdrawing from the company and returning to San Francisco, that she did not ask Mr. Piper to double her salary, nor did he offer to do so, and that, as there was no just cause for the attachment of her baggage, she presumed he had not attempted it.

FINED.—Several members of the fraternal fraternity were fined a hundred dollars each this morning, having been found guilty of charges of playing their disreputable trade.

ASSAULT AND BATTERY.—Thomas Lawson was fined \$15 this morning for committing an assault and battery yesterday on Mike Fagan, a painter. The former struck an iron of cold steel, in the shape of a carpenter's chisel, into the fleshy part of the latter's shoulder. Mike did not want to push the matter against Lawson.

HOME MISSIONARY APPOINTMENTS.—Circumstances having required some changes to be made in the missionary appointments for this county, we republish them as corrected.
