LOCAL NEWS.

Third Company. — By telegram from James H. Hart, New York, we learn that the company of sailors which left Liverpool per S. S. Wisconsin on Saturday last, numbers five hundred and forty-one souls.

Primary Conference. — The Primary Association of this State will hold a conference in the Assembly Hall on Saturday next, June 27th, commencing at 10 a. m. A full attendance is desired, and it is requested that the children bring their hymn books with them.

A Fraternal Call. — We enjoyed a visit to-day from Mr. Thomas R. Gelwick, of St. Louis, who is here with an excursion party, numbering fifty-two persons in all, made up of citizens of St. Louis, Chicago, Kansas City, Cincinnati and Louisville, all bound for the Pacific Coast. He is, when at home, connected with the firm of Geo. D. Barnard & Co., printers and stationers, having charge of the jobbing departments of their extensive establishment, and, like most members of the craft when traveling, has an eye to the printing interests of the places he visits. He is greatly pleased with the appearance of that portion of Utah which he has seen since entering it yesterday, though the weather to-day is anything but favorable for sight-seeing.

Killed By Lightning. — By special telegram just received, we learn that Bishop Benjamin F. Stewart, of Bonanza, Utah County, while sitting in his carriage, close by his house, in that place, at ten minutes past twelve to-day, was struck by lightning, and instantly killed. The house was also struck at the same time, and more or less injured.

Brother Stewart, who was one of the very earliest settlers of this country, was widely known and greatly respected as a man of sterling integrity and worth, a man of considerable influence, which has invariably been exerted to the right direction.

While we must not wish to spare such men, we must acknowledge that God knows best, and how to His decrees.

Base Ball. — The game on Saturday, between the Bountiful Stars and McCook's was won by the former; score 14 to 5.

The Barker base ball also effected an organization on Saturday evening.

The Red Boys have received a proposition from the Leavenworth mine, which defeated the Omahas by a score of 3 to 1, to play in this city some time in July.

The Leadville Base Ball Association have written to the Red Boys with a view of playing several match games either in this city or at Leadville. They offer the Salt Lake Club \$800 to play three games each at Pueblo, Denver and Leadville.

The names of the contestants in to-morrow's game are: E. M. L. Y. Cribbe, L. Wells, G. Lamborn, J. Miller, D. Bentley, C. Day, D. Derrick, M. Taylor, J. Owen, News-F. McEwen, F. A. Wilcox, J. Freebairn, A. S. Cowan, W. Proctor, F. M. Anderson, W. A. Cowan, J. H. Hanson, T. Strinley.

THE WHITE CASE.

THE CHARGE OF POLYGRAPHY ADDED.

At 4 o'clock on Saturday afternoon, the witness in the case of Chas. L. White, charged with unlawful cohabitation, was brought before Commissioner McKay, and the questions she had formerly declined answering read to her.

She persisted in her refusal, and the Commissioner informed her that the offense was a serious one.

The law providing for only one day's imprisonment for contempt, the District Attorney stated that if that was the limit of punishment he would take no chances of letting the witness get her freedom, but would ask that the examination be held on Sunday.

The Commissioner, however, sentenced the witness to one day's imprisonment, and paid a fine of \$50, and she was committed to the custody of the Marshal until paid.

The examination was then continued until 10 a. m. to-day, and Miss Starkey was taken to the Penitentiary.

This morning the witness was brought in and the examination further continued until 2 o'clock this afternoon.

The defendant was, however, arrested on the additional charge of polygraphy.

At 2:30 p. m. George White was called as a witness, and testified that he was father of the defendant; visited his house occasionally; knew defendant's wife, Margaret H. White; he married her six or seven years ago; had seen Elizabeth Ann Starkey; knew but little of her, and did not know where she lived; had seen her at defendant's house.

Elizabeth Ann Starkey was called as a witness on the polygraph test.

Mr. Dickson asked, Are you a married lady?

A—I decline to answer.

Q—Are you married to defendant?

A—I decline to answer.

Q—Have you, at any time within the past three years, gone through a marriage ceremony with this defendant, in this county?

A—I decline to answer.

The Commissioner asked witness if she had any reasons for refusal, and was answered that she declined to answer any questions.

Q—Do you refuse to answer voluntarily, or because you are afraid?

A—I do it of my own free will.

Q—Do you know the consequences?

A—I am not particular.

The Court then stated that a fine of \$100 would be imposed for contempt, and that the witness would be committed until the fine was paid, to which Miss Starkey replied, "You may as well make it imprisonment for life at once, I'm not particular."

The case was then continued until 10 a. m. to-morrow, and Miss Starkey was taken out to the Penitentiary.

The defendant's bonds were fixed at \$2,000, which were not given.

Elder Panter's Labors. — Elder Wm. Panter, of Taylorsville, called upon us on Saturday, to report, as is his custom, with reference to his labors during the mission from which he returned on the 2nd inst. He left here on the 10th of April, 1882, and on his arrival in England, to which nation he has been called to go, he was assigned to labor in the Bristol Conference, which included in its scope the place of his birth, the home of his relatives and the scenes of his childhood days. His relatives received him kindly, and had the pleasure of baptizing his father and sister into the Church and bringing the latter home with him on his return. His field was very large, extending from Gloucester on the north to Land's End—the extreme tip of Cornwall—on the south, and he traveled a great deal. Though quite modest himself as to the results of his labors, we are able to say from information received from other sources, that Brother Panter was a very efficient Elder, who carried into his work a hearty good degree of zeal, but wisdom also, and that the result of the good accomplished by him is not to be estimated by the 19 baptisms effected by him, for doubtless many who have heard his testimony and warning without yielding obedience to the Gospel while he was there will be influenced thereby to do so hereafter. The Bristol Conference is a hard field to labor in. What few Saints there are in that region are nearly all very poor, and during his absence, he has been his own expenses about three-fourths of the time. He has no regrets, though, on that score; in fact, he feels thankful that he went upon his mission and for the experience that he gained. He also mentions with gratitude the kindness of his brethren of Taylorsville during his absence. They turned out last spring in force and plowed and planted some fifteen or sixteen acres of grain for him.

Fined for Erecting a Firetrap. — This morning the first case of prosecution under the ordinance forbidding the erection of other than fireproof buildings within the fire limits, was brought before Justice Speirs. John Heil, Jr., the accused, erected a shed on his premises on Second South Street, and the officers notified him of this violation of the ordinance. Instead of removing the building, as requested, he subsequently added another shed, and the officers again warned him. He, however, paid no attention, and the case being tried in the Justice's Court, Heil was fined \$10 and ordered to remove the structure within twenty days. In the event of a failure to comply with this order, a fine of \$5 was imposed for each day the shed should remain after the expiration of the time being given. The defendant was given until 3 p. m. to decide whether or not he would take an appeal.

Parties who have on their premises fire-traps of the class above referred to should take warning and remove the same before the day after tomorrow, as the officers are now being called upon to take action by the vigorous enforcement of the law.

Divorcement. — The audience at the Theatre Saturday evening was of meagre dimensions; not so much so as at the matinee which preceded it, or rather should have preceded it, but did not, but still small enough to cast a damper, it would appear, over the spirit of the players. That the failure of the matinee—the refusal of Madame Almee to have the play proceed to such an extent, and the showing of faces—had something to do with the attenuated audience at night, there can be no doubt, although the fact that both pieces had been so recently produced here, and by the same company, would furnish reason enough. The play, however, and the rest, was excellent as ever, and artistically the performance was so good that could be wished, though no doubt it was a financial failure.

Barrell-Bentley. — Mr. Elihu Barrell and Miss Lilla Bentley have come to town. The object of their visit to the Queen City of Northern Utah is to be held at the residence of Mrs. J. M. Boulton, the prospective bride's mother, on Thursday evening, July 2nd, at 8 o'clock, in a grand, unalloyed happiness and prosperity.

THE CRISMON SUITS.

HOW THEY WERE SETTLED.

Some time ago the News mentioned the fact that the suits which had been entered by the Territory and County against ex-Collector George Crismon and his bondsmen for the recovery of certain sums which had been collected but not paid over, had been settled by a court.

The suits were entered over a year ago, but were withdrawn last winter for the purpose of having them re-entered in a different form. Before this intention was put into effect, however, a settlement by compromise was agreed upon, the figures and conditions of which are now definitely fixed and it is expected that the District Court will render a judgment in accordance therewith.

The original amount sued for was about \$85,000, and included all of the delinquencies in Mr. Crismon's accounts, during the years 1879-80-81 and 82, the Territory claiming \$42,510, and the County \$22,512. About the time the suits were commenced, Mr. Crismon paid to the Territory the sum of \$22,000, and turned over all of his real estate and personal property to his bondsmen to enable them to satisfy the balance of the claims against him.

The matter would doubtless have reached an amicable adjustment before now but for the incumbrances that were upon the property. It has taken much time and trouble on part of the bondsmen to clear the means available, but they have at last got it in such a shape that it has been accepted in satisfaction of the claims against Mr. Crismon.

A second payment of \$13,000 in cash to the Territory has been accepted in the compromise as payment for the rest of its claims. To the County Mr. Crismon pays about \$9,500 in cash, and turns over the list of delinquent taxes, the face value of which is about \$15,000. These taxes were charged against Mr. Crismon for their face value and were included in the amount sued for.

It will be seen from the foregoing figures that there still remains about \$3,000 of the amount which Mr. Crismon was accused of having appropriated, that has not been accounted for, and for which no satisfaction seems to have been rendered. At least a portion, if not all of this discrepancy, however, may be readily accounted for from the fact that the yearly assessment roll averaged about \$100,000, and when most carefully prepared would contain a number of duplicate and illegal assessments, besides other errors, which would render its real value considerably less than its face value. Since the suits were entered the bondsmen have been pushing the collection of the delinquent taxes, and in doing so have discovered some of these errors, and as Mr. Crismon was charged with the gross amount of the tax roll, he should, of course, have credit for all such errors.

TERRITORIAL ITEMS.

CULLED FROM LATEST EXCHANGES.

The defendants in the libel suit against the Ogden Herald Publishing Co., filed their answer to the complaint on Saturday.

On Saturday morning's eastbound U. P. train was a young man named Gordon who is crazy. It was reported he was drugged a week or two ago while going west, and the result is he is now a lunatic. He is being taken to his friends in Canada, and has to be strapped to the seat and his hands are secured while traveling to prevent him doing mischief to himself or fellow passengers.

A peculiar disease is prevailing among the horses in Round Valley, southeast of Paducah, City and near Heber, which kills a great many horses for the farmers and ranchmen. Horses seem to catch cold without any exposure, and settling on the lungs causes death in a very short time, one man looking at valuable horses this spring by this new and peculiar disease. All known remedies seem to fail, and when a horse is once attacked with it the owner considers it a dead loss.

Obsequies.—The funeral services over the remains of the late John Pearson Smith, of this city, who died at his residence in the Seventh Ward on Saturday last, were held at the meeting house in that ward yesterday afternoon, at 4:30, Bishop Wm. Thorn officiating. After the usual opening exercises suitable and consoling remarks were made by Elders Thomas H. Woodbury, Charles Lambert, John S. Gabbert, David James and Bishop Wm. Thorn. The services were full of sympathy and valuable instruction for the bereaved family and friends, and set forth the many virtues and good works performed by the deceased while in the flesh.

Brother Smith was a native of Pennsylvania, and was 72 years and 10 months old when he died. He joined the Church of Jesus Christ of Latter-day Saints in 1840, and emigrated to Utah in 1852. He was extensively known and respected by a wide circle of friends and acquaintances, many of whom will be pained at being prevented from paying the last tribute of respect to his memory in consequence of the short notice given of the time and place for the funeral services. Deceased has lived and died a faithful Latter-day Saint.

Editor, Deseret News:

SALT LAKE CITY, June 23, 1936.

In behalf of the teachers of Weber County, permit me through your columns to express our thanks for the kind and courteous treatment received at the hands of the whole-hearted co-operators of Salt Lake County.

We have all the elements of refinement, civility and social character, and we distinguish the genuine and appreciate the social character. Very truly,

WM. H. JONES.

It appears from yesterday's dispatch that the recent earthquake in the Vale of Cashmere have been more destructive of life and property than most people in this region have supposed. It is now estimated that 3,081 persons have lost their lives through being crushed in the falling chimneys which opened in the earth, or by being buried in the ruins of falling houses, and that 30,000 animals perished in a similar manner, while the number of houses destroyed is said to foot up to 70,000. What a scene of desolation and sorrow that region must now present!
