CLOSE TO NATURE. SPRING AND SUMMER.

> VERYONE knows that the pure country air and a chance to get close to Nature in the fields and woods, is sure to improve our animal spirits and bodily health. We are only civilized animals

> after all, and the present dwellers in the cities are compelled to live in badly ventilated rooms or factories filled with the germs of -of grip, consumption or catarrh. They are compelled to eat their lunch hastily, and, in fact, to run the human machine at all times so improperly that they are constantly in danger of being sick. Sunshine and good air are essential for good health. Nature provides the germ destroyer, if we only find it, in a life in the open air and sunshine.⁴ If we are run down physically, if our blood has too many of the white blood corpuscles and not enough of the *red* corpuscles; if we look pale and anaenic, or with pimples or hives appearing on the skin, it's a pretty sure warning that we need a little of nature's cure. For those who are confined indoors and need a strengthening tonic, a blood and body builder, there is a remedy provided by Nature which is sure and safe—an Alterative Extract from roots and herbs, without the use of alcohol which nourishes the tissues and nerves with good red blood. That medicine was the discovery of Dr. R. V. Pierce, the founder of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. It was sold by druggists thirty-seven years ago or more and has become more popular every year since, under the name of Dr. Pierce's Golden Medical Dis-covery. Dr. Pierce receives quantities of grateful letters and testimo-nials every day. It would take all of this newspaper's space to print those received in a single month. Here is a sample

> "About seven years ago my health failed, and I tried different doctors but they could not help me," writes Reuben S. Kleppinger, Esq., of Le-highton, Pa. (Box 673). "I was still getting worse. Had a cough, pain in chest, night-sweats, was weak and nervous. I decided to write to Dr. R. V. Pierce, of Buffalo, N. Y., and state my case. I received a prompt and careful reply, which I still have in my possession. The malady was a complicated one, involving the nasal and other air-passages. There was a catarrhal condition extending from head to the bronchia and lungs. The use of Dr. Pierce's Golden Medical Discovery and Dr. Sage's Catarrh Remedy was advised. I used about two dozen bottles of each, also some of Dr. Plerce's Pleasant Fellets, and these remedies have done their work. Since that time I don't believe I have lost a day's work on account of sickness. Am well and have been able to eat any thing ever since. Thanks seem but a slight return for all the good your dicine has done me."

> a cold which had stopped up my head, and also settled on my lungs, caus-ing catarrh in a very bad form, and also throat difficulties," writes Justice homas E. Bourquin, 1808 Ogercher Road, Savannah, Ga. "He gave me some medicine, but one month's faithful use of same failed to do me any good, so I decided to try Dr. Pierce's Golden Medical Discovery, and bought a bottle. After using it a few days, my lungs began to heal, I did not cough nearly as much nights, slept much better, and in two weeks the cold, cough, catarrh and throat difficulty were all cured. I was certainly pleased with the results, and so wish to write you of it."

SCHOOL TRUSTEES ELECTED.

At College, in the recent school election, John Schank was elected trustee for three years, and J. D. Nuttall for two years. W. F. Jensen was elected trustee at Newton.

FUNERAL OF MRS. PARKINSON.

The funeral service over the remains of the late Mrs. Clarissa Taggert Par-kinson was held in Logan tabernacle Sunday at noon, and was largely attended. The speakers were President W. H. Lewis of Lewiston, Elders James A. Leishman and Moses Thatcher, Bishop E. R. Owen of Wellsville and Bishop H A. Hansen of Logan Sixth ward. Al had been personally acquainted with the deceased lady and spoke in the highest terms of her good works and fidelity in Church affairs, as also of her great faith. The fioral tributes were umerous and beautiful. FLOWING WELLS AT COLLEGE.

Mr. James Nielsen was in town from College Saturday and reports that a large number of artesian wells have recently been sunk at that place, with great success. The depth averages from 109 to 148 feet, and heavy flows were usually obtained.

CONDENSED MILK FACTORY.

Mayor Hansen reached home from the east Saturday, where he went on official and personal business two weeks ago. He announces that he investigated the condensed mlik factory business while absent, and has practically concluded to organize a company to build a factory of this kind in Logan. Business men generally may become inter-ested in the factory, and such an insti-tution should be very successful here. The Agricultural college summer school closed Friday evening, after a gratifying session of five weeks. A civil service examination was held

in Logan Saturday under the direction of Examiner F. B. Clayton. Twenty applicants for mail carrier were exam-fned. The State Bank of Utah has filed suit

against W. D. Cranney for \$1,360 and \$125 attorney's fees, alleged to be due on a mortgage.

THE MAN WITH THE BIG HEAD-Go 'way! Git out! I'm sick! I want to die! THE MAN WITH THE LEVEL HEAD-Ah, you old sinner! No rest for the wicked! You will go on a bat while your wife's in the country, will you? You ought to suffer! But why didn't you do as I told you when I left you last night, and as I did myself: take a CASCARET Candy Cathartic before going to bed? You'd feel good like I do. They work while you sleep, fix up your stomach and bowels, cool your feverish liver, and make you feel fine and dandy the morning after. M

BOUNTIFUL HARVEST.

Excellent Showing at Garland-Ont-The harvest is on and hands scarce: this, together with the immense fruit crop makes us wonder where the help look in Sanpete and Sevier. will come from. Wages are very high with insufficient men- to do the work. Lehi, Utah Co., July 21,-The sugar beet crop grown by the Lehi and Garland Sugar factories is in a condition ready The grain harvest is fairly good, but not quite an average crop. The fruit to be laid by, with no further work on same till harvest time. So reports Reperop promises to be far above the average. Winter apples will doubtless resentative George Austin, agricultural superintendent for the Utah Sugar company. All the beets are thinned and the second hoeing will be completed in about five more days. The beets are looking exceptionally well and have now developed sufficiently to instead average. Winter apples will doubless bring good prices, hence the financial income to the valley will be good. The cherry crop far surpasses its previous record. Mr. E. Z. Carbine, formerly from Parker, fakho, has a wonterful crop of fine cherries. He will realize from his crop of cherries from \$399 to \$500 \$500.

now developed sufficiently to justify the prediction with almost absolute cer-tainty that the crop will be the great-est in the history of the state. It is es-timated that the yield of the acreage relative to the Lab class will President F. S. Bramwell has sold his orchard to Christian Johnsen of Butte, Montana, Mr. Johnsen came here to tributary to the Lehi plant will be ap-proximately 90,000 tons, which will recuperate, and called health so fast that he sold this constry was good enough for him, and accordingly bought proximately 90,000 tons, which will that he said tais country who break all previous records for this enough for him and accordingly bought and will move his family here at once. Garland factory will produce about 20,-000 tons, which the company thinks will like this one, and bid welcome to all such be a good record considering the fact that this will be the first year for the nuch

be a good record considering the fact that this will be the first year for the factory at that place. At Garland much difficulty has been experienced in ob-taining the necessary help just at thinning time. Japanese help has been employed to a great extent, yet white labor has been employed wherever ob-tainable. The Japanese have given very satisfactory risults, and no doubt will be more extensively employed next year. They earn on an average from \$2

be more extensively employed next year. They earn on an average from §2 to \$3 per day, and some of the more ex-pert earn as high as \$5, so the charge of cheap labor will bardly apply to the Japs in this case. They are anxious to contract for next season's crop, and it
