DISCUSSION WITH

REORGANITES

Eros, La., Oct. 12, 1908.—Last summer Elder William Taysom and myself were laboring in Jackson parish, endeavering to spread the gospel as it has been restored in the last days. We condenvoring to spread the gospel as it has been restored in the last days. We were in Eros on Aug. S. when we were invited to hold a meeting by two members of the Reorganized cirarch, which we agreed to do on Aug. F. The two Elders Smith, representing the engaged to the property of the two lifes, were present, and after meeting they challenged us for a debute. We tried to avoid it, telling them depating was of the evil one, but they invisted and began boasting, saying we were afraid and we dared not meet them. I told them I would write our confere we president, Elder R. R. Church, which we did and told him the circumstances. He began corresponding with Elder Smith and arrangements were made to meet in a debate Sept. If. We were there at the appointed time, but the resegnable clders were not there, though they wrote their members they would be there and had them amounted the discussion. We waited there a week, then President Church and Elder Traysom left leaving me behind, as I was sick and not able to travel. The reorganites came the next day. I wrote President Church and he returned at once and arrangements were made. Articles were signed and a chairman once, and arrangements were made, Articles were signed and a chairman selected to preside over the meetings and reacter a decision at the close of the discussion which was to continue 10 mights unless limited by the chair-man

the discussion which was to continue the discussion which was to continue to nights arriess finited by the chairman.

The discussion began Oct. 5 on the first proposition. 'That the Church of Jegus Christ of Lutter-day Saints, with headquarters at Sait Lake City, is the lawful continuation of the Church organized by God through the Instrumentality of Joseph Smith on April 6, 1830.' President R. R. Church took the affirmative and Eider Edgar H. Smith the negative. The second proposition was "That the reorganized Church of Jesus Christ of Lutter-day Saints, with headquarters at Lamoni, Ia. is the lawful continuation of the Church organized by God through the instrumentality of Joseph Smith, Arril 6, 1830.'

The first proposition was discussed four nights, each contestant had one hour each night. President Church is good sucalor, and began the first night with anestacy and restoration, dwelling some time on Danlet 2: 41. Elder Smith dight deny at all; he began by villfyllig the people of Utth and President Young, etc., that being the greater part of his talk all the time. Elder Church told his opponent one evening that if it hadn't been for President Young and polygany he wouldn't have anything to talk about. The people listened with interest while President Church spoke, but Just the moment Elder Smith began, many would leave. They seemed out opefer the truth to fables. The chairman thought best to take the second preposition the fifth night. Elder Smith only spoke 40 minutes. He seemed out of something to speak on. He tried to prove the lineal descent of the presidency from the Doctrine and Covenents. President Church took up all his allotted time and would have appreciated another hour.

The discussion was called to an end and the chairman decided we bud the true Church in Utah. Thus success crowned our efforts and we won many friends. We also had the privilege of baptizing four cenverts.

L' DIA E. PINKHAM'S VEGETABLE COMPOUND

No other medicine for Woman's ills in the world has received such wide-spread and unqualified dorsement as has Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

No other medicine has such a record of success for woman's diseases, or such hosts of grateful friends as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been the standard remedy for feminine ills, Inflammation, Ulceration, and consequent Spinal Weakness.

It has relieved more cases of Back ache and Local Weaknesses than any other one remedy. It dissolves and expels tumors in an early stage

of development. Irregularities and periodic pains, Weakness of the Stomach, Indigestion, Bloating, Nervous Prostration, Headache, General Debility, quickly yield to it; also deranged organs causing pain, dragging sensations and backache. Under all circum-

stances it acts in harmony with the female system. It removes that wearing feeling, extreme lassitude, "don't care and "want-to-be-left-alone" feeling, excitability, irritability, nervousness, dizziness, faintness, sleeplessness, flatulency, melancholy or the "blues." These are indications of Feminine disorders, which this medicine overcomes as well as slight derangement

of the Kidneys of either sex. Women who are sick and want to get well should refuse to accept any substitute for Lydia E. Pinkham's Vegetable Compound.

Tresident Laisen expressed his approposition for the privilege of meeting again in conference capacity and extended a hearty welcome to all present. Reports were given from some of the branches after which Elder Andersen and President Kasmussen expansed in an interesting manner the persecutions of the saints and the courage required to embrace the gospel in the race of opposition. On Thursday evening, Oct. 1, baptian was performed in the sea at Wallasey, when another member was addedate the Liverpool branch. The ordinance was administered by Elder the race of opposition.

At our service on the afternoon of Sept. 20 we were greatly favored and assisted by the attendance of Mrs. Miliando Pratt of Salt Lake City and her daughter, Viola Pratt Gillett, the talented singer. The latter very beautifully rendered for us two of her inspiring songs, "One Sweetly Solemn Thought" and "Flee As a Bird." Mrs. Pratt spoke interestingly on the piocer and home life of our people. A discourse was also delivered by Elder Earl Hawkes upon the ideal organization of the Church as it was established by Christ and as it is renewed today in the Church of Jesus Christ of Latterday Saints. At this meeting there were 60 people in attendance. We advertized it well and it proved a big drawing card for us, and gave a prominence to the work here that will long be remembered and appreciated.

The Providence Journal and the Evening Bulletin of this city have certainly accorded us very fair consideration. Each week we get our church notice printed free, and they have given us some very fair and valuable articles in reporting our Sunday services. We find Church members here a great assistance to us. They are all interested and active and co-operating to help the cause along. Through these agencies our message is becoming better known and is enlisting general attention and interest.

RETURNED MISSIONARIES.

The elders named below have report ed at the Church historian's office in this city their return on dates given from the foreign mission field, all ex-cept as noted, in good health and spirits. They report the gospel work in all the fields represented is making very gratifying progress.

ADVANTAGES OF MEMBERSHIP.

ADVANTAGES OF MEMBERSHIP.

The importance of extending the membership of the Genealogical society of Utah impresses deeply the governing board of the society. Not only does the society need an increased membership, but the members of the Church need, far more than the people realize, the uplift and genealogical education to be obtained through this means. We comprehend the necessity of building temples, but what does this avail if they are not used to their limit? Saints who are anxious to become sayiors upon Mount Zion, need limit? Saints who are anxious to become saviors upon Mount Zion, need
to make practical preparation for the
work of such a calling. Before people
enter into the temples to perform
the work carried on therein, genealogies,
must be searched out and records prepared. There is great necessity, on the
part of the people, of education along
these lines, without which the work
cannot be done. Membership in the
society is advantageous, not only to
those who have genealogical clues, but
to all the Latter-day Saints.

The Genealogical society was organ-

to all the Latter-day Saints.

The Genealogical society was organized to assist the people in gathering of family records to establish a genealogical library, and to educate the people for temple work for those who have gone beyond the veil.

Any Latter-day Saint is eligible for membership in the society. Life membership is \$10: annual members, \$2 the first year and \$1 for each subsequent year. Annual members have the privilege of becoming life members by pay-

year. Annual members have the privilege of becoming life members by paying the difference between what they have paid and the sum of a life membership. Members have access daily, from 9 a. m. till 5 o'clock p. m. to the library, now located in the historian's office, which already includes over 1,000 volumes, and is increasing constantly. The library includes standard books of recognizations of the library includes standard books of recognizations. generalogical reference. The librarian is in attendance daily to assist members of the society in their researches. Reduced rates are offered to mem-bers on all genealogical work done such as furnishing records and systematically arranging genealogical in-formation for temple work. All classes in the study of genealogical informa-tion, and other social features are open to members. CROOKS FAMILY.

There were children of Samuel and Mary Creek, four of them. One hundred years after in repairing the church the old record was uncarthed, much delapiold record was unearthed, much delapl-dated, mouldy and rat eaten and no chemicals would restore the characters. I have also some 200 names from Kirkham church record, north Lanca-shire, some 30 miles north of Bolton. Office: Room 7, Knight Block, Provo City, Iliah to be a literal heir of that family, 1823-4.

I am confident our family has sprung from the Crokes of Studly Priory, Oxford. There are two links there that I want, connecting if possible, the Crokes of Oxford to Kirkham, North Lancabire, and then to Bolton near Manchester, Lancashire.

There is another item I wish some explanation upon. In publishing the names of work done in the four temples I never saw any Crooks mentioned. I have had work done for some 600 persons, dead relatives of the Crook ancestry. I want to find out if any of the four temples. I don't wish any work to be duplicated. If any one is interested, or any of the Crook ancestry are in Utah I would like to correspond with them. I am the only one of the Bolton branch of the Crooks that is doing work in the temple, that I know of.
