

GETTING READY FOR HARRIMAN.

Fastest Engines are Being Overhauled in the Ogden Shops to Haul Special.

COMING WITHIN NEXT 10 DAYS.

Only One Change of Engines Will be Made During 600-Mile Run Across Nevada.

E. H. Harriman is due to visit Utah again within the next 10 days on his way home to Arden, N. Y., from his trip to the Orient. As he does not announce his plans more than 12 hours in advance of the consummation it is not known whether he will visit Salt Lake or not. However, everything here is being prepared for his reception and the speediest engines on the Short Line are being overhauled preparatory to putting them into service on the Harriman special train. Two big passenger engines, 2202 and 2201 are to be pulled off the regular service and taken to Ogden for a thorough overhauling so that the best running time can be made. These engines will each make a run of 300 miles with the train, the change being made at Carlin, Nev., the halfway point on the Salt Lake division between Sparks and Ogden.

East of Ogden the same conditions will prevail and the finest locomotives now running in the passenger service of the Union Pacific will be pressed into service to transport the party east.

NO BRANCHES THIS YEAR.

Union Pacific Will Build New Double Track in 1906.

Cheyenne, Wyo., Oct. 18.—From a reliable source it is learned here that the Union Pacific will construct no branch lines this year, nor until the double track already authorized has been put in.

It is said that President Harriman, before leaving New York for the far east, gave instructions to his subordinates not to figure on any new lines until several sections of the main line are double-tracked.

The portions that will be double-tracked first are from Sherman to Hermosa Junction, three miles, between Cheyenne and Laramie; Lookout to Hanna, 45 miles, between Laramie and Rawlins; and from Point of Rocks to Rock Springs, 20 miles.

It is not believed then that President Harriman has yet authorized the building of a branch line from Walcott to Hamilton to Saratoga and Grand Encampment to compete with the Saratoga & Encampment Railroad, which ex-Governor Fennimore Chatterton and his associates have started to build from Walcott to Encampment. It is certain, however, that the matter will be laid before President Harriman upon his return from the Orient next week, and that he will then see the necessity of immediate action if the Union Pacific is to secure business from

PROMOTION FOR CLARK.

Well Known Rock Island Man Becomes Immigration Agent

News was received at the Rock Island local agency today of the promotion of T. J. Clark, who on Nov. 1 will succeed A. B. Farnsworth as southwestern immigration agent, with headquarters in Oklahoma City. Mr. Clark is well known in this city, where he was traveling passenger agent prior to being promoted to Los Angeles and being succeeded here by District Passenger Agent E. Dyke.

In addition to this the following promotions, effective the same date, are announced by the Rock Island:

H. C. Young is appointed district passenger agent, with headquarters 215 Williamson building, Cleveland, O.; vice T. J. Clark, transferred.

L. H. McCormick is appointed traveling passenger agent, with headquarters 215 Williamson building, Cleveland, O.; vice H. C. Young, promoted.

E. H. Dexter is appointed traveling passenger agent, with headquarters 233 Washington street, Boston, Mass.; vice E. N. Gray, resigned.

A. W. Gibbons is appointed traveling passenger agent, with headquarters 233 Washington street, Boston, Mass.; vice H. M. Brown, transferred.

SAN PEDRO CUTOFFS.

Maps Filed Showing Three of Them Along the Line.

The San Pedro, Los Angeles & Salt Lake railroad filed three maps in the United States land office this morning showing three cut-offs on the main line, one in Iron county and two in Millard county. The first cut-off, 12 miles long, is located east of Modena. The second is 2 1/2 miles in length and starts near Burnt Cornhill, or Goss, as it is now named. These two have been completed and the third is now being constructed. This consists of five miles of track which crosses the Sevier river near Trent, necessitating the erection of a new bridge. These lines are being built to eliminate the grade and curves that are encountered on the old main line. They will be in readiness for the new flyer which will be put on Dec. 1.

Dempsey Succeeds Gregg.

C. H. Gregg, superintendent of dining car and hotel departments of the Denver and Rio Grande Western, has resigned and has been succeeded this week by T. A. Dempsey.

ORDER FOR RAILES.

Simon Hammerer Will Place One on Visit to Denver.

President Simon Hammerer of the Salt Lake & Ogden leaves for Denver this afternoon in order to get a line on

the Colorado Fuel & Iron prices of rails and incidentally place a rush order for 2,500 tons of 70-pound steel which he proposes to put down on the line now building to Ogden.

SPIKE AND RAIL.

The new train which is to be put on by the Salt Lake Route on Dec. 1 will make the run between Salt Lake and Los Angeles in 24 hours, as against 34 1/2 hours now consumed by the daily train on the run.

General Passenger Agent D. E. Burley of the Oregon Short Line returns from Chicago tomorrow. General Passenger Agent Giffert of the Salt Lake Route is also due to arrive from the east tomorrow.

A party of 35 people on their way home from Portland arrived in Salt Lake this morning over the Short Line in a special car. They will leave here on Friday for Litchfield, Neb., over the Rio Grande and Colorado Midland.

Julius Kruttschnitt and party, including E. E. Calvin, J. P. O'Brien, T. Fay and E. Buckingham, paid a surprise visit to Goldfield last week and visited the properties of the Tonopah Mining company prior to leaving for San Francisco where Mr. Kruttschnitt is now awaiting the arrival of Mr. Harriman.

Foy Killed in Coal Mine.

Belt, Mont., Oct. 17.—Michael Dyer, Jr., a 19-year-old boy, was instantly killed here this afternoon while at work in the coal mines. He was at work with his father in the mine. They had just finished blasting out the coal and were loading the car when a fall of several tons came down directly upon the boy.

The father was struck by a portion of the coal and was slightly injured.

Burton's Demurrer Sustained.

St. Louis, Oct. 17.—Judge Willis Vandever, in the U. S. court of appeals today announced that he had sustained the demurrer to the indictment of U. S. Senator Burton on the ground that the indictment was faulty. He ordered that another indictment be returned at once. Before announcing his decision Judge Vandever explained his position discussing the indictment in part and pointing out its faults, he coincided with the attorneys for the defense in their contention that if their client had entered into an agreement to appear before the postoffice department for compensation he was entitled to know who he had entered into this alleged contract with. Judge Vandever then set Nov. 9, as the date for a special grand jury to meet and hear witnesses for the government against Senator Burton. Senator Burton gave bond in the sum of \$5,000 assuring his appearance in that date and thereafter at the call of the government officers.

CHIEF LYNCH TALKS TO LADIES

Republican Nominee for Mayor Tells What He'll Do if He Is Elected.

IS NOT ASHAMED OF SALT LAKE

Money that Has Been Raised by Bonds For Water and Sewer Systems Should Be Economically Spent.

Chief of Police Lynch, the nominee of the Republican party, for mayor of Salt Lake, was one of the speakers at a meeting of the Women's Republican club, held yesterday afternoon at the residence of County Clerk Eldredge. Mr. Lynch, who was well received, delivered the following address:

"Mrs. President and Ladies—I am pleased to meet with you this afternoon, and to have the privilege of making a brief address before this representative body of citizens.

"With reference to the coming municipal election, I wish to say that if I am elected mayor of this city, as I fully expect to be, I will devote my time and energy to perfecting the duties of mayor to the best of my ability; and, if possible, to the satisfaction of the whole people. I give this assurance with a full realization of the great responsibility that will be placed on the shoulders of the next executive of this city.

"The securing of an adequate water supply, and that, too, before next summer, is a work of vast importance. It will be a constant labor. We must be compelled to pass through another water famine like that we have just experienced. We must have more water than we have had, and our supply must be taken better care of than ever before. Our streets must be sprinkled properly, and the city must be kept free from dust if we would have a healthy community. The people must have water not only for culinary purposes, but for their laundry. We must also keep pressure on our water system to insure fire protection. I promise you that I will use my utmost endeavors to forward plans to secure an adequate and permanent water supply for all municipal purposes.

"The only Mountain streams from which we can hope to obtain water for this city are Big and Little Cottonwood creeks, and Mill Creek. I recognize that there may be difficulty in obtaining from the farmers contracts that will be entirely satisfactory to the city. The farmers own the right to the use of the water, and as we do not want unnecessary litigation, the city must seek to obtain that water by amicable methods.

"Salt Lake City has been bonded, by vote of the people, for a large sum of money with which to enlarge and improve our water and sewer systems. This money should be economically and intelligently expended. In the expenditure of this money, I am willing to take the public into my confidence, as I think it should be in the case of public business. I intend not only to be satisfied that the plans, specifications and contracts are the best that can be obtained, but that leading business men and competent engineers also shall be convinced of that superiority. Before we expend money in an expensive conduit we must know that we have secured enough water, and that, too, in a permanent supply to put into it, to justify the cost of construction.

"I am not ashamed of Salt Lake; and I pledge you that I will do all in my power to further the interests of this city.

"In line with the national and state Republican administration, my policy will be for an honest, economical and intelligent use of the people's money, and fair treatment of all."

SOCIAL AND PERSONAL.

Last night the wedding of Miss Marjorie Ivis and Mr. William F. Bee took place at the home of the bride's sister, Mrs. H. W. Horne, the ceremony being performed by Rev. Elmer I. Graham, and the relatives and friends being present. Afterward an elaborate wedding supper was served. The rooms were prettily decorated, the center in white and green, white chrysanthemums and roses being mingled with the green of palms and ferns. In the dining room red prevailed, roses being the flowers. The bride wore a charming gown of cream white silk with lace trimmings and carried roses. Mr. and Mrs. Bee will be at home shortly to their friends at 447 east Third South street.

Miss Cecile Pinkerton was guest of honor at an informal supper last night given by Miss Olive Jennings. The table was artistic in its decoration of red and white, and the guests were Miss Pinkerton's bridal party.

Miss Lucile Case and Chester Calne Pratt were married last night at the home of the bride's parents, Mr. and Mrs. Eber Case, the ceremony being performed by Hon. John T. Calne, the groom's grandfather. The rooms were prettily decorated and a wedding supper was served, the table being exceedingly pretty in its bridal garb. Mr. and Mrs. Pratt left on the evening train for a trip to California, after which they will make their home here.

Another marriage of yesterday was that of Miss Adela A. Taylor and Frank H. Houghton, the ceremony being performed by C. E. Perkins at the home of John Houghton, and a pretty wedding supper being served. The affair was informal only the relatives being present. Mr. and Mrs. Houghton will be at home at 55 east Third South street.

Next Saturday night the wedding of Miss Kate Jeremy and Cuthbert Olson will take place, the event to be an informal one.

A pretty church wedding of yesterday was that of Miss Rose O'Connor and Mr. J. E. Gillette, the ceremony being performed at St. Mary's cathedral by Father Curran, and the young couple leaving immediately for a trip to the coast.

Mrs. Edwin Pettit, accompanied by Mrs. Miles Romney, Jr., left last evening for Mexico, where she expects to remain about six weeks visiting her sister.

Miss Chloë Smoot of Provo is visiting Mrs. Eldredge for a few days.

Mrs. O. K. Lewis and Mrs. M. R. Stewart entertained at a delightful luncheon today in honor of Mrs. Barkley of Montana.

Culbert L. Olson is being tendered a "stag shower" tomorrow, Thursday, evening at Job White's home, 9 Emery Flats. Mr. Olson's wedding takes place the Saturday evening following.

Last night the wedding of Miss Marjorie Ivis and William F. Bee took place, the event being celebrated in a reception at the home of the bride's sister, Mrs. H. W. Horne.

Harold Eldredge gave a musical last night at the University club.

Miss Lucile Case and Chester Calne

Pratt were married last evening at the home of the bride's parents, Mr. and Mrs. Eber Case.

The Daughters of the Revolution met at the Exponent office Monday and held an interesting meeting. The topics of the day were given by Mrs. Phoenix Reed and Mrs. Myra Rosier, the first being Dr. Joseph Warren and the second Gen. Joseph Spencer. A general discussion followed, and afterward Miss Kate Wells gave an interesting sketch of her travels abroad, and incidentally of her visit at Harvard.

Mrs. Victor M. Clement has returned from Europe and is at home with Mrs. M. S. Woodward on Fifth East street.

The Cleoan met yesterday with Mrs. W. H. Booth.

Miss Cosgriff and Miss Elizabeth Cosgriff left Monday for an eastern trip.

Mrs. E. A. Nock, who has been visiting for a few days with friends in the city has returned to her home in Denver.

Monday Mrs. John L. Lincoln entertained the Monday night club at her home, Dr. P. and Mrs. M. S. Woodward on the "Friendship of Books."

PREPARE FOR DENVER GAME

University Students Will Meet Friday Morning to Practice Chores.

Friday morning next the students of the University of Utah will be given a chance to tune up their voices for the Denver university game. The faculty has decided to cut each morning period short by ten minutes on that occasion, so as to allow a period of 10 minutes just before noon which can be given over to a student meeting. The preparatory studies and yesterday and adopted a constitution similar to that of the University students. It allows them to attend games at a reduced rate after paying student body dues. Harold Calne will report the action of the organization for the Chronicle.

Another feature planned for the football game is a dance which will follow it in the evening, the Denver team being guests of honor.

House Work

Need Not Wear Her Out

The drudgery of house work seems never ending to tired-out, dispirited women who suffer from female complaints or irregularities. Inflammation and ulceration of the womb and ovaries cause fearful bearing down pains which are aggravated by much standing on the feet, and lifting necessary in house work.

But let no woman despair of relief from this torture. That famous tonic reconstructor of diseased or disordered female organism,

Lydia E. Pinkham's Vegetable Compound

has cured more than one million American Women, and it will cure you. When monthly periods are painful or irregular, when backaches and headaches drive out all ambition, Lydia E. Pinkham's Vegetable Compound will bring back health, strength, and happiness.

It Gave Me New Life and Vigor

DEAR MRS. PINKHAM:—Last spring, while we were moving, I did considerable more work than my strength permitted, and, having mental trouble at the same time, my health broke down completely and I found myself unable to rest or eat. My nervous system became shattered and I was pale and emaciated and had to take to my bed.

My sister advised me to try Lydia E. Pinkham's Vegetable Compound, and, although I had no faith in patent medicines, I was so miserable that I would take anything for relief. I found that it made a complete change for the better, inducing appetite and restful sleep and imparting new life and vigor to my entire system.

I gained nearly fourteen pounds, my complexion looked fresh and clear, and my best friends were surprised and pleased at the change and could hardly credit that that Lydia E. Pinkham's Vegetable Compound had accomplished it.

HONORA LILLIAN HENRY.
