WIRED FROM WASHINGTON.

WASHINGTON, 11.—Secretary Folger to-day received information from Port Townsend, Washington Territory, of the capture of eleven Chinamen, who in violation of law landed off the coast near that port. The United States officers of that port are directed to return the Chinamen to the place they came from.

The Treasury Department to-day purchased 4,000 ounces of fine silver for delivery at the Philadelphia, New Orleans and San Francisco mints.

Rear Admiral J. M. B. Clitz, U. S. N., has made application to be placed on the retired list under the 40 years' service provision.

The President has appointed the following postmasters: Wm. Chandler, Grafton, Dakota; L. E. Simpson, New Tacoma, W.T.

Col. S. F. Tappan has been appointed superintendent of the Indian school at Genoa, Neb. This is a new Indian training school, to be modeled after those at Carlisle, Pa., and Hampton, Va. Col. Tappan went to Hampton last night to study the manner of educating at that institution, preparatory to going to Nebraska.

Secretary Teller, in accepting the resignation of Marble, Commissioner of Patents, expresses the regret of President Arthur and himself at the severance of their official relations, and refers in the most complimentary tone to the ability and faithfulness displayed by the retiring official in every position of trust he has occupied.

Orders have been issued establishing a daily exchange through registered pouches between the postmasters at New York and Portland Oregon, the pouches to leave at 4.25 a. m., via the New York and Chicago R. P. O, and Portland at 6.15 a.m., by Walla Walla and Portland R. P. O. The pouches are to be forwarded by New York and Chicago, Chicago and La Crosse, Minneapolis and La Crosse, St. Paul and Fargo, Fargo and Bismarck, Bismarck and Billings, Billings and Helena, Helena and Walla Walla, Walla Walla and Portland. This arrangement goes into effect Monday, October 22.

Attorney General Brewster returned to Washington and was on duty to-day.

The President and all the members of the Cobinent are now in the city.

Secretary Folger says it is probable he will issue a call for 3 per cent. bonds; the amount of the call is not decided on.

The Agricultural Department will not have a corn or wheat statement until to-morrow. Corn will average something like 29 bushels per acre, or a total yield of about 1,635,000,000 bushels; wheat will show a decrease of nearly a hundred millions or about 414,000,000 bushels; oats will show up splendidly.

Counsel for the State of Virginia, who recently filed in the Treasury Department a claim for moneys said to be due that State under the Deposit Act of June 23, 1836, have prepared a similar demand in behalf of the State of Arkansas. The claim and accompanying papers were presented to Secretary Folger by Senator Garland.

Depravity and Disaster.

ST. LOUIS, 11.—A dispatch from San Antonio, Texas, says that a young man named Halpert was arrested there, charged with perpetrating a forgery on the banking house of Kidder, Peabody & Co., Boston, for $30,000. Halpert denies the charge, and gave $10,000 bail, two large mercantile firms going his security. The forgery is said to have been committed some time last month.

Boston, 11.—Information is received that C. F. Cewey, alleged Boston forger, is arrested in San Antonio, Texas, and released on $10,000 bail. He had abundance of money. Police inspector Hanscom has gone to San Antonio.

New York, 11.—A Malden Lane firm, name not given, reports being robbed by a young clerk of many thousand dollars.

James C. Daley who engaged with Prendergrast in prize fight on Staten Island, is arrested.

Ottawa, 11.—Commutation of sentence is refused to Manu, Little Rideau murderer. He will be hanged.

Cincinnati, 11.—Five noted murderers made a desparate attempt to escape from the penitentiary this afternoon. Four got over the walls, one escaped entirely, one was killed 200 yards from the wall, and two badly crippled. The attempt was made just previous to returning the convicts to their cells. They were Bob Daniels, Charles Ward, Charles Berry, Grant and Day. They were armed with shoe knives, scaled the walls by the use of planks, and let themselves down by a rope they had made. Grant escaped; Ward, next over, was killed; Berry and Daniels were both crippled by the breaking of the rope. About 30 shots were fired by the guards.

New Orleans, 11.—*Times Democrat* Lake Charles special: A deputy sheriff was returning by train from Texas with Lewis Wood, colored, under life sentence for rape. Wood soon after conviction, escaped and outraged a married lady. When the train reached Edgerly station, a mob took charge of Wood, and lynching is probable.

Frankfort, Ky., 11.—News is received to-night that three men broke in the door of Elisha Curtis last night. Sand Rifles took him out in the yard, while the others violated the persons of his wife and daughter, the latter thirteen years old. The girl is reported dying. Warrants are issued for their arrest. They are worthless characters living in the neighborhood.

Albany, 11.—In the Sessions trial, Geo. H. Sharpe identified the $2,000 brought from the Comptroller's office and put in evidence. Orsino Jones testified that he went to Sharpe's room with Brady, and saw the latter hand the money to Sharpe.

Mexico, 11.—A captain of artillery killed his sweetheart yesterday, and then killed himself; jealousy.

A soldier in Oaxaca shot a corporal dead; a pursuing policeman killed the soldier.

Rochester, 11.—At Machias, Cattaraugus County, a postal telegraph man attempted to place poles in front of the property of Napier Bros., wealthy residents. A fight ensued, and Edward Napier struck the foreman of the telegraph gang, J. Tyrrel, with a pick-axe, inflicting a fatal wound. Another man stabbed Napier. Pistols were fired and a riot followed. Napier fled.

La Crosse, Wis., 11.—The *Republican and Leader* has received further details of a terrible cyclone that struck the little town of Arcadia, Trempealeau county, Monday night, doing much damage to property and injuring several people there and in the county adjoining. None of the injured will die. The storm struck the town at midnight. A correspondent says it came from the northwest, and the air was charged with electricity. Lights could not be made to burn, and the people rushed to their cellars in the darkness to avoid the danger which seemed imminent. The entire outward atmosphere was of a peculiar reddish green color, with a strong sulphuric odor, and the deafening roar of the tornado is utterly indescribable. Barns and outbuildings were lifted from their foundations, torn to fragments and scattered promiscuously in all directions. Broken boards, trees, bricks and stones filled the air, and were hurled with such violence in some instances as to drive them through the sides of buildings. Among the losers were Patrick Manning, and a farmer named Olsen, who lost everything—barns houses and outbuildings, value not stated; John Bingham, granary, barn and contents, one hundred tons of hay, four horses and blooded stock, value $35,000; Jno. Robertson, house, barn and outbuildings destroyed, live stock injured, loss $2,000; James Gavery, barn, fence and orchard damaged $5,000.

Cincinnati, 11.—*News-Journal*, Wapakonets, Ohio: The caboose of a freight train, left standing on the main track by the negligence of a conductor, was struck by the engine of the passenger train, wrecking the caboose, engine and baggage car, seriously injuring the fireman, and slightly hurting the engineer.

Mexico, 11.—A boiler burst at the Sanitarieta mines, and killed superintendent Martin Godsy and seven others.

Philadelphia, 11.—The State Legislative Committee investigating the statements conveyed in the governor's message in relation to the transactions of the Standard Oil Company met this afternoon. The session resumed with a continuation of the cross-examination by F. E. Gowan of E. C. Patterson, charged with receiving certain sums of money from the Standard Oil Company for ceasing to accumulate evidence against them, for which duty he was employed by the State. Witness admitted he had met agents of the Standard Oil Company in New York; that he had while there received from the company $7,500, and subsequently had sent to him by the company to places which he could not remember, at one time $10,000, and another $5,000. He also stated that he was no longer employed by the Standard Company. They insured him $5,000 a year salary while he was connected with the Enterprise Transit Company, a body with which the Standard Company was in no way connected. He declines to state in what capacity he was employed by the Enterprise Company, and declines emphatically to speak on the subject. When asked to explain why the Standard Oil Company would guarantee a salary per year while he was connected with a cympany with which they do in nowise affiliate, witness after hesitating a short time answered that he would not answer the question. The hearing was then postponed until to-morrow, when ex-State Treasurer Samuel Butler will be examined.

The Elections.

CINCINNATI, 11.—Judge Hoadley spent several hours in his office to-day, where he was visited by a large number of his friends, who came to congratulate him. He shows weakness from the task of continuous good handshaking. Much time is consumed in receiving and reading telegrams of congratulations. Among them was this:

YONKERS, N. Y., 10.—I congratulate you on your brilliant triumph.
(Signed) S. J. TILDEN.

Telegrams were also received from Senator Joner, of Louisiana, Robt. Garrett, of Baltimore, Senator McDonald, August Belmont and many others.

The condition of the returns of this county are such that nothing can be definitely stated in addition to what has been stated, until the official count, which will be next week.

Des Moines, 11, 1 p.m.—The democrats concede the State on the gubernatorial ticket by 20,000 majority.

Nashville, 11.—The municipal election to-day resulted in an overwhelming victory for the Citizens' Reform ticket, over the candidates for re-election of the old municipal regime. The reform ticket was composed of blacks and whites, democrats and republicans, and party lines were obliterated, the first time in the history of the city since the negroes were invested with citizenship, that the blacks and whites were united. Taxpayers are jubilant over the rescue of the municipal affairs from boss rule, and the corruption of war rings. Intense interest was manifested during the day, but there was no disturbance.

Magnificent Reception.

NEW YORK, 11.—The Bar Association of New York City to night tendered Lord Chief Justice Coleridge a magnificent banquet. The Academy of Music was handsomely decorated for the occasion. The transformation of the stage far surpassed in beauty any like attempt in this city. The scene on the stage was magnificent—a garden, with pretty lawns of fresh green grass, beds of flowers graveled walks and most rare and costly shrubs, trees, plants; the different plants, shrubs and flowers used in the scene costing $10,000. In the south west corner of the garden is pitched a Persian tent 23 feet high supported by gilded cords from the ceiling. Within and about the tent are placed $30,000 worth of Persian works of art, consisting of armor, bronzes, and candelabra. One thousand dollars' worth of handsome Persian rugs and carpets of every color and design surround the orient'al camp scene. In this secluded and fairy-like corner the Lord Chief Justice was seated, together with his personal associates and escort. American and British bags were seen on the right and left of the tent, otherwise the entire stage and vast auditorium are barren of any display of bunting. The dining room is in the basement of the Academy, where preparations are made to provide for 1,200 guests. No finer banquet table has ever been prepared in New York. At 11 o'clock, after the addresses were delivered, his lordship was escorted to the banquet hall by the committee.

The gathering was one of the most distinguished and fashionable ever seen in New York, including leading members of the bar, the clergy, and the legislature, together with a number of ladies, whose rich plumes added much to the brilliancy of the occasion.

The Rutland Railway Fraud.

RUTLAND, Vt., 11.—In the trial of J. L. Haven, ex-treasurer of the Rutland Railway Company, for the alleged overissue of stock of the corporation. An expert accountant testified to the discovery of the overissue. He told Haven of it and Haven said it would ruin him if it got out, and asked the expert to report everything all right. Haven said he could fix it in two months with the aid of wealthy friends, and that he would give the expert a bond for $100,000, or for any amount, if he would do as he wanted him to do.

Fire in the Brevoort House.

NEW YORK, 11.—A fire in the kitchen of the Brevoort House, Fifth Avenue and 8th Street early this morning, caused a commotion among the guests and male servants while the female help were wild with panic, and with difficulty kept from leaping from the windows to the street. Fortunately no one was injured and the damage by fire is slight.

FOREIGN.

British Briefs.

LONDON, 11.—A Madrid dispatch to Reuter's Telegraph Company says the King has accepted the resignation of the Ministry, and has requested Sagasta to return to the Palace when he will make his intentions known. The report of the refusal of France to make further reparation is confirmed. Leaders of the Dynastic Left held a conference last evening. Martos was present, and reported that the party is disposed to make concessions to facilitate a union with the Liberal party, but is strongly opposed to Sagasta continuing at the head of the Cabinet.

The *City of Rome* sailed to-day for the United States with fifty members of the Irving Dramatic Company. The steamer *Conventiona* from New York for Arabia, is at Malta with her shaft broken.

Cotton operatives of Lancashire are voting against the proposed reduction of wages ten per cent. and are also contributing to a fund in the event of a strike.

Missionary Shaw, in an address before the Congregational Union, stated that he wanted redress for himself and the Madagascar churches, rather than any compensation. Whatever France might do, she could not compensate them for their losses.

Private telegrams report financial difficulties spreading among the merchants of Shanghai, owing to the political strain between France and China. Several small local banks are in trouble.

Dublin, 11.—Informer Lamie is committed to prison, the authorities learning that he was about leaving the country to evade giving testimony against his brother-in-law Poole, to be tried for the murder of Kenny. Lamie has already testified that Poole gave him a full account of how the deed was done.

Limerick, 11.—Moody and Sankey successfully began service meetings in the Royal Theatre yesterday. The building was crowded to the utmost capacity. There were services sung by Sankey, and two addresses by Moody. The audience appeared spell-bound during Moody's preaching.

Coming.

London, 11.—Irving and Ellen Terry have sailed for the United States.

Subterranean Flood.

The outburst of a land-spring on the Monmouth side of the tunnel under the river Severn caused the workmen to flee. The pumps fail to check the rise of water.

Pardoned.

Cairo, 11.—All those implicated in the recent rebellion are granted amnesty, except those convicted of murder and outrage.

General Items.

Paris, 11.—Revised estimates of the French budget indicate a deficit of 55,000,000 francs, which the Minister of Finance proposes to cover by the reduction of government expenses.

Berlin, 11.—The Emperor William having recently received a number of menacing letters, inquiry was made and it was found the sender was insane.

Vienna, 11.—The action of Roumanian troops which recently crossed the Austrian border and occupied the barracks commanding the Vulcan Pass in the Southern Carpathians was merely an out growth of some frontier dispute, and devoid of any political significance.

Madrid, 11.—Heavy rains in the province of Castleton De Laplana, flooded that section of country. Several miles of railway track were carried away. Two bridges were partly submerged, and several lives lost. Several fields and orchards sustained great damage.

In a recent interview with Alfonso, Senor Fagasta declined to form a new Cabinet, and advised that the task be entrusted to Senor Posado Herrera, who, he said, would perhaps be able to effect a union of the different groups of the Liberal party. Senor Fagasta promised to support a Cabinet formed on that basis.

St. Petersburg, 11.—A dispatch from Vladivostock announces that the steamer *Kamtschatka* arrived yesterday. She reports 11 trading schooners, nationality unknown, after driving off the American guard ship, going to the Alaska Commercial Company's station at the island of Tes-Jeni, landed 60 armed men, including some Japanese, and took possession of the island. The *Leon* immediately proceeded to Karaxowsky station and the island of Saghalien, and demanded assistance. Owing to the small number of the garrison there no assistance was available. When the *Kamtschatka* passed Tjulenji her captain saw eight schooners lying off the island.

The Governor of Esterinoslo has issued a proclamation declaring that if the anti-Jewish outrages are renewed they will be suppressed by force of arms. This action is owing to the fact that the instigators of the outrages insist that the Government dare not employ arms against the people.

Cairo, 11.—Amoung the Soudan recruits, gray bearded men are handcuffed to huge blocks of wood. They are followed to the station by crowds of women and children raising loud lamentations. Although the attention of the Minister of War has been called to the matter, nothing has been done to alleviate the sufferings of the recruits.

BRIEF TELEGRAMS.

San Francisco, 11.—The treasurer of the Parnell testimonial fund reports $1,800 forwarded from this city.

New York, 11.—The Jersey cattle at the sale to-day brought high prices. The cow Sargona sold for $4,800, and the Witherspoon for $3,500.

Allentown, Pa., 11.—State veterinary surgeon Bridge, visited Trexlertown to-day, and ascertained that the cattle reported as suffering from pleuro pneumonia, are merely afflicted by capillary bronchitis. The disease is contagious.

New York, 11.—Mayor Edson asks the registration of Wm. P. Sherman, Commissioner of Accounts, for furnishing to newspapers the report upon the Carroll frauds, before the mayor read the document.

San Domingo, 11.—A man named Wrena recently attempted to assassinate the President of Santo Domingo, at Neyba, Hayti. The President shot his assassin dead. The would-be assassin had no accomplice.

Port au Prince, 11.—Rebel bands entered the city, pillaged stores, set fire to houses and murdered all resisting. Among the killed are two generals. The troops finally dispersed the rebels.

New York, 11.—The holders of the main line bonds of the Toledo, Delphos & Burlington division of the Toledo, Cincinnati & St. Louis Railway adopted a report of the committee recommending that the bondholders institute at once foreclosure proceedings.

Chicago, 11.—H. M. Hoxie, vice-president of the Missouri Pacific road, to-day received a telegram from John C. Gault, saying the statement telegraphed from St. Louis that he had declined to serve as commissioner of the Western passenger pool was unauthorized. It is believed he will accept.

Ottawa, 11.—Sir John McDonald is unseated for the county of Lennox on account of bribery by agents at the last election. Sir John was elected for two counties, Lennox and Carlton. He will now represent Carlton.

San Francisco, 11.—The steamer *Coptic* which sailed to-day for Hong Kong, carried away nearly 1,200 Chinamen, the largest number that ever sailed from this port. Of these over 900 are provided with return certificates. Notwithstanding the crushing and squeezing to get aboard, a great deal of good humor prevailed among them. An item worthy of remark is that every one of the 1,200 is carrying off with him from five hundred to one thousand dollars.

IF EATING WERE A FELONY IT COULD NOT BE MORE TERRIBLY PUNISHED THAN BY THE TORTURES OF INDIGESTION. WHY ENDURE THEM? EVERY DYSPEPTIC KNOWS, OR OUGHT TO KNOW, THAT TARRENT'S EFFERVESCENT SELTZER APERIENT IS A SPECIFIC FOR THE COMPLAINT. WHY THEN SUFFER? IT IS SHEER FOLLY. SOLD BY ALL DRUGGISTS.

PRICKLY ASH BITTERS

The majority of the ills of the human body arise from a derangement of the Liver, affecting both the stomach and bowels. In order to effect a cure, it is necessary to remove the cause. Irregular and Sluggish action of the Bowels, Headache, Sickness at the Stomach, Pain in the Back and Loins, etc., indicate that the Liver is at fault, and that nature requires assistance to enable this organ to throw off impurities.

Prickly Ash Bitters are especially compounded for this purpose. They are mild in their action and effective as a cure; are pleasant to the taste and taken easily by both children and adults. Taken according to directions, they are a safe and pleasant cure for Dyspepsia, General Debility, Habitual Constipation, Diseased Kidneys, etc., etc. As a Blood Purifier they are superior to any other medicine; cleansing the system thoroughly, and imparting new life and energy to the invalid. Rev. Father Wilds'

EXPERIENCE.

The Rev. Z. P. Wilds, well-known city missionary in New York, and brother of the late eminent Judge Wilds, of the Massachusetts Supreme Court, writes as follows:

"28 E. 54th St., New York, May 16, 1882.
Messrs. J. C. Ayer & Co., Gentlemen:

Last winter I was troubled with a most uncomfortable itching humor affecting more especially my limbs, which itched so intolerably at night, and burned so intensely, that I could scarcely bear my clothing over them. I was also a sufferer from a severe catarrh and catarrhal cough; my appetite was poor, and my system a good deal run down. Knowing the value of AYER'S SARSAPARILLA, by observation of many other cases, and from personal use in former years, I began taking it for the above-named disorders. My appetite improved almost from the first dose. After a short time the fever and itching were allayed, and all signs of irritation of the skin disappeared. My catarrh and cough were also cured by the same means, and my general health greatly improved, until it is now excellent. I feel a hundred per cent stronger, and I attribute these results to the use of the SARSAPARILLA, which I recommend with all confidence as the best blood medicine ever devised. I took it in small doses three times a day, and used, in all, less than two bottles. I place these facts at your service, hoping their publication may do good.

Yours respectfully, Z. P. WILDS."

The above instance is but one of the many constantly coming to our notice, which prove the perfect adaptability of AYER'S SARSAPARILLA to the cure of all diseases arising from impure or impoverished blood, and a weakened vitality.

Ayer's Sarsaparilla

cleanses, enriches, and strengthens the blood, stimulates the action of the stomach and bowels, and thereby enables the system to resist and overcome the attacks of all *Scrofulous Diseases, Eruptions of the Skin, Rheumatism, Catarrh, General Debility*, and all disorders resulting from poor or corrupted blood and a low state of the system.
