### WARREN'S.

If you don't want bad bugs in your house go and get a bottle of Sure Pop at RIVERS BROS. d198

READ extra notices, South Cottonwood, Hebron, and Salt Lake City districts.

MISS ROSE EYTINGE appears for the last time at the Theatre this evening. Miss Eytonge as "Gabrielle."

JUST look at the big new advertisement of Z. C. M. I., of the closing out sale of summer goods at that institution, to commence on Monday next. Examine the prices and judge for yourselves. It is announced that the goods are to be closed out at cost, to make room for fall purchases. There is a long list of prices and they are remarkably low, including summer clothing and a large variety of cloth, hats, caps, bonnets, laces, artificial flowers, fans, parasols, sunshades, etc. Now if you want any summer clothing, any lines or cashmere suits, or anything in that line, you know where to go to. d198

We guarantee that the bed-bug powder sold by us will totally destroy house vermin. Try a bottle. At RIVERS BROS., only dealers in wall paper and shades. d198 5

### Perfect Apparatus.

CHARACTER OAK STOVES are simple in construction; compact in shape; made of best materials; easily operated; economical in fuel, and low priced, and the very perfection of cooking machines. d198

NOTHING is more harassing than ulcers or boils. Fortunately they can be quickly healed by the use of GLEN'S SULPHUR SOAP, which purges the sore of its poisonous virus or proud flesh, and thus removes the only obstacle to its healing. d194

PAIN PAINT cures all pain. Proofs in this city of its cure of rheumatism, diphtheria, colds, etc. To be had only at special agencies. d194

MOWING MACHINES.—All those who want to buy a first-class Mowing Machine should by all means call and see W. Anson Woods' improved, at Naylor Bros. These machines are of the lightest draft, are the strongest and cheapest in the market, and can be got on easy terms. We have also the largest stock of seasoned wagon material in the Territory, as cheap as the cheapest. d192

W. M. I. S.—A. C. writes from Brigham City, July 15, as follows:—

"The day before yesterday Elders M. H. Hardy and M. B. Young called here while on their way to Cache and Rich Counties, and attended the meeting of the Young Men's Mutual Improvement Society, which meeting was thrown open to the public in general. The instruction imparted by said brethren on the occasion was rich and highly appreciated by both young and old. We wish them much success on their further journey."

The Utah County Jubilee.—The tickets for the excursion to Payson on the Twenty-fourth will be ready on Monday, and will be for sale at Dwyer's book store, and can be obtained on and after that day from Brother George Goddard. The train will leave the depot at 5:30 a.m., Cottonwood 5:55, Junction 6:10, Sandy 6:15, Draper 6:30, and points south of that proportionately later. Persons wishing to remain over the 24th can, by payment of half the regular fare, return any time between that date and the 31st.

Home Preaching.—The meetings at the New Tabernacle on Sundays are being pretty well attended, there being almost invariably a goodly number of strangers present, visitors to the city from various parts of the earth, not a few from the most distant portions. Those strangers attend and hear the gospel preached, receiving various impressions concerning what is commonly called "Mormonism," but which is neither more nor less than the fullness of the everlasting gospel of the Redeemer. What many of them hear on these occasions may not appear to leave any powerful effects upon them at the present, but we believe that, in many instances, the "seed cast upon the waters," the effect will be seen in time to come; and the utterances that have been heard in the Tabernacle, by visitors, as well as those delivered by the missionary Elders abroad, will probably come vividly to mind.

LYON'S KATHARON.—Lyon's Katharon is an invigorating tonic vegetable preparation, positively free from any mineral or deleterious substances. It is the most delightful of all hair dressing—cooling the head, allaying irritation, curing headache and throbbing temples, making the hair strong, fragrant, glossy and obedient to control, so cleanly to use that it will not soil the finest fabric, causing the hair to grow luxuriantly and beautifully, removing dandruff and pimples. No man or woman can become bald who will use Lyon's Katharon properly. d198 e-1

RED CANYON COAL.—Still he old reliable \$9.75 per ton at the mill, \$7.50 delivered. NO EXTRA CHARGE FOR DELIVERY in difficult places. Full weight and quality of coal guaranteed. A lasting and true friend for the rich and poor. Try it one and all. Orders always met with promptness and care. ROBERT SMITH, Office, 65 Main Street. Agent.

## spreading the gospel among the nations than is generally supposed.

Hon. F. D. Richards, president of the day. Hon. C. W. Penrose, chaplain.

Beaver Enterprise, July 11.—

The County Court which was in session last week decided on a reduction of taxes, owing to the scarcity of money, which was a proper thing to do. Retrenchment is the true policy.

### Correspondence.

The Centennial—Things in Canada.

WESTPORT, Canada West, June 30, 1876.

Editor Deseret News:

I left the city of Salt Lake on the 1st of May, to visit my relatives in Canada. I came down on the same train that carried Dom Pedro to Omaha. There we took different trains east. I went to Springfield, Illinois, to see some of my relatives that had lived there for about thirty years. From there I went to New York and Philadelphia. I was there at the opening of the Centennial. It would be folly for me to try to tell you one hundredth part of what I saw. It is no satisfaction to stay there five days, a person wants a month at least to take it all in, then I have my doubts if they would be satisfied then.

I left there for Montreal, by way of Vermont, the home of our much esteemed leader in his youth. I arrived in Montreal on the 16th, and set to work to hunt up my relatives. As close as that is to the United States it is strange to say that outside of these connections I could not find a single English language. I only found two of my relatives that I could converse with, out of nine, and their fathers were native Americans, born in the State of New York. They are Protestants, and the ruling party there is Catholics. If a person is not a member of that church he stands no show in that country.

When you are in Rome, do as the Romans do, or move out, is the theme. There is considerable excitement about Father Chiniquy, an apostate priest. It is making quite a split in their church. The Catholics don't like him much better than we do an apostate. When I am at present in a little village, with four churches, and a few Baptists, that have no chapel, but the hold fast to their faith. There is some lively work for power. It is quite a curiosity to see a "Mormon" from Utah in their midst. It is just as good an introduction as any man wants here. The first thing they want to know is, Can a man make money there? The next is about polygamy. There are some of my parents. All of the old settlers here have heard the gospel in the youth of the church, John E. Page did a great work here some thirty-nine years ago for the gospel's sake. There are two old ladies here that joined the church some forty years ago. They left the Catholic and joined the Latter-day Saints, then they left the Saints to join the Catholics again, but the priest made them do penance by sitting outside of the church in time of mass for one year.

I shall leave here for Ottawa in about ten days, where I expect to meet some of the saints that have been living there quite a number of years. From there I shall proceed to Illinois. The hard times are felt here in her Majesty's dominion just the same as in the United States.

I receive the News from Rudger Clawson, my nephew, now in New York. I peruse it with great interest, and am assured that I am doing all I can in my weak way, to let the people know our beliefs. They seem to care but very little about our faith. It is not fashionable enough for them. I am alone. I have not seen a Latter-day Saint since I left Jersey City, where I met with the branch, Brother Staines presiding. It seems as ever your brother in the everlasting gospel. W. R. JUD.

Floral.—We have not yet mentioned the floral department of the Ladies' Centennial Territorial Fair. The space awarded to this department is necessarily small, consisting of the front portion of the south room. Our enterprising townsman, Mr. John Reading, the experienced florist, is the only exhibitor, and we advise visitors not to fail to examine the very fine collection of flowers and plants, which we have not time or space to enumerate, which he has placed on exhibition.

Obsequies.—The funeral services of the late Elder Henry Woodman were conducted at the 14th Ward Assembly Rooms yesterday afternoon, a large number of the relatives and friends being present. Appropriate addresses were delivered by Elders Aurelius Miner and John Taylor.

### Our Country Contemporaries

Ogden Junction, June 14.—

It is expected that Jay Gould and Sidney Dillon, Esqrs., with other prominent gentlemen connected with the Union Pacific Railroad Company, will arrive in this city this evening. We are not apprised of the object of these gentlemen in making the present visit, but suppose one thing is to take the preliminary steps toward the construction of the new talked-of deep water harbor and platforms, improvements so necessary to the convenience of the railroads centering in Ogden, as well as the traveling public. One thing seems clear to us, and that is, unless they intend to erect new buildings and platforms, it would be wise to at least repair the old rattletrap now disgracing the town and roads. But as these gentlemen probably intend to build a railroad from Ogden to Los Angeles, they will of course brush up a little here, before the new Pacific line is completed.

At a meeting of the Central Committee held in the City Hall Council Chamber, yesterday afternoon, Mr. W. Thompson in the chair, the names of F. S. Richards and Aaron F. Farr were added to the central committee. The chairman stated the object of the meeting, and on motion the following committees were appointed: On arranging for grove, supplies, with railroad companies, etc., J. Stanford, D. H. Peery and F. S. Richards. On finance, L. J. Herriek, W. Thompson, Robert McQuarrie. On music, W. Thompson, E. Brown, Joseph Parry. On procession, J. Stanford, Thomas Wallace, William N. Fife, A. F. Farr. On legislation and reception, F. D. Richards, L. J. Herriek, E. Brown, W. Burton, B. W. White, C. W. Penrose, A. F. Farr, William Thompson, F. S. Richards. On toast, F. S. Richards, L. J. Herriek, Joseph Parry, Joseph Stanford, F. A. Brown. On printing, W. Thompson. The following appointments were made: agreeable to the gentlemen named: Marshal of the day, Moroni Brown. Aides, Henry Tribe, Gilbert J. Wright, Joseph H. Hall, J. D. Bee, William Brown, Joshua Williams.
